RECOMMENDED MOTION (continued):

4. Authorize the Purchasing Agent, in accordance with Ordinance No. 459, to exercise renewal options, based on the availability of fiscal funding, and to sign amendments that do not change the substantive terms of the agreement, including amendments to the compensation not to exceed ten percent above the annual aggregate amount of the contract.

BACKGROUND (Continued):

In accordance with Board Policy A-18 and in accordance with Ordinance 459.4; an agreement was developed without securing competitive bids for the professional medical services for Alfonso Navarro, M.D. for an initial amount of \$50,000 to provide physical exams and medical evaluations to all patients housed in detention health. RCRMC Detention Health requires that professional medical services be provided for sick call, medical evaluations and routine medical screenings to all patients held in the detention health centers throughout Riverside County. With limited full time physicians within the department covering sick call services, there is a critical need to request contracted physicians to assist in the provision of sick call services. Dr. Alfonso Navarro has agreed to provide coverage at the Larry D. Smith Correctional Facility, as requested until additional recruitment and hiring of physicians could be completed by the hospital.

The hospital continues to process hiring full time physicians for the detention health unit. Once RCRMC establishes permanent physicians, it will alleviate the need for contracted physicians to provide this needed service.

Therefore, the Hospital Director requests that the Board approve the abovementioned motions.

Subject: Sole Source Procurement; Request for Detention Health Physician-
Alfonso Navarro, MD

The below information is provided in support of my Department requesting approval for a sole source. Outside of a duly declared emergency, the time to develop a statement of work or specifications is not in itself justification for sole source.

1. **Supply/Service being requested:** Detention Health Physician
2. **Supplier being requested:** Dr. Alfonso Navarro
3. **Alternative suppliers that can or might be able to provide supply/service:** None identified capable and interested in providing services for the Larry D. Smith Correctional Facility.
4. **Extent of market search conducted:** Consultation with physicians listed with Human Resources.
5. **Unique features of the supply/service being requested from this supplier, which no alternative supplier can provide:** In accordance with Board Policy A-18 and in accordance with Ordinance 459.4; the agreement for Alfonso Navarro, M.D. was developed without securing competitive bids for professional medical services. Although the medical services being provided may not be unique, the facility where services will be rendered is a very difficult position to fill, and Dr. Navarro is the only physician interested and capable in providing the service for the period needed.
6. **Reasons why my department requires these unique features and what benefit will accrue to the county:** RCRMC Detention Health requires that professional medical services be provided for sick call, medical evaluations and routine medical screenings to all patients held in the detention health centers throughout Riverside County, which includes the jails in Blythe (desert area).
7. **Price Reasonableness including purchase price and any ongoing maintenance or ancillary costs from the supplier:** The hourly rate is equal to the physicians' rates with detention health's physicians providing the same service with juvenile hall at \$100/hour. Aggregate Amount - \$68,000.
8. **Does moving forward on this product or service further obligate the county to future similar contractual arrangements or any ongoing costs affiliated with this sole source?** No
9. **Period of Performance:** July 1, 2012 through June 30, 2013, with the option to renew annually for four additional years.
