RIVERSIDE COUNTY ADVISORY COUNCIL ON AGING

2011 - 2012 Year End Report

The eyes, ears,
and voices for
Riverside County
seniors!

MISSION STATEMENT

The Riverside County Advisory Council on Aging is a group of seasoned and diverse community leaders committed to each other and the process of consensus building to meet the needs of older adults, persons with disabilities, and caregivers in Riverside County.

LETTER FROM THE CHAIR

The Advisory Council on Aging (Council) is comprised of seventeen volunteer leaders and was created in 1974 as a volunteer leadership body mandated under the Older Americans Act and Older Californians Act. Members are appointed to serve in an advisory capacity to the Office on Aging and the Board of Supervisors and as advocates to Riverside County's seniors and older adults with disabilities.

As advisors and advocates, the Council holds an important role in the development of the Office on Aging Strategic Plan on Aging. In the planning process the Council identifies priority legislative and regulatory issues, and considers population trends, unmet needs, and emerging issues affecting seniors and older adults with disabilities. In addition, the Council focuses on outcomes for individuals and communities and on performance measures for programs and services to gain a clearer understanding of how aging services are affecting the lives of people and communities.

As advocates for seniors and older adults with disabilities, the Council Members are the eyes, ears, and voice for seniors and older adults with disabilities in their communities. With this important role, comes the responsibility to raise issues, recommend changes, and advocate for those changes. Without Council leadership, opportunities to improve services would be fewer and negative attitudes of ageism would be stronger. Effective volunteer leaders in partnership with government and community liaisons will continue to make a difference for seniors and older adults with disabilities in Riverside County.

On behalf of the Advisory Council I would like to thank the Riverside County Board of Supervisors and the Office on Aging for their ongoing support of the Council and their valued work to help Riverside County's seniors and older adults with disabilities to have a better quality of life.

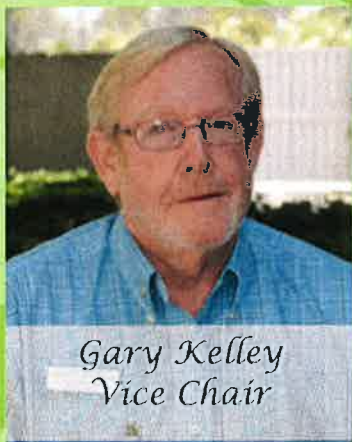

Sincerely,

A handwritten signature in black ink that reads "Gloria J. Sanchez". The signature is written in a cursive style.

ADVOCACY

The Advisory Council is designated by the Older Californian's Act and the Older American's Act as an advocacy body. As liaisons to their communities, Council Members have the responsibility to raise issues, recommend changes, and advocate for those changes. Many ongoing, emerging, or large scale advocacy issues or initiatives are addressed locally with the Riverside County Executive Office, Board of Supervisors, Office on Aging or through the County Legislative Platform. Without Council Leadership, opportunities to improve the quality of life of seniors and older adults with disabilities would be fewer and negative attitudes of ageism would be stronger.
