BACKGROUND:

On October 18, 2011, the Board of Supervisors approved the construction agreement between the County of Riverside and New Creation Builders for the 9-1-1 Communications – Public Safety Systems Infrastructure Upgrade project, in the amount of \$1,277,864. During construction, \$40,692 in change orders were approved, increasing the total contract value to \$1,318,556.

The general conditions of the contract state that after the 50% completion point of the contract work, if satisfactory progress is being made, the county has sole discretion to reduce the retention to a minimum of 5% of the contract. New Creation Builders has completed the work on time, within budget, and in a professional manner. Therefore, the Economic Development Agency recommends that the contract retention be reduced to 5% of the contract and the Clerk of the Board record the Notice of Completion.

The project has been inspected and found to comply with all contract requirements. This Board action will release \$65,928, which is 5% of the total contract, and the remaining retention funds of \$65,928, to New Creation Builders, for the total amount of \$131,856.

All costs associated with this agreement will be fully funded by Rebanding Credit and Radio Replacement Funds, thus no net county costs will be incurred.
