BOARD OF SUPERVISORS

FORM 11: APPROVE THE AGREEMENT FOR DNA LABORATORY ANALYSIS SERVICES FOR THE RIVERSIDE COUNTY SHERIFF'S DEPARTMENT

PAGE 2

BACKGROUND:

Riverside County, California, has a rapidly growing population of over 2 million residents and is the 4th largest county by population in California. The Riverside County Sheriff's Department has over 1,984 homicide cold cases dating back to 1928. Current statistical information suggests the Riverside County Sheriff's Department anticipates 28% of the 1,984 homicide cases, or 556 cases, will require additional investigation. In July 2007, the Sheriff's Department formed a Cold Case Investigation Team and assigned four homicide investigators to investigate cold cases.

The Sheriff's Department is acutely aware of the importance of solving cold cases with DNA, through first-hand experience. The California Department of Justice (DOJ) currently performs the majority of all Sheriff's Department's DNA processing. Due to being inundated with servicing numerous law enforcement agencies and district attorney's offices throughout the state, DOJ's turnaround time for Cold Cases DNA processing can be well over a year and a half before results are available. Certified private DNA labs throughout the United States ensure a maximum thirty day turnaround. This is important for a timely resolution of these investigations.

A National Institute of Justice DNA Grant was awarded to the Riverside County Sheriff's Department for a grant project period from 10/1/2012 to 3/31/2014. \$332,000 of the grant award will be utilized to contract with a private DNA laboratory to provide DNA processing.

PRICE REASONABLENESS

County Purchasing on behalf of the Sheriff's Department released Request for Proposal (RFP) SHARC-194, for DNA Laboratory Analysis Services. The RFP was sent to eleven (11) potential bidders and was advertised on the Purchasing web site. The County had five (5) bid responses that were submitted in response to the RFP.

The proposals were reviewed by an evaluation team consisting of County Purchasing and the Sheriff's Department. Each bid response was evaluated based on criteria set forth in the RFP: overall response to the RFP requirements, bidders experience and ability, overall cost and fees, references, technical capability and project methodology, financials, clarification, exceptions, deviations and credentials, resumes, licenses, and certifications. The estimated cost for services ranged from \$206,550 to \$518,500. Based on this analysis and an overall summation of the proposals submitted, the evaluation team recommends an award of a contract to Sorenson Forensics LLC, which provided reasonable rates for the services that will be provided to the County and is the lowest responsive/responsible vendor. The Sheriff Department is requesting that if there is an increase in DNA testing requirements being submitted by the County to the Contractor, to authorize the Purchasing Agent to increase the compensation in the agreement as needed, not to exceed the DNA Grant award of \$332,000.

REVIEW/APPROVAL: County Purchasing concurs with this request and County Counsel approves the agreement as to form.

NOW, THEREFORE, in consideration of the mutual promises and covenants contained herein, the parties agree as follows:

1. **Definitions.** Terms used, but not otherwise defined, in this Addendum shall have the same meaning as those terms in HITECH, HIPAA, Security Rule and/or Privacy Rule, as may be amended from time to time.

 - (2) Any inadvertent disclosure by a person who is authorized to access PHI at a covered entity or business associate to another person authorized to access PHI at the same covered entity, business associate, or organized health care arrangement in which County participates, and the information received as a result of such disclosure is not further used or disclosed in a manner not permitted by subpart E of the Privacy Rule.
 - (3) A disclosure of PHI where a covered entity or business associate has a good faith belief that an unauthorized person to whom the disclosure was made would not reasonably have been able to retain such information.
 - B. “Data aggregation” has meaning given such term in 45 CFR §164.501.
 - C. “Designated record set” as defined in 45 CFR §164.501 means a group of records maintained by or for a covered entity that may include: the medical records and billing records about individuals maintained by or for a covered health care provider; the enrollment, payment, claims adjudication, and case or medical management record systems maintained by or for a health plan; or, used, in whole or in part, by or for the covered entity to make decisions about individuals.
 - D. “Electronic protected health information” (“ePHI”) as defined in 45 CFR §160.103 means protected health information transmitted by or maintained in electronic media.
 - E. “Electronic health record” means an electronic record of health-related information on an individual that is created, gathered, managed, and consulted by authorized health care clinicians and staff, and shall have the meaning given such term in 42 USC §17921(5).

 - L. “Secretary” means the Secretary of the Department of Health and Human Services (“HHS”).
 - M. “Security Rule” means the HIPAA Regulations codified at 45 CFR Parts 160 and 164, Subparts A and C.
 - N. “Unsecured protected health information” and “unsecured PHI” as defined in 45 CFR §164.402 means PHI not rendered unusable, unreadable, or indecipherable to unauthorized individuals through use of a technology or methodology specified by the Secretary in the guidance issued under 42 USC §17932(h)(2) on the HHS web site.

C. **Breach log.** To the extent breach of unsecured PHI involves less than 500 individuals, Contractor shall maintain a log or other documentation of such breaches and provide such log or other documentation on an annual basis to County not later than fifteen (15) days after the end of each calendar year for submission to the Secretary.

D. **Delay of notification authorized by law enforcement.** If Contractor delays notification of breach of unsecured PHI pursuant to a law enforcement official's statement that required notification, notice or posting would impede a criminal investigation or cause damage to national security, Contractor shall maintain documentation sufficient to demonstrate its compliance with the requirements of 45 CFR §164.412.

E. **Payment of costs.** With respect to any breach of unsecured PHI caused solely by the Contractor's failure to comply with one or more of its obligations under this Addendum and/or the provisions of HITECH, HIPAA, the Privacy Rule or the Security Rule, Contractor agrees to pay any and all costs associated with providing all legally required notifications to individuals, media outlets, and the Secretary. This provision shall not be

construed to limit or diminish Contractor's obligations to indemnify, defend, and hold harmless County under Section 9 of this Addendum.

- F. **Documentation.** Pursuant to 45 CFR §§ 164.414(b), in the event Contractor's use or disclosure of PHI and/or ePHI violates the Privacy Rule, Contractor shall maintain documentation sufficient to demonstrate that all notifications were made by Contractor as required by 45 CFR Part 164, Subpart D, or that such use or disclosure did not constitute a breach.

9. **Hold Harmless/Indemnification.**

- A. Contractor agrees to indemnify and hold harmless County, all Agencies, Districts, Special Districts and Departments of County, their respective directors, officers, Board of Supervisors, elected and appointed officials, employees, agents and representatives from any liability whatsoever, based or asserted upon any services of Contractor, its officers, employees, subcontractors, agents or representatives arising out of or in any way relating to this Addendum, including but not limited to property damage, bodily injury, death, or any other element of any kind or nature whatsoever arising from the performance of Contractor, its officers, agents, employees, subcontractors, agents or representatives from this Addendum. Contractor shall defend, at its sole expense, all costs and fees, including but not limited to attorney fees, cost of investigation, defense and settlements or awards, of County, all Agencies, Districts, Special Districts and Departments of County, their respective directors, officers, Board of Supervisors, elected and appointed officials, employees, agents or representatives in any claim or action based upon such alleged acts or omissions.
- B. With respect to any action or claim subject to indemnification herein by Contractor, Contractor shall, at their sole cost, have the right to use counsel of their choice, subject to the approval of County, which shall not be unreasonably withheld, and shall have the right to adjust, settle, or compromise any such action or claim without the prior consent of County; provided, however, that any such adjustment, settlement or compromise in no manner whatsoever limits or circumscribes Contractor's indemnification to County as set forth herein. Contractor's obligation to defend, indemnify and hold harmless County shall be subject to County having given Contractor written notice within a reasonable period of time of the claim or of the commencement of the related action, as the case may be, and information and reasonable assistance, at Contractor's expense, for the defense or settlement thereof. Contractor's obligation hereunder shall be satisfied when Contractor has provided to County the appropriate form of dismissal relieving County from any liability for the action or claim involved.
- C. The specified insurance limits required in the Underlying Agreement of this Addendum shall in no way limit or circumscribe Contractor's obligations to indemnify and hold harmless County herein from third party claims arising from issues of this Addendum.
- D. In the event there is conflict between this clause and California Civil Code §2782, this clause shall be interpreted to comply with Civil Code §2782. Such interpretation shall not relieve the Contractor from indemnifying County to the fullest extent allowed by law.
- E. In the event there is a conflict between this indemnification clause and an indemnification clause contained in the Underlying Agreement of this Addendum, this indemnification shall only apply to the subject issues included within this Addendum.

10. **Term.** This Addendum shall commence upon the Effective Date and shall terminate when all PHI and/or ePHI provided by County to Contractor, or created or received by Contractor on behalf of County, is destroyed or returned to County, or, if it is infeasible to return or destroy PHI and/ePHI, protections are extended to such information, in accordance with section 11.B of this Addendum.

11. **Termination.**

A. **Termination for Breach of Contract.** A breach of any provision of this Addendum by either party shall constitute a material breach of the Underlying Agreement and will provide grounds for terminating this Addendum and the Underlying Agreement with or without an opportunity to cure the breach, notwithstanding any provision in the Underlying Agreement to the contrary. Either party, upon written notice to the other party describing the breach, may take any of the following actions:

- (1) Terminate the Underlying Agreement and this Addendum, effective immediately, if the other party breaches a material provision of this Addendum.
- (2) Provide the other party with an opportunity to cure the alleged material breach and in the event the other party fails to cure the breach to the satisfaction of the non-breaching party in a timely manner, the non-breaching party has the right to immediately terminate the Underlying Agreement and this Addendum.
- (3) If termination of the Underlying Agreement is not feasible, the non-breaching party may report the problem to the Secretary, and upon the non-breaching party's request, the breaching party at its own expense shall implement a plan to cure the breach and report regularly on its compliance with such plan to the non-breaching party.

B. **Effect of Termination.**

- (1) Upon termination of this Addendum, for any reason, Contractor shall return or destroy all PHI and/or ePHI received from County, or created or received by the Contractor on behalf of County, and, in the event of destruction, Contractor shall certify such destruction, in writing, to County. This provision shall apply to all PHI and/or ePHI which are in the possession of subcontractors or agents of Contractor. Contractor shall retain no copies of PHI and/or ePHI, except as provided below in paragraph (2) of this section.
- (2) In the event that Contractor determines that returning or destroying the PHI and/or ePHI is not feasible, Contractor shall provide written notification to County of the conditions that make such return or destruction not feasible. Upon determination by Contractor that return or destruction of PHI and/or ePHI is not feasible, Contractor shall extend the protections of this Addendum to such PHI and/or ePHI and limit further uses and disclosures of such PHI and/or ePHI to those purposes which make the return or destruction not feasible, for so long as Contractor maintains such PHI and/or ePHI.

12. **General Provisions.**

- A. **Retention Period.** Whenever Contractor is required to document or maintain documentation pursuant to the terms of this Addendum, Contractor shall retain such documentation for 6 years from the date of its creation or as otherwise prescribed by law, whichever is later.
- B. **Amendment.** The parties agree to take such action as is necessary to amend this Addendum from time to time as is necessary for County to comply with HITECH, the Privacy Rule, Security Rule, and HIPAA generally.
