3. Approve and direct the Auditor-Controller to make the budget adjustment as shown on Schedule A.

BACKGROUND:

The Transportation Improvement Program provides for the resurfacing of Murrieta Hot Springs Road from Winchester Road to Calistoga Avenue. The project will remove and replace the existing AC pavement on Murrieta Hot Spring Road. Access ramps will be improved to meet the current ADA standards. New striping, pavement markings, and reflective markers will be installed. The project will include sidewalk replacement due to lifted and cracked sidewalk on the adjacent Sky Canyon Drive.

If Alternate Bid Schedule 1 is approved for award, the existing ground cover landscaping will be removed and replaced with pervious natural materials including recycled organic mulch and stabilized decomposed granite. A future project will provide the median with low-water use plants and drip irrigation system. These improvements to the median landscaping are expected to improve the life of the new pavement due to the reduction of watering that will be needed.

The work is scheduled to begin in late summer of 2013. The work will be phased to keep the road open during construction, which will take approximately three months to complete.

Bid documents include the following schedules of work:

Base Bid:

Primary items of work on Murrieta Hot Springs Road

Alternate Bid Schedule 1: Median Improvements

Remove ground cover and place pervious natural materials and modify hardscape and irrigation system within the existing median.

Alternate Bid Schedule 2: Utility Adjustments

Utility adjustments are to be funded by Eastern Municipal Water District (EMWD) under the terms of a cooperative agreement, which will be executed prior to or concurrently with the submission of the construction contract for award.

If the EMWD concurs with bid prices, as bid by the apparent low bidder, the alternate bid schedule will be included with the contract award, and the costs for the work will be funded by EMWD.

The submitted plans and specifications have been approved as to form by County Counsel.

Environmental clearance is complete.

Project No. B8-0669

The Honorable Board of Supervisors
