SUBJECT: Five-year County Budget Plan

RECOMMENDED MOTION: That the Board of Supervisors receive and file the attached five-year County budget plan, and direct change as needed in accordance with Board established priorities.

BACKGROUND: You have requested a five-year budgeting plan for public safety, to include completion and operation of a new jail facility in Indio and deployment of 1.2 patrol officers per thousand population in the unincorporated areas of the County. We have added to that plan, the input from public safety managers as to other operating enhancements they consider important. Other, Countywide priorities are included such as labor cost increases, funding to achieve structural budget balance, and the build-up of reserves. The intent is to show all current and pending demands on Discretionary General Funds in context for priority setting by the Board.

BACKGROUND continued: Most items have previously been approved by the Board. This draft of a new five-year plan is very preliminary. Updates will be provided as part of each quarterly budget status report. Be assured the numbers will change as we refine the data, progress with implementation, and react to changing circumstances. An overall plan though, will be a very useful tool for setting, tracking and achieving Board goals, and assuring accountability.
