BACKGROUND: 3rd and 5th District Community Improvement Designation Funds will be provided as sponsorship of the 2013 Festival of Trees which raises funds for specialized equipment that helps to save the lives of children. Riverside County Regional Medical Center is the only major healthcare facility in the County for children and their families with no health care coverage. Last year's event raised \$480,000 which was used to purchase MRI Compatible Anesthesia Equipment to allow for MRI testing of young children onsite who are unable to remain still for time required to perform the test. Also purchased was an Infant Transport Incubator to transport critically ill infants to the Neonatal Intensive Care Unit for a higher level of care. We urge the Board of Supervisors to approve this use of CFB-Community Improvement Designation funds.
