RE: Approve to transfer the ownership of the Goodrich Rescue Hoist from
Riverside County Fire Department to California Department of Forestry and Fire
Protection

Date: July 30, 2013

Page 2

BACKGROUND: (continued)

The Rescue Hoist was originally funded with 99% grant funds and 1% County General Funds in November 2005, for a total of \$119,474. RCOFD is requesting to donate the Goodrich Rescue Hoist, serial number 30117, to CAL Fire in an effort to standardize testing, repair, and replacement. This will ensure that all of CAL Fire's helicopters have a serviceable hoist in the event their primary hoist is out of service due to maintenance or mechanical issues. Upon completion of the ownership transfer, Cal Fire will be responsible for all future associated costs of the rescue hoist. Cal Fire will ensure to the best of its abilities, that helicopter #301 will always have a hoist for use.
