SUBJECT: Temescal Creek Floodplain, Project No. 2-0-00052 - Resolution No. F2013-27
Authorization to Purchase Real Property, Assessor's Parcel No. 391-110-005
District 1/District 1

- 4) Authorize the Clerk of the Board to certify acceptance of any documents running in favor of the District as part of this transaction; and
- 5) Authorize the General Manager-Chief Engineer or his designee to execute any other related documents and administer all actions necessary to complete this transaction; and
- 6) Direct the Clerk of the Board to file the Notice of Exemption with the County Clerk upon approval of the Project.

BACKGROUND:

The District is attempting to purchase properties, which are contained within the Temescal Creek Floodplain, on a voluntary basis. The purpose of the voluntary acquisitions is to protect the floodplain from development encroachment, existing bank and natural state of the creek, and to provide water conservation and habitat mitigation banking. This acquisition will have no impact on the environment of this area, as there are no improvements to be constructed and this property will continue in its natural state.

A Purchase Agreement has been negotiated with the property owners, David A. Beador and Shannon S. Beador, Trustees of the David and Shannon Beador Revocable Family Trust, as Seller, at the fair market value of \$915,000 plus an additional \$10,000 for title and escrow fees. The Purchase Agreement for the acquisition of fee title to land with Assessor's Parcel No. 391-110-005, 136 Highway 71, Corona, California, located in the unincorporated area of Temescal Valley. The property contains approximately 10.1 acres or 439,956 sq. ft. and is improved with 1,847 sq. ft. Single family residence, which is unoccupied and presently used by the owner for storage. The District is acquiring the entire property as approximately 71% of it is located within the Temescal Creek Floodplain.

Pursuant to California Environmental Quality Act, the acquisition of the fee simple interest in real property ("Project") from the Seller, was reviewed and determined to be categorically exempt from CEQA under CEQA Guidelines Section 15325(d) – Transfers of Ownership of Interest in Land to Preserve Existing Natural Conditions. The Project is the acquisition of a fee title interest in real property where preservation of the natural conditions of the land is intended to prevent encroachment of development into flood plains. This Project does not allow specific development or physical activities on any of the property; the Project is merely the acquisition of this real property interest by the District for the purpose described herein. This action is necessary to protect the existing bank of the Temescal Creek in its natural state, for water conservation and habitat mitigation banking.

Resolution No. F2013-27 and the Agreement for the Sale and Purchase of Real Property have been approved as to form by County Counsel.

FINANCIAL:

Sufficient funds were budgeted and are available in the Zone 2 fund.
