Impact on Citizens and Businesses

The designation of CRMC's hospital will provide an Emergency Department and hospital to medically clear clients that have been placed on a 5150 involuntary hold, and will provide thirty-seven (37) additional acute hospitalization beds for County of Riverside constituents with severe mental illness, who require a 5150 designated facility for continued medical care and mental health treatment. These services are a component of the Department's system of care aimed at improving the health and safety of consumers and the community.
