BACKGROUND:

Summary

On July 16, 2013, the Board of Supervisors approved and adopted the Final Environmental Impact Report (EIR) for the East County Detention Center (ECDC) project. The construction documents are being prepared and the project team is making preparations for the bidding phase. This pre-qualification process for selecting a pool of qualified security electronics subcontractors will ensure that bids will be received from entities with a track record of experience on large complex facilities such as a detention center.

The Local Agency Public Construction Act (Public Contract Code Section 20100 et seq.) and Uniform Public Construction Cost Accounting Act (Public Contract Code Section 22000 et seq.) requires officials to invite bids for construction projects and award contracts to the lowest responsible bidder. The Local Agency Public Construction Act (Public Contract Code Section 20101 et seq.) allows officials to pre-qualify contractors for public works projects.

It is recommended that the Board approve the Pre-Qualification Package for Security Electronics Subcontractors. Following a review of the Security Electronics Subcontracting firms prequalification's the Economic Development Agency will return to the Board for approval of a short list of firms. These firms would be invited to submit bids for the project.

Impact on Residents and Businesses

Approval of the pre-qualification of security electronics subcontractors will position the county to expedite the construction of the ECDC project. This effort will enhance public safety and provide job creation, thus providing positive impacts to area residents and businesses of Indio.

Additional Fiscal Information

All costs associated with this project will be fully funded through the General Fund to be reimbursed by Bond Proceeds, thus no net county costs will be incurred. No budget increase is required at this time.

SUBCONTRACTOR PREQUALIFICATION PACKAGE
PRE-QUALIFICATION OF ELECTRONIC SECURITY SUBCONTRACTORS**

1. GENERAL INSTRUCTIONS AND INFORMATION

A. General Information

A current California type C7 contractor's license is required to bid the Project.

This Pre-Qualification to bid the electronic security work for the East County Detention Center project (Project), located at 46057 Oasis Street, Indio, California, is required regardless of and in addition to any pre-qualification for the County of Riverside (County) work which electronic security subcontractor may already have on file.

Pre-Qualification by the County, for this Project, shall remain valid until the contract for construction is awarded or until responding firms are notified in writing by the County in the unexpected event that no construction contract is awarded. It is mandatory that all Electronic Security Subcontractors (Subcontractor) who intend to submit a bid fully complete the pre-qualification questionnaire, provide all materials requested, and be approved by the County to be on the final qualified Bidders list. It has been determined that all subcontractors who desire to submit bids on the electronic security work package for this Project must be prequalified. No bid will be accepted from a bidder that has failed to comply with these requirements. If two or more business entities submit a bid as part of a Joint Venture, or expect to submit a bid as part of a Joint Venture, each entity within the Joint Venture must be separately qualified to bid.

Answers to questions contained in the attached questionnaire, information about current bonding capacity, notarized statement from surety, and the most recent reviewed or audited financial statements, with accompanying notes and supplemental information are required. The County will use these documents as the basis of rating Subcontractors that are qualified to bid. The County reserves the right to check other sources available. The County's decision will be based on objective evaluation criteria.

The County reserves the right to adjust, increase, limit, suspend or rescind the pre-qualification rating based on subsequently learned information. Subcontractors whose rating changes sufficient to disqualify them will be notified, and given an opportunity for a hearing consistent with the hearing procedures described below for appealing a pre-qualification rating.

While it is the intent of the AFP and required documents to assist the County in determining bidder responsibility prior to bid and to aid the County in selecting the lowest responsible bidder, neither the fact of pre-qualification, nor any pre-qualification rating, will preclude the County from a post-bid consideration and determination of whether a bidder has the quality, fitness, capacity and experience to satisfactorily perform the proposed work, and has demonstrated the requisite trustworthiness to be awarded a contract.

General Contractors who wish to self-perform the electronic security trade work shall be required to submit subcontractor prequalification documents as specified in this prequalification package. County will furnish a list of prequalified Electronic Security Subcontractors in the bidding documents for the Project. Only prequalified Electronic Security Subcontractors will be approved by County for use in the above electronic security portion of the Work.

This Project is being financed in part through State AB900 funding and is subject to a Labor Compliance Program per Labor Code Section 1771.3. Contractor's on the project will be required to comply with the provisions of the California Labor Code, including, without limitation, Sections 1773.1, 1774, 1775 and 1776 of the California Labor Code and including, without limitation, the obligations to pay the general prevailing rates of wages in the locality in which the Work is to be performed and comply with Section 1777.5 of the California Labor Code governing employment of apprentices.

B. Data Required

All portions of the AFP, Parts I through VI, should be completed with additional information attached if the space provided does not suffice. Failure to include the information called for may result in disqualification. It is essential that construction experience of the Subcontractor be demonstrated, as such experience is considered in establishing prequalification.

NOTE: The pre-qualification packages (questionnaire answers and financial statements) submitted by Subcontractors are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law. However, the contents may be disclosed to third parties for purpose of verification, or investigation of substantial allegations, or in the appeal hearing. State law requires that the names of Subcontractors applying for pre-qualification status shall be public records subject to disclosure, and the first page of the questionnaire will be used for that purpose.

Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the Subcontractor on whose behalf that person is signing. If any information provided by Subcontractor becomes inaccurate, the Subcontractor must immediately notify the County and provide updated accurate information in writing, under penalty of perjury.

The County reserves the right to waive minor irregularities and omissions in the information contained in the pre-qualification application submitted, to make all final determinations, and to determine at any time that the pre-qualification procedures will not be applied to a specific future County project.

Subcontractors shall submit pre-qualification packages during regular working hours on any day that the offices of the EDA are open up to the deadline of -----, local time, -----, 20--.

The County may refuse to grant pre-qualification where the requested information and materials are not provided by the submittal deadline. There is no appeal from a refusal for an incomplete or late application. The closing time for bids will not be changed in order to accommodate supplementation of incomplete submissions, or late submissions.

C. Current Financial Information

Subcontractor shall provide a complete financial statement indicating organization's financial condition. Financial statements provided by electronic security subcontractors shall not be older than six (6) months prior to the date the Subcontractor submits this AFP. The financial statements are to be reviewed or audited, and submitted with any accompanying notes and supplemental information. The County reserves the right to reject financial statements in which the financial condition reported is of a date six (6) months or more prior to the date the AFP is due to County.

D. Accountant's Certificate

The certificate of a Certified Public Accountant (CPA) is required. A suggested form of certificate is included which may be used if applicable. However, the County will accept a submission from the CPA in their own words, including such qualifications as may be necessary in view of the scope of this assignment, provided that such qualifications shall not be so extensive as to nullify the value of the statement or its usefulness to the County. Certificate shall be signed and shall indicate the CPA's license/certificate number.

Bearing in mind that working capital is an important factor in determining the pre-qualification of the electronic security subcontractor, the accountant will perform a valuable service for their client and at the same time assist the County, if they will furnish, by supplemental schedules or as part of their certificate, any information not specifically called for by the statement which in their opinion might be taken into consideration.

In the event that the electronic security subcontractor's job income and expenditures are accounted on a completed contract basis and the balance sheet includes an item reflecting the excess of costs to date over billings to date, or vice versa, the elements of "Accumulated Costs" and "Billings to Date" must be shown in support of the balance sheet item.

E. Affidavits

The appropriate affidavit must be completely executed or the application will be disqualified.

F. Questions

Electronic Security Subcontractors are required to submit any questions regarding the prequalification process or the contents of the prequalification package in writing no later than -----, local time, -----, 20--. Questions submitted after the deadline will not be accepted or answered. Only written inquiries will be permitted. Questions must be submitted in writing, by mail, email or fax to the Construction Manager:

Peter Watts
VANIR CONSTRUCTION MANAGEMENT, INC.
290 North D Street, Suite 900
San Bernardino, CA 92401
Phone: (909)384-1785
Fax: (909) 381-7534
Email: peter.watts@vanir.com

Only written inquiries will be responded to. Under no circumstance are any prospective electronic security subcontractors or anyone receiving the prequalification package, to contact, discuss with, or inquire of any County consultant, employee, or elected official on any matter relating to this solicitation process. This requirement is to ensure that the same information is communicated to all parties and that no inconsistent, incomplete, or inaccurate information is transmitted separately. County will issue an addendum providing answers/clarifications to all written questions to all parties who have officially obtained/requested the AFP from County EDA, unless the questions pertain to a specific scope of work.

G. Appeal Rights

Where a timely and completed application results in a rating below that necessary to pre-qualify, a Subcontractor may request a hearing to appeal the decision. An appeal is begun by the Subcontractor delivering written notice to the County of Subcontractor's appeal of the decision with respect to its pre-qualification rating, no later than five business days following the date of written notification from the County that the Subcontractor does not meet the rating established by the County. Without a timely appeal, the Subcontractor waives any and all rights to challenge the decision of the County, whether by administrative process, judicial process or any other legal process or proceeding. All requests for an appeal hearing must be addressed as follows:

COUNTY OF RIVERSIDE
Attn:
"CONFIDENTIAL- Bidder Prequalification"
Project: East County Detention Center
Request for Appeal Hearing
TIME SENSITIVE MATERIAL

If the Subcontractor gives the required notice of appeal and requests a hearing, the hearing shall be conducted so that it is concluded no later than ten (10) business days after the County's receipt of the notice of appeal. The hearing shall be an informal process conducted by an Appeals Panel to which the County has delegated responsibility to hear such appeals. At or prior to the hearing, the Subcontractor will be advised of the basis for the County's pre-qualification determination. The Subcontractor will be given the opportunity to present information and present reasons to refute the prequalification rating. The Subcontractor may be represented by a person of its choosing. The hearing shall not be conducted according to the technical rules relating to evidence and witnesses applicable to judicial proceedings. Any relevant evidence, including hearsay, may be received and considered if it is the sort of evidence on which reasonable persons are accustomed to rely on in the conduct of serious business affairs. The submission of documentary evidence is encouraged. The Appeals Panel shall have the power to limit oral testimony given at the hearing. Within two business days after the conclusion of the hearing, the Appeals Panel will render its decision. A copy of the written decision will be delivered to the Subcontractor, either personally, by registered mail, certified mail, or electronically if requested in writing by the Subcontractor. The determination of the Appeals Panel shall be final and not subject to further appeal. It is the intention of the County that the date for the submission and opening of bids will not be delayed or postponed to allow for completion of an appeal process.

Note: A subcontractor may be found not pre-qualified for bidding on a specific EDA contract to be let by the County, for either:

- (1) Omission of requested information or,
- (2) Falsification of information
