**REQUIRES
4/5th's VOTE**

Supervisor John J. Benoit
Fourth District

Dist. 4th

AGENDA NO.

3-4

BACKGROUND:

The CVEP Pathways to Success will hold a fundraising event on February 4th to increase awareness of the importance of students completing the FAFSA, which is used by the majority of colleges and universities to determine eligibility for Federal, State and college sponsored financial aid.

The Pinnacle Fund will be raising funds for the Micro Classroom Grants that support programs that give thousands of children essential life skills such as communication, decision making, team work, conflict resolution solutions and empathy.

The Tech Trek Science & Math Camp for Girls was created to encourage, motivate and inspire young girls in middle school in the areas of math and science.

Desert Recreation District currently operates the Thermal Senior and Community Center. The seniors will be taking some recreational and educational field trips during the spring that will require additional funding.

The Valley Partnership's AmeriCorps Promote Program works in partnership with the Coachella Valley Unified School District to provide AmeriCorps members as tutors at every one of their elementary schools. In addition, the AmeriCorps members participate in community clean-ups and events.

Our Lady of Perpetual Help will be promoting conservation awareness through educational activities for students on Earth Day, April 22nd.

I would like to provide Community Improvement Designation funds to assist these organizations in meeting the needs of the community.
