BACKGROUND:

Summary

The Riverside County Transportation Department (RCTD) proposes to construct A Street, a two-lane collector road connecting McAllister Street to Van Buren Boulevard in the Woodcrest area (Project). Approximately 40 percent of the Project is located in the unincorporated county area (County) and 60 percent is located within the City of Riverside (City) jurisdiction.

In 2006, the County approved Tract 30153 (McAllister Hills), which would have constructed a golf course residential community development. The County required this tract to construct a new road between McAllister and Van Buren, referred to as A Street, which would serve traffic from the development and provide an alternate access route for residents of Victoria Grove, the Orchards, and other communities in the area north of Cajalco and east of La Sierra.

In 2008, work ceased on the developer's project, which went into foreclosure due to the economic downturn. Since that time, the communities desire to see "A" Street move forward has been heightened by the closure of the extension of McAllister north into the City of Riverside. The County took over the "A" Street project in 2010 and is working on property acquisition to prepare for construction.

Funding for the acquisition comes from Development Impact fees collected in this area since this road will help mitigate impacts of future development.

Environmental Impact Report No. 433 (EIR) was completed in compliance with the EIR Guidelines and Riverside County Rules to implement California Environmental Quality Act (CEQA). On December 21, 2004, the Board of Supervisors adopted Resolution No. 2004-539, Certifying Environmental Impact Report No. 433. On September 24, 2013, Amendment No. 1 to EIR No. 433 was approved by the Board of Supervisors.

CV Inland Communities 1, LP, a Delaware limited partnership (CV Communities) has agreed to dedicate the right-of-way and temporary access from the portion of the property needed for the proposed A Street project at no cost. CV Communities will execute an Easement Deed for road purposes in favor of the City of Riverside referenced as Parcel 0641-002A from a portion of Assessor's Parcel Number 239-270-002; an Easement Deed for road purposes in favor of the County of Riverside referenced as Parcel 0641-006A and an Easement Deed for storm drainage purposes in favor of the County of Riverside referenced as Parcels 0641-006I through 0641-006L, all located within a portion of Assessor's Parcel Numbers 269-060-004, 269-060-005, and 269-060-006; and an Easement Deed for road purposes in favor of the County of Riverside referenced as Parcel 0641-008A from a portion of Assessor's Parcel Number 269-100-014. There are costs of \$16,200 associated with this transaction.

The County and City are working together to identify potential funding for this project.
