By Area Plan**

NEXUS STUDY DEFINITIONS

- **Multi-family:** All attached one family dwellings such as apartment houses, boarding, rooming and lodging houses, congregate care residential facilities and individual spaces within mobile parks and recreational vehicle parks.
- **Commercial:** All commercial, retail, educational, office and hotel/motel development.¹
- **Industrial:** All manufacturing and warehouse development.
- **Surface Mining:** The Intensive Use Area involved in the excavation, processing, storage, sales, and transportation of raw materials.
- **Wineries:** The intensive use area involved in the cultivation of grapes and/or production, storage, sales, transportation of wine, and appurtenant uses, including but not limited to hotels and outdoor special occasion facilities.

¹ For the traffic and signal fee calculations only, "office" is distinguished from the other commercial uses such as retail, which have higher trip rates because of customer/clientele traffic over the course of the day. For other fee calculations the office and commercial categories are the same.
