**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

FROM: Waste Management Department

SUBMITTAL DATE:
March 18, 2014

SUBJECT: Introduction of Ordinance No. 779.15 Amending Ordinance 779, Relating to County Solid Waste Facilities and Establishing Fees [\$0 – Waste Management Department Enterprise Funds]

RECOMMENDED MOTION: That the Board of Supervisors:

1. Introduce and set for public hearing those changes set forth in Ordinance No 779.15; and
2. Direct the Clerk of the Board to publish a notice of public hearing date of May 6, 2014, and the proposed Waste Management Department charges as provided in Government Code Section 6066; and
3. Adopt Ordinance No. 779.15 at the close of public hearing on May 6, 2014, with the changes to the appendices to be effective July 1, 2014.

BACKGROUND:

Summary

Ordinance No. 779 outlines the General Manager-Chief Engineer's authority to manage the disposal sites and transfer stations in Riverside County. In addition to establishing fees and penalties, this ordinance includes the basis for operation regulations including waste inspection, salvaging and safety. (cont'd)

BACKGROUND: Summary (continued)

In order to verify that current refuse rates are appropriately set to offset expenses, the Waste Management Department (Department) prudently reviews its operations annually and forecasts capital improvements and expansion projects with a projection of 20 years. Since revenue from in-county tonnage delivered to the landfills represents the majority of the Enterprise Fund's total revenue, it is important to accurately project future tonnage growth or decline (as has been the case in recent years). While there is a projected slight increase in overall in-county tonnage (2%) in FY 13/14 over the previous year, the Department is conservatively assuming no growth in tonnage for the next fiscal year (FY 14/15). Additionally, the Department's costs continue to increase relative to inflation factors in the area, salary increases and increased regulatory fees. The Department is limited to annual Consumer Price Index (CPI) increases for all of its long-term, contracted transfer station haulers and contract franchise area district haulers. These haulers represent approximately 90% of the in-county tonnage accepted at the landfills (in FY 12/13). For these reasons, it is recommended that the Ordinance be amended to allow for certain fee increases based on the change in CPI for the 12-month period ending December 31, 2013. The CPI adjustment for this period is 1.14%.

The Department is also recommending an increase to the minimum load (0.4 tons or less) charge from a flat fee of \$8.00 to \$9.00 per load. This proposed rate represents a 38% discount compared to a load weighing 0.4 tons pro-rated at \$36.21 per ton. Loads containing more than 50% yard or wood waste are proposed to be increased from a flat fee of \$11.00 to \$12.00. This proposed rate represents a 35% discount compared to a load containing 50% or more wood or yard waste weighing 0.4 tons pro-rated at \$46.21 per ton. In our ongoing effort to reduce illegal dumping in the County, it is proposed that the discounted rates continue to be offered and subsidized by Waste Management Enterprise Funds. The rate for loads requiring special handling or immediate burial (hard-to-handle) weighing less than 0.25 tons is proposed to be increased from a flat fee of \$11.00 to \$12.00. Appendix A, Disposal Fee Schedule changes are proposed as follows:

Description	Current Rate Per Ton (FY 13/14)	Proposed Rate Per Ton (FY 14/15)	Amount of Increase
1. Routine Refuse (Transfer Station/Contracted In County)	\$27.44	\$27.75	\$0.31
Area 8 Transfer Trucks	\$28.06	\$28.38	\$0.32
2. Direct Haul/Non Contracted vehicles (vans, pickup trucks or any vehicle pulling a two-wheel trailer or any other vehicle):			
a.) Routine Refuse (loads more than .40 tons)	\$35.80	\$36.21	\$0.41
b.) Routine Refuse (loads .40 tons or less)	\$8.00	\$9.00	\$1.00
c.) Routine Refuse loads hauling 50% or more wood or yard waste not exceeding .40 ton	\$11.00	\$12.00	\$1.00
3. Any vehicles hauling loads of more than 9 tires (Tires cannot exceed 4 feet in diameter or weigh more than 200 pounds each.)	\$100.87	\$102.03	\$1.16
4. End dump vehicles or any other vehicle carrying wastes requiring special handling or immediate burial (Hard-to-Handle)	\$47.73	\$48.28	\$0.55
a.) Hauling Hard to Handle waste not exceeding .25 ton	\$11.00	\$12.00	\$1.00

The Department also proposes to add a "Foodwaste Pilot Program" to the items accepted at No Charge. The Department is coordinating with the Banning Correctional Facility and Waste Management, Inc., for separation and collection of foodwaste material to be delivered to the Department's Lamb Canyon Landfill for our permitted food waste composting project. It is proposed that this material be accepted free of charge during the pilot program period.

The Department further proposes to eliminate the rate for "Bottom Ash from an approved facility". This waste type is no longer incentivized by the State to aid with diversion goals and has not been received in more than three years. If bottom ash is received in the future, it will be charged at the Routine Refuse rate.

Proposed Changes to Appendix B – Residential Self-Haul Permit Cards are as follows: None

Proposed Changes to Appendix C – Rural Site Access – Commercial Permit Cards are as follows:

Description	Current Rate (FY 13/14)	Proposed Rate (FY 14/15)	Amount of Increase
Rural Site Access Commercial Card	\$429.55 per card (24 half ton uses)	\$434.47 per card (24 half ton uses)	\$4.91

Proposed Changes of Appendix D – Schedule of Miscellaneous Fees are as follows:

The Department proposes to increase payment options to include credit cards in FY 14/15 and add a \$0.75 fee per transaction charge. The Department currently only allows for non-deferred account customers to pay for disposal fees with cash or via debit card. When paying by debit card, users are charged a \$0.75 processing fee. For credit cards, the rate per transaction that the Department is responsible for is based on the volume of sales, plus the interchange assessment rate charged by Mastercard/Visa. Piggybacking on the State Master Agreement for Point of Sale /Credit Card services with Elavon Merchant Services, the Department has been quoted a minimum rate of 2.05% per transaction plus a \$0.135 transaction fee. Based on the average cash transaction amount of \$33.00, the Department can expect to incur \$0.81 in additional costs for each credit card transaction. While the Department proposes to absorb a portion of this cost, the addition of a \$0.75 per transaction charge for credit card payments will help to defer these costs and will be consistent with ATM/debit card fees currently charged to customers.

Impact on Citizens and Businesses

California Environmental Quality Act (CEQA) Findings

Pursuant to CEQA Guidelines, Section 15273, the proposed changes to County Ordinance 779, Relating to County Solid Waste Facilities and Establishing Fees are found to be statutorily exempt from CEQA, because the proposed changes are for the purpose of:

- Meeting operating expense, including employee wage rates and fringe benefits;
- Purchasing or leasing supplies, equipment, or materials;
- Meeting financial reserve needs and requirements; and
- Obtaining funds for existing capital projects, necessary to maintain service within existing service areas.

A Notice of Exemption to this effect will be filed with the County Clerk upon adoption of Ordinance 779.15.

ORDINANCE NO. 779.15
AN ORDINANCE OF THE COUNTY OF RIVERSIDE
AMENDING ORDINANCE 779
RELATING TO
COUNTY SOLID WASTE FACILITIES
AND ESTABLISHING FEES

The Board of Supervisors of the County of Riverside, State of California, ordains as follows:

SECTION 1:

This ordinance amends and replaces Ordinance No. 779.14 and any prior version of Ordinance No. 779 in their entirety with the following:

Section 1. DEFINITIONS.

The words used in this ordinance shall have the definitions provided in Public Resources Code 40100 et. Seq.

Section 2. ESTABLISHMENT OF SITES.

Subject to control of the Board of Supervisors, the General Manager-Chief Engineer of the Waste Management Department may designate and operate or control by contract County owned or leased or contracted sites to be used for the public transfer, processing or disposal of solid waste.

Section 3. REFUSE FROM OUTSIDE OF COUNTY.

Unless so authorized in writing by the General Manager-Chief Engineer of the Waste Management Department or his designated representative, under general policies adopted by the Board, no person shall place, deposit, or dump, or cause to be placed, deposited, or dumped, in or upon any County owned, leased, or contracted transfer station or disposal site in the County, any solid waste originating outside of the County of Riverside, provided however, the General Manager-Chief Engineer of the Waste Management Department has discretion to accept incidental amounts of refuse from outside of Riverside County and near County borders for disposal at County landfills when payment is made according to Appendix A for such incidental refuse.

Section 4. REGULATIONS.

All County owned, leased, or contracted transfer stations and disposal sites in the County shall be under the supervision of the General Manager-Chief Engineer of

1 the Waste Management Department who shall have the power and the duty to prescribe reasonable
2 regulations regulating the use by the public and the operation of such sites. Such rules shall include,
3 but need not be limited to, the following subjects:

- 4 a. Days and hours of use.
- 5 b. Charges for use of sites at times other than regular hours, which shall be sufficient to
6 reimburse the County for equipment, personnel and overhead costs.
- 7 c. Maximum size of articles and objects being dumped.
- 8 d. Allocation of various types of waste to specific sites and the placement of waste within
9 any site.
- 10 e. Prohibition or conditional acceptance of harmful, dangerous or difficult to handle
11 materials, if allowed under the state operating permit, including a reasonable charge
12 for their acceptance, unique handling requirements or assured destruction.
- 13 f. Prohibition of persons from entering the site for reasons including, but not limited to:
14 unauthorized salvaging of waste and recyclables, attempting to dispose of hazardous
15 waste, loitering, intoxication and other forms of conduct that reduce operational
16 efficiencies and/or increase risk of injury to Department employees and the public.

17 Except for short-term emergency situations, any regulation fixing days or hours of operation
18 shall be submitted to the Board of Supervisors for approval before taking effect. All regulations
19 prescribed by the General Manager-Chief Engineer of the Waste Management Department shall be
20 filed in his or her office and shall be available for public inspection.

21 **Section 5. HAZARDOUS WASTE LOAD CHECKING PROGRAM.** All landfills and transfer
22 stations in the County shall implement and maintain a hazardous waste load checking program at each
23 of their solid waste facilities as required by California law (pursuant to Titles 14 and 27, California Code
24 of Regulations); and which program shall also meet the minimum requirements outlined in this
25 ordinance.

- 26 a. Each solid waste facility operator shall perform random loadchecks across all load
27 types including self-haul residential, business and industrial waste loads, franchise
28 hauler waste loads (including residential, commercial and industrial) to detect
29 hazardous waste before such incoming waste is transferred to, and/or disposed at,

1 the landfill. Such program shall have the objectives of: (1) preventing hazardous
2 waste from being placed in a landfill not permitted to receive such waste and (2)
3 educating and discouraging both facility self-haul customers and franchise waste
4 hauler customers from bringing or sending in such material. The minimum number of
5 loadchecks performed at each solid waste facility shall comply with the following
6 schedule:

7 **Landfill/Transfer Station Random Loadcheck Schedule**

8 Average Daily Tonnage	Random Samples per Day
9 0 to 100 tons/day	**
10 101 to 600 tons/day	6*
11 601 to 1,000+ tons/day	10*

12 * The initial schedule is for a minimum number of "Random Samples per Day" for a
13 minimum of three rotating days per week so arriving customers will not know when
14 they may be inspected. If a problem persists with large quantities of hazardous waste
15 being found at the landfill or transfer station, the Enforcement Agency or the General
16 Manager-Chief Engineer of the Waste Management Department may require the
17 number of "Random Samples per Day" to be applied every day the solid waste facility
18 is open until the problem is deemed corrected.

19 **Minimum of 6 samples per week – may all be performed on the same day

20 b. An inspection form (which shall be certified for completeness and accuracy by the
21 loadcheck inspector on duty) shall be filled out in its entirety at the time of each
22 loadcheck performed at the solid waste facility. The inspection form shall include the
23 following information, to be filled out at the time of inspection:

- 24 • Date and time of inspection
- 25 • Loadcheck inspector name, (certification)
- 26 • Load type (residential, commercial, industrial)
- 27 • Hauler/company name/customer name
- 28 • Driver name
- 29 • Vehicle type (e.g. Hand Unload, Dump Truck, Side Loader, Front End Loader,

- 1 or Roll Off)
- 2 • License plate number
- 3 • Whether or not the load contained prohibited waste
- 4 c. When prohibited waste is found, forms shall include the following:
- 5 • Load origin (jurisdiction or route number for side loaders and front end loader
- 6 vehicles, customer/store name and address where picked up for all other
- 7 vehicle types)
- 8 • Hazardous waste found (type/name, class, container size/quantity,
- 9 volume/weight, unit of gallons or pounds)
- 10 • Disposition of material (e.g. picked up by responsible party, returned with
- 11 customer at time of inspection, solid waste facility assumed responsibility of
- 12 the material, etc.)
- 13 d. Management shall review completed forms at a frequency sufficient to ensure forms
- 14 are filled out completely and correctly.
- 15 e. The General Manager-Chief Engineer of the Waste Management Department or his
- 16 designated representative and/or a representative of the Enforcement Agency shall
- 17 have the right to enter the solid waste facilities at any time to audit their load check
- 18 program's compliance with these standards. These audits shall be limited to four
- 19 times in any 12 month period and may include three days in which Waste
- 20 Management Department personnel perform load checks at the facility and one day in
- 21 which Waste Management Department staff review the facility's written load check
- 22 program, hazardous waste and universal waste shipping records, facility personnel
- 23 training records, hazardous waste storage areas, and load checking procedures in
- 24 order to audit the solid waste facility loadchecking program and/or assist the operator
- 25 in making its loadchecking program successful.

26 **Section 6. SALVAGE OPERATIONS.** Subject to the approval of the Board of Supervisors,

27 salvage operations of reusable waste materials at all County owned, leased, or contracted transfer

28 stations and disposal sites in the County may be conducted only by such persons as are authorized to

29 do so and upon such terms and conditions as are imposed by the General Manager-Chief Engineer of

1 the Waste Management Department.

2 **Section 7. FEES.**

3 1. **Tipping Fees at Scaled Urban Sites:** Pursuant to the authority of Government Code
4 Section 25823, fees for the disposal of solid waste and disposal of liquid waste at
5 enumerated landfills shall be as established by the Board of Supervisors following a
6 duly noticed public hearing. The fees so established shall be in an amount sufficient
7 to cover all costs including but not limited to the following: closure/postclosure
8 (including past unfunded costs), remediation, environmental mitigation, state
9 mandated and other pass-through fees, and general operations. Such fees and the
10 landfills to which they shall apply appear as Appendix A to this Ordinance. The Board
11 of Supervisors may establish different rates through contractual agreements when the
12 terms of said agreements help stabilize revenues and system rates over a long term
13 period.

14 2. **Fees for Disposal at Rural Sites:** Pursuant to the authority of Government Code
15 Section 25823, fees for the disposal of solid waste at landfills and transfer stations,
16 formerly in a land use assessment area, shall be as established by the Board of
17 Supervisors following a duly noticed public hearing. The fees so established shall be
18 calculated to substantially cover a fair share of the estimated costs for these facilities.
19 Cards permitting entrance into these landfills and transfer stations shall be offered for
20 sale to residents and businesses (only in the local areas surrounding these sites as
21 shown on maps in Exhibit 1) at rates set by the Board of Supervisors. No access to
22 these facilities will be allowed without a card, except in cases where permitted waste
23 haulers or other large commercial users have negotiated separate contracts with the
24 County. Waste from outside these areas shall not be accepted at the rural sites
25 providing, however, waste from unincorporated areas outside of, but near the borders
26 of these service areas may be accepted under the same terms and conditions herein
27 set forth, if it is determined by the General Manager-Chief Engineer of the Waste
28 Management Department that this is the most practical way to provide disposal
29 service to these customers. Such rates and the landfills and transfer stations to which

1 they apply shall appear in Appendices B and C to this Ordinance.

2 3. **Miscellaneous Fees.** A schedule of miscellaneous fees is attached as Appendix D.

3 **Section 8. PROHIBITIONS.** No person shall violate any regulation prescribed by the General
4 Manager-Chief Engineer of the Waste Management Department regulating the use of a County
5 disposal site or transfer station, or fail to obey any sign giving notice of any regulation, maintained at
6 any such site or facility by the General Manager-Chief Engineer of the Waste Management
7 Department. Violation of any such regulation shall be a violation of this Ordinance.

8 **Section 9. VIOLATIONS AND PENALTIES.** The General Manager-Chief Engineer of the
9 Waste Management Department reserves the right to deny entrance to an individual for an appropriate
10 time span when said individual is deemed to pose a safety risk and/or is disruptive to the normal
11 workflow of the landfill or transfer station operations. A letter of notification specifying the dates and
12 location(s) of restriction will be mailed to the individual and be on hand at the gate fee booth(s).

13 It shall be unlawful for any person to violate any provision of this Ordinance. Any person
14 violating any provision of this Ordinance may be deemed guilty of an infraction or misdemeanor as
15 hereinafter specified. Such persons shall be deemed guilty of a separate offense for each and every
16 day, or portion thereof, during which any violation of any of the provisions of this Ordinance is
17 committed or continued. Any person so convicted shall be: (1) guilty of an infraction offense and
18 punished by a fine not exceeding One Hundred dollars (\$100.00) for a first violation; (2) guilty of an
19 infraction offense and punished by a fine not exceeding Two Hundred dollars (\$200.00) for a second
20 violation. The third and any additional violations shall constitute a misdemeanor offense and shall be
21 punishable by a fine not exceeding Five Hundred dollars (\$500.00).

22 Notwithstanding the above, a first offense may be charged and prosecuted as a misdemeanor.
23 Payment of any penalty herein shall not relieve a person from the responsibility for correcting the
24 violation.

25 **Section 10. SEVERABILITY.** If any provision, clause, sentence or paragraph of this
26 Ordinance (including its appendices) or the application thereof to any person or circumstances shall be

1 held invalid, such invalidity shall not affect the other provisions or applications of the provisions of this
2 Ordinance (and its appendices) which can be given effect without the invalid provision or application,
3 and to this end, the provisions of this Ordinance (and its appendices) are hereby declared to be
4 severable.

5 SECTION 2:

6 This ordinance shall take effect thirty (30) days after the date of adoption.

7. **Maximum Load** - Mecca Landfill will not accept loads greater than 1 ton.
8. **Restrictions on Use of Card** - Hazardous waste, loads with more than 4 tires, or other hard-to-handle waste will not be accepted at these rural sites.
9. **Alternative County Gate Fee Site Usage** - In the event that the Gate Services Assistant determines that the waste cannot be received at the Rural Site for whatever reason that day, and therefore directs the customer to take the waste to a scaled County disposal site, the Commercial Card may be used for access at the scaled site.
