**BACKGROUND:**

**Summary**

This is a regular preventative maintenance project performed to extend the pavement life of various suitable roads in Riverside County. In order to obtain a more efficient performance of work, the slurry seal project has been divided into two groups, summer 2013 and spring 2014. Construction has been completed for the first group, summer 2013, including various streets located within the 4th and 5th supervisorial districts. The spring 2014 group is included in this award package and covers various streets located within the 1st and 3rd supervisorial districts. The specific roads for spring 2014 are listed in Attachment "1."

By Minute Order dated January 28, 2014 (Agenda Item 3-23), the Board of Supervisors authorized the Clerk of the Board to advertise the Slurry Seal Project for Fiscal Year 2012/2013 at Various Locations in District 1 and District 3.

During the advertisement period, one addendum was issued to all registered plan holders as a supplement to the plans and specifications. Bidders are required to acknowledge and take into account all issued addenda on their Contractor's Bid in order to be considered for award. The addendum was issued to clarify and modify the approved contract documents. The addendum is attached and designated as Addendum No. 1.

Five bids were received on February 19, 2014, ranging from \$1,281,265 to \$2,042,000. The basis for the selection of a contractor is the lowest responsive and responsible bid. The lowest responsible bid was submitted by American Asphalt South, Inc. of Fontana, CA in the amount of \$1,281,265, which is \$432,734 (25%) less than the Engineer's Estimate. Project costs are estimated to finish within the existing project budget as shown on Attachment "A."

The contractor is qualified to perform the work as outlined in the bid, has executed the contract, and has provided bonds and insurance documents, which meet the requirements of the contract.

Project Nos. C3-0006, C3-0008

#### CLARIFICATION TO THE PLANS:

**Item 1: Clarification.** Refer to Slurry Seal Project plans sheet No. 7 of 19 (Road Book Page No. 27).

The following streets were inadvertently marked on the plans for Slurry Seal 1 over Scrub Seal application:

- Arabian Avenue
- Vaquero Court
- King Avenue

No work will be performed on these three streets.

The Slurry Seal Type 1 over Scrub Seal quantities found on the Proposal and on the plans are not affected by the omission of these three streets.
