BACKGROUND:

Summary (continued)

The District intends to apply for \$51,674 in Off-Highway Vehicle grant funds to install fencing at seven (7) key access points to the Multi-Species Reserve. These access points are utilized by unauthorized OHV users to enter the Reserve, causing damage to the native habitat. Installation of the fencing will serve two purposes: to deter further unauthorized OHV use, and to allow the native habitat to recover from the detrimental effects of past use. The total project cost is \$101,253. The District will be providing \$49,579 in in-kind match funds in the form of labor to install the fencing and increased patrols of the area.
