BACKGROUND:

Summary (continued)

The First Amendment to the 2008 Implementation Agreement extended the 2008 Agreement's term by one year to allow for the provisions of this 2014 Implementation Agreement to be developed and written after the adoption of the 2013 NPDES MS4 Permit by the Colorado River Regional Water Quality Control Board (CRWQCB).

On June 20, 2013, the CRWQCB adopted the 2013 MS4 Permit, pursuant to Section 402(p) of the Federal Clean Water Act. The Permit designates the County and Flood Control as Principal Permittees, and designated the CVWD and the cities as Co-Permittees. It is in the best interest of both the Principal Permittees and the Co-Permittees to work cooperatively to facilitate the administration and implementation of the 2013 NPDES MS4 Permit requirements.

County Counsel has reviewed and approved the Agreement as to legal form. There is a companion item on the Flood Control portion of the agenda on this day.

Impact on Residents and Businesses

No additional impact to residents or private businesses from the previous MS4 Permit and associated 2008 Implementation Agreement.
