BACKGROUND/APPOINTEE INFORMATION:

Mr. Steve Popkin, Chief Executive Officer (CEO), Parkview Community Hospital Medical Center, has expressed interest in serving on the Workforce Investment Board (WIB) as a private sector member for District II. Mr. Popkin has been in the healthcare industry or 27 years working and the last 14 in the CEO level. He currently is the CEO for Parkview, which employs approximately 1,200 individuals.

Mr. Popkin wants to contribute to the enhancement of the Riverside workforce by making hiring opportunities available when possible and hopes the WIB can assist in filling employment needs. He has found that in the hospital industry the key workforce issues are: recruiting employees in job categories where there are shortages; and, retaining high caliber employees in all job categories. With the WIB's help he hopes to be able to address these issues in the future.

John Tavaglione, Supervisor
District II
