Summary (continued)

On October 1, 2013 agenda item 3.8, the Board approved the issuance of an RFP for Consulting Services to conduct a Feasibility Study and Public Opinion Survey. According to the Prop 218 guidelines assessment requires a simple majority vote that is weighted by the potential liability of the proposed assessment. Purchasing released Request for Proposal (RFP) #EHARC-002 on February 11, 2014, advertised publically and sixty nine potential vendors were notified. The RFP closed on March 13, 2014 with only one bid received from SCI Consulting Group. The evaluation committee reviewed the proposal thoroughly and SCI Consulting was determined to be responsive to the requirements.

Impact on Citizens and Businesses

This process will allow parcel owners within the unincorporated area service boundaries to initially express their opinions and potentially cast votes to support maintained and enhanced vector control services with a very moderate benefit assessment.

SUPPLEMENTAL:

Additional Fiscal Information

Funding for Phase I to be performed in FY 2014/15, Phase II FY 2015/16 and if necessary, funding for the optional task of SCI Consulting coordinating the levy submittal and continued administrative services costs for fiscal years 17-19 to be included in future operating budgets.

Contract History and Price Reasonableness

SCI Consulting Group is the only responsive and responsible bidder and the price considered reasonable based on knowledge and experience. Additionally, through the best and final negotiations with the vendor, the County was able to clarify some of the requirements in the scope of work thus eliminating some of the proposed unnecessary work and the associated cost resulting in a price reduction from \$558,300 to \$247,200 for both Phase I and Phase II completion. Rates offered the County are equal to or better than rates charged similar customers. Based on the evaluation criteria as set forth in the RFP and this new redefined scope of work, the department wishes to award this contract to SCI Consulting Group.

Subject: Single Source Procurement Request – SCI Consulting Group for
Feasibility Study and Public Opinion Survey for Vector Control Services

The information provided below is in support of the Department of Environmental Health requesting approval for a single source. Outside of a duly declared emergency, the time to develop a statement of work or specifications is not in itself justification for single source.

1. **Supply/Service being requested:** Feasibility Study and Public Opinion Survey for Vector Control for the unincorporated areas of Riverside County. This service would include Phase I public opinion research services and Phase II engineering, balloting and administration for vector control funding measure.
2. **Supplier being requested:** SCI Consulting Group, vendor code #89306
3. **Alternative suppliers that can or might be able to provide supply/service:** Although there are alternative suppliers that may be able to offer similar services this vendor was the only respondent that provided all of the services requested in the Request for Proposal (RFP) for Riverside County Environmental Health. The Cal State San Bernardino Institute of Applied Learning has experience with public opinion polls but was unable to meet the requirements of having experience conducting at least three successful Proposition 218 ballot measures for mosquito and vector control funding. Additionally, Revolvis was interested in providing a proposal but did not complete the process and return a submission.
4. **Extent of market search conducted:** RFP EHARC-002 was issued on February 11, 2014, posted on Public Purchase and sixty nine vendors were notified. At the close of the RFP there was only one proposal received.
5. **Unique features of the supply/service being requested from this supplier, which no alternative supplier can provide:** SCI Consulting was found to be the only responsive responsible bidder providing a proposal for this service based on the RFP requirements and having specialized experience with Proposition 218 which is extremely important in order to have a successful program overall.
6. **Reasons why my department requires these unique features and what benefit will accrue to the county:** Department of Environmental Health provides vector control services to unincorporated areas of the County and this study will give the residents on parcels in unincorporated areas a voice on future services.

7. **Price Reasonableness:** SCI Consulting Group is the only responsive and responsible bidder and the price considered reasonable based on knowledge and experience. Additionally, through best and final negotiations with the vendor the County was able to clarify some of the requirements in the scope of work thus eliminating some of the proposed unnecessary work and the associated costs resulting in a price reduction from \$558,300 to \$247,200 for both Phase I and Phase II completion. Rates offered the County are equal to or better than rates charged similar customers. Based on the evaluation criteria as set forth in the RFP and this new redefined scope of work, the department wishes to award this contract to SCI Consulting Group.

8. **Does moving forward on this product or service further obligate the county to future similar contractual arrangements or any ongoing costs affiliated with this single source? (Maintenance, support, or upgrades, if so, please explain:** Optional Task #7 for levy submittal and administration may be considered in subsequent fiscal years at the following rates: \$24,750 for the second fiscal year, \$22,750 for the third fiscal year and \$22,750 for the fourth fiscal year (contract years three through five). Future meetings may be required on an as needed basis and would be billed at a rate of \$650 per person per meeting. (These meetings are in addition to the three meetings for Phase I services, four meetings for Phase II services and two meetings annually for optional Task 7 services if requested.)

9. **Period of Performance:** July 1, 2014 through June 30, 2015 and shall be renewable annually up to four (4) additional years through June 30, 2019. Total contract cost shall not exceed \$247,200 including Phase I services, Phase II services and incidental costs. Optional Task #7 services, if authorized and budgeted for by the Department, will be at the quoted amounts noted above per remaining fiscal years renewal options and in addition to the current phase work being completed. Additional meeting costs will require amendments based on actual need.

Re: Best and Final Offer, RFP #EHARC-002

Dear Ms. Etter,

Thank you for this opportunity to submit a best and final offer ("BAFO") with our proposal submitted in response to the County's RFP #EHARC-002 ("RFP"). Our best and final price structure and budget narrative follow.

We were initial confounded by the County's BAFO request. However, after some further research, we believe we have a better understand of the Department's intention. The RFP stated that the proposed measure was for "funding mosquito and vector control services within the Department's service area" then described the Department's current vector control service areas as including "unincorporated territory in the central region of Riverside County and areas surrounding Blythe, as well as contracts with ten incorporated cities Banning, Beaumont, Hemet, Menifee, Moreno Valley, Murrieta, Perris, San Jacinto, Temecula, and Wildomar." As a result, we based our fees on a mail-ballot proceeding for the Department's entire service area. However, after receiving the County's BAFO request and obtaining the County's agenda submittal on this matter dated September 17, 2013, it became evident that the Department's intention is for a vector control funding measure for only the unincorporated area of the Department's service area. Therefore, our revised price structure detailed herein is based on services for mail-ballot proceeding encompassing approximately 120,000 parcels.

I will be your contact during the evaluation period. I can be reach at 707-430-4300 ext. 111, by fax at 707-430-4319 or by email at john.bliss@sci-cg.com. We look forward to this opportunity to assist the Department with this important project and stand ready to proceed.

Sincerely,

The COUNTY may also terminate this Agreement for default and charge to CONTRACTOR any costs incurred by the COUNTY because of the CONTRACTOR's failure to perform.

8.2 CONTRACTOR shall establish adequate procedures for self-monitoring and quality control and assurance to ensure proper performance under this Agreement; and shall permit a COUNTY representative or other regulatory official to monitor, assess, or evaluate CONTRACTOR's performance under this Agreement at any time, upon reasonable notice to the CONTRACTOR.

9. Independent Contractor

The CONTRACTOR is, for purposes relating to this Agreement, an independent contractor and shall not be deemed an employee of the COUNTY. It is expressly understood and agreed that the

CONTRACTOR (including its employees, agents, and subcontractors) shall in no event be entitled to any benefits to which COUNTY employees are entitled, including but not limited to overtime, any retirement benefits, worker's compensation benefits, and injury leave or other leave benefits. 11. Disputes

11.1 The parties shall attempt to resolve any disputes amicably at the working level. If that is not successful, the dispute shall be referred to the senior management of the parties. Any dispute relating to this Agreement, which is not resolved by the parties, shall be decided by the COUNTY's Purchasing Department's Compliance Contract Officer who shall furnish the decision in writing. The decision of the COUNTY's Compliance Contract Officer shall be final and conclusive unless determined by a court of competent jurisdiction to have been fraudulent, capricious, arbitrary, or so grossly erroneous to imply bad faith. The CONTRACTOR shall proceed diligently with the performance of this Agreement pending the resolution of a dispute.

11.2 Prior to the filing of any legal action related to this Agreement, the parties shall be obligated to attend a mediation session in Riverside County before a neutral third party mediator. A second mediation session shall be required if the first session is not successful. The parties shall share the cost of the mediations.

that it has all necessary permits, approvals, certificates, waivers and exemptions necessary for performance of this Agreement as required by the laws and regulations of the United States, the State of California, the County of Riverside and all other governmental agencies with jurisdiction, and shall maintain these throughout the term of this Agreement.

13. Use By Other Political Entities

The CONTRACTOR agrees to extend the same pricing, terms, and conditions as stated in this Agreement to each and every political entity, special district, and related non-profit entity in Riverside County. It is understood that other entities shall make purchases in their own name, make direct payment, and be liable directly to the CONTRACTOR; and COUNTY shall in no way be responsible to CONTRACTOR for other entities' purchases.

14. Non-Discrimination
