BACKGROUND:

Summary

By Minute Order dated March 18, 2014 (Agenda Item 3-36), the Board of Supervisors authorized the Clerk of the Board to advertise for the construction of a traffic signal at the intersection of Briggs Road and Barn Road in the Community of French Valley.

Seven bids were received on April 09, 2014, ranging from \$185,158 to \$252,486. The basis for the selection of a contractor is the lowest responsive and responsible bid. The lowest responsible bid was submitted by PTM General Engineering Services, Inc. of Riverside, CA in the amount of \$185,158, which is \$10,183 (5.8%) higher than the Engineer's Estimate.

The construction duration set for this project is 35 working days, and construction is anticipated to be completed by August 2014.

The contractor is qualified to perform the work as outlined in the bid, has executed the Contract, and has provided bonds and insurance documents, which meet the requirements of the Contract.

Annual traffic signal maintenance consists are estimated at \$5,500 to be funded by Gas Tax.

Project No.: C4-0055

Impact on Residents and Businesses

The proposed traffic signal will improve traffic safety by providing controlled traffic movements. This intersection is adjacent to two schools to the southwest and a new residential development to the northeast.

SUPPLEMENTAL:

Additional Fiscal Information

The Contract is recommended to be awarded to PTM General Engineering Services, Inc. for the total amount of \$185,158.

On March 20, 2012 (Agenda Item 3-24), the Board of Supervisors approved a Cooperative Agreement between the County of Riverside (County) and the Murrieta Valley Unified School District (District) for roadway improvements on Briggs Road and Baxter Road (Project). These improvements were originally planned to be completed by owners adjacent to development tracts using the District's additional funding contribution; however, due to the economic and development slowdown, work stopped. To improve traffic safety, the County and District worked together to fund the Project. The Project included the construction of half-street improvements on Briggs Road, including sidewalk on one side, along the northern frontage of Dorothy McElhinney Middle School and Lisa J. Mails Elementary School. Also, a half-width section of Baxter Road was paved between the intersection of Briggs Road and the existing pavement to the east. The Project also included the construction of water, sewer, and drainage improvements associated with both schools. The County and District both shared the funding of that project.

The recent opening of two schools, Lisa J. Mails Elementary School and Dorothy McElhinney Middle School, has created a desire to improve traffic controls at the intersection of Briggs Road and Barn Road in the community of French Valley. This intersection serves as the primary entrance to both schools located southwesterly of the intersection. The proposed traffic signal improvements will alleviate school traffic congestion and improve pedestrian access during school hours.

The Agreement provided for the District to fund up to a maximum of \$2,500,000, which included an advance to the County in the amount of \$720,000. The County contributed \$180,000 towards the cost of the Project in Fiscal Year 2012/2013. The County will reimburse the District for the funds received as an advance in annual payments totaling \$720,000 from Measure "A" revenues over a 4-year period beginning in Fiscal Year 2013/2014. The District agreed to fund \$270,000 towards the new signal at Briggs Road and Barn Road, including engineering costs. By Board of Supervisors Agenda Item 3-72 of April 22, 2014, the District and County have agreed to reduce the County payback obligation by \$270,000 in exchange for design and construction of this signal.
