**BACKGROUND:**

**Summary (continued):**

On April 22, 2014, the Board of Supervisors directed the Human Resources Department to conduct a Request for Proposal (RFP). In response to the Board's direction, Human Resources collaborated with Aon Hewitt, our benefits consultant, to solicit offers from qualified medical organizations to provide comparable Health Maintenance Organizations (HMO) and Preferred Provider Organizations (PPO) programs for County of Riverside active employees and retirees.

On July 15, 2014, the Board of Supervisors approved Human Resources' recommendation to offer United Healthcare HMO and PPO plans to active employees and retirees as a replacement to the Health Net HMO and PPO plans effective January 1, 2015.

United Healthcare (UHC) offered the most competitive and cost-efficient plans. UHC's innovative solutions include: 1) clinical effectiveness, using evidence-based medicine which is more cost effective; 2) information and technology, providing access to electronic health records and mobile technology; and 3) diverse products, to ensure County employees and retirees receive a broad range of customer-focused products and programs for optimal health improvement.

**Rates and Benefit Changes**

**Active Employee Medical Rates**

For the 2015 calendar year, rate renewals are based on the County's group-specific claims experience and anticipated market trends of medical costs. Aon Hewitt reports the national market trend for the 2015 calendar year is expected to average 8% for HMOs and 8.6% for PPOs.

**United Healthcare**

UHC will provide County employees and retirees greater network access and lower costs on national and local levels. The PPO network offers: 316 hospitals, 72,774 preferred providers, and 41,262 specialists. The HMO network offers: 226 hospitals, 19,469 preferred providers, and 39,258 specialists. UHC has provided a 10.6% second year rate increase cap and provides a similar plan design as the Health Net HMO and PPO plans with minimal provider and service disruption.

Active employees and early retirees enrolled in the Health Net HMO and PPO plans will have the opportunity to enroll in a UHC plan or another County sponsored plan during the annual enrollment period.

**Exclusive Care**

In recent years, Exclusive Care has become the most popular health plan option for County employees with 6,316 participants (44% of the population) enrolled in the active plan. There are 56 participants enrolled in the early retiree plan.

With the increase in enrollment, underwriting analysis conducted by Aon supports a 5% rate increase for active employees and a 5% rate increase for early retirees in the 2015 calendar year.

**Kaiser**

Kaiser Permanente HMO offers County participants comprehensive medical services with affiliated health care providers within the Kaiser network. Kaiser continues to provide quality service, personalized care and a wide selection of skilled physicians. There are currently 4,052 active employees and 153 early retirees enrolled in the plan.

**PAGE: 3 of 4**

On August 20, 2013, the Board of Supervisors approved an allocation of the Early Retiree Reinsurance Program (ERRP) funds towards the Early Retirees premiums. Funds from the ERRP reimbursement was applied to active employee premiums in 2014. These funds were used to help reduce the 2014 average rate increase from 8.0% to 7.0% for active employees. However, this was a one-time premium off-set that is no longer available to active employees. Specific County sponsored medical plan rates for 2015 are listed in Attachment A and early retiree medical plan rates are listed in Attachment B.

**Retiree Medical Rates**

Retiree rates for the Medicare "Risk" plans offered by UHC, Kaiser, and Scan will be available after the Centers for Medicare and Medicaid Services (CMS) releases its reimbursement rates to the health plans, which usually occurs in September. These rates will be presented to the Board at that time.

**CalPERS**

On June 18, 2014, California Public Employees' Retirement System (CalPERS) released its 2015 medical plan rates. The CalPERS medical plan rates are listed in Attachment C for information and comparative purposes.

**Dental Plans**

Delta Dental offers the largest national dental provider network with a full range of dental care programs.

***Delta Care HMO***

DeltaCare is the dental HMO plan that features set copayments, no annual deductibles and no maximums for in-network benefits. Many diagnostic and preventive services are available at no cost or with very low copayments. There are 8,706 participants enrolled in the plan.

***Delta Dental PPO***

Delta Dental PPO and Premier plans feature freedom of choice to visit any dentist and receive lower out-of-pocket cost when services are provided by contracted providers. Delta Dental has successfully managed the County's dental plans and continues to expand their network with new and local service providers throughout Riverside County. There are 6,739 participants enrolled in the plan.

No plan design changes are recommended for the HMO and PPO plans. The Delta Dental plan rates will remain unchanged for 2015.

**Local Advantage and Local Advantage Blythe**

The Local Advantage and Local Advantage Blythe self-funded DHMO plans utilize local providers including Riverside Dental Group and Hospitality Dental Group.

Currently, there are 1,023 employees enrolled in Local Advantage and 32 employees enrolled in the Local Advantage Blythe plan. The Local Advantage plan rates will remain unchanged for 2015.

Specific dental plan rates for 2015 are listed in Attachment D.

**Vision Plans**

The Vision Services Plan (VSP) is an employer paid self-funded vision program provided to Elected Officials, Management, Confidential, and Unrepresented employees; Resident Physicians; and employees in bargaining units of the Deputy District Attorney Association (DDAA) and Law Enforcement Management Unit (LEMU). There are 2,232 employees enrolled in the VSP plan.

**PAGE: 4 of 4**

The Medical Eye Services plan (MES) is a voluntary vision program offered to employees in the Service Employees International Union (SEIU), Laborers' International Union of North America (LIUNA), and Riverside Sheriffs' Association Public Safety units. There are 10,980 employees and retirees enrolled in the MES plan.

MES and VSP will maintain their current level of benefits and rates. Rates for the 2015 vision plans will not increase and are listed in Attachment E.

**Wellness Program**

The Optimal Health & Wellness Program (OHWP) focuses on health management programs to engage employees in prevention and management of health risk factors. The OHWP incentive model is a criteria-based plan that is intended to catalyze participation in the program and change specific health behaviors. The incentive model is funded by contributions from Exclusive Care, Kaiser Permanente, and The Standard Life Insurance Company. UHC has also agreed to contribute \$100,000 annually to fund OHWP.

Additionally, an administrative fee is included in the medical plan premiums to help fund the incentives. The administrative fee for the 2015 calendar year will increase from \$6.00 per month to \$8.50 per month. This fee covers administrative and incentive payments provided to participants of the Wellness Program.

**Impact on Residents and Businesses**

There is no direct impact to private residents or private businesses in the County of Riverside.

**Contract History and Price Reasonableness**

The annual cost of medical, dental, and vision plans for active employees and early retirees is estimated to increase from \$138.4 million in 2014 to an estimated \$141.5 million in 2015, an increase of \$3.1 million or 2.3%. The County's annual cost is determined by the Flexible Benefit Credits it provides to employees. The remaining annual cost for the health plans is paid by employees and retirees.

If approved, plan rates and benefit changes will be communicated to employees and retirees during Annual Enrollment, which is scheduled for September 15, 2014 through October 3, 2014 for active employees and October 6, 2014 through October 24, 2014 for retirees. CalPERS Annual Enrollment is scheduled to run concurrently with the County's annual enrollment period.

\*The County received \$1.2 million dollars from the Early Retiree Reinsurance Program (ERRP) in 2012 as a result of the Affordable Care Act. Human Resources applied the ERRP reimbursement funds received to the Early Retiree premiums in 2013 and to the Active employee premiums in 2014. The use of the funds resulted in a one-time reduction in rates.
