BACKGROUND:

Summary (continued)

Prior to the submittal to the Board, comments on the application are requested from the Planning Commission, and the Planning Commission comments are included in the report to the Board. The Board will either approve or disapprove the initiation of proceedings for the GPA requested in the application. The consideration of the initiation of proceedings by the Planning Commission and the Board of Supervisors pursuant to this application does not require a noticed public hearing. However, the applicant was notified by mail of the time, date and place when the Planning Commission and the Board of Supervisors would consider this GPA initiation request.

If the Board of Supervisors adopts an order initiating proceedings pursuant to this application, the proposed amendment will thereafter be processed, heard and decided in accordance with all the procedures applicable to GPA applications, including noticed public hearings before the Planning Commission and Board of Supervisors. The adoption of an order initiating proceedings does not imply that any amendment will be approved. If the Board of Supervisors declines to adopt an order initiating proceedings, no further proceedings on this application will occur.

The Board of Supervisors established the procedures for initiation of GPA applications with the adoption of Ordinance No. 348.4573 (effective May 8, 2008), which amended Article II of that Ordinance.

The GPA initiation was heard at the June 18, 2014, Planning Commission meeting. The Planning Commission had no comments.

Impact on Citizens and Businesses

This action will initiate the County's review of the General Plan Amendment application, which will include an evaluation by Planning staff, the appropriate environmental review and consideration by the Planning Commission and Board of Supervisors during public hearings on the project.

GENERAL PLAN AMENDMENT NO. 1133
(Entitlement/Policy Amendment)
Applicant: Joseph Rivani
Engineer/Representative: Anderson Consult.

COUNTY OF RIVERSIDE PLANNING DEPARTMENT STAFF REPORT

PROJECT DESCRIPTION AND LOCATION:

General Plan Amendment No. 1133 proposes to amend the Riverside County General Plan Land Use Element Land Use Designations from Community Development: Commercial Retail, Medium High Density Residential, and High Density Residential to Community Development: Commercial Retail, Medium High Density Residential, High Density Residential, Very High Density Residential and Open Space: Recreation on 214.7 gross acres.

The proposed Amendment is located in the Western Coachella Valley Area Plan; more specifically, the subject site consists of six properties located Northerly of Varner Road, easterly of Calle Tosca, southerly of Calle Tosca, and westerly of Cook Street.

BACKGROUND:

The initiation of proceedings for any General Plan Amendment (GPA) requires the adoption of an order by the Board of Supervisors. The Planning Director is required to prepare a report and recommendation on all GPA applications and submit them to the Board of Supervisors. Prior to the submittal to the Board, comments on the applications will be requested from the Planning Commission, and the Planning Commission comments will be included in the report to the Board. The Board will either approve or disapprove the initiation of the proceedings for the GPA.

The consideration of the initiation of proceedings pursuant to this application by the Planning Commission and the Board of Supervisors will not involve a noticed public hearing. The Planning Department, however, did notify the applicant by mail of the time, date and place when the Planning Commission will consider this GPA initiation request.

If the Board of Supervisors adopts an order initiating proceedings pursuant to this application, the proposed amendment, together with the appropriate development applications, will thereafter be processed, heard and decided in accordance with all the procedures applicable to a GPA application, including noticed public hearings before the Planning Commission and Board of Supervisors. The adoption of an order initiating proceedings does not imply that any amendment will be approved. If the Board of Supervisors declines to adopt an order initiating proceedings, no further proceedings of this application will occur.

The Board of Supervisors established the procedures for initiation of GPA applications with the adoption of Ordinance No. 348.4573 (effective May 8, 2008), which amended Article II of that ordinance. This particular GPA application is an Entitlement/Policy Amendment GPA, under Section 2.4.

Additionally, refer to the attached Worksheets for General Plan Amendment Initiation Consideration Analysis.

GENERAL PLAN AMENDMENT FINDINGS:

In order to support the initiation of a proposed General Plan Amendment (GPA) it must be established that the proposal could possibly satisfy certain required findings. Under Article II of Riverside County Ordinance No. 348, there are four categories of amendments, Technical, Entitlement/Policy, Foundation, and Agriculture. Each category has distinct required findings.

General Plan Amendment No. 1133 falls into the Entitlement/Policy category, because it is changing within the same Foundation Component (Community Development).

Article II Section 2.4.f.(2) of Ordinance No. 348 states a Planning Commission resolution recommending approval of a regular Entitlement/Policy Amendment and a Board of Supervisors resolution approving a regular Entitlement/Policy Amendment shall include findings, based on substantial evidence, that the proposed change does not involve a change in or conflict with the County's Vision, General Plan Principle, or Foundation Component designation, as well as contributing towards the achievement of the purposes of the General Plan, or at a minimum, would not be detrimental to them. Also, one additional finding from a list of five possible findings must be made. In the case of this project, the finding must also be made that an amendment is required because of special circumstances or conditions have emerged that were unanticipated in preparing the General Plan.

Consideration Analysis:

First Required Finding: The first finding per the General Plan Appendix B explains that the proposed Amendment must not involve a change in or conflict with the Riverside County Vision; any General Plan Principle; or any Foundation Component designation in the General Plan.

1. The proposed change does not conflict with:

(a) The Riverside County Vision.

The proposed General Plan Amendment will provide for commercial and high density residential developments. The Vision for Riverside County states that housing and providing shelter is one of the most basic community needs and for leaders to accept the necessity to provide housing for the County's growing population. The proposed Amendment is consistent with the vision as it is providing housing and shelter to meet the needs of the County's growing population. The Land Use Element of the General Plan encourages a "balanced mixtures of land uses, including commercial, office, industrial, agriculture, and open space, as well as a variety of residential product types, densities, and intensities in appropriate locations that respond to a multitude of market segments". The County's vision also emphasizes the importance of employment as a basic individual need, and the value of growing a diversified job base with a wide range of income opportunities.

The proposed Amendment would positively contribute towards the purposes of the General Plan and County Vision by providing housing and employment opportunities for a growing population. The findings can be made that the proposed Amendment contributes to the County's vision, and does not change or conflict with general plan principles.

(b) Any General Plan Principle.

The proposed General Plan meets the General Plan Principle of creating community centers with mixed or integrated commercial, residential, employment, parks, and civic, recreational and cultural uses.

According to commercial retail land use policies within the Western Coachella Valley Area Plan, commercial development shall not degrade visual qualities and emphasizes the importance of screening outdoor storage areas (WCVAP 10.1).

The proposed Amendment would allow future consideration of commercial retail development and be reviewed by future Conditional Use Permit or Plot Plan applications which would address all design issues and compatibility with surrounding development.

The proposed Amendment would continue the existing land use pattern along the I-10 freeway of commercial and residential land use designations with Commercial Retail along Varner Road and a variety of residential density within the site which is compatible with the surrounding existing land use designations.

The findings can be made that the proposed Amendment does not change or conflict with general plan principles.

(c) Any Foundation Component designation in the General Plan.

The proposed land use designations are all within the same Community Development Foundation, and the proposal would be consistent with this Foundation.

Second Required Finding: The second General Plan Appendix B finding explains that the proposed Amendment must either contribute to the achievement of the purposes of the General Plan or, at a minimum, would not be detrimental to them.

2. The proposed Amendment would achieve the purposes of the General Plan and would not be detrimental to the General Plan in that commercial retail and residential land use designations are potentially allowed within urban environments subject to required improvements and design standards. The Land Use Element of the General Plan encourages a "balanced mixture of land uses, including commercial, office, industrial, agriculture, and open space, as well as a variety of residential product types, densities, and intensities in appropriate locations that respond to a multitude of market segments." The surrounding land use plan accommodates a variety of service-commercial, industrial and residential uses. The proposed Amendment provides a variety of density residential uses and commercial development

The findings can be made that the proposed Amendment contributes to the purposes of the General Plan.

Third Required Finding: In addition to the two, the General Plan indicates that an additional finding, from a list of five, must also be made.

3. The appropriate additional finding for the proposed Amendment is: Special circumstances have emerged that were unanticipated in preparing the General Plan in that a proposed freeway interchange has been determined at the project's location on I-10 freeway. The proposed Amendment will provide land use designations that are compatible and best serve the new freeway interchange.

RECOMMENDATIONS:

Staff recommends that the appropriate findings per Article II of Riverside County Ordinance No. 348 can be made and that the Planning Commission provide comments to the Board of Supervisors regarding General Plan Amendment No. 1133. The initiation of proceedings by the Board of Supervisors for the amendment of the General Plan, or any element thereof, shall not imply any such amendment will be approved.
