**DATE:** July 8, 2014

**PAGE:** 2 of 3

**BACKGROUND:**

**Summary**

By Minute Order dated May 6, 2014 (Agenda Item 3-26), the Board of Supervisors authorized the Clerk of the Board to advertise for the construction of the Agua Mansa Road and Market Street Traffic Signal and Street Improvement Project within the City of Jurupa Valley (City).

During the advertisement period, one addendum was issued to all registered plan holders as a supplement to the plans and specifications. Bidders are required to acknowledge and take into account all issued addenda on their Contractor's Bid in order to be considered for award. The addendum was issued to update federal prevailing wages. The addendum is attached and designated as Addendum Number 1.

Four bids were received on May 2, 2014, ranging from \$844,684 to \$981,450. The basis for the selection of a contractor is the lowest responsive and responsible bid. That bid was submitted by Roadway Engineering & Contracting, Inc. in the amount of \$844,684, which is \$73,241 (8%) lower than the Engineer's Estimate.

The Contract includes the following five schedules of work:

Base Bid Schedule A: (Traffic Signal and Street Improvements)

Base Bid Schedule B: (Storm Drain Improvement - Flood Control Facility)

Alternate Bid Schedule 1: (Market Street Pavement Rehabilitation, Sta. 16+50.00 to Sta. 19+25)

Alternate Bid Schedule 2: (Market Street Pavement Rehabilitation, Sta. 10+00 to Sta. 12+50)

Alternate Bid Schedule 3: (Manhole Adjustment, Rubidoux Community Services District - RCSD)

The City concurs with bid prices for Alternate Bid Schedules 1 and 2, as bid by the low bidder. The reimbursement agreement between the City and County of Riverside (County) is being submitted to the Board of Supervisors for execution concurrent with the award of the construction contract.

RCSD has also concurred with the bid prices for Alternate Bid Schedule 3, as bid by the low bidder. The cost of this work will be funded by RCSD per a letter agreement between the County and RCSD dated January 24, 2014.

The County identified the need for these improvements, the funds were approved, the project was budgeted, and construction drawings were substantially prepared prior to incorporation of the City. The City desires the County to continue as the lead agency through project completion, and they have approved the construction drawings. The City will maintain the signal after completion.

The construction duration set for this project is for four (4) months, and construction is anticipated to be completed by the end of 2014.

The contractor has executed the contract and will provide bonds and insurance prior to award of the contract.

**SUPPLEMENTAL:**

**Additional Fiscal Information**

The contract is recommended to be awarded to Roadway Engineering & Contracting, Inc. for the total amount of \$844,684. Construction is expected to occur in FY 2014/2015 and will be funded by the Federal Highway Safety Improvement Program (HSIP), for which the County successfully competed, the City of Jurupa Valley, West County Development Impact Fee (DIF) Signal Mitigation Funds, the Riverside County Flood Control and Water Conservation District (RCF&WCD), and miscellaneous (RCSD) funds. There are no General Funds used in this project.

By Minute Order dated April 23, 2013 (Agenda Item 3-62), the Board of Supervisors executed funding Agreement with Riverside County Flood Control District.

The RCSD funds were approved by letter agreement dated January 24, 2014, executed in accordance with authority delegated by the Board of Supervisors to the Director of Transportation by Minute Order dated February 28, 2006 (Agenda Item 3-52), which authorizes the Director of Transportation to approve such letter agreement up to the amount of \$50,000.

**SUBJECT:** Delegation of Authority to the Director of Transportation to execute Letter Agreements for Minor Utility Adjustments and Relocations Up To \$50,000.

**RECOMMENDED MOTION:** That the Director of Transportation and his designee be authorized to execute letter agreements with utility owners, for the adjustment and relocation of conflicting facilities which are in conflict with County improvements, up to the amount of \$50,000.

**BACKGROUND:** County public works improvements usually require the adjustment and relocation of surface utility facilities. The owners of the facilities often request that the Transportation Department include utility adjustment and relocation work as part of the County's contract work. The Transportation Department has typically required each owning utility company to deposit the total bid amount of the utility adjustment work with the County prior to award. Larger scope utility relocation work is arranged through a cooperative agreement between the County and the utility company. A more formal approach to include the smaller scope utility work in the County's contracts is recommended to ensure that the County recovers administrative costs, and to ensure that the County is protected from additional liability exposure

due to the inclusion of utility company adjustment and relocation work in its contracts. However, a formal cooperative agreement is considered burdensome for such work which is minor in scope and cost.

The office of County Counsel and the Transportation Department have developed a letter agreement template which is proposed to be offered to utility companies which desire for the County to include minor utility adjustment and relocation work in its construction contracts. A copy of the letter agreement template, which is approved as to legal form, is attached and is designated as Attachment "A".

The utility companies are responsible for all costs for the adjustment and relocation of their facilities, which are in conflict with the County's public works improvements, unless they prove that they have superior property rights with regard to the facilities. The inclusion of the adjustment and relocation work is of benefit to the County to facilitate construction and minimize construction delays, and benefits the utility owner in terms of convenience, and often cost.

Execution of the proposed letter agreements by the Director of Transportation or his designee will simplify the administrative process required, reduce administrative time and costs, and reduce the number of items submitted to the Board.

## COMMERCIAL EXCESS LIABILITY POLICY

Various provisions in this policy restrict coverage. Read the entire policy and any underlying insurance carefully to determine rights, duties and what is covered and not covered.

Throughout this policy the words "you" and "your" refer to the Named Insured shown in the Declarations and any other person or organization qualifying as an Insured under the "Underlying Insurance". The words "we" and "us" refer to the COMPANY shown in the DECLARATIONS. Other words and phrases that appear in quotation marks have special meanings. Refer to Definitions (SECTION V).

### SECTION I – EXCESS LIABILITY INSURANCE

#### 1. Insuring Agreement

- a. We will pay those sums in excess of the limits shown in Item 6 of the Declarations, Schedule of Underlying Insurance, that you become legally obligated to pay as damages because of injury to which this insurance applies, provided that the "Underlying Insurance" also applies, or would apply but for the exhaustion of its applicable Limits of Insurance.
- b. This insurance is subject to the same terms, conditions, agreements, exclusions and definitions as the "Underlying Insurance", except:
  - (1) We will have no obligation under this insurance with respect to any claim or suit that is settled without our consent; and
  - (2) With respect to any provisions to the contrary contained in this insurance.
- c. The amount we will pay for damages shall not exceed the Limits of Insurance stated in Item 4. of the Declarations.
- d. We will have the right to participate in the defense of claims or suits against you seeking damages because of injury to which this insurance may apply. We will have a duty to defend such claims or suits when the applicable limit of insurance of the "Underlying Insurance" has been exhausted by payment of judgments, settlements and any cost or expense subject to such limit. We may, at our discretion, investigate and settle any claim or suit. Our right and duty to defend end when the applicable limit shown in the Declarations has been used up by our payment of judgments or settlements.

### SECTION II – EXCLUSIONS

The exclusions applicable to the "Underlying Insurance" also apply to this insurance.

### SECTION III – LIMITS OF INSURANCE

1. The Limit of Insurance shown in the Declarations as EACH OCCURRENCE is the most we will pay for damages arising out of any one occurrence or offense.
2. The Limit of Insurance shown in the Declarations as AGGREGATE WHERE APPLICABLE shall apply in the same manner as the aggregate limits shown in the SCHEDULE OF UNDERLYING INSURANCE.

### SECTION IV – CONDITIONS

If any of the following conditions are contrary to conditions contained in the "Underlying Insurance" the provisions contained in this policy apply.

#### 1. Appeals

In the event the underlying insurer(s) elects not to appeal a judgment in excess of the limits of the "Underlying Insurance", we may elect to make such an appeal. If we so elect, we shall be liable, in addition to the applicable Limits of Insurance, for all defense expenses we incur.

#### 2. Maintenance of "Underlying Insurance"

- a. You agree to maintain the "Underlying Insurance" in full force and effect during the term of this policy, and to inform us within 30 days of any replacement or material change of that "Underlying Insurance" by the same or another company. If you do not maintain the "Underlying Insurance" in full force and effect or fail to meet all conditions and warranties of such "Underlying Insurance", this policy shall apply as if those policies were available and collectible.
- b. Reduction or exhaustion of the aggregate limit of any "Underlying Insurance" by payments for judgments, settlements or any costs or expenses subject to that limit, will not be a failure to maintain "Underlying Insurance" in full force and effect.
- c. No statement contained in this condition limits our right to cancel or not renew this policy.

For purposes of this policy, if any "Underlying Insurance" is not available or collectible because of:

- a. the bankruptcy or insolvency of the underlying insurer(s) providing such "Underlying Insurance"; or
- b. the inability or failure for any other reason of such underlying insurer(s) to comply with any of the obligations of its policy;

then this policy shall apply (and amounts payable hereunder shall be determined) as if such "Underlying Insurance" were available and collectible.

**3. Other Insurance**

This insurance is excess over any other valid and collectible insurance whether primary, excess, contingent or any other basis, except other insurance written specifically to be excess over this insurance.

**4. Cancellation**

1. The first Named Insured shown in the Declarations may cancel this policy by mailing or delivering advance written notice of cancellation to us.
2. We may cancel this policy by mailing or delivering written notice of cancellation to the first Named Insured at least:
  - a. 10 days before the effective date of cancellation if we cancel for nonpayment of premium; or
  - b. 60 days before the effective date of cancellation if we cancel for any other reason.
3. We will mail or deliver our notice to the Named Insured's last mailing address known to us.
4. Notice of cancellation will state the effective date of cancellation. The policy will end on that date.
5. If this policy is cancelled, we will send the first Named Insured any premium refund due. If we cancel, the refund will be pro rata. If the first Named Insured cancels, the refund may be less than pro rata. The cancellation will be effective even if we have not made or offered a refund.

**5. Policy Period**

This insurance will respond to injury or damage that occurs, or arises from an offense committed, during the Policy Period shown in the Declarations.

**SECTION V – DEFINITIONS**

1. PLEASE NOTE:

This information may be submitted with your bid. If it is not, and you are the apparent low bidder or the second or third low bidder, it must be submitted and received as specified in the Special Provisions. Failure to submit the required DBE commitment will be grounds for finding the bid nonresponsive.

The form requires specific information regarding the construction contract: Local Agency, Location, Project Description, Total Contract Amount, Bid Date, Bidder's Name, and Contract DBE Goal.

The form has a column for the Contract Item Number and Item of Work and Description or Services to be Subcontracted or Materials to be provided by DBEs. The form has a column for the Names of DBE contractors to perform the work (who must be certified on the date bids are opened and include the DBE address and phone number).
