**BACKGROUND:**

**Summary (continued)**

The Homeland Master Drainage Plan (Revision No.1), Romoland Master Drainage Plan (Revision No.1), and Homeland/Romoland Area Drainage Plan Final Environmental Impact Report (FEIR) SCH 2003111131 was certified by the Board of Supervisors of the Riverside County Flood Control and Water Conservation District (District) on March 28, 2006, and the Project was approved. The FEIR identified "Proposed Phase I Facilities" that were expected to be constructed over the next few years. Since that time, final design was completed and regulatory permit authorizations were obtained by a private corporation for the construction Proposed Phase I Facilities (Approved Project). Except for some interim excavation, the construction of the Approved Project by the private corporation was delayed and will now be constructed by District. The Project consists of the construction, operation and maintenance of the following facilities which were included in the Approved Project: Romoland MDP Line A, Romoland MDP Line A-2, Romoland MDP Line A-3, Homeland MDP Briggs Road Basin, Homeland MDP Line 1, and Homeland MDP Juniper Flats Basin. The Project will begin just upstream of I-215 and terminate northeast of the intersection of Juniper Flats Road and Falcon View Lane. The Project length is approximately 41,000 lineal feet and consists of open channels; underground reinforced concrete boxes/reinforced concrete pipes and two basins. The Project will convey runoff from the hills northeast of Romoland and flows emanating from the Homeland area starting upstream in the vicinity of Juniper Flats area. It will also provide as an outlet to such storm runoff.

The public interest and necessity for this Project is demonstrated by the flooding which occurs in the area and the erosion of both public and private property. The Proposed Project is planned in a manner that is most compatible with the greatest public good and least private injury. The affected property is improved land, the improvements consist of a 1,248 square foot single family residential mobile home, which is tenant occupied. The subject property interest is needed for the facility. Offers required by Section 7267.2 have been made to the owners.

Negotiations have been conducted with the affected owners and the tenants will be relocated pursuant to the Uniform Relocation and Property Acquisition Act of 1970, as amended. Staff will continue to negotiate with the owners, however, in order to facilitate the timely construction of the flood facility for the Romoland Line A, Stage 4 project; staff is recommending the approval of Resolution No. F2014-31

**Impact on Residents and Businesses**

The proposed Project will protect people, property and the watershed from damage or destruction from flood and storm water impacts. There is a residential tenant who will be relocated pursuant to the Uniform Relocation and Property Acquisition Act of 1970, as amended.

**SUPPLEMENTAL:**

**Additional Fiscal Information**

Sufficient funds were budgeted in the Fiscal Year 2014-2015 for the Romoland Line A, Stage 4 Project and are available in the Zone 4 Fund.

1. Resolution No. F2014-31

BOARD OF SUPERVISORS

RIVERSIDE COUNTY FLOOD CONTROL  
AND WATER CONSERVATION DISTRICT

RESOLUTION NO. F2014-31

AUTHORIZE CONDEMNATION OF REAL PROPERTY  
FOR FLOOD CONTROL PURPOSES REGARDING THE  
ROMOLAND LINE A, STAGE 4, PROJECT NO. 4-0-00310-04

BE IT RESOLVED, FOUND, DETERMINED, AND ORDERED by the Board of Supervisors of Riverside County Flood Control and Water Conservation District, County of Riverside, State of California, not less than four-fifths of all members concurring, in regular session assembled on September 9, 2014, as follows:

1. That Notice of Intent to Adopt this Resolution was given to each person, whose hereinafter described real property is to be acquired by eminent domain in accordance with Section 1245.235 of the Code of Civil Procedure and a hearing was conducted by the Board of Supervisors on the matters contained herein.

2. That the authority for District to acquire the real property by eminent domain is contained in Article 1, Section 19 of the California Constitution; the California Water Code -- Appendix, Chapter 48, Section 48-9, Paragraph 9; Sections 1240.010, 1240.020, 1240.110 and 1240.420 of the Code of Civil Procedure.

3. That the public interest and necessity requires the Proposed Project.

4. That the use for which the real property is to be taken is for the construction of a public improvement consisting of flood control facilities, maintenance roads and appurtenant works, for the control and flow of flood and stormwaters and for other uses incidental thereto and required thereby, in order to protect from damage, life and property within the boundaries of District, the Proposed Project being known as the Romoland Line A, Stage 4 Project.
