BACKGROUND:

Summary

The Street A Project is a proposed two lane collector road connecting McAllister Parkway to Van Buren Boulevard, of which 40 percent is located within the jurisdiction of the County of Riverside (County) and 60 percent is located within the jurisdiction of the City of Riverside (City). In 2006, the County approved Tract 30153 (McAllister Hills), which would have constructed a golf course residential community development. The County required this tract to construct a new road between McAllister Street and Van Buren Boulevard, referred to as Street A, which would serve traffic from the development and provide an alternate access route for residents of Victoria Grove, The Orchards, and other communities in the area north of El Sobrante Road and east of La Sierra Avenue.

On December 18, 2007, the Board of Supervisors (Board) approved Item 3-58, which consented to and authorized the City to act as lead agency on behalf of the County for purposes of land acquisition services and eminent domain necessary for Street A, since most of the property to be acquired was within City limits. The road design was nearly complete and right-of-way acquisition was about to commence in 2008 when work ceased on the developer's project, which went into foreclosure due to the economic downturn.

On March 27, 2012 (Agenda Item 3-38), the Board executed the agreement for the Street A Street Improvement Project between the County and City. The agreement between the County and the City provides the terms and conditions under which said project is to be pursued. The agreement further defines the project-related activities including real property activities to be performed by the County and the City. The agreement also formally revoked the County's consent to authorize the City to act as lead agency on behalf of the County for purposes of land acquisition services and eminent domain necessary for the project.

Through this amendment, the City will grant authorization to the County to act as the lead agency on behalf of the City for the purposes of land acquisition services, including consideration of eminent domain should that is necessary for the project.

The Riverside City Council approved this amendment at their November 19, 2013, city council meeting.

Project Number: C1-0641

Impact on Residents and Businesses

Street A will provide an alternative access route for the residents of Victoria Grove, The Orchard, and other communities in the area north of El Sobrante Road and east of La Sierra Road.
