BACKGROUND:

Summary

By Minute Order dated September 30, 2014 (Agenda Item 3-28), the Board of Supervisors authorized the Clerk of the Board to advertise for the construction of approximately 575 linear feet of sidewalk and associated improvements on the southerly side of Machado Street, from Tiller Lane to Lakeside High School Stadium Way, and approximately 1,320 linear feet of sidewalk on the northerly side, from Golondrina Street to the County of Riverside/City of Lake Elsinore border line, in the community of West Elsinore.

Seven bids were received on October 29, 2014, ranging from \$507,103 to \$758,005. The basis for the selection of a contractor is the lowest responsive and responsible bid. The lowest responsible bid was submitted by R-JS General Construction of Riverside, CA in the amount of \$507,103, which is \$36,068 (7.67%) more than the Engineer's Estimate.

The purpose of this project is to provide a safer pedestrian path for travel to and from the Lakeside High School. All existing access ramps that do not meet the current Americans with Disabilities Act (ADA) requirements will be improved or replaced to meet the new requirements. Several new access ramps will also be added. The existing obstructions, such as fences, road signs, irrigation systems, trees, and water meters will be removed or relocated as needed. Other project features include new curb and gutter, cross gutter, and accessible driveways.

Additional improvements include road widening on the southerly half between Tiller Lane and the Lakeside High School Stadium Way and on the northerly half near Marcolesco Lane.

The construction duration set for this project is for 40 working days, and construction is anticipated to be completed by March 2015.

The contractor is qualified to perform the work outlined in the bid. The contractor will execute the contract and provide bonds and insurance documents after Board of Supervisor award approval.

Project Number: C2-0134

Impact on Residents and Businesses

The proposed improvements will benefit the project area by significantly improving the existing infrastructure, as well as providing upgrades to enhance safety.

SUPPLEMENTAL:

Additional Fiscal Information

The contract is recommended to be awarded to R-JS General Construction for the total amount of \$507,103. The project is partially funded with State Safe Routes to School (SR2S) Funds, for which the County successfully competed. The remainder will be funded with Gas Tax (ABX8-9 Mar 2010 New Huta).

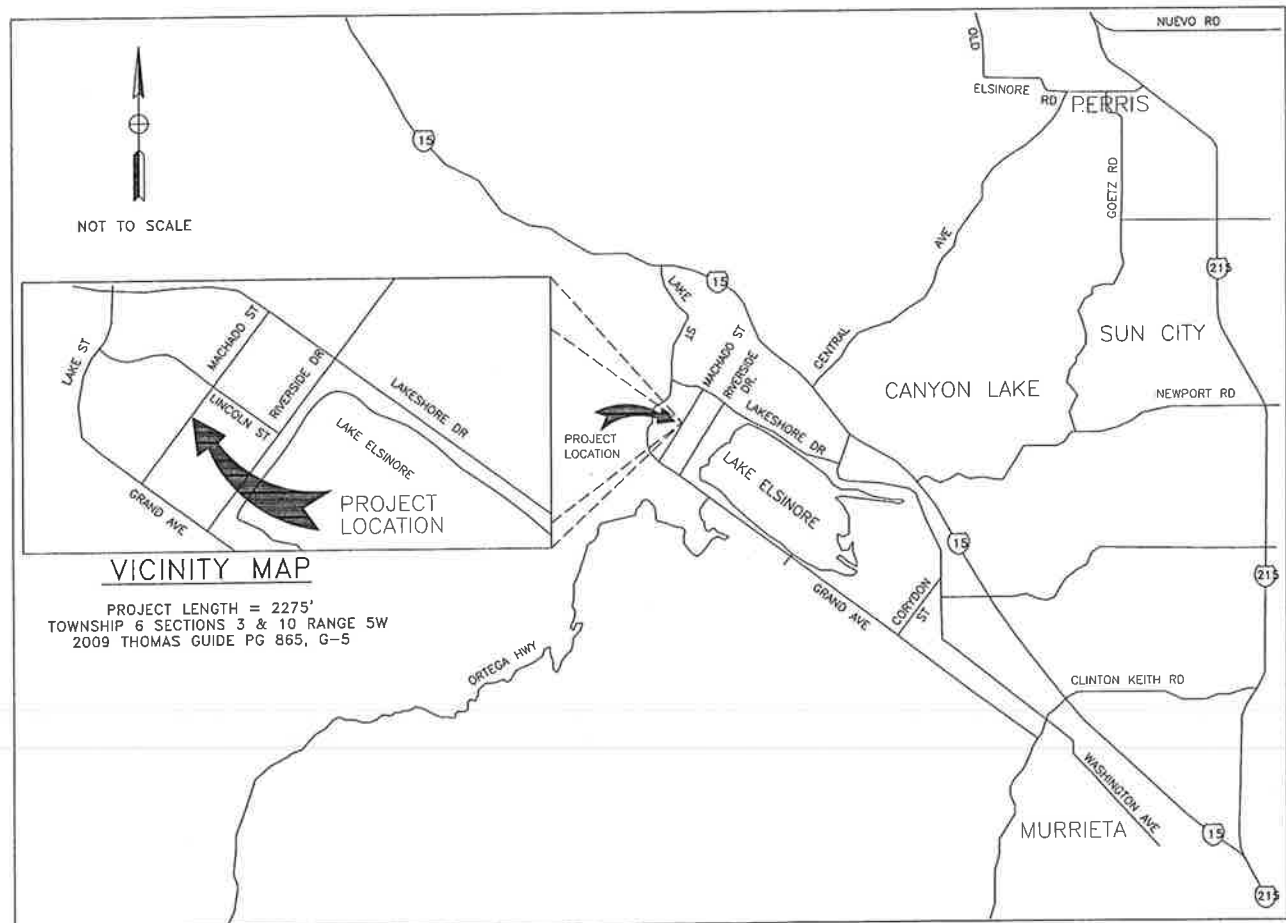

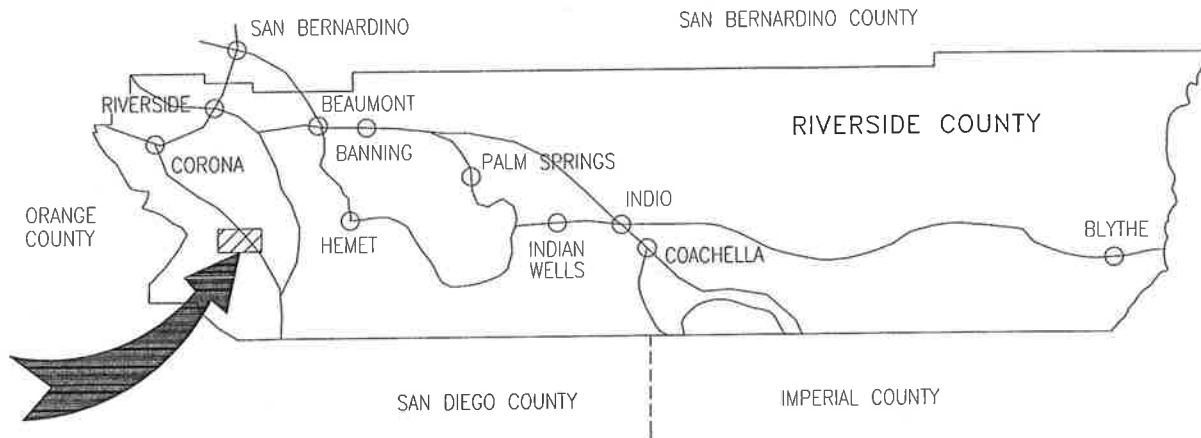

There are no General Funds used in this project.
