INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of business-type activities of the Housing Authority of the County of Riverside as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Housing Authority of the County of Riverside, as of June 30, 2014, and the respective change in financial position and cash flows thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3-10 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Housing Authority of the County of Riverside's financial statements. The combining statement of net position – all programs and combining statement of revenues, expenses and changes in fund net position – all programs are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining statement of net position – all programs and combining statement of revenues, expenses and changes in fund net position – all programs are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain other procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statement of net position – all programs and combining statement of revenues, expenses and changes in fund net position – all programs are fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 21, 2014, on our consideration of the Housing Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Housing Authority of the County of Riverside's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION & ANALYSIS

The purpose of this Management's Discussion and Analysis (MD&A) is to provide a narrative overview, financial highlights and analyses of the audited annual financial statements of the Housing Authority of the County of Riverside (the "Housing Authority"). This MD&A section is required by the provisions of the Governmental Accounting Standards Board (GASB) Statement 34, and is presented in conjunction with the accompanying Basic Financial Statements.

The financial statements are reported based on a twelve-month fiscal year, which starts on July 1 of one calendar year and ends on June 30 of the next calendar year; the fiscal year is named by the calendar year in which the fiscal year ends. Therefore, the basic annual financial statements presented in this report are for Fiscal Year 2014, which started July 1, 2013 and ended June 30, 2014.

THE PURPOSE OF THE HOUSING AUTHORITY

The Housing Authority of the County of Riverside (Housing Authority) was established in 1942 under the U.S. Housing Act of 1937 and the State of California Housing Authority Law of 1938. The Housing Authority is a government agency which is chartered by the State of California to administer the development, rehabilitation or financing of affordable housing programs. The area of jurisdiction of the Housing Authority is the entire County of Riverside. Permanent operational offices are maintained in the cities of Riverside and Indio to facilitate the provision of services.

The primary mission of the Housing Authority is to assist low and moderate income families, including elderly and disabled persons, by operating programs which provide them decent, safe and sanitary housing at affordable costs.

FINANCIAL HIGHLIGHTS

The Housing Authority ended the fiscal year of operations with assets of \$178 million; deferred outflow of resources of \$.3 million; liabilities of \$11 million; deferred inflow of resources of \$.7 million; and net position of \$166.6 million, which consisted of \$7.2 million invested in land, buildings and equipment; \$23 million in restricted assets; and \$136.4 million in unrestricted assets.

The ending net position of \$166.6 million represents a decrease in assets of \$3 million from the prior fiscal year, which resulted from operating revenues of \$84.4 million, operating expenses of \$97 million, gain from non-operating revenues of \$8.9 million, and capital contribution of \$.7 million.

On February 1, 2012 all California Redevelopment Agencies were dissolved. Consequently, the Board of Commissioners adopted a resolution authorizing the Housing Authority to accept any and all assets, liabilities, duties, loans, leases, and obligations associated with the housing activities of the former Redevelopment Agency for the County of Riverside. Therefore, in Fiscal Year 2014, the Housing Authority's financial statements reflected the fund assets for the Low and Moderate Income Housing Asset Funds and Housing Bond Proceeds that will continue to be expended for wind-down activities and the development of housing projects on 57 parcels of land, that have a total value of \$34.4 million. Other transferred assets included long-term loans receivables worth \$72 million and other annual revenues. In Fiscal Year 2014, the Housing Authority acquired the housing assets of the former Redevelopment Agency of the City of Coachella. Thus, the financial statements for this period includes long-term loans receivable of \$2.6 million and 4 parcels of land valued at \$4.4 million.

These financial highlights are detailed further in the **Presentation of Condensed Financial Information With Analysis of Overall Financial Position**, as shown on page 5.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

The Housing Authority is a special purpose government agency and is a blended component unit of the County of Riverside. The Housing Authority conducts its financial operations in a business-type approach and is defined as a governmental enterprise fund by GASB. Therefore, the Housing Authority is required to present its financial statements in the format of enterprise fund financial statements.

As a blended component unit of a larger governmental body, the Housing Authority provides its financial statements to the County of Riverside, which includes the Housing Authority's financial information in the County's Comprehensive Annual Financial Report (CAFR). Accordingly, the Housing Authority does not issue its own financial statements in the format of government wide statements.

As the major funding source for housing authorities, the U.S. Department of Housing and Urban Development (HUD) established financial reporting requirements and guidelines for presenting the annual basic financial statements. HUD's preference is for housing authorities to report all of their activities in single column format and, if necessary, present combining financial statements to reflect the activity of individual funds. The Housing Authority implemented this approach in Fiscal Year 1999 when it converted its accounting system to Generally Accepted Accounting Principles (GAAP) and continues with the same financial statement presentations in the current fiscal year. Therefore, the Housing Authority's basic financial statements show one enterprise fund, while the combining financial statements are included as supplementary financial information.

For internal tracking and control, the Housing Authority maintains separate funds in its general ledger for all of its multiple enterprise funds, but has combined all of these various funds into three major funds for financial reporting purposes. These three major funds are identified as Authority Funds, HUD Public Housing Funds, and HUD Section 8 Funds. While detailed fund information is not presented in the annual basic financial statements, separate accounts are maintained for each fund and sub-fund to control and manage money for particular purposes and to ensure that the Housing Authority is properly using specific appropriations and grants.

The *enterprise fund financial statements* consist of three documents:

- 1) Statement of Net Position
- 2) Statement of Revenues, Expenses and Changes in Fund Net Position
- 3) Statement of Cash Flows

The *Statement of Net Position* presents information on all of the Housing Authority's assets, deferred inflows of resources, liabilities, and deferred outflows of resources with the difference being reported as net position. The Statement of Net Position replaces the Statement of Net Assets.

The *Statement of Revenues, Expenses and Changes in Fund Net Position* presents information showing how the Housing Authority's net position changed during the fiscal year. All changes in net position are reported in the proprietary (enterprise) fund financial statements based on full accrual of revenues and expenses, regardless of the timing of cash flows. As a result, the accrual of revenues and expenses as reported in this statement would affect cash flow in future fiscal periods. Revenues, whether received or not, are properly recorded in the fiscal period in which they are earned; expenses, whether paid out or not, are properly recorded in the fiscal period in which the related debt obligation is incurred.

The *Statement of Cash Flows* presents information on cash flows from operating activities, capital and related financing activities, and investing activities. The accrual of revenues and expenses from prior fiscal years would affect the cash flow in the current fiscal period.

The proprietary (enterprise) fund financial statements are on pages 11-13 of this report.

The *notes to the financial statements* provide additional information that is essential to a full understanding of the data provided by this agency in the proprietary (enterprise) fund financial statements. The notes to the financial statements are on pages 14-32 of this report.

(in thousands)

As previously illustrated by the Statement of Net Position, the Housing Authority ended the fiscal year of operations with assets of \$178 million; deferred outflow of resources of \$.3 million; liabilities of \$11 million; and deferred inflow of resources of \$.7 million resulting in a net position of \$166.6 million. This net position consisted of the \$7.2 million (4%) net investment in capital assets such as land, buildings and equipment, net of related debt; \$23 million (14%) in restricted assets; and \$136.4 million (82%) in unrestricted assets.

The ending net position of \$166.6 million represents a decrease in net position of \$3 million from the prior fiscal year's ending net position of \$169.6 million.

Total net investment in capital assets (\$7.2 million) is reported as net of related debt as per GASB requirements, but the capital assets themselves are not the source to pay for any related debt liabilities; instead, the resources to repay such debt come from operating revenues.

The restricted net position (\$23 million) is reported separately to show legal constraints from debt covenants and program restrictions that limit the Housing Authority's ability to use this for day-to-day operations.

The unrestricted net position (\$136.4 million) while designated as not having legal or program restrictions include \$34.4 million in land assets that would either be sold or developed to meet the Housing Authority's mission to increase affordable housing projects within Riverside County and \$74 million of Notes Receivables that are deferred for as long as 20-50 years or converted into grants pending completion of project developments. Therefore, \$28 million (20%) of unrestricted net position is available as working capital for working capital in day-to-day operations.

As shown by the Statement of Revenues, Expenses and Changes in Fund Net Position, the Housing Authority's net position decreased by \$3 million from the prior fiscal year, which is attributed to the following:

- Reduction in Grants Revenue due to HUD's Budget cut on the Section 8 Administrative Revenue. HUD's Calendar Year 2014 Administration Fee Proration started with a 75% allocation and increased to 79% towards the latter part of the Fiscal Year 2014.
- Reduction in Grants because there were no additional funds allocated by HUD for the Capital Fund Program.
- Increase in Administrative Expenses due to additional staff hired to fulfill the required lease-ups for the Section 8 Program; and more staff allocations to support the wind down activities of the Housing Successor Agency.
- Increase in Maintenance and Operation expenses, which are primarily related to the work completed for the projects identified in the Recognized Obligation Schedule of the Housing Successor Agency.

ANALYSIS OF SIGNIFICANT BUDGET VARIANCES

The Housing Authority's fiscal department works closely with the other departments to monitor the annual operating budget throughout the fiscal year in order to avoid over expenditure of available funds. Monthly and quarterly financial documents are prepared to assist in this process.

Comparison of Original Budget and Final Budget

Overall, the original operating budget of \$99 million remained the same from the Original Budget to the Final Budget, as illustrated below.

Comparison of Actual Operating Results and Final Budget

Overall, the actual operating expenses of \$97 million (including depreciation of \$1.4 million not required to be budgeted) were lower than the final budgeted expenses of \$99 million by about 2.1%.

Change In Net Position	\$ (3,030)	\$ -

The significant differences between the actual operating results and final budgeted amounts are explained as follows:

- The decrease in Grant funding was due to reduction of Federal funding for the Section 8 and Public Housing Programs. After sequestration, HUD has not been able to bring the budget for public assistance and administrative fees back to the maximum requirement to run the programs efficiently.
- The decrease in Administrative Expense was a result of HUD's direction in the elimination of reporting the management fees as part of the consolidated expenses, which were included in the Final Budget.
- The increase in Maintenance & Operation expenses occurred as planned development projects progressed throughout the year for the Housing Successor Agency.
- The decrease in Public Assistance occurred as lease-ups were placed on hold at the beginning of the year due to the reduction of federal funding.
- The expense for Depreciation was included in the Actuals, but excluded from the Final Budget.
- The increase in Investment Income was a result of additional interest booked from the cash and bond proceeds transferred to the Housing Authority as Successor Agency.
- Extraordinary Gain materialized from the additional land assets and loans receivables transferred from the former Redevelopment Agency for the City of Coachella.

- The Capital Contribution category includes revenues received for the Capital Fund Program, which were budgeted under Other Revenue but are shown in a separate line in the Financial Statements.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

Overall, at June 30, 2014, the Housing Authority's investment in capital assets, consisting of land, buildings, furniture, and equipment is reported at its net value of \$18.4 million, which is the acquisition cost of \$51.9 million less accumulated depreciation of \$33.5 million. This year, changes in capital assets were due to the improvements to Public Housing sites through the Capital Fund program; and the purchase of a mobile home to support the Riverside Community Housing Corporation's (RCHC) mission to increase affordable housing projects in Riverside County.

Capital Fund Program

HUD's Capital Fund program provides an annual formula grant to the Housing Authority for major repairs and modernization of HUD affordable housing in the cities of Banning, Beaumont, Desert Hot Springs, Indio, Lake Elsinore, Mecca, Moreno Valley, Perris, Riverside, San Jacinto and Thermal. More detailed information pertaining to capital assets is presented in the notes to the financial statements (Pages 19-20, Note 4).

Long-Term Debt

At the end of the current fiscal year, the Housing Authority had long-term bonds outstanding with a book value of \$885 thousand. Principal and interest payments continue to reduce the total debt outstanding. More detailed information pertaining to long-term debt is presented in the notes to the financial statements (Page 21, Notes 6 & 8).

CURRENTLY KNOWN FACTS: ECONOMIC FACTORS

About 80% of the Housing Authority's funding is derived from the U.S. Department of Housing and Urban Development. This federal allocation includes funding for over 9,000 families in the Section 8 Program and 469 families in the Public Housing Program. The existing strain on the operating funding stream for public assistance and administrative fees has posed challenges to meet 100% lease up and occupancy levels. The shortfall in funding for the Capital Fund Program that enables preventive maintenance and modernization of public housing units constrains the Housing Authority's ability to make needed repairs and maintain affordable housing stock in a state of good repair. However, in spite of the lack of federal funding, the Section 8 program received additional funds for veteran's housing.

Regarding the progress on the Housing Successor Agency activities, most projects identified in the Recognized Obligation Payment Schedule approved by the State of California Department of Finance have been completed.

By Board of Commissioner's approval and direction, the Housing Authority is underway with the transfer of assets of the former Redevelopment Agency of the City of Coachella, with 4 parcels of land to either develop or sell, and about \$2.6 million in long-term notes receivables to manage.

HOUSING AUTHORITY OF THE COUNTY OF RIVERSIDE

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Reporting Entity

The Housing Authority of the County of Riverside (Authority), a component unit of the County of Riverside, operates as a public authority whose primary goal is to provide decent, safe and sanitary housing in a suitable living environment for families that cannot afford private housing that comply with housing quality standards.

The Authority as a reporting entity operates the following programs:

Public Housing Authority (PHA) Owned Housing Program - Annual Contribution Contract SF-68 (469 Units)

Section 8 Housing Assistance Payment Program – Annual Contribution Contract SF-528 (9,021 units)

Authority Programs – Various housing developments with the assistance of bond and grant funding (94 units)

(b) Basis of Accounting

The books of accounts are maintained on the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and become measurable; expenses are recognized in the period incurred.

(c) Proprietary Fund Type

Proprietary funds use the economic resources measurement focus. The accounting objectives are determination of net income, financial position, and cash flows. All assets, deferred inflows and outflows of resources, and liabilities associated with a proprietary fund's activities are included on its statement of net position.

In addition, the accounting records of the Authority are organized on the basis of funds. Each of the Authority's programs is accounted for in a separate fund.

The basic accounting and reporting entity is a "fund." A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts, including resources, related liabilities, obligations, reserves and equities segregated for the purpose of carrying out specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

(d) Revenues

Operating revenues are recognized in the accounting period in which they are earned and become measurable. Intergovernmental grant revenue received for capital acquisitions or construction is reported as operating revenues. Revenues are also derived from dwelling rental income and operating subsidies from HUD.

(e) Expenses

Expenses are recognized in the accounting period in which the related liability is incurred.

(f) Insurance Coverage

For apartment managers and temporary employees, the Authority is insured for workers' compensation claims by California Housing Workers' Compensation Authority. Under this program, the pool provides coverage for all claims in accordance with worker's compensation state laws. For permanent Authority employees who are County employees, the County of Riverside self-insures for workers' compensation.

(g) Cash and Investments

Investments are reported in the accompanying statement of net assets at fair value, except for certain investment contracts that are reported at cost because they are not transferable and they have terms that are not affected by changes in market interest rate.

Changes in fair value that occur during a fiscal year are recognized as investment income reported for that fiscal year. Investment income includes interest earnings, changes in fair value, and any gains or losses realized upon the liquidation, maturity, or sale of investments.

The Authority pools cash and investments of all funds, except for assets held by fiscal agents. Investment income earned by the pooled investments is allocated to certain funds based on those funds' average investment balance.

(h) Capital Assets

Land, structures, equipment, development projects, and modernization costs are stated at cost. Depreciation is recorded using the straight-line method over the estimated useful life of the asset. Capital assets that cost \$5 or more are capitalized.

<u>Asset Class</u>	<u>Estimated Lives</u>
Buildings	20-25
Equipment	5-15

(i) Employee Leave Benefits

Permanent Authority employees earn from 10 to 20 vacation days a year, depending upon their length of employment, and 13 sick days a year. Employees can carry forward up to the equivalent number of vacation days earned in the immediately preceding thirty-six month period and an unlimited number of unused sick leave days.

Upon termination or retirement, permanent employees are entitled to receive compensation at their current base salary for all unused vacation leave. If an employee retires, the employee is entitled to a portion of accumulated sick leave hours. In no event, however, shall the total payment exceed a sum equal to 960 hours. It is the policy of the Authority to reflect the employee vacation leave benefits liability in the financial statements, and an estimated portion of the sick leave liability.

(j) Cash Equivalents

For purposes of the statement of cash flows, cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash or so near their maturity that they present insignificant risk of changes in value because of changes in interest rates, and have a maturity date at time of purchase of three months or less. Restricted investments are considered cash equivalents as defined above.

(k) Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(l) Deferred outflows of resources

The deferred outflow of resources consists of defeasance of debt. The defeasance balance is systematically amortized over the remaining life of the old debt. The amortization is recognized as a component of interest expense. The remaining balance as of June 30, 2014 was \$278.

(m) Deferred inflows of resources

The deferred inflow of resources consist of grant funds received in advance. The balance as of June 30, 2014 was \$722.

2. CASH AND INVESTMENTS

Cash and investments as of June 30, 2014 are classified in the accompanying financial statements as follows:

Combined Statement of Net Assets:

Cash	\$ 24,869
Restricted cash	23,782
Restricted investments	201
Total cash and investments	\$ 48,852

Deposits with financial institutions	\$ 26,241
Local Agency Investment Fund	2,507
Investment firms	20,104
Total cash and investments	\$ 48,852

Required Note Disclosures

Acknowledging that deposits and investments of state and local governments are subject to various risks, the Governmental Accounting Standards Board Statement 40 (GASB 40) requires note disclosures about investment policies and five deposit and investment risks identified as custodial credit risk, credit risk, concentration of credit risk, interest rate risk and foreign currency risk. Since the County of Riverside elected to implement GASB 40 in Fiscal year 2004, the Housing Authority, a component unit of the County of Riverside, was required to implement GASB 40 for Fiscal Year 2004 as well.

Investment Policy

In October 1999 (Fiscal Year 2000), the Board of Commissioners of the Housing Authority formally adopted the Investment Policy, which was updated and approved on July 27, 2010. This Investment Policy identifies the specific types of deposits and investments which are authorized by that Investment Policy, by the Department of Housing and Urban Development (HUD) and by the California Government Code (CGC).

The Investment Policy of the Housing Authority does not name the five specific deposit and investment risks identified by GASB 40, but this Investment Policy does address these risks in principal by stating that it shall be the policy of the Housing Authority to invest funds in a manner which will provide the maximum safety, liquidity and reasonable investment return while meeting the daily cash flow demands of the Housing Authority and conforming to all statutes governing the investment of Housing Authority funds.

Authorized Types of Deposits and Investments

All types of deposits with financial institutions and all types of investments made by the Housing Authority during Fiscal Year 2014 were authorized by its own Investment Policy, by HUD and by the CGC. The type and value of these deposits with financial institutions and investments as of June 30, 2014 are identified below.

Custodial Credit Risk

For **deposits**, **custodial credit risk** is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party.

The Investment Policy of the Housing Authority, HUD and the California Government Code do not address legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law. The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure such deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

State Depository Funds

All Housing Authority funds on deposit with the Local Area Investment Fund (LAIF) are subject to the California Government Code (CGC). All securities purchased by the LAIF are purchased under the authority of CGC Section 16430 and 16480.4. CGC Section 16429.3 states that money placed with the state treasurer for deposit in the LAIF shall not be subject to transfer, loan or impoundment by any state official or state agency. CGC Section 16429.4 states that the right of a qualified government agency to withdraw its deposited money from the LAIF upon demand may not be altered, impaired, or denied in any way by any state official or state agency based upon the State's failure to adopt a State Budget by July 1 of each new fiscal year.

Trustee Indenture Funds

All Housing Authority funds in the possession of US Bank, designated bond trustee, are subject to written debt agreements. US Bank, by written agreement with the Housing Authority, is required to put all available debt service funds of the Housing Authority into their First American Treasury Obligations Fund (Money Market Class Y Shares), which is invested exclusively in short-term US Treasury obligations and repurchase agreements secured by US Treasury obligations.

Custodial Credit Risk

For **investments**, **custodial credit risk** is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

All Housing Authority funds invested in LAIF and in Trustee Indenture Funds are subject to the California Government Code and to written debt agreements, respectively, and are not subject to any significant degree of custodial credit risk.

Credit Risk

For **investments**, **credit risk** is the risk that an issuer of an **investment** will not fulfill its obligation to the holder of the investment.

All Housing Authority funds invested in LAIF and in Trustee Indenture Funds are subject to the California Government Code and to written debt agreements, respectively, and are not subject to any significant degree of credit risk.

Concentration of Credit Risk

For **investments**, **concentration of credit risk** is the risk associated with the Authority having 5% or more of total investments with any one issuer. As show on the investment table on the previous page the Authority has two investments that exceed the 5% threshold.

Interest Rate Risk

For **investments**, **interest rate risk** is the risk that changes in market interest rates will adversely affect the fair value of or cash flow from an investment.

All Housing Authority funds invested in LAIF and any required cash flows from LAIF are subject to the California Government Code and are not subject to any significant degree of interest rate risk.

All Housing Authority funds invested in Trustee Indenture Funds are subject to written debt agreements and are not subject to any significant degree of interest rate risk.

Foreign Currency Risk

For **investments**, **foreign currency risk** is the risk that changes in the value of foreign currency will adversely affect the fair value of an investment.

All Housing Authority funds invested in LAIF and in Trustee Indenture Funds are subject to the California Government Code and to written debt agreements, respectively, and are not subject to any significant degree of foreign currency risk.

Implementation of Governmental Accounting Standards Board (GASB) Pronouncements:

Governmental Accounting Standards Board No. 51 Accounting and Financial Reporting for Intangible Assets. This Statement requires the inclusion of intangible assets as capital assets for accounting and financial reporting purposes.

The Housing Authority does not possess any assets that may be considered intangible assets, whether purchased or internally-generated. Therefore, this GASB Statement has no financial impact to the Housing Authority's financial statements.

In Fiscal Year 2010, the Housing Authority purchased for \$1 a bank-owned property located in Geordie Way, in the City of Riverside. Site planning has started and is set to take place in Fiscal Year 2013. The Housing Authority plans to either sell the home to first time homebuyers or rent it to low or moderate-income families.

In Fiscal Year 2011, the Housing Authority purchased three (3) homes using its Unrestricted Net Position of the Section 8 Program to increase affordable housing stock for the benefit of the Section 8 participants. All of the homes were completely rehabilitated and are currently occupied as single-family rental units by income-eligible participants of the Section 8 Program.

In FY 2013, the Board of Commissioners accepted and designated the Housing Authority as Successor Agency for the housing functions of the former Redevelopment Agency of the County of Riverside. Consequently, the title transfer of 57 land parcels was completed pursuant to Health and Safety Code Sections 34177 and 34181.

At the end of FY 2013, the Board of Commissioners accepted and designated the Housing Authority as Successor Agency for the housing functions of the former Redevelopment Agency of the City of Coachella. The transfer of the loans and land parcels was completed in FY 2014.

5. REVENUE BONDS PAYABLE

Refunding Revenue Bonds 1998 Series A

On January 27, 1998, the Authority issued \$2,405 of Refunding Revenue Bonds, 1998 Series A (Corona Project). The bonds were issued to provide a portion of the funds needed to advance refund \$52,270 of outstanding Revenue Bonds, Issue A of 1988. The net proceeds of this bond issue were used, together with \$45,675 received from the sale of certain property plus certain reserve and sinking fund monies, to purchase U.S. Government Securities. These securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt services payments on the Revenue Bonds, Issue A of 1988. As a result, the Revenue Bonds, Issue A of 1988, are considered to be defeased and the liability for those bonds has been removed from the Authority Project's statement of net position.

The advance refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$1,389. This difference, reported in the accompanying financial statements as a deferred outflow of resources, is being charged to operations through the year 2018 using the straight-line method. The economic gain or loss that resulted from this advance refunding is not available.

The 1998 bonds consist entirely of term bonds of which \$780 of the term bonds matured on December 1, 2007 and accrued interest at 6.25%. The remaining \$1,625 of term bonds mature on December 1, 2018 and accrue interest at 6.85%. Interest on the bonds is payable semiannually on June 1 and December 1 of each year, commencing June 1, 1998. The bonds maturing December 1, 2007 and December 1, 2018 are subject to mandatory sinking fund redemption beginning on December 1, 1998 in amounts ranging from \$80 to \$200. The redemption price is equal to the principal amount thereof to be redeemed, without premium, plus accrued interest thereon to the date of redemption.

Regarding "GASB 48: Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues".

The bonds are secured by an agreement with the City of Corona, which has pledged to pay \$218 to the Housing Authority each year until the bonds are redeemed in their entirety on December 1, 2018. The bond indenture requires the Housing Authority to remit the entire \$218 received each year to the bond trustee to pay for the bond's annual debt service payments, which in Fiscal year 2013 were \$135 (Principal) and \$83 (Interest). The Housing Authority reports the \$218 received each year as revenue. In Fiscal Year 2014, the \$218 represented about .06% of the total expenses of the Housing Authority. MBIA Insurance Corporation has issued a surety bond in lieu of a cash funded reserve. The outstanding balance as of June 30, 2014 before applying the deferred charge was \$885.

6. DEBT SERVICE REQUIREMENTS TO MATURITY

The annual requirements to amortize outstanding long-term bonds payable of the Authority as of June 30, 2014 are as follows:

Less current portion	(145)	(155)	145	(155)
Totals	\$ 885	\$ (155)	\$ -	\$ 730

9. ARBITRAGE REBATE TO FEDERAL AGENCY

The Internal Revenue Code of 1986, Sections 103 and 141 through 150, details the amount of interest earnings an issuer of tax-exempt bonds can earn on the proceeds. The interest earnings rate cannot exceed the yield on the tax-exempt revenue bonds. The issuer is required to rebate to the federal government any excess earnings.

Every fifth year, until the last revenue bond is paid or redeemed, an arbitrage calculation is required and an installment is due. At least ninety percent of the arbitrage calculation is required to be paid at the installment due date. As of June 30, 2014, no arbitrage payments were owed; therefore, none were paid.

10. NOTES PAYABLE

In Fiscal Year 2006, the ownership of the Ripley Migrant Center property was transferred from the State of California to the Housing Authority. Title of the property was granted to the Housing Authority in consideration of a Note Payable to the U.S. Department of Agriculture (USDA) for \$3,795 and another Note Payable to the State Farmer Housing Grant Program for the award of \$3,000. The total Notes Payable of \$6,795, which was set as the value of the buildings, is not subject to any liens and encumbrances as long as the construction, development, rehabilitation and operation of the rental units are fulfilled for a period of 20 years.

USDA Rural Development		\$ 3,795
Farmworker Housing Grant		3,000
	Total	<u>\$ 6,795</u>

In Fiscal Year 2007, the Housing Authority received a grant of \$1,000 from the Riverside County Redevelopment Agency (RDA) as contribution to the rehabilitation cost of the Ripley Migrant Center.

In addition, the RDA agreed to loan \$7,500 to the Housing Authority for the construction, rehabilitation and maintenance of the Ripley Migrant Center. In FY 2008, the Board of Commissioners approved the conversion of the RDA loan to a grant for the full amount.

As of June 30, 2009 the rehabilitation of the Ripley Migrant Center, renamed as Desert Rose Apartments, was 100% complete. In Fiscal Year 2014, the waiting list was kept open for lease-up.

11. BOND CONDUIT FINANCING

The Authority is associated with the issuance of the following tax exempt Mortgage Revenue Bonds (Bonds) that were issued for various development firms. The Bonds are not and will never become general obligations of the issuer but are limited obligations of the issuer and are payable solely from the sources set forth in the indenture. The Bonds and the premium, if any, and interest thereon do not and never shall constitute a debt or an indebtedness or an obligation of the issuer or the State of California (State) or any other political subdivision of the State or a loan of the faith or credit or the taxing power of any of them, within the meaning of any constitutional or statutory provisions, nor shall the Bonds be construed to create any moral obligation on the part of the issuer, the State or any other political subdivision of the State with respect to the payment of the Bonds. The Bonds shall not be payable from the general revenues of the issuer and in no event shall the Bonds be payable out of any funds or properties other than those specifically pledged therefor. The issuer has no taxing power. As of June 30, 2014, the outstanding balances of these Revenue Bonds are as follows:

Description	Issue Date	Final Maturity Date	Amount of Issue	Outstanding Balance June 30, 2014
Tyler Village, Series C	1999	2027	\$ 9,000	\$ 7,900
Victoria Springs, Issue C	1989	2019	9,600	9,000

Total Issuances			<u>\$ 34,185</u>	<u>\$ 29,707</u>

12. RETIREMENT PLANS

The Authority contributes through the County of Riverside to the California Public Employees Retirement System (PERS), an agent multiple-employer public employee **defined benefit pension plan**. PERS provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. PERS acts as a common investment and administrative agent for participating public agencies within the State of California.

All full-time, part-time and seasonal benefited County employees are eligible to participate in the system. Benefits are vested after five years of service. Eligible County employees who retire at or after fifty years of age with five years of credited service are entitled to an annual retirement benefit, payable monthly for life. The County makes the contribution required of County employees hired prior to January 9, 1992 on their behalf and for their account. Miscellaneous County employees hired after the above date make their own contributions for the first five years.

On May 22, 2001 the County Board of Supervisors approved and authorized action to transition employees of the Authority to become County employees retroactive to May 3, 2001. These employees became subject to the provisions of the PERS retirement plan with no carry over vesting in years of service from the prior retirement plan. On May 17, 2006, employees of the Housing Authority who were hired prior to May 3, 2001 were 100% vested in the PERS retirement plan after 5 years of uninterrupted service.

In Fiscal Year 2012, the County Board of Supervisors amended the PERS retirement plan contribution to require all employees to assume their share of PERS costs. Any employee not vested in PERS as of July 1, 2012 will pay the full employee portion of the PERS contribution for the term of their employment. New hires will be under a 2% at 60 formula with retirement based on the average of the employee's 3 highest paid years.

The following information summarizes plan activity for the fiscal year ending June 30, 2014:

Total Authority Gross Salaries:	\$ 7,608
Total Authority Regular Salaries Subject to PERS:	\$ 5,843
Total Authority Contributions Required and Paid:	\$ 1,124

Before Authority employees became County employees, the Authority fully funded a **defined contribution pension plan** on behalf of qualified employees and for their account. During the current fiscal year, the Authority participated in the PERS plan through the County of Riverside and was not required and did not make any contributions to the prior plan. In August 2002 the prior pension plan was formally terminated and plan assets were distributed to the entitled employees in accordance with written instructions as specified by each current or former employee.

Implementation of Governmental Accounting Standards Board (GASB) Pronouncements:

Governmental Accounting Standards Board No. 45 Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions. This Statement requires that the state and local governmental employers recognize the annual cost of other nonpension benefits (OPEB) in the same manner they do for pensions. Disclosure requirements include funding policy followed, the actuarial valuation process and assumptions.

The Housing Authority does not offer postemployment healthcare to current staff. As employees of Riverside County, Housing Authority employees receive retirement benefits through PERS, as disclosed in the County of Riverside's Comprehensive Annual Financial Report (CAFR).

Governmental Accounting Standards Board No. 50 Pension Disclosures.

The County of Riverside has implemented GASB 50 and its effect is on the County's financial statements. The required disclosures are included in the County of Riverside's CAFR, since such information is unavailable to the Housing Authority.

Family Self-Sufficiency Program Escrow

With the consent of the U.S. Housing and Urban Development (HUD), the Housing Authority manages a Family Self-Sufficiency (FSS) Program that allows eligible low-income families who have Section 8 vouchers to join an employment and savings program. The program offers case management services that help participants pursue employment and other goals, and escrow accounts into which the Housing Authority deposits the increased rental charges that the families pay as their earnings rise. When families complete the program after five years (with an option of a 2 year extension), they can withdraw the funds from escrow for any purpose. As of June 30, 2014, there were 534 participants with escrow amounts totaling \$917.

It is estimated that in the next fiscal year, about 10% of the escrowed savings accounts will be disbursed to families and individuals who have already met their objectives, or need a portion of the money during the term of the contract to enable them to complete an interim goal such as education or other employment related needs.

14. OTHER PROGRAM AWARDS

The Neighborhood Stabilization Program (NSP) was enacted under Title III of Division B of the Housing and Economic Recovery Act of 2008 (HERA) and appropriated under Community Development Block Grant (CDBG) funds for the purpose of assisting in the redevelopment of abandoned and foreclosed homes. The intent of NSP is to stabilize neighborhoods in areas with greatest need and to stem the decline of house values of neighborhood homes in the County of Riverside.

On November 25, 2008, the Board of Supervisors approved the activity of acquisition, rehabilitation, and resale of housing units as a component of NSP. The 2008-2009 One Year Action Plan of the 2004-2009 Five year Consolidated Plan calls for the County of Riverside to partner with eligible public and private non-profit organizations.

The County's Economic Development Agency (EDA), through its CDBG program, was awarded \$48 million in NSP funding. EDA publicized a Notice of Funding Availability (NOFA) on March 17, 2009 for the purpose identified above.

The Housing Authority applied for and was awarded a total of \$5.4 million of NSP funds. The total award consists of \$2.4 million designated for Cathedral City, and \$3 million for Target Areas within Lake Elsinore, Canyon Lake, Temecula, Beaumont, Rubidoux, Murrieta, San Jacinto, Home Gardens, and French Valley.

On December 29, 2011, the California Supreme Court announced its decision to uphold AB 1 x 26 and strike down AB 1 x 27, which eliminated redevelopment agencies.

On January 25, 2011, pursuant to Health and Safety Code 34176(b) (2), the City of Coachella (City) elected not to retain responsibility for the housing assets and functions of the former Coachella Redevelopment Agency, thus transferring these assets and functions to the Housing Authority of the County of Riverside (Housing Authority).

The Housing Authority and City have been working to reach a consensus on whether, and how to transfer the housing activities of the former RDA. On June 6, 2013, the Board of Commissioners approved a Memorandum of Understanding (MOU) between the HACR and the City that transfers the housing assets and functions to the Housing Authority.

In Fiscal Year 2014, the Housing Authority continued to work with the City to accept the transfer of all the files and documents associated with the housing loan portfolio of the former RDA, which includes the following:

- Various Affordable Housing Loans
- First-Time Home Buyer Down Payment Assistance Loan and Grant Program;
- Coachella Leased Housing Association Loan for the Desert Palms Apartments;

- 5th Street property west of Palm Avenue: 7,813 square feet of land area;
- Calle Verde: 5 acres of land area;
- Calle Verde: 4.44 acres of land area.

The Housing Authority accepted the transfer of the lawsuits between the City of Coachella and Rancho Housing Alliance, et al, which culminated with the discharge or housing debts.

AUDITORS COMMUNICATION

Dear Members of the Board:

We have audited the financial statements of Housing Authority of the County of Riverside as of and for the year ended June 30, 2014, and have issued our report thereon dated October 21, 2014. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter, our responsibility, as described by professional standards, is to form and express an opinion(s) about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of Housing Authority of the County of Riverside solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and our network firms have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Housing Authority of the County of Riverside is included in Note [1] to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2014. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

AUDITORS COMMUNICATION (continued)

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are described below:

- Allowance for doubtful accounts – Management estimate of allowance for doubtful accounts is based on historical collections data and amounts collected soon after year-end. We evaluated key factors and assumptions used to develop the allowance in determining that it is reasonable in relation to the financial statements.
- Useful lives of fixed assets – Management estimate of useful lives is based on expectation of usefulness of the asset. We evaluated key factors and assumptions used to develop the useful lives in determining that it is reasonable in relation to the financial statements.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. We evaluated the key factors and assumptions used to develop the above estimates and determined that it is reasonable in relation to the basic financial statements taken as a whole and in relation to the applicable opinion units.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting Housing Authority of the County of Riverside's financial statements relate to:

- Capital assets
- Allowance for bad debt

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole and each applicable opinion unit. The attached schedule summarizes uncorrected financial statement misstatements whose effects in the current and prior periods, as determined by management, are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. The following material misstatements that we identified as a result of our audit procedures were brought to the attention of, and corrected by, management:

AUDITORS COMMUNICATION (continued)

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Housing Authority of the County of Riverside's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with Housing Authority of the County of Riverside, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, operating and regulatory conditions affecting the entity, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as Housing Authority of the County of Riverside's auditors.

Other Information in Documents Containing Audited Financial Statements

Pursuant to professional standards, our responsibility as auditors for other information in documents containing Housing Authority of the County of Riverside's audited financial statements does not extend beyond the financial information identified in the audit report, and we are not required to perform any procedures to corroborate such other information. However, in accordance with such standards, we have:

Read management's discussion and analysis and considered whether it, or the manner of its presentation, was materially inconsistent with its presentation in the financial statements.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

This report is intended solely for the information and use of the individuals charged with governance, and management of Housing Authority of the County of Riverside and is not intended to be and should not be used by anyone other than these specified parties.
