BACKGROUND:

Summary

The Occupational Health Division of the Human Resources Department provides pre-employment physicals for the County of Riverside. In 2008, fees for services were reduced due to overall budget cuts and staff numbers were subsequently cut. As the economy improves and hiring increases, Occupational Health will need to ensure more efficient and effective pre-employment screening services, in addition to building its capacity to handle a higher volume of physicals. Currently, on average, 1,033 individuals are seen by Occupational Health staff on a monthly basis. Service levels are impacted by this high demand. As a result, pre-employment physicals are being conducted, at high volume periods, in ten days; whereas, the goal is to have screenings completed and approved within three days.

Human Resources developed three strategies to address the concern:

1. Hire a Registered Nurse, Licensed Vocational Nurse and one Office Assistant III to manage a larger volume of clients.
2. Improve the capacity of current facilities to accommodate more pre-employment screenings: add three new on-site rooms for patient pre-employment screenings.
3. Contract with occupational health physicians in order to augment the work of one current Occupational Health physician on staff.

To date, the recruitments have been completed and construction of additional screening rooms is finished. A request for proposal, (RFP HRARC-057), for Physician Services was prepared by the Purchasing Department and distributed to vendors with qualifications that meet the needs of the Occupational Health Division in order to secure the support for the pre-employment physicals and other services. This request for approval is the result of that effort.

There is one physician on staff to review and approve pre-employment physicals. This physician is working to full capacity and when he is unavailable, services of Occupational Health fall behind. With increases in the anticipated volume, service levels will be compromised if there is not an additional physician available to augment the work of the staff physician. The MAP Program has been unable to find per diem doctors with a specialty in Occupational Health. This specialty is in high demand. The specialty in Occupational Health is critical to assessing a candidates readiness for a wide range of County positions.

To expedite the increased performance in support of department needs, a sole source contract was granted on February 21, 2014 as a temporary solution while going through the RFP process. The resulting performance has dropped our turnaround time for pre-employment physicals from 10 days to 6 days on average. This impact on performance gives assurance that the added support is working.

Duties of Occupational Health Physician:

The Occupational Health Physician will provide medical guidance for the daily clinical operations of the Occupational Health Division. The daily practice may involve the performance of numerous pre-placement physicals as well as annual physicals such as HazMat, Emergency Response, Dive Team, annual respirator clearances for Fire Fighters, and Environmental Health.

The Occupational Health Physician is expected to identify and diagnose common conditions found during the pre-placement process and properly evaluates them for any potential impact on work performance. The Occupational Health physician is expected to have an understanding of all applicable medical standards and assure compliance with Federal, State, County, and Joint Commission policies and regulations.

Contingency Services:

When requested by the County of Riverside, the Contractor will provide the needed services from their own facility. The County would direct its applicants and employees to the Contractor's location for pre-placement physicals, annual physicals, pre-employment drug testing, respirator clearances, fitness for duty evaluations, and for-cause drug testing as needed to serve the County's operations.

The Contractor's physicians will use the same standards for clearance as used by the County. These include the Peace Officers Safety and Training Guidelines for certain law enforcement positions (mostly weapon bearing positions). The Med-Tox Guidelines are used for other law enforcement positions (mostly non-weapon bearing positions). The National Fire Protection Association (NFPA 1582) is used for fire fighter applicants and members. Other County standards such as 911 operators will be provided to the Contractor as needed.

Impact on Residents and Businesses

Service times are improving which will impact the County's ability to deploy staff who service the public.

Contract History and Price Reasonableness

A competitive procurement RFP HRARC-057 was issued by County Purchasing on behalf of the Human Resources Department. The RFP was sent to sixteen bidders and posted on the Purchasing website, with only one bid response received. The evaluation committee consisting of representatives from Human Resources and Occupational Health, reviewed the proposal based on the criteria listed in the RFP including: overall responsiveness and understanding to the RFP requirements, experience and ability, overall cost, references, financials, clarification, exception, deviation and credentials, resumes, licenses, and certifications. Purchasing performed post bid inquiries on non-responding vendors and found these vendors either lacked the expertise and/or desire to provide the requested services.

Loma Linda's proposed fee schedule, outlined in Exhibit B of the attached Contract, was compared to a published schedule from Kaiser and the rates are consistent with the fees charged on a per item basis. The average rate of \$35.67 per test for specific services are charged on a per patient test rate only if the test is performed on-site at the facility at Loma Linda University. The on-site physician rate is a half day rate (4 hours) at \$700 per half day. The normal usage will be one full day, per week, as needed. The evaluation committee concurs that, for the services requested, the fee schedule and the on-site service fees are acceptable. It is possible that the Loma Linda on-site test services may not be used. The fee schedule was included to ensure that a mechanism is in place in the event the demand for these services presents itself.

Evaluation team recommends an award with Loma Linda University Faculty Medical Group.

Subject: **Single Source Procurement; *Physician Pre-Employment Physical Services***

The below information is provided in support of my Department requesting approval for a sole source. Outside of a duly declared emergency, the time to develop a statement of work or specifications is not in itself justification for sole source.

1. **Supply/Service being requested: *Occupational Health Physician Services for the Human Resources Department (Occupational Health Division).***
2. **Supplier being requested: *Loma Linda Facility Medical Group.***
3. **Alternative suppliers that can or might be able to provide supply/service: *County Purchasing issued RFP HRARC-057 on the Public Purchase website to sixteen vendors.***
4. **Extent of market search conducted: *County Purchasing issued RFP HRARC-057 for Physician Pre-Employment Physical Services. The County received one response to a competitive bidding process. Purchasing performed post bid inquiries on non-responding vendors and found these vendors either lacked the expertise and/or desire to provide the requested services.***
5. **Unique features of the supply/service being requested from this supplier, which no alternative supplier can provide: *The Occupational Health Division of the Human Resources Department provides pre-employment physicals for the County of Riverside. In 2008, fees for services were reduced due to overall budget cuts and staff numbers were subsequently cut. As the economy improves and hiring increases, Occupational Health will need to ensure more efficient and effective pre-employment screening services, in addition to building its capacity to handle a higher volume of physicals.***
6. **Reasons why my department requires these unique features and what benefit will accrue to the county: *There is only one physician on staff to review and approve pre-employment physicals. This physician is working at full capacity and when physician is unavailable, services at Occupational Health fall behind.***
7. **Price Reasonableness including purchase price and any ongoing maintenance or ancillary costs from the supplier: *Loma Linda's proposed fee schedule, (Exhibit B) of the agreement was compare to another healthcare provider and the rates are consistent with the fees charged on a per item basis. The average rate of \$35.67 for specific services are charged on a per patient test rate only-if the test is performed on-site at the facility at Loma Linda University, and the on-site physician rate is a half day rate (4 hours) at \$700 per half day. Annual cost is \$167,500 for services.***
8. **Does moving forward on this product or service further obligate the county to future similar contractual arrangements or any ongoing costs affiliated with this sole source? (Maintenance, support, or upgrades, if so, please explain). *NO.***

9. Period of Performance:

Period of performance would be for five years, renewed in one year increments with no obligation by the County of Riverside to purchase any specified amount of services.

The CONTRACTOR shall proceed diligently with the performance of this Agreement pending the resolution of a dispute.

The CONTRACTOR shall not use such information for any purpose other than carrying out the CONTRACTOR's obligations under this Agreement. The CONTRACTOR shall promptly transmit to the COUNTY all third party requests for disclosure of such information. The CONTRACTOR shall not disclose, except as otherwise specifically permitted by this Agreement or authorized in advance in writing by the COUNTY, any such information to anyone other than the COUNTY. Contractor shall:
- 1) Document such disclosures of PHI and/or electronic health records, and information related to such disclosures, as would be required for COUNTY to respond to a request by an individual for an accounting of disclosures of PHI and/or electronic health record in accordance with 45 CFR §164.528.
 - 2) Within fifteen (15) days of receiving a written request from COUNTY, provide to COUNTY or any individual as directed by COUNTY information collected in accordance with this section to permit COUNTY to respond to a request by an individual for an accounting of disclosures of PHI and/or electronic health record.
 - 3) Make available for COUNTY information required by this Section 6.C for six (6) years preceding the individual's request for accounting of disclosures of PHI, and for three (3) years preceding the individual's request for accounting of disclosures of electronic health record.

7. **Security of ePHI.** In the event COUNTY discloses ePHI to Contractor or Contractor needs to create, receive, maintain, transmit or have access to COUNTY ePHI, in accordance with 42 USC §17931 and 45 CFR §164.314(a)(2)(i), and §164.306, Contractor shall:

1. Comply with the applicable requirements of the Security Rule, and implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of ePHI that Contractor creates, receives, maintains, or transmits on behalf of COUNTY in accordance with 45 CFR §164.308, §164.310, and §164.312;
2. Comply with each of the requirements of 45 CFR §164.316 relating to the implementation of policies, procedures and documentation requirements with respect to ePHI;
3. Protect against any reasonably anticipated threats or hazards to the security or integrity of ePHI;
4. Protect against any reasonably anticipated uses or disclosures of ePHI that are not permitted or required under the Privacy Rule;
5. Ensure compliance with the Security Rule by Contractor's workforce;
6. In accordance with 45 CFR §164.308(b)(2), require that any subcontractors that create, receive, maintain, transmit, or access ePHI on behalf of Contractor agree through contract to the same restrictions and requirements contained in this Addendum and comply with the applicable requirements of the Security Rule;
7. Report to COUNTY any security incident of which Contractor becomes aware, including breaches of unsecured PHI as required by 45 CFR §164.410; and,
8. Comply with any additional security requirements that are applicable to covered entities in Title 42 (Public Health and Welfare) of the United States Code, as may be amended from time to time, including but not limited to HITECH.

8. **Breach of Unsecured PHI.** In the case of breach of unsecured PHI, Contractor shall comply with the applicable provisions of 42 USC §17932 and 45 CFR Part 164, Subpart D, including but not limited to 45 CFR §164.410.
 - A. **Discovery and notification.** Following the discovery of a breach of unsecured PHI, Contractor shall notify COUNTY in writing of such breach without unreasonable delay and in no case later than 60 calendar days after discovery of a breach, except as provided in 45 CFR §164.412.
 - 1) **Breaches treated as discovered.** A breach is treated as discovered by Contractor as of the first day on which such breach is known to Contractor or, by exercising reasonable diligence, would have been known to Contractor, which includes any person, other than the person committing the breach, who is an employee, officer, or other agent of Contractor (determined in accordance with the federal common law of agency).
 - 2) **Content of notification.** The written notification to COUNTY relating to breach of unsecured PHI shall include, to the extent possible, the following information if known (or can be reasonably obtained) by Contractor:
 - a) The identification of each individual whose unsecured PHI has been, or is reasonably believed by Contractor to have been accessed, acquired, used or disclosed during the breach;
 - b) A brief description of what happened, including the date of the breach and the date of the discovery of the breach, if known;
 - c) A description of the types of unsecured PHI involved in the breach, such as whether full name, social security number, date of birth, home address, account number, diagnosis, disability code, or other types of information were involved;
 - d) Any steps individuals should take to protect themselves from potential harm resulting from the breach;
 - e) A brief description of what Contractor is doing to investigate the breach, to mitigate harm to individuals, and to protect against any further breaches; and,
 - f) Contact procedures for individuals to ask questions or learn additional information, which shall include a toll-free telephone number, an e-mail address, web site, or postal address.
 - B. **Cooperation.** With respect to any breach of unsecured PHI reported by Contractor, Contractor shall cooperate with COUNTY and shall provide COUNTY with any information requested by COUNTY to enable COUNTY to fulfill in a timely manner its own reporting and notification obligations, including but not limited to providing notice to individuals, prominent media outlets and the Secretary in accordance with 42 USC §17932 and 45 CFR §164.404, §164.406 and §164.408.
 - C. **Breach log.** To the extent breach of unsecured PHI involves less than 500 individuals, Contractor shall maintain a log or other documentation of such breaches and provide such log or other documentation on an annual basis to COUNTY not later than fifteen (15) days after the end of each calendar year for submission to the Secretary.
 - D. **Delay of notification authorized by law enforcement.** If Contractor delays notification of breach of unsecured PHI pursuant to a law enforcement official's statement that required notification, notice or posting would impede a criminal investigation or cause damage to national security, Contractor shall maintain documentation sufficient to demonstrate its compliance with the requirements of 45 CFR §164.412.
 - E. **Payment of costs.** With respect to any breach of unsecured PHI caused solely by the Contractor's failure to comply with one or more of its obligations under this Addendum and/or the provisions of HITECH, HIPAA, the Privacy Rule or the Security Rule, Contractor agrees to pay any and all costs associated with providing all legally required notifications to individuals, media outlets, and the Secretary. This provision shall not be

construed to limit or diminish Contractor's obligations to indemnify, defend and hold harmless COUNTY under Section 9 of this Addendum.

- F. **Documentation.** Pursuant to 45 CFR §164.414(b), in the event Contractor's use or disclosure of PHI and/or ePHI violates the Privacy Rule, Contractor shall maintain documentation sufficient to demonstrate that all notifications were made by Contractor as required by 45 CFR Part 164, Subpart D, or that such use or disclosure did not constitute a breach, including Contractor's completed risk assessment and investigation documentation.
- G. **Additional State Reporting Requirements.** The parties agree that this Section 8.G applies only if and/or when COUNTY, in its capacity as a licensed clinic, health facility, home health agency, or hospice, is required to report unlawful or unauthorized access, use, or disclosure of medical information under the more stringent requirements of California Health & Safety Code §1280.15. For purposes of this Section 8.G, "unauthorized" has the meaning given such term in California Health & Safety Code §1280.15(j)(2).
 - 1) Contractor agrees to assist COUNTY to fulfill its reporting obligations to affected patients and to the California Department of Public Health ("CDPH") in a timely manner under the California Health & Safety Code §1280.15.
 - 2) Contractor agrees to report to COUNTY any unlawful or unauthorized access, use, or disclosure of patient's medical information without unreasonable delay and no later than two (2) business days after Contractor detects such incident. Contractor further agrees such report shall be made in writing, and shall include substantially the same types of information listed above in Section 8.A.2 (Content of Notification) as applicable to the unlawful or unauthorized access, use, or disclosure as defined above in this section, understanding and acknowledging that the term "breach" as used in Section 8.A.2 does not apply to California Health & Safety Code §1280.15.

9. **Hold Harmless/Indemnification.**

- A. Contractor agrees to indemnify and hold harmless COUNTY, all Agencies, Districts, Special Districts and Departments of COUNTY, their respective directors, officers, Board of Supervisors, elected and appointed officials, employees, agents and representatives from any liability whatsoever, based or asserted upon any services of Contractor, its officers, employees, subcontractors, agents or representatives arising out of or in any way relating to this Addendum, including but not limited to property damage, bodily injury, death, or any other element of any kind or nature whatsoever arising from the performance of Contractor, its officers, agents, employees, subcontractors, agents or representatives from this Addendum. Contractor shall defend, at its sole expense, all costs and fees, including but not limited to attorney fees, cost of investigation, defense and settlements or awards, of COUNTY, all Agencies, Districts, Special Districts and Departments of COUNTY, their respective directors, officers, Board of Supervisors, elected and appointed officials, employees, agents or representatives in any claim or action based upon such alleged acts or omissions.
- B. With respect to any action or claim subject to indemnification herein by Contractor, Contractor shall, at their sole cost, have the right to use counsel of their choice, subject to the approval of COUNTY, which shall not be unreasonably withheld, and shall have the right to adjust, settle, or compromise any such action or claim without the prior consent of COUNTY; provided, however, that any such adjustment, settlement or compromise in no manner whatsoever limits or circumscribes Contractor's indemnification to COUNTY as set forth herein. Contractor's obligation to defend, indemnify and hold harmless COUNTY shall be subject to COUNTY having given Contractor written notice within a reasonable period of time of the claim or of the commencement of the related action, as the case may be, and information and reasonable assistance, at Contractor's expense, for the defense or settlement thereof. Contractor's obligation hereunder shall be satisfied when Contractor has provided to COUNTY the appropriate form of dismissal relieving COUNTY from any liability for the action or claim involved.
- C. The specified insurance limits required in the Underlying Agreement of this Addendum shall in no way limit or circumscribe Contractor's obligations to indemnify and hold harmless COUNTY herein from third party claims arising from issues of this Addendum.

- D. In the event there is conflict between this clause and California Civil Code §2782, this clause shall be interpreted to comply with Civil Code §2782. Such interpretation shall not relieve the Contractor from indemnifying COUNTY to the fullest extent allowed by law.
- E. In the event there is a conflict between this indemnification clause and an indemnification clause contained in the Underlying Agreement of this Addendum, this indemnification shall only apply to the subject issues included within this Addendum.

10. **Term.** This Addendum shall commence upon the Effective Date and shall terminate when all PHI and/or ePHI provided by COUNTY to Contractor, or created or received by Contractor on behalf of COUNTY, is destroyed or returned to COUNTY, or, if it is infeasible to return or destroy PHI and/ePHI, protections are extended to such information, in accordance with section 11.B of this Addendum.

11. **Termination.**

A. **Termination for Breach of Contract.** A breach of any provision of this Addendum by either party shall constitute a material breach of the Underlying Agreement and will provide grounds for terminating this Addendum and the Underlying Agreement with or without an opportunity to cure the breach, notwithstanding any provision in the Underlying Agreement to the contrary. Either party, upon written notice to the other party describing the breach, may take any of the following actions:

- 1) Terminate the Underlying Agreement and this Addendum, effective immediately, if the other party breaches a material provision of this Addendum.
- 2) Provide the other party with an opportunity to cure the alleged material breach and in the event the other party fails to cure the breach to the satisfaction of the non-breaching party in a timely manner, the non-breaching party has the right to immediately terminate the Underlying Agreement and this Addendum.
- 3) If termination of the Underlying Agreement is not feasible, the breaching party, upon the request of the non-breaching party, shall implement, at its own expense, a plan to cure the breach and report regularly on its compliance with such plan to the non-breaching party.

B. **Effect of Termination.**

- 1) Upon termination of this Addendum, for any reason, Contractor shall return or, if agreed to in writing by COUNTY, destroy all PHI and/or ePHI received from COUNTY, or created or received by the Contractor on behalf of COUNTY, and, in the event of destruction, Contractor shall certify such destruction, in writing, to COUNTY. This provision shall apply to all PHI and/or ePHI which are in the possession of subcontractors or agents of Contractor. Contractor shall retain no copies of PHI and/or ePHI, except as provided below in paragraph (2) of this section.
- 2) In the event that Contractor determines that returning or destroying the PHI and/or ePHI is not feasible, Contractor shall provide written notification to COUNTY of the conditions that make such return or destruction not feasible. Upon determination by Contractor that return or destruction of PHI and/or ePHI is not feasible, Contractor shall extend the protections of this Addendum to such PHI and/or ePHI and limit further uses and disclosures of such PHI and/or ePHI to those purposes which make the return or destruction not feasible, for so long as Contractor maintains such PHI and/or ePHI.

12. **General Provisions.**

- A. **Retention Period.** Whenever Contractor is required to document or maintain documentation pursuant to the terms of this Addendum, Contractor shall retain such documentation for 6 years from the date of its creation or as otherwise prescribed by law, whichever is later.
- B. **Amendment.** The parties agree to take such action as is necessary to amend this Addendum from time to time as is necessary for COUNTY to comply with HITECH, the Privacy Rule, Security Rule, and HIPAA generally.
- C. **Survival.** The obligations of Contractor under Sections 3, 5, 6, 7, 8, 9, 11.B and 12.A of this Addendum shall survive the termination or expiration of this Addendum.
