

**SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

670

FROM: Riverside County Regional Medical Center (RCRMC)

SUBMITTAL DATE:
December 18, 2014

SUBJECT: Approval of the Five Year Agreement with Baxter Healthcare Corporation through University Health Services Consortium/NOVATION Group Purchasing Organization (GPO). [All District; \$3,750,000, Enterprise Funds]

RECOMMENDED MOTION: That the Board of Supervisors:

1. Approve and execute Multi-Year Professional Services Novation Agreement with Baxter Healthcare Corporation for a term of five years, effective January 6, 2015 for an amount not to exceed \$750,000 annually; and
2. Authorize the Purchasing Agent, in accordance with Ordinance No. 459, to sign amendments that do not change the substantive terms of the agreement, including amendments to the compensation provision that do not exceed the annual CPI rates.

BACKGROUND:

Summary

Riverside County Regional Medical Center (RCRMC) is a 439-bed acute care public teaching hospital which includes an emergency treatment facility.

FORM 11: Multi-Year Professional Service Agreement with Baxter Healthcare Corporation through University Health Services Consortium/NOVATION Group Purchasing Organization (GPO) [All District; \$3,750,000, Enterprise Funds]

DATE: December 18, 2014

PAGE: Page 2 of 2

BACKGROUND:

Summary (continued)

RCRMC has an Emergency Department which averages approximately 100,000 visits per year and is designated as a Level II adult and pediatric trauma center, treating nearly half of all trauma patients in Riverside County. In addition, there are over 70 outpatient clinics on the hospital's campus offering primary and specialty services. RCRMC's pharmacy department is in need of obtaining a supplier that can provide intravenous (IV) and irrigation solutions, and other pharmaceuticals. Baxter Healthcare provides all IV related supplies such as IV bags, tubing's, connectors, etc. As a diversified healthcare company, Baxter applies a unique combination of expertise in medical devices, pharmaceutical and biotechnology to create products that help advance patient care worldwide.

Currently, the supplies for IV solutions are volatile and there has been a shortage in place for over a year. It is predicted that these shortages will continue throughout the foreseeable future. According to the Institute for Safe Medication Practices (ISMP) dated January 30, 2014, "The U.S. is experiencing severe supply constraints involving commonly used intravenous (IV) fluids." Nonetheless, with the increase in pharmacy services over the past year, additional IV utilization is expected in the upcoming year therefore, RCRMC urgently needs to obtain a secure supplier for these products/supplies. As a longtime partner with Baxter, Baxter established a set allocation for supplies based on the hospitals historical usage for IV fluids, supplies and products—as reassurance.

This product category is unique in that all the suppliers of IV products require five (5) year term contracts, and this requirement is outside of Novation's and all healthcare GPOs agreements.

Impact on Citizens and Businesses

This service impacts the patients residing in Riverside County receiving care from Riverside County Regional Medical Center to ensure the patients are provided with the best possible care with the aim of saving and sustaining the lives of people with hemophilia, immune disorders, infectious diseases, kidney disease, trauma, and other chronic and acute medical conditions.

Contract History and Price Reasonableness

Prior to the procurement of establishing a single Group Purchasing Organization (GPO), RCRMC previously utilized three (3) separate GPO's. RCRMC utilized Baxter Healthcare for pharmaceuticals through MedAssets GPO. With the guidance of Huron Consulting Services, a Request for Proposal (RFP) MCARC-242 for GPO was conducted by County Purchasing on behalf of RCRMC. UHC/NOVATION was found to offer the best pricing, best coverage and most comprehensive value added programs. On September 23, 2014, agenda item number 3-59, the Board of Supervisors approved University Health Services Consortium/NOVATION as the primary GPO to provide medical supplies, pharmaceuticals, healthcare related services and capital equipment for RCRMC. Baxter Healthcare currently has a contract with UHC/NOVATION GPO offering the County a savings for first year of approximately \$130,000 as opposed to the previous GPO MedAssets/Baxter contracts that expired in November. This contract is necessary to bridge the contract's gap in services.

Hereinafter referred to as "Member"

Hereinafter referred to as "Supplier"

1. **INTRODUCTION.** Member and Supplier are entering into this Novation Agreement (the "Agreement") agreeing to be bound by its terms. The "Start Date" of this Agreement will be January 13, 2015; provided Member signs this Agreement on or before January 6, 2015. In the event Member signs this Agreement after January 6, 2015, then the "Start Date" shall be five (5) business days from the date on which Member countersigns the Agreement, for orders placed direct through Supplier. Should Member choose to purchase products through an Authorized Distributor, Member acknowledges that Authorized Distributors may require up to forty-five (45) additional calendar days to adjust the pricing in their billing system and to notify Member of the adjusted pricing. Member understands that the prices an Authorized Distributor bills Member for products are at the Authorized Distributor's discretion. The Agreement will end on June 30, 2019 (the "End Date"). An "Agreement Year" begins on the Start Date and ends September 30, 2015, and means each subsequent year thereafter beginning on October 1st of such year. Notwithstanding the foregoing, both parties acknowledge that (i) administrative fees will not be paid to Novation after September 30, 2015 unless there is an agreement permitting the payment of such administrative fees to Novation between Baxter and Novation, and (ii) any Novation-sponsored rebates, such as the Standardization Rebate under the Group Agreement, shall immediately become null and void after September 30, 2015. Acceptance of additional orders on the same terms after expiration of this Agreement shall not constitute a renewal or extension of this Agreement.

Supplier agrees to supply Member with the Supplier products at the specified prices listed on Exhibit A of IV01011 and/or Exhibit A-1 ("Products"). Member agrees to buy these Products for its own use during the term of this Agreement from Supplier subject to the terms and conditions herein. A Member's own use is defined as use by the Member in a way that is part of and promotes the Member's intended institutional operation in the care of persons who are its patients. It is understood that Products purchased under this Agreement are not for resale in competition with other classes of trade or for use by patients outside of the immediate operation of the Member.

Member shall use best efforts to obtain assurances from each Authorized Distributor that any Product distributed to Members during the term of this Agreement was purchased directly from Supplier, and Member shall promptly notify Supplier if it becomes aware of violations of such assurances.

2. **PRICING.**

- a) Prices for Products as set forth on Exhibit A of IV01011 will become effective on the Start Date and are firm for through September 30, 2015.
- b) Beginning October 1, 2015, prices for Products as set forth on Exhibit A-1 of this Agreement will become effective and are firm through September 30, 2016. Effective October 1, 2016 and on each subsequent Anniversary Date ("Anniversary Date" means October 1, 2017 and, each October 1st, thereafter) during the remaining term of this Agreement, prices will increase by an amount equal to twelve percent (12%). Such increase shall be in the aggregate across all Member purchases of Products from Supplier (excluding the Products identified in subsection (c) below) net of increases or decreases on a Product code by Product code basis, as determined by Supplier in its discretion, provided that any individual Product code may not be increased by more than fifty percent (50%) in any year of this Agreement.
- c) Notwithstanding the foregoing, Supplier shall have the right to increase (a) Tier 1 pricing and (b) prices on the Products identified in Exhibit A-1 of this Agreement under the subcategories of Amino Acids, Heavy Dextrose, any manufactured and/or distributed Supplier-provided Lipids, Nitroglycerin, Dopamine and Dobutamine by providing sixty (60) calendar days advance written notice to Member.

If a Member ceases to be a Member as indicated on the Novation Database, the Agreement will remain in full force and effect with the exception of Sections 3(b), or any other rebate provisions, which will no longer apply.

3. **PRICE TIER QUALIFICATION: MEMBER REBATES: LIMITED TIER REQUIREMENT EXCEPTION.**

- (a) **PRICE TIERS.** Pricing available to Member depends on the purchase commitment Member elects to make to Supplier. By initialing the appropriate line in the Member Participation Tier Commitment column below, Member commits to purchase from Supplier not less than ninety percent (90%) of its total utilization in each Product Category as referenced by the Minimum Committed Volume ("MCV") in each Product Category, in each Agreement Year, during the term of this Agreement.

Member must meet all of the requirements of the applicable tier level for the entire measurement period to qualify for that pricing. Not more often than once a month, Supplier will review Member's Product purchases to the purchase commitment made by Member. Supplier, shall make an appropriate adjustment to pricing to reflect the correct tier for which Member qualifies, provided that Supplier notify Member thirty (30) days in advance of such adjustments prior to its effective date. Member's MCV amounts shall not be adjusted or affected by any tier movement to a less favorable tier.

If any non-compliance is caused by Supplier's inability to deliver, Supplier shall temporarily reduce the MCV commitment as outlined below. Member agrees that once Supplier is able to deliver, the temporary reduction of the MCV commitment shall no longer apply.

TOTAL PRODUCT PURCHASES – MEMBER COMMITMENT		PARTICIPATION TIER	MEMBER SELECTION
Product Category	Minimum Committed Volume**		
S, N, D (IV Fluids which includes IV Fluids/Irrigating Solutions, TPN Macronutrients, Small Volume MINI-BAG Containers)	\$909,904.33	Tier 3	
No Commitment		Tier 1	

** The historical purchases amounts listed above shall be adjusted for inflation (in accordance with Section 2) during each year of this Agreement.

(b) MEMBER REBATES

- (i) STANDARDIZATION REBATE. Members who meet the requirements of Tiers 2 through 14 (but not including Tier 6) and meet all requirements of the Novation Standardization Program as set forth in Exhibit Z of IV01011 (the “Program”) will also qualify for the Standardization Rebate. Supplier shall pay the Standardization Rebate in accordance with the terms of the Program.
- (ii) DRUG DELIVERY LOYALTY PROGRAM. Member may also qualify for additional discounts on the Volume Rebate Products and Loyalty Products in accordance with the terms of Attachment 2 to this Agreement (“Attachment 2”).
- (iii) VOLUME REBATE. Should Member meet the volume tiers outlined below within any Agreement Year, Member will qualify for the following Volume Rebate for the Product codes specified on Attachment 3 to this Agreement (“Attachment 3”) (the “Volume Rebate Products”); provided that Member is a Member as indicated on the Novation Database at the time Supplier makes the Volume Rebate calculation. Payments will be made in the form of a credit memo, or electronic funds transfer if the Member prefers, which will be issued within ninety (90) days following the end of the Agreement Year. The Volume Rebate will be calculated as of the end of each Agreement Year during the term hereof based upon such Member's purchases during the Agreement Year. The amount of the Volume Rebate for any Agreement Year will equal the percentage set forth below multiplied by Net Dollar Purchases of the Volume Rebate Products purchased by such Member during such Agreement Year. The following schedule will be used to determine the percentage of the Volume Rebate:

Agreement Year Purchases+	Volume Rebate Percentage
At least \$750,000 but less than \$3.0 million	1.0%
At least \$3.0 million but less than \$5.0 million	2.0%
\$5.0 million or more	3.0%

+Each of the Volume Rebate tiers listed in the chart above will be adjusted for inflation (in accordance with Section 2) in each year of the Agreement.

- (iv) **MEMBER COMPLIANCE.** Member must be in compliance with all material terms and conditions of this Agreement for the entire measurement period to be eligible to receive any of the rebates listed in this Agreement.

4. **MEMBER FACILITIES.** Member represents that the Facility List, attached hereto as Attachment 1 to this Agreement, to the Agreement (or if none is attached then Member's location noted in the Agreement) is a true and complete statement of all facilities in the United States owned or controlled by Member as of the Start Date of the Agreement, and in which Member uses Products. Member shall promptly notify Supplier of all changes to the Facility List in order to maintain the accuracy of the representation during the term of the Agreement. Additional facilities in the United States may be added only upon written request by the Member and only upon written agreement by Supplier's home office. The Start Date of pricing for new facilities will be the date set by Supplier. These facilities are only eligible for the pricing and terms of the Agreement while they are owned or controlled by the Member.

Products are to be bought by Member for its and facilities own use in the United States: neither Member itself, nor through any affiliate, agent or facility, shall export or otherwise transfer outside the United States Products acquired under the Agreement. Member represents that it and each of its locations and facilities, shall maintain for the duration of the Agreement all required local, state and federal licenses applicable to the purchase and use of the Products.

5. **PAYMENT TERMS.** Payment terms are 1%, 20 net 30 days from invoice date for payments made by check, cash or electronic funds transfer. A service charge of one (1 1/2%) per month (or the highest amount allowed by law, if lower) will be added to all amounts past due.

6. **TERMS AND CONDITIONS.** All purchases of Products by Member will be governed by Supplier's terms and conditions of sale as set forth in IV01011. It is Member's responsibility to be aware of the terms and conditions of IV01011 prior to submitting each order. In the event of any irreconcilable conflict in terms between this Agreement and the terms and conditions of IV01011, the terms and conditions of IV01011 will control.

Unless there is an agreement between Baxter and Novation, effective October 1, 2015, both parties acknowledge that all purchases of Products by Member will be governed by Supplier's then current terms and conditions of sale, which can be located at:

http://www.baxter.com/healthcare_professionals/doing_business_with_us/index.html

In addition to the terms and conditions in IV01011, the following terms shall also apply to Product purchases hereunder.

- (i) Member Inspection and Acceptance of Product at Delivery. Member must visually inspect and count all Product received prior to acceptance of delivery from the carrier. Any exception must be noted on both the packing list accompanying the shipment and the carrier's freight bill or bill of lading and signed by the Member. The carrier should countersign the packing list and the carrier's freight bill or bill of lading. Supplier's Member Service department must be notified of any delivery exceptions (e.g., shortage, damage, picking error, warehouse error, Member error, overage, labeling error, and order entry error) within two (2) business days of receipt of shipment for credit eligibility consideration under Supplier's Returned Goods Policy (as set forth in Exhibit C of IV01011).
- (ii) Disputes Regarding Invoices. All disputes regarding invoices must be submitted to Supplier's Credit and Collections department within 30 days after the date of invoice. All disputes or rights are waived unless the Member's complaint has been filed within such time period. Only amounts that are disputed may be withheld from payment pending resolution. Any portion of an invoice not in dispute must be remitted within the terms of sale. If the Member disputes an invoice or portion of an invoice and is incorrect, Member will pay additional finance charges referenced above (in Section 5) on any unpaid amounts in dispute and such charges will begin to accrue on the date payment was originally due.
- (iii) Returned Checks. Member will be assessed a \$50.00 service charge for returned checks.

7. **DISCLOSURES.** Member acknowledges that the purchase prices under this Agreement (including the value of any discounts, rebates or price concessions) are payments which are subject to the disclosure requirements as "discounts or other reductions in price" under the provision of Section 1128B(b)(3)(A) of the Social Security Act [42 U.S.C. § 1320a-7b(b)(3)(A)]. Member shall disclose the discounts or other reductions in price under any state or federal program, which provides cost or charge-based reimbursement to Member for the Products and services covered by this Agreement.

8. **ENTIRE AGREEMENT.** If Supplier and Member are parties to any other agreements covering the same Products covered by this Agreement, then, with regard to such Products, this Agreement will supersede such other agreements.

9. **MISCELLANEOUS.** This Agreement is not valid until approved by Supplier at its home office. Any waiver of any of the provisions of this Agreement will not constitute a waiver of any other provision, nor will it constitute a continuing waiver. No changes in this Agreement, including any conflicting or additional terms contained in any purchase order or other document submitted by Member, will be valid unless approved in writing by Supplier at its home office. Both parties agree that a signed facsimile, or the electronic transmission of signature(s), in whole or in counterparts, is as valid as an original document, and is fully enforceable in accordance with its terms.

10. **EARLY TERMINATION FEE.** Beginning on the Start Date of this Agreement through September 30, 2015, if, at any time, Member decides to purchase Solutions/Fluids from another manufacturer, then Supplier reserves the right to invoice Member a shortfall amount (as liquidated damages, and not a penalty) equal to the sum of twenty percent (20%) of Member's prior two year's purchases of Products from Supplier (either under this Agreement or a prior agreement), or if Member had not purchased the majority of its Product requirements from Supplier in the previous two years, twenty percent (20%) times a good faith estimate of comparable product purchased by Member. Notwithstanding the foregoing, if this Agreement has a remaining term of two years or less at the time Member decides to purchase Solutions/Fluids from another manufacturer shall be equal to the sum of

twenty percent (20%) of Member's prior year's purchases. Member shall pay such shortfall payment within thirty (30) days of receipt of an invoice from Supplier.

Effective on October 1, 2015 through June 30, 2019, if Member's purchases of Products falls short of the MCV per Product Category as referenced in Section 3, then Member shall pay Supplier an amount equal to eighty percent (80%) of the differential between what was actually purchased and the MCV per the applicable Product Category, as defined in Section 3, during such Agreement Year. Supplier reserves the right to invoice Member for the total shortfall amount per applicable Product Category and Member shall pay such shortfall payment within thirty (30) days of receipt of an invoice from Supplier.

11. **MIGRATION.** If (i) Supplier enters into a new agreement with Novation (the "New Novation Agreement"), and (ii) Member is a member in good standing of Novation, and (iii) the New Novation Agreement with Supplier covers all of substantially all of the Products covered under this Agreement and the term of the New Novation Agreement will not expire prior to the end of the Term, then Member shall have the option to participate in and purchase Products from Supplier under the New Novation Agreement, subject to the satisfaction of the terms of Member participation set forth in such New Novation Agreement. Upon Member's participation under the New Novation Agreement, and the effective date of such participation (including full execution of a Member agreement if applicable), this Agreement shall automatically terminate on the effective date of participation under the New Novation Agreement; provided, however, that any obligations of either party arising or accrued hereunder prior to such termination date, and any provisions of this Agreement that expressly survive expiration or termination shall survive such termination. The early termination fee stated in Section 10 shall not apply to migration under this Section, provided however, Member would still be required to pay any outstanding shortfall due to Supplier.

IN WITNESS WHEREOF, the undersigned duly authorized representatives of the parties have executed this Agreement on the date below.

ATTACHMENT 2 TO NOVATION AGREEMENT

Drug Delivery Loyalty Program

1. **Terms of Drug Delivery Loyalty Program.** Any Member who fulfills at least ninety percent or more of its specialty drug delivery Product needs by purchasing the Volume Rebate and other Products (as identified in Attachment 3, the "Loyalty Products") listed on Attachment 3 (each, an "Eligible Member") shall be eligible for an additional discount on the Loyalty Products, subject to fulfillment of the requirements set forth in subsection A, B or C of this Attachment 2. By selecting the appropriate line(s) in Attachment 3, Eligible Member commits to purchase from Supplier, during the term of this Agreement, the specified quantities of the Loyalty Products. Eligible Member must meet all of the requirements of the applicable pricing level(s) for the entire measurement period to qualify for that pricing. Not more often than once a month, Supplier may review Eligible Member's Loyalty Product purchases (measured on a pro-rata basis) as compared to the purchase commitment made by Eligible Member. If Supplier determines that Eligible Member does not currently meet its purchase commitment, Supplier shall make an appropriate adjustment to pricing to reflect the correct pricing level(s) for which Eligible Member qualifies, provided that Supplier shall notify Eligible Member thirty (30) days in advance of such adjustments prior to its effective date.

- A. **Tier 6 Pricing.** If an Eligible Member purchases: 1) 145 units or more of Frozen Products per Member Bed per year; and 2) 181 units or more of MiniBag Plus Products per Member Bed per year, and purchases at least 20 units or more of MiniBag Products per Member Bed per year, then such Eligible Member shall receive the Tier 6 Pricing listed on Exhibit A of IV01011 and/or Exhibit A-1 for all Frozen and MiniBag Plus Products. If, however, an Eligible Member purchases 145 units or more of Frozen Products per Member Bed per year but less than 181 units of MiniBag Plus Products per Member Bed per year, but purchases at least 20 units or more of MiniBag Products per Member Bed per year, then such Eligible Member shall receive the Tier 6 Pricing listed on Exhibit A of IV01011 and/or Exhibit A-1 for all Frozen Products and Tier 5 pricing for all MiniBag Plus Products. Finally, if an Eligible Member purchases less than 145 units of Frozen Products per Member Bed per year but purchases 181 units or more of MiniBag Plus Products per Member Bed per year, and purchases at least 20 units or more of MiniBag Products per Member Bed per year, then such Eligible Member shall receive the Tier 6 Pricing listed on Exhibit A of IV01011 and/or Exhibit A-1 for all MiniBag Plus Products and Tier 5 pricing for all Frozen Products. For all of the scenarios listed above, an Eligible Member shall pay the standard Tier pricing for MiniBag Products (i.e., Tier 3), but shall receive a rebate in an amount equal to the difference between such standard Tier pricing and the pricing set forth on Exhibit A of IV01011 and/or Exhibit A-1 for the MiniBag Products.
- B. **Tier 5 Pricing.** If an Eligible Member purchases either: 1) 90 units to 144 units of Frozen Products per Member Bed per year; or 2) 114 units to 180 units of MiniBag Plus Products per Member Bed per year, and purchases at least 20 units or more of MiniBag Products per Member Bed per year, then such Eligible Member shall receive the Tier 5 Pricing for all Frozen and MiniBag Plus Products. An Eligible Member shall pay the standard Tier pricing for MiniBag Products (i.e., Tier 3), but shall receive a rebate in an amount equal to the difference between such standard Tier pricing and the pricing set forth on Exhibit A of IV01011 and/or Exhibit A-1 for the MiniBag Products.
- C. **Tier 1 Pricing.** If an Eligible Member purchases less than: 1) 38 units of Frozen Products per Member Bed per year; and 2) 114 units or more of MiniBag Plus Products per Member Bed per year, or fails to purchase at least 20 units or more of MiniBag Products per Member Bed per year, then such Eligible Member shall receive the applicable level pricing (Tier 1, Tiers 2, 3 or 4) for all Frozen and MiniBag Products. By way of example only, if an Eligible Member purchases 100 units of Frozen Products per Member Bed per year, and 100 units of MiniBag Plus Products per Member Bed per year, but only purchased 15 units of MiniBag Products per Member Bed per year, then such Eligible Member would receive Tier 3 Pricing for all Frozen

Products, Tier 2 Pricing for all MiniBag Plus Products and would not qualify for a rebate for MiniBag Products.

- D. Rebate payments due under this Attachment 2 will be made in the form of a credit memo, or electronic funds transfer if the Eligible Member prefers, which will be issued within ninety (90) days following the end of the Agreement Year.
- E. Volume Rebates for the Volume Rebate Products shall be earned and paid in accordance with Section 3(b)(vi) of this Agreement.
- F. The prices set forth in Exhibit A and/or Exhibit A-1 of IV01011 shall be adjusted each year in accordance with Section 2 of this Agreement.
