

B

9 #

1 San Bernardino County Code §84.01.050(g), and the church building itself has not
2 been approved for use as a church as such.

3 The structure designated as a church facility does not seem to be used for any
4 purpose at this time. It was originally permitted as a residence, but there is no
5 indication that it was ever used as such, or that it obtained final clearance. At any rate,
6 since it currently does not appear to be used for any purpose, there does not appear to
7 be any reason for the Court to address its use. From the testimony supplied, it
8 appears that any religious services are currently being held in Reverend Floyd's
9 personal residence. While the issue of whether a church may be operated in an RL
10 zone has been raised, with due respect to Reverend Floyd, the religious services
11 currently being held appear to be a small meeting of his family and close friends at his
12 home more than an organized meeting place that would have anything more than a
13 negligible impact on traffic, noise, etc. A house church would perhaps seem to be an
14 appropriate description of the current state of affairs and it does not appear to require
15 the Court's intervention. The Court is aware that certain of the trailers have been
16 designated as storage space for church supplies or overflow classroom usage, but at
17 the current time they seem to be, in reality, storage facilities.

18 The structures that are collectively referred to as trailers are in various states of
19 disrepair and none seem to be on any sort of permanent or permitted foundations.
20 Their uses reportedly range from agricultural, church storage, classroom overflow
21 space, etc. The main areas of concern are the generally dilapidated condition of the
22 trailers and their lack of permanent and permitted foundations. The trailers are, for the
23 most part, severely dilapidated and none appear to be on permanent or permitted
24 foundations and it may well be that some of them, because of their age and condition,
25 may not be able to obtain permits.

26 The defense has raised two affirmative defenses in this action. One is Civil
27 Code §3482.5(a) pertaining to agricultural usage. There is evidence that the property
28 has had on it at various times cattle, horses, chickens, etc. and subject to some

CASE NO. VCVVS 044926

**JUDGMENT AND
ORDER; PERMANENT INJUNCTION**

APN 3065-461-05-0000 and
3065-461-06-0000

Assigned to the Honorable Larry W.
Allen

19
20 L
21 **FINDINGS**

22 **A. Introduction**

23 The above-entitled matter came on for trial August 25, 2008, and concluded with
24 final arguments on September 4, 2008. The matter had previously begun trial on May
25 6, 2008, but was mistried on May 8, 2008, due to Reverend Floyd's medical condition.
26 On July 28, 2008, the answer of the corporate Defendant, Second Mount Moriah
27 Missionary Baptist Church, Inc. (CHURCH) was stricken as it had no attorney and a
28 corporation may not appear without one. On August 21, 2008, that order was vacated

#2163329 SMS:nlk

1 when counsel appeared for the CHURCH as well as for the individual defendants.
2 S. Mark Strain, Esq., Deputy County Counsel, represented the Plaintiff, County of San
3 Bernardino, and Joel Spivak, Esq. represented the Defendants.

4 The complaint was filed January 31, 2007 and states the following six causes of
5 action:

- 6 1. First Cause of Action: Violation of San Bernardino County Code §63.063(m);
- 7 2. Second Cause of Action: Violation of Health and Safety Code §17920.3
- 8 3. Third Cause of Action: Violation of Civil Code §3480
- 9 4. Fourth Cause of Action: Violation of San Bernardino County Code §33.032
- 10 5. Fifth Cause of Action: Violation of San Bernardino County Code §33.034
- 11 6. Sixth Cause of Action: Violation of San Bernardino County Code §84.0105(c).

12 The Fourth Cause of Action was dismissed by the Plaintiff as a result of
13 compliance efforts made by the defendants before the matter was submitted.

14

15 **B. Summary of the Case**

16 This dispute concerns the parcels identified as 9536 Yucca Terrace Drive and
17 9484 Yucca Terrace Drive, Phelan, CA. These parcels are currently zoned Rural
18 Living or RL. It appears that they have had an RL or similar zoning at all times during
19 this dispute. The parcel at 9484 Yucca Terrace Drive contains the Reverend's
20 residence while the parcel at 9536 Yucca Terrace Drive contains the structure
21 identified as church, but apparently not currently used for church services or any other
22 ascertainable purpose.

23 With the resolution of the trash and debris issues in the Fourth Cause of Action,
24 the remaining issues to be resolved relate to land usage. Primarily, the dispute is that
25 those structures identified as trailers do not have set-down permits, are not on
26 permanent foundations and are in a dilapidated condition. There are also two cargo
27 containers for which no compatibility determination has been issued as required by
28

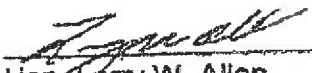

1 first obtaining all land use approvals, permits, and/or compatibility determinations
2 required by the County of San Bernardino Land Use Services;

3
4 (e) Further, in the event the Defendants fail or refuse to comply with the terms
5 of this Judgment and Order; Permanent Injunction, then the County of San Bernardino,
6 acting through its employees, agents, representatives, and/or contractors shall be
7 authorized to enter the SUBJECT PROPERTY during regular business hours (with
8 right of forcible entry) without need for consent, prior notice, or further order of this
9 Court and remove any and all prohibited trailers and/or cargo containers located
10 thereon in violation of this Judgment and Order; Permanent Injunction; and

11
12 (f) that the Court authorizes the County to assess all of the costs of abating
13 these public nuisances against the SUBJECT PROPERTY and to collect such costs in
14 the same manner as county taxes pursuant to California Government Code §25845.

15
16 IT IS SO ORDERED, ADJUDGED, AND DECREED.

Subject: RE: THIRD PARTY RLUIPA WORSHIPPER APPEAL TO DISTRICT CT
From: Marie Peralta (mperalta@becketfund.org)
thefirstjew@yahoo.com;
Date: Thursday, September 1, 2011 9:28 AM

Dear Mr. Floyd,

Thank you for your email. Due to the large number of religious land use disputes we are contacted about (there are hundreds of these cases around the country), we are typically unable to provide sole representation to churches at the pre-trial and trial phases of a dispute. However, one of our attorneys would be happy to talk to any attorney that you retain to make sure that he/she has all the necessary resources.

We strongly recommend that you retain an attorney as soon as possible to preserve your rights under federal and state civil rights laws. We can recommend Robert Tyler, who serves as General Counsel for Advocates for Faith & Freedom. If you would like, you can contact him at rtyler@faith-freedom.com or 951-304-7583. Whether you reach out to Robert or not, we strongly recommend that you retain a land use attorney to assist you as soon as possible, as often these cases turn on facts established well before any lawsuit begins.

Best regards,

Marie Magleby

Sent: Saturday, February 17, 2007 10:35 AM
Subject: Religious Land Use and Institutionalized Persons

This is the correct one:

RELIGIOUS LAND USE AND INSTITUTIONALIZED PERSONS

SECTION 1. SHORT TITLE.

This Act may be cited as the 'Religious Land Use and Institutionalized Persons Act of 2000'.

SEC. 2. PROTECTION OF LAND USE AS RELIGIOUS EXERCISE.

(a) SUBSTANTIAL BURDENS-

(1) GENERAL RULE- No government shall impose or implement a land use regulation in a manner that imposes a substantial burden on the religious exercise of a person, including a religious assembly or institution, unless the government demonstrates that imposition of the burden on that person, assembly, or institution--

(A) is in furtherance of a compelling governmental interest; and

(B) is the least restrictive means of furthering that compelling governmental interest.

(2) SCOPE OF APPLICATION- This subsection applies in any case in which--

(A) the substantial burden is imposed in a program or activity that receives Federal financial assistance, even if the burden results from a rule of general applicability;

(B) the substantial burden affects, or removal of that substantial burden would affect, commerce with foreign nations, among the several States, or with Indian tribes, even if the burden results from a rule of general applicability; or

(C) the substantial burden is imposed in the implementation of a land use regulation or system of land use regulations, under which a government makes, or has in place formal or informal procedures or practices that permit the government to make, individualized assessments of the proposed uses for the property involved.

(b) DISCRIMINATION AND EXCLUSION-

(1) EQUAL TERMS- No government shall impose or implement a land use regulation in a manner that

Exhibit #4

treats a religious assembly or institution on less than equal terms with a nonreligious assembly or institution.

(2) **NONDISCRIMINATION**- No government shall impose or implement a land use regulation that discriminates against any assembly or institution on the basis of religion or religious denomination.

(3) **EXCLUSIONS AND LIMITS**- No government shall impose or implement a land use regulation that--

(A) totally excludes religious assemblies from a jurisdiction; or

(B) unreasonably limits religious assemblies, institutions, or structures within a jurisdiction.

SEC. 3. PROTECTION OF RELIGIOUS EXERCISE OF INSTITUTIONALIZED PERSONS.

(a) **GENERAL RULE**- No government shall impose a substantial burden on the religious exercise of a person residing in or confined to an institution, as defined in section 2 of the Civil Rights of Institutionalized Persons Act (42 U.S.C. 1997), even if the burden results from a rule of general applicability, unless the government demonstrates that imposition of the burden on that person--

(1) is in furtherance of a compelling governmental interest; and

(2) is the least restrictive means of furthering that compelling governmental interest.

(b) **SCOPE OF APPLICATION**- This section applies in any case in which--

(1) the substantial burden is imposed in a program or activity that receives Federal financial assistance; or

(2) the substantial burden affects, or removal of that substantial burden would affect, commerce with foreign nations, among the several States, or with Indian tribes.

SEC. 4. JUDICIAL RELIEF.

(a) **CAUSE OF ACTION**- A person may assert a violation of this Act as a claim or defense in a judicial proceeding and obtain appropriate relief against a government. Standing to assert a claim or defense under this section shall be governed by the general rules of standing under article III of the Constitution.

(b) **BURDEN OF PERSUASION**- If a plaintiff produces prima facie evidence to support a claim alleging a violation of the Free Exercise Clause or a violation of section 2, the government shall bear the burden of persuasion on any element of the claim, except that

the plaintiff shall bear the burden of persuasion on whether the law (including a regulation) or government practice that is challenged by the claim substantially burdens the plaintiff's exercise of religion.

(c) FULL FAITH AND CREDIT- Adjudication of a claim of a violation of section 2 in a non-Federal forum shall not be entitled to full faith and credit in a Federal court unless the claimant had a full and fair adjudication of that claim in the non-Federal forum.

(d) ATTORNEYS' FEES- Section 722(b) of the Revised Statutes (42 U.S.C. 1988(b)) is amended--

(1) by inserting 'the Religious Land Use and Institutionalized Persons Act of 2000,' after 'Religious Freedom Restoration Act of 1993,'; and

(2) by striking the comma that follows a comma.

(e) PRISONERS- Nothing in this Act shall be construed to amend or repeal the Prison Litigation Reform Act of 1995 (including provisions of law amended by that Act).

(f) AUTHORITY OF UNITED STATES TO ENFORCE THIS ACT-

The United States may bring an action for injunctive or declaratory relief to enforce compliance with this Act. Nothing in this subsection shall be construed to deny, impair, or otherwise affect any right or authority of the Attorney General, the United States, or any agency, officer, or employee of the United States, acting under any law other than this subsection, to institute or intervene in any proceeding.

(g) LIMITATION- If the only jurisdictional basis for applying a provision of this Act is a claim that a substantial burden by a government on religious exercise affects, or that removal of that substantial burden would affect, commerce with foreign nations, among the several States, or with Indian tribes, the provision shall not apply if the government demonstrates that all substantial burdens on, or the removal of all substantial burdens from, similar religious exercise throughout the Nation would not lead in the aggregate to a substantial effect on commerce with foreign nations, among the several States, or with Indian tribes.

SEC. 5. RULES OF CONSTRUCTION.

(a) RELIGIOUS BELIEF UNAFFECTED- Nothing in this Act shall be construed to authorize any government to

burden any religious belief.

(b) **RELIGIOUS EXERCISE NOT REGULATED**- Nothing in this Act shall create any basis for restricting or burdening religious exercise or for claims against a religious organization including any religiously affiliated school or university, not acting under color of law.

(c) **CLAIMS TO FUNDING UNAFFECTED**- Nothing in this Act shall create or preclude a right of any religious organization to receive funding or other assistance from a government, or of any person to receive government funding for a religious activity, but this Act may require a government to incur expenses in its own operations to avoid imposing a substantial burden on religious exercise.

(d) **OTHER AUTHORITY TO IMPOSE CONDITIONS ON FUNDING UNAFFECTED**- Nothing in this Act shall—

- (1) authorize a government to regulate or affect, directly or indirectly, the activities or policies of a person other than a government as a condition of receiving funding or other assistance; or
- (2) restrict any authority that may exist under other law to so regulate or affect, except as provided in this Act.

(e) **GOVERNMENTAL DISCRETION IN ALLEVIATING BURDENS ON RELIGIOUS EXERCISE**- A government may avoid the preemptive force of any provision of this Act by changing the policy or practice that results in a substantial burden on religious exercise, by retaining the policy or practice and exempting the substantially burdened religious exercise, by providing exemptions from the policy or practice for applications that substantially burden religious exercise, or by any other means that eliminates the substantial burden.

(f) **EFFECT ON OTHER LAW**- With respect to a claim brought under this Act, proof that a substantial burden on a person's religious exercise affects, or removal of that burden would affect, commerce with foreign nations, among the several States, or with Indian tribes, shall not establish any inference or presumption that Congress intends that any religious exercise is, or is not, subject to any law other than this Act.

(g) **BROAD CONSTRUCTION**- This Act shall be construed in favor of a broad protection of religious exercise, to the maximum extent permitted by the terms of this Act and the Constitution.

(h) **NO PREEMPTION OR REPEAL**- Nothing in this Act shall be construed to preempt State law, or repeal Federal law, that is equally as protective of religious exercise as, or more protective of religious exercise than, this Act.

(i) **SEVERABILITY**- If any provision of this Act or of an amendment made by this Act, or any application of such provision to any person or circumstance, is held to be unconstitutional, the remainder of this Act, the amendments made by this Act, and the application of the provision to any other person or circumstance shall not be affected.

SEC. 6. ESTABLISHMENT CLAUSE UNAFFECTED.

Nothing in this Act shall be construed to affect, interpret, or in any way address that portion of the first amendment to the Constitution prohibiting laws respecting an establishment of religion (referred to in this section as the 'Establishment Clause').

Granting government funding, benefits, or exemptions, to the extent permissible under the Establishment Clause, shall not constitute a violation of this Act.

In this section, the term 'granting', used with respect to government funding, benefits, or exemptions, does not include the denial of government funding, benefits, or exemptions.

SEC. 7. AMENDMENTS TO RELIGIOUS FREEDOM RESTORATION ACT.

(a) **DEFINITIONS**- Section 5 of the Religious Freedom Restoration Act of 1993 (42 U.S.C. 2000bb-2) is amended--

(1) in paragraph (1), by striking 'a State, or a subdivision of a State' and inserting 'or of a covered entity';

(2) in paragraph (2), by striking 'term' and all that follows through 'includes' and inserting 'term 'covered entity' means'; and

(3) in paragraph (4), by striking all after 'means' and inserting 'religious exercise, as defined in section 8 of the Religious Land Use and Institutionalized Persons Act of 2000.'

(b) **CONFORMING AMENDMENT**- Section 6(a) of the Religious Freedom Restoration Act of 1993 (42 U.S.C. 2000bb-3(a)) is amended by striking 'and State'.

SEC. 8. DEFINITIONS.

In this Act:

(1) CLAIMANT- The term 'claimant' means a person raising a claim or defense under this Act.

(2) DEMONSTRATES- The term 'demonstrates' means meets the burdens of going forward with the evidence and of persuasion.

(3) FREE EXERCISE CLAUSE- The term 'Free Exercise Clause' means that portion of the first amendment to the Constitution that proscribes laws prohibiting the free exercise of religion.

(4) GOVERNMENT- The term 'government'--

(A) means--

(i) a State, county, municipality, or other governmental entity created under the authority of a State;

(ii) any branch, department, agency, instrumentality, or official of an entity listed in clause (i); and

(iii) any other person acting under color of State law; and

(B) for the purposes of sections 4(b) and 5, includes the United States, a branch, department, agency, instrumentality, or official of the United States, and any other person acting under color of Federal law.

(5) LAND USE REGULATION- The term 'land use regulation' means a zoning or landmarking law, or the application of such a law, that limits or restricts a claimant's use or development of land (including a structure affixed to land), if the claimant has an ownership, leasehold, easement, servitude, or other property interest in the regulated land or a contract or option to acquire such an interest.

(6) PROGRAM OR ACTIVITY- The term 'program or activity' means all of the operations of any entity as described in paragraph (1) or (2) of section 606 of the Civil Rights Act of 1964 (42 U.S.C. 2000d-4a).

(7) RELIGIOUS EXERCISE-

(A) IN GENERAL- The term 'religious exercise' includes any exercise of religion, whether or not compelled by, or central to, a system of religious belief.

(B) RULE- The use, building, or conversion of real property for the purpose of religious exercise shall be considered to be religious exercise of the person or entity that uses or intends to use the property for that purpose.

Pages 10 #

**COUNTY OF RIVERSIDE
PLANNING DEPARTMENT**

APPLICATION FEE SCHEDULE

Effective: January 1, 2012

All indicated fees (with the exception of Fish and Game Fees) include a two percent (2.0%) Land Management System Fee Surcharge, as per Ord. No. 749.

All fees are Deposit Based Fees (DBF), unless otherwise indicated, and the amount indicated is the minimum initial deposit.

INSTRUCTIONS:

1. All per acre fees are based on the gross acreage of the project site.
2. Where a maximum fee is indicated, the maximum fee refers to the base fee added to any additional per lot, per acre, or other fee.
3. Certain applications may be required to have an Environmental Assessment (EA) prepared as part of project review, and are indicated by a check mark (✓) symbol in the EA column, which will be determined by the Planning Department. No environmental assessment fee is required if a project is determined to be exempt from the California Environmental Quality Act. Only one environmental assessment fee is required, when two or more applications, which indicate an EA may be required, are filed for concurrent processing.
4. The preparation of special studies in conjunction with certain applications may be required and processing fees shall be payable directly to the affected District or Department. When applicable, Flood Control Plan District Check, Flood Control District Special Study Minor Case - \$750.00, Flood District Control Special Study Major Case - \$3,000.00, Transportation Department Plan Check - \$250.00, Transportation Department Traffic Study (without model) - \$1,252.00 or (with model) - \$1,811.00.

AVERAGE COST:

This column is intended to provide information to the public as the actual average cost of case processing for specific application types. The word "Unavailable" is used where there is insufficient data to provide an actual average cost. The words "Flat Fee" are used when the cost for processing is fixed.

FEE APPEAL PROCEDURES:

Within 10 calendar days of receipt of the full accounting of the application costs or a request for additional deposits, the applicant may request a review of the matter by the Planning Director, who shall review the cost of processing the application. The Director will determine that the costs were or were not appropriate and may then reduce the costs charged. The Director shall, in writing, notify the appealing person of the decision. Work on any application may continue during any appeal process provided there are sufficient funds on deposit.

ABANDONED APPLICATIONS:

In accordance with the policy adopted by the Board of Supervisors on October 5, 1993, if there is no activity by an applicant on an application for more than one and less than two years, the application is abandoned, and any deposit fees remaining may be refunded.

REFUND OF FEES:

NON-DEPOSIT CASES: Whenever an application is terminated in accordance with the Refund Policy Statement adopted by the Department, upon the written request of the applicant.

DEPOSIT BASED CASES: Within 45 days of the final check processed for those cases with a balance greater than \$5.00.

If any portion of the application fees has been paid by the department for the performance of services related to the application of fees until the other jurisdiction, agency or department, in the absence of such authorization, it will be the applicant's responsibility to contact the department for a refund of the fees paid to it, in accordance with the Department's Refund Policy Statement. The Department shall retain a processing fee of \$82.00 from the total amount of fees paid.

March 6, 2013

SUPREME COURT OF THE UNITED STATES
Honorable Associate Justice Antonin Scalia
1 First Street, NE
Washington, DC 20543

"SIMPLE-MINDED FRIEND OF THE COURT LETTER"

RE: "The Supreme Court has also held that if a judge wars against the Constitution, or if he acts without jurisdiction, he has engaged in treason to the Constitution (Due Process Clause)." Now, poised to perfect a (Nefas) against the Constitution and the TORAH/BIBLE.

Honorable Associate Justice Silica; there are Two Classes before this Honorable Court in the matter of what constitute a marriage in re et al (California Pro 8-Same-sex-marriage)? That is between who and what, YAHWEH_GOD_ created as His-Duplicators, which would continue planet earth original-duplication. "Of His Image in Likeness with a body, soul and spirit: which could be perfected by human-begins: only between and through a man-penis and a woman-vagina?"

A woman is the only female-specie with a body-organ *distinguee'tem*; from all other female specie organs, which were created, by YAHWEH_GOD_JEW_DNA-WORD. Who possess the (after-its-kind ability to replicate the identical-life-form of a baby-human-being, with a body, soul and spirit in the exact-duplication: "likeness and image of YAHWEH_GOD_ first Adam-man.)"

THESE TWO CLASSES ARE EQUALLY PROTECTED BY THE CONSTITUTION

Both will requite due justice in remembering: "*Decet tamen principem servare leges quibus ipse servatus est.*" [It behoves, indeed the prince to keep the laws by which he himself is preserved]; the Constitution requites-impartially."

I. Class One-Same-Sex-Practitioners who are asking; this Honorable Court to take "jurisdiction" over an Intuition of Divine Law (essential against a nefas), which YAHWEH_GOD_ preformed: first between the man and a woman. This Class further inmates; due to their "*(inimical-nature of by-birth-rights LGBT-nature is a birth right-passage and not a learn life preference).*" That they are now, from birth as Kushite/Blacks are by their Hamatic birth; have the same Constitutional grantee to marriage by same sexes as a matter of a Civil Right.

Are the LGBT asking, this Honorable Court; to deny Class II their rights to Religious-exercise-practice in believing: YAHWEH_GOD_ TORAH/BIBLE? That it is not from birth, but a (self-mind-changing) in Roman 1:22-32; which we must believe and teach as a: Nefas.

They seek now, to invalidate the (Due process Clause), 'the very constitutional- impartially-requted-nature, which constituted, this Honorable Court: in certifying their choice-life-style as a Civil Right. This is the same Parallel-Civil Rights denial-assertion- doctrine-pretext request for relief, which resulting in the 1787-1791 US Constitution based, its 3/5 Person-nefas-rectifications on: by law and this Court now, must grant Civil Right relief to LGBTs.

Furthermore, the TORAH/BIBLE doses not reference "same-sex-marriage" condonable; other than the fact, it is the same root-word from (Genesis 18:1-33 and Roman 1:1-32), which described: the destroyed, scx-life-style-practiced in Sodom and Gomorrah. The LGBT Plaintiff(s) in Pro-8-Class: can label this same-life-style by any name of choice?

However, it was first referenced, as the TORAH/BIBLE same-root meaning. Describing the practiced-sin-of-same-sex acts; between men with men and women with women for, which Sodom and Gomorrah was destroyed: the sins of Sodomites are a Sodomite.

"Dum Vivimus, Vivamus Lat. [Live and let live.]"

Sodomites must live within their own choice of Same-sex-marriage and under the Establishment Clause of the Constitution. Under this same rule; will the LGBT Class now, allow YAHWEH_GOD_ choice of Himself (If He is GOD_ too: to have First Amendment Rights of speech in His Universe also)? As found in Philippians 2:13; to be lived out, within the Believers as the: TORAH/BIBLICA Genesis 3:24 original-first-marriage between a man and woman?"

This Same Sex Class already possesses' their rights; of choice of whom and permission to marry. Even this is acknowledged, by YAHWEH_GOD_ in Roman 1:1-32: but not condone by YAHWEH_GOD_, to be practice as a nefas between same-sexes? However, they further seek not only permission to marry, but also of this Honorable Supreme Court to do the follows: (1) validation of a new-civil-form of marriage under the Constitution (2) for the Supreme Court to violate this Republic Constitution, in establishing the first 'National Religion of Usurpation', which when passed, would be requited of every Religion and Clergymen and (3) to accept or lose their "Religious-exercise-practice to preach YAHWEH_GOD_ TORAH/BIBLE teaching of this as a Nefas: in this Republic?

This Honorable Court in its wisdom may find grounds to honor this Class request around the (Due Process Clause), but it does not have "jurisdiction" over the TORAH/BIBLE in voiding-marriage. Nor does the Constitution grants the constructing of its equal; between a man with a man and a woman with a woman, which this Court must impose the follows:

a. Not to violate the "Establishment Clause" in creating a Ne[fas-marriage against Divine Law. Nor requite the TORAH/BIBLE Faith Believers to condone it, to honor, or to be ever-reprimanded by speech nor writings, censored, fined, prohibited from teaching against Same Sex Marriages as a nefas and while not violating anyone of both-Classes: Constitutional protected Civil and Religious-exercise-practice-Rights.

II. Class Two is the TORAH/BIBLE Believers, whose very "nature-being-themselves" are YAHWEH_GOD_WORD-DNA-(Genesis 2:7), which created them in Genesis 1:26-27, man and woman. "Whereby, is it not these Believers of Faith, which move and have HIS-DNA-BREATH-WORD: very nature? The WORD-DNA_ is what created, their body-soul and spirit Being originally?

It is this same WORD-DNA_ BREATH_ in (Genesis 2:15-17) now, given to them and how to keep it as their Eternal-Life?" YAHWEH_GOD_ is their Creator to whom; they must answer to, which are protected and to be practiced, in this Republic and under its Establish-Clause.

b. It is not the Christian Believer, who is before this Honorable Court, but rather it is this Court itself, the Constitution and this Republic themselves. Is it not from the wisdom of our Founding Fathers, who purposely set forth three-independent-branches in this government, with division of stewardships: for this very moment in order to preserve this Republic?

Furthermore, this Honorable Court has established already for itself a rule of (impartially), which will grant a "miracle in preserving this Republic in 2013." It is only through this Third-Branch in this Republic, which possesses the authority to save it, and: not in vitiating-itself, the Judicial Branch under a (Due Process Clause). "The Supreme Court has also held that if a judge was against the Constitution, or if he acts without jurisdiction, he has engaged in treason to the Constitution."

To the Honorable Judge Scalia and the full Court, Mister Chief Justice John G. Roberts, Jr.; Associate(s) Anthony Kennedy; Clarence Thomas; Ruth Bader Ginsburg; Stephen Breyer; Samuel Alito; Sonia Sotomayor and Elena Kagan.

I found the chutzpah; in reading Associate Antonia Scalia very words whereby, you chided, the People of Faith in not giving up on miracles and the resurrections. Please share this personal communiqué, "SIMPLE-MINDED FRIEND OF THE COURT LETTER" with the full Court and the public?

Quoting you, from a news article: "Chiding" of Justice Antonia Scalia. "Scalia Chides Elite for Rejecting Faith." Supreme Court Associate Justice Antonia Scalia chided educated professionals for rejecting religious notions about [miracles] and the [resurrection of Christ]. During a speech at a Christian prayer breakfast in Jackson, Mississippi, the then 60-years-old Roman Catholic judge said religious peoples must endure the insult of being branded as "simple-minded" in educated circles in the United States. "Reason and intellect are not to be laid aside where matter of religion are concerned." Scalia told about 700 law students, attorneys and judges who packed Jackson's First Baptist Church."

It is from your very words Mr. Justice Scalia, which are enclosed above from your First Baptist Church of Jackson, Mississippi, speech in "Chiding Christians in giving up on miracles and the resurrection." From, which I am borrowing, hope of a miracle for our

US Supreme Court, The Republic and its Constitution regarding a: New Civil same-sex-marriage vs YAHWEH_GOD_ is Salvation Plan First Marriage between a Man and Woman.

I will always remembering to pride scholarship, but also to heed your "chiding-words" Judge Scalia. In that, "religious peoples must endure the insult of being branded as **"simple-minded"** in educated circles in the United States. "Reason and intellect are not to be laid aside where matter of religion are concerned."

This **"simple-minded"** Ambassador Charles Linder Floyd, of Yahshua_Jesus Christ. I am writing to you personally. For a miracle; in saving this Republic, from shaking it's (fists) in the face of - YAHWEH_GOD_. Who will do, as Daniel the Prophet revealed, from Kushite Black King Nebuchadnezzar dream; concerning all Six Gentile World Empires would do: in shaking their fists in YAHWEH_GOD_ face.

The Rt Reverend Dr. J. V. McGee in his Through The Bible Radio Broadcast stated, "that if YAHWEH_GOD_ did not judge America, He would have to apology to Sodom and Gomorrah in the day of Judgment?" America, is in TORAH/BIBLE Prophecy. Conceived as the: ?-1492-1607-1619/20-1623-1654-1712-1776-1781-1787 and 1791-Fifth Revised Roman World Gentile Empire. Of (Democracy/Clay- "is where the will of the majority by vote or law and not the will of YAHWEH_GOD_WORD: will prevail under its constitution-separation of Church and States): Republic of America was judged at 911.

My concluding prayer: Is that this Honorable Court without US Constitutional authority to create law; nor take Jurisdiction over YAHWEH_GOD_, will not attempt to do so, here, in the matter of what constitute a TORAH/BIBLICAL Marriage for Believers?

If this Republic, in the matter of "Same-sex Marriage' elects to amend, its Ne[fas-Constitution, which before did certified in 1787-1791 ratified Constitution: that YAHWEH_GOD_ Image of Himself, in Native-Americans and Kushite/Black Slaves as 3/5 Persons? Then this matter too; must be remanded back to The People. To either accept by amending its Constitution, "that a marriage is between the same-sexes." Or to be rejected or accepted by a Democratic vote of YAHWEH_GOD_WORD-DNA: - "regarding marriage between a man and woman."

Will the TORAH/BIBLE Believers; see in a New Ruling form the Robert's Supreme Court the violation, which has also held that if a judge wars against the Constitution, or if he acts without jurisdiction, he has engaged in treason to the Constitution? Don't Ask, Don't Tell is already the Law of the land, but will it be expanded to prohibit the "simple-minded people from preaching Isaiah 14:1-14, "Cry aloud, spare not, lift up thy voice like a trumpet, and shew my people their transgression, and the house of Jacob their sins. - Yet they seek me daily, and delight to know my ways, as a nation that did righteousness, and forsook not the ordinance of their God: they ask of me the ordinances of justice; they take delight in approaching to God. - Wherefore have we fasted, [say they], and thou seest not? [wherefore] have we afflicted our soul, and thou takest no knowledge? Behold, in the day of your fast ye find pleasure, and exact all your labours. - Behold, ye fast for

strife and debate, and to smite with the fist of wickedness: ye shall not fast as [ye do this] day, to make your voice to be heard on high. - Is it such a fast that I have chosen? a day for a man to afflict his soul? [is it] to bow down his head as a bulrush, and to spread sackcloth and ashes [under him]? wilt thou call this a fast, and an acceptable day to the LORD? - [Is] not this the fast that I have chosen? to loose the bands of wickedness, to undo the heavy burdens, and to let the oppressed go free, and that ye break every yoke? - [Is it] not to deal thy bread to the hungry, and that thou bring the poor that are cast out to thy house? when thou seest the naked, that thou cover him; and that thou hide not thyself from thine own flesh? - Then shall thy light break forth as the morning, and thine health shall spring forth speedily: and thy righteousness shall go before thee; the glory of the LORD shall be thy rereward. - Then shalt thou call, and the LORD shall answer; thou shalt cry, and he shall say, Here I [am]. If thou take away from the midst of thee the yoke, the putting forth of the finger, and speaking vanity; - And [if] thou draw out thy soul to the hungry, and satisfy the afflicted soul; then shall thy light rise in obscurity, and thy darkness [be] as the noonday. - And the LORD shall guide thee continually, and satisfy thy soul in drought, and make fat thy bones: and thou shalt be like a watered garden, and like a spring of water, whose waters fail not. - And [they that shall be] of thee shall build the old waste places: thou shalt raise up the foundations of many generations; and thou shalt be called, The repairer of the breach, The restorer of paths to dwell in. - If thou turn away thy foot from the sabbath, [from] doing thy pleasure on my holy day; and call the sabbath a delight, the holy of the LORD, honourable; and shalt honour him, not doing thine own ways, nor finding thine own pleasure, nor speaking [thine own] words: - Then shalt thou delight thyself in the LORD; and I will cause thee to ride upon the high places of the earth, and feed thee with the heritage of Jacob thy father: for the mouth of the LORD hath spoken [it].”

These “**simples-minded**” Billion of Believers, non-Believers and you yourself brother Scafia as a Believer of Faith final prayer is: that this Republic Nefas-Constitution is not its Bible, which “vitiate” the First TORAH/BIBLE-Institution of marriage between a man and a woman: only?

"FRAUD ON THE COURT BY AN OFFICER OF THE COURT"
And "Disqualification Of Judges, States and Federal"
Pages #4

"Fraud On The Court By An Officer Of The Court"
And "Disqualification Of Judges, State and Federal"

1. Who is an "officer of the court"?

2. What is "fraud on the court"?

3. What effect does an act of "fraud upon the court" have upon the court proceeding?

4. What causes the "Disqualification of Judges?"

1. Who is an "officer of the court"?

A judge is an officer of the court, as well as are all attorneys. A state judge is a state judicial officer, paid by the State to act impartially and lawfully. A federal judge is a federal judicial officer, paid by the federal government to act impartially and lawfully. State and federal attorneys fall into the same general category and must meet the same requirements. A *judge is not the court*. People v. Zajic, 88 Ill.App.3d 477, 410 N.E.2d 626 (1980).

2. What is "fraud on the court"?

Whenever any officer of the court commits fraud during a proceeding in the court, he/she is engaged in "fraud upon the court". In *Bulloch v. United States*, 763 F.2d 1115, 1121 (10th Cir. 1985), the court stated "Fraud upon the court is fraud which is directed to the judicial machinery itself and is not fraud between the parties or fraudulent documents, false statements or perjury. ... It is where the court or a member is corrupted or influenced or influence is attempted or where the judge has not performed his judicial function — thus where the impartial functions of the court have been directly corrupted."

"Fraud upon the court" has been defined by the 7th Circuit Court of Appeals to "embrace that species of fraud which does, or attempts to, defile the court itself, or is a fraud perpetrated by officers of the court so that the judicial machinery can not perform in the usual manner its impartial task of adjudging cases that are presented for adjudication." *Kenner v. C.I.R.*, 387 F.3d 689 (1968); 7 Moore's Federal Practice, 2d ed., p. 512, ¶ 60.23. The 7th Circuit further stated "a decision produced by fraud upon the court is not in essence a decision at all, and never becomes final."

3. What effect does an act of "fraud upon the court" have upon the court proceeding?

"Fraud upon the court" makes void the orders and judgments of that court.

It is also clear and well-settled Illinois law that any attempt to commit

ATTACHMENT EXHIBIT:

"FRAUD ON THE COURT BY AN OFFICER OF THE COURT"

And "Disqualification Of Judges, States and Federal"

Pages #4

"fraud upon the court" vitiates the entire proceeding. The People of the State of Illinois v. Fred E. Sterling, 357 Ill. 354; 192 N.E. 229 (1934) ("The maxim that fraud vitiates every transaction into which it enters applies to judgments as well as to contracts and other transactions."); Allen F. Moore v. Stanley F. Sievers, 336 Ill. 316; 168 N.E. 259 (1929) ("The maxim that fraud vitiates every transaction into which it enters ..."); In re Village of Willowbrook, 37 Ill.App.2d 393 (1962) ("It is axiomatic that fraud vitiates everything."); Dunham v. Dunham, 57 Ill.App. 475 (1894), affirmed 162 Ill. 589 (1896); Skelly Oil Co. v. Universal Oil Products Co., 338 Ill.App. 79, 86 N.E.2d 875, 883-4 (1949); Thomas Stasel v. The American Home Security Corporation, 362 Ill. 350; 199 N.E. 798 (1935).

Under Illinois and Federal law, when any officer of the court has committed "fraud upon the court", the orders and judgment of that court are void, of no legal force or effect.

4. What causes the "Disqualification of Judges?"

Federal law requires the automatic disqualification of a Federal judge under certain circumstances.

In 1994, the U.S. Supreme Court held that "Disqualification is required if an objective observer would entertain reasonable questions about the judge's impartiality. If a judge's attitude or state of mind leads a detached observer to conclude that a fair and impartial hearing is unlikely, the judge must be disqualified." [Emphasis added]. *Liteky v. U.S.*, 114 S.Ct. 1147, 1162 (1994).

Courts have repeatedly held that positive proof of the partiality of a judge is not a requirement, only the appearance of partiality. *Liljeberg v. Health Services Acquisition Corp.*, 486 U.S. 847, 108 S.Ct. 2194 (1988) (what matters is not the reality of bias or prejudice but its appearance); *United States v. Balistreri*, 779 F.2d 1191 (7th Cir. 1985) (Section 455(a) "is directed against the appearance of partiality, whether or not the judge is actually biased.") ("Section 455(a) of the Judicial Code, 28 U.S.C. §455(a), is not intended to protect litigants from actual bias in their judge but rather to promote public confidence in the impartiality of the judicial process.").

That Court also stated that Section 455(a) "requires a judge to recuse himself in any proceeding in which her impartiality might reasonably be questioned." *Taylor v. O'Grady*, 888 F.2d 1189 (7th Cir. 1989). In *Pfizer Inc. v. Lord*, 456 F.2d 532 (8th Cir. 1972), the Court stated that "It is important that the litigant not only actually receive justice, but that he believes that he has received justice."

The Supreme Court has ruled and has reaffirmed the principle that "justice must satisfy the appearance of justice", *Levine v. United States*, 362 U.S. 610, 80 S.Ct. 1038 (1960), citing *Offutt v. United States*, 348 U.S. 11, 14, 75 S.Ct. 11, 13 (1954). A judge receiving a bribe from an interested party over which he is presiding, does not give the appearance

of justice.

"Recusal under Section 455 is self-executing; a party need not file affidavits in support of recusal and the judge is obligated to recuse herself sua sponte under the stated circumstances." Taylor v. O'Grady, 888 F.2d 1189 (7th Cir. 1989).

Further, the judge has a legal duty to disqualify himself even if there is no motion asking for his disqualification. The Seventh Circuit Court of Appeals further stated that "We think that this language [455(a)] imposes a duty on the judge to act sua sponte, even if no motion or affidavit is filed." Balistreri, at 1202.

Judges do not have discretion not to disqualify themselves. By law, they are bound to follow the law. Should a judge not disqualify himself as required by law, then the judge has given another example of his "appearance of partiality" which, possibly, further disqualifies the judge. Should another judge not accept the disqualification of the judge, then the second judge has evidenced an "appearance of partiality" and has possibly disqualified himself/herself. None of the orders issued by any judge who has been disqualified by law would appear to be valid. It would appear that they are void as a matter of law, and are of no legal force or effect.

Should a judge not disqualify himself, then the judge is violation of the Due Process Clause of the U.S. Constitution. United States v. Sciuto, 521 F.2d 842, 845 (7th Cir. 1996) ("The right to a tribunal free from bias or prejudice is based, not on section 144, but on the Due Process Clause.").

Should a judge issue any order after he has been disqualified by law, and if the party has been denied of any of his / her property, then the judge may have been engaged in the Federal Crime of "interference with interstate commerce". The judge has acted in the judge's personal capacity and not in the judge's judicial capacity. It has been said that this judge, acting in this manner, has no more lawful authority than someone's next-door neighbor (provided that he is not a judge). However some judges may not follow the law.

If you were a non-represented litigant, and should the court not follow the law as to non-represented litigants, then the judge has expressed an "appearance of partiality" and, under the law, it would seem that he/she has disqualified him/herself.

However, since not all judges keep up to date in the law, and since not all judges follow the law, it is possible that a judge may not know the ruling of the U.S. Supreme Court and the other courts on this subject. Notice that it states "disqualification is required" and that a judge "must be disqualified" under certain circumstances.

The Supreme Court has also held that if a judge wars against the Constitution, or if he acts without jurisdiction, he has engaged in treason to the Constitution. If a judge acts after he has been automatically disqualified by law, then he is acting without jurisdiction, and that suggest that he is then engaging in criminal acts of treason, and may be engaged

in extortion and the interference with interstate commerce.

Courts have repeatedly ruled that judges have no immunity for their criminal acts. Since both treason and the interference with interstate commerce are criminal acts, no judge has immunity to engage in such acts.

Mormon Plan to Disavow Racist Teachings Jeopardized by Publicity

By LARRY B. STAMMER
TIMES RELIGION WRITER

WASHINGTON—The president of the Mormon History Assn. said Saturday that it is less likely that the Church of Jesus Christ of Latter-day Saints will disavow African American skin color to 19th century teachings that linked biblical curses because of publicity about that possibility.

Armand L. Mauss said he believes the top leadership of the 10-million member church may worry that they would be seen as bowing to public pressure if they

made such a disavowal in the wake of news stories about secret deliberations on the issue. Mauss, who is among those who for several years have been privately seeking such a disavowal, said an article in The Times last week that reported on the efforts may thwart them.

Mauss said the church's Committee on Public Affairs, which is considering the issue, was going to make a recommendation to top church officials, known as the First Presidency.

Sources close to the sensitive deliberations told The Times that a statement would be issued as early

as next month, the 20th anniversary of the landmark 1978 decision by the church to admit all worthy men to the priesthood, regardless of their race or color.

Mauss, who has written papers for church officials outlining the history of the teachings and offering a rationale for repudiating them while still upholding basic Mormon doctrine, said he would not have done so unless he was encouraged by church leaders.

A source told The Times that although the publicity had momentarily put discussions on hold, it was possible they would resume.

Keith Atkinson, a spokesman for the church in Los Angeles, said Saturday he could not comment on what the church may or may not do. But he said he believed the church had already disavowed the teachings when it admitted men with black African ancestry to the priesthood in 1978.

Also Saturday, two more Mormon historians joined Mauss in calling on the church to disavow its legacy of racism.

They noted that although blacks are now admitted to the priesthood, the underlying theology—particularly discourses and statements by

past Mormon leaders on the curses that helped justify the former ban—continues to be widely circulated within the church.

The latest to issue such a call were Mormon historians Lester E. Bush Jr. and Newell C. Bringhurst, who on Friday was elected president of the association.

"Church leaders simply were mistaken in accepting and teaching the notion that blacks had any known relationship to Cain, Ham, Egyptians or any other biblical figures," Bush wrote in a paper delivered here Saturday before the historical association.

REVEREND CHARLES LINDER FLOYD/CEO

EARTH DAY INTERNATIONAL
Dr, Gary Herbertson, President
THE QUEEN MARY
Long Beach, CA 90802

**RE: "CAMP SURVIVAL" LAKE ELSINORE, CA MOUNTAIN
RANGES SITE LOCATION**

Dear Sir:

Per our subsequence 1996, conversations regarding, Survivors of Racial Toxicity (S.O.R.T.), its "Camp Survival", for LA YOUTHS, that are (running out of lungs). (According to Dr. Russell Sherwin, 1990 REPORT). S.O.R.T., implore the City of Lynwood, to join this effort to assist LA YOUTHS and LYNWOOD YOUTHS in whatever, capacity you so chose.

THE GOAL

THE GOAL OF THIS CAMP IS FOR THE SOLE PURPOSE OF TRANSPORTING INNER-CITY CHILDREN OUT INTO THIS AREA FOR "CLEAN AIR NOW!" This choice environmental area is located in the Lake Elsinore mountains range. These week end visits will offer them relief from the constant breathing of, hazardous toxic air! According

to the L.A.'s Lehtal Air Magazine LABOR/COMMUNITY WATCHDOG article, ("this is the result of the LIFE THREATING PRODUCTS, that are manufactured by all types of INDUSTRY, who control all scheduling of production, the methods, processes and means of manufacturing are solely and exclusively the responsibility of the corporations"). The BY-PRODUCTS "FROM ALL AUTOS AND INDUSTRIAL SOURCES, THERE-BY, GENERATES THE, (worst carbon monoxide air in the nation), only found at the, SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT, (SCAQMD) ZONE-12 MONITOR STATION, IN THE CITY OF LYNWOOD, CALIFORNIA.

S.O.R.T., finds itself in an ombudsman role. S.O.R.T., acting on behalf of LA YOUTHS, and Dr. Russell Sherwin, 1990 REPORT, also uninformed INDUSTRIES, at this point. There must be a amicable resolve by all Parties, that affect LA YOUTHS, in creating this unsafe health epidemic, on OUR NATIONS INNER-CITIES, YOUTHS LUNGS.

In this worst case scenario, the CARBON MONOXIDE which lies at latitude 33 degrees, 55 minutes, 20 seconds and longitude 118 degrees, 12 minutes, 42 seconds-better known as 11220 Long Beach Blvd., in the working-class suburb of Lynwood. SOLELY DUE TO THIS CITIES LOCATION IN THE (WIND FIELDS) OF THE South Coast Air Basin, LYNWOOD, serves as, "THE FUNNEL" for the entire SCAB (winds fields), TO FLOW INTO AND THROUGH. "INDUSTRIES, as well LA YOUTHS, are victims, and victimized in this, (QUITE HOLOCAUST). However, this in no wise expurgate CORPORATE AMERICA from its LIABILITY! This is home to LA YOUTHS, that are (running out of lungs), which live in Los Angeles County. Also this is the home to INDUSTRIES, that must

produce fuel and entertainment for all of society.

S.O.R.T.'s intent, is to intimate a policy of mitigation in lieu of litigation, (in the aftermath of Liggett Group, nicotine addictive tobacco-related disease settlement). This will achieve (IMMEDIATE RELIEF) for these Inner-Cities Youths, that are (running out of lungs), according to, "Dr. Russell Sherwin, 1990 REPORT."

S.O.R.T., is actively soliciting all of its collaborative Environmental Groups, for this united campaign. Special thanks must go to, "CITIZENS FOR A BETTER ENVIRONMENT, for their (1989 INDUSTRY REPORT), of the twenty-five (WORST POLLUTERS) for LA County."

LA Youths, are expecting INDURSTIES to act, as a consortium, in join this humanitarian effort, to create and support a; "SURVIVAL CAMP", IN THIS RARE SPOT OF FRESH CLEAN AIR!

PROJECTIONS

Approximate acquisition cost for this 300+ acres site is \$3.5 million dollars. The infrastructure of this Camp will be developed as Phase-I for \$5,000,000.00, and in other phases as determined by a needs assessment.

S.O.R.T.'s, IMMEDIATE EMERGENCY IS FOR \$50,000.00, in order to execute a 12 months, move-in lease option purchase of LOT#26 Ranch house for its 1996 Summer Camp Activities.

S.O.R.T.'S, ADDITIONAL NEEDS ARE FOR THE FOLLOWING:

1. **Acquisition Funds**
2. **(2) Packard Bell Multimedia CUP166 MHz intel Pentium Processor or The Power Mac 9500/132**
3. **(2) 15 Passengers Vans/OMV**
4. **(1) One Ton New Pickup/OMV**
5. **(2) Fax Machines and (2) copiers/M**
6. **Office Supplies**
7. **Insurance**
8. **Salaries for (5) Employee**
9. **Farm Machinery**
10. **Complete Commercial Kitchen**
11. **(1) Walk-in Freezer Box**
12. **Commercial Air Conditions**
13. **Etc.**

How smog affects the body

Each year, smog prematurely kills more than 1,600 people in the South Coast basin, according to air quality officials. Smog may cause premature aging of the lungs, making the sick and elderly more susceptible to disease and death.

1 NOSE

The nose filters out 50 percent of inhaled ozone pollution and 90 percent of sulphur dioxide. But in the process pollution kills cells and damages the nose. Microscopic particles escape the nose's filters and penetrate the deepest reaches of the lungs.

2 IRRITATION IN THE NOSE AND UPPER RESPIRATORY TRACT

Breathing smog triggers a cascade of events, starting with burning of the eyes and throat and progressing to deep chest pain. Infiltration causes an unconscious shift to a rapid, shallow breathing pattern, similar to that caused by fear.

3 BRONCHIOLE AIRWAYS

Cells lining the airways are covered with tiny hairs, called cilia, that beat in a rhythmic pattern, moving a sheet of mucus up to the throat, where it is swallowed. Mucus carries away harmful pollution particles as well as bacteria and viruses. Ozone and particle pollution disrupt cilia, making them move irregularly or not at all, leading to less efficient cleaning of the lungs.

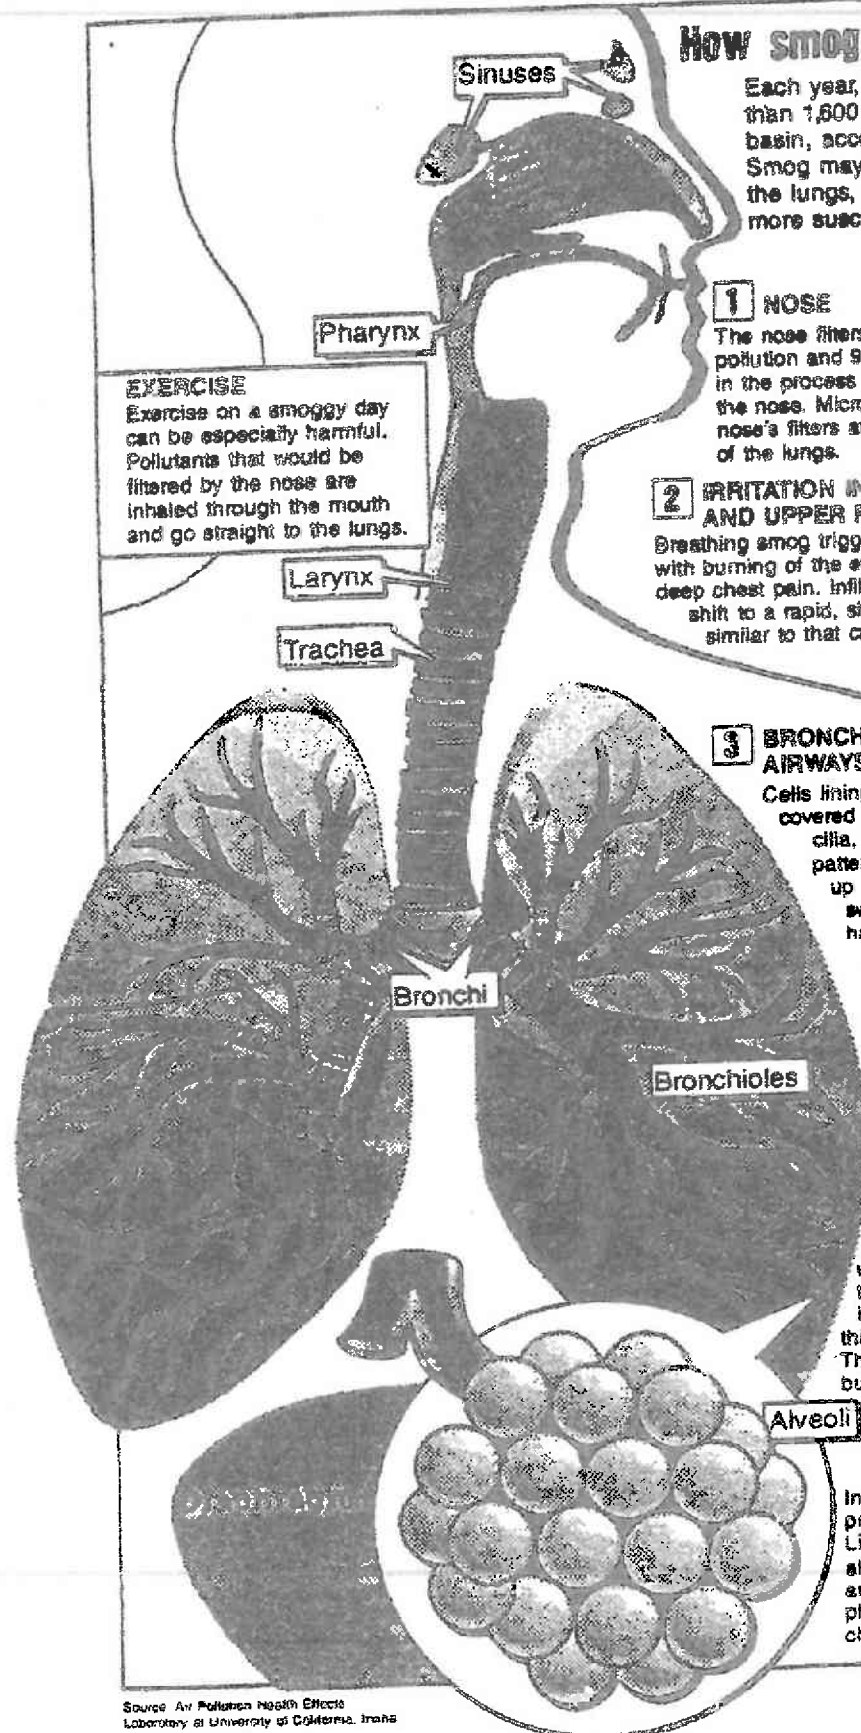

4 ALVEOLI

At the ends of the bronchiole airways, adults have about 300 million alveoli, tiny sacs where oxygen is transferred to the blood and carbon dioxide is removed. Ozone damages thin-walled cells in the alveoli. The cells are repaired in time, but the process is not perfect and scientists fear the constant cycle of damage and repair may lead to premature aging of the lung.

In the alveoli, macrophages protect against foreign particles. Like PacMan, they roam the alveoli, eating up soot, bacteria, and viruses. Damaged macrophages can leak harmful chemicals they have captured.

EXERCISE

Exercise on a smoggy day can be especially harmful. Pollutants that would be filtered by the nose are inhaled through the mouth and go straight to the lungs.

Los Angeles Times

Lung Illness Claims More Blacks Than Whites

WEDNESDAY, FEBRUARY 7, 1996

During Black History Month, the American Lung Assn. reports that the mortality rates due to lung disease among blacks is 19.6% higher than that of whites. Other facts:

- In 1993, the prevalence of asthma among blacks was more than 22% higher than among whites; blacks represented 12% of the population in the United States, but constituted 21% of all asthma deaths.

- In 1993, 26% of blacks smoked; while blacks smoke fewer cigarettes per day than whites, on average they tend to smoke brands with higher nicotine levels.

- The lung cancer rate for black males is nearly 50% higher than for white males.

- About 86% of blacks live in an urban setting, increasing their exposure to a considerable amount of environmental pollutants.

- Occupational lung disease is the No. 1 work-related illness in the United States.

- Non-Hispanic blacks are more likely to contract active tuberculosis than are whites.

- Sarcoidosis, a disease of the lungs in which small areas of inflamed cells (granulomas) appear, affects blacks more than whites. The prevalence rate is 40 per 100,000 for blacks compared with five per 100,000 for whites.

For more information, call the American Lung Assn. at (800) LUNG-USA.

Carbon Monoxide Levels in Lynwood Puzzle Experts

■ **Environment:** City violates standards more often than any area in the nation. The cause eludes researchers.

By JUDY PASTERNAK
TIMES STAFF WRITER

Carbon Monoxide Central lies at latitude 33 degrees, 55 minutes, 20 seconds and longitude 118 degrees, 12 minutes, 42 seconds—better known as 11220 Long Beach Blvd. in the working-class suburb of Lynwood.

The storefront at that address bears no identifying sign. Grime coats the drawn window blinds, an empty bird's nest tops the door. Inside, electronic instruments deliver data to a far-off computer and on the roof, a weather vane twirls, checking wind speed and direction.

This spot violates federal carbon monoxide standards more frequently than any other in the

nation. The store is a monitoring station run by the South Coast Air Quality Management District where the U.S. limit—an eight-hour average of 9.4 parts of carbon monoxide per million parts of air—was exceeded 47 times in 1990. The country's runner-up, nearby Hawthorne, surpassed the limit only 11 times.

Concentrations of carbon monoxide—a colorless, odorless gas that steals oxygen from blood—started dropping nationwide in the mid-1970s. Although Lynwood has followed that pattern, levels there remain consistently higher than in surrounding territory.

For more than two years, scientists from all over the West, re-

Please see LYNWOOD, A22

LYNWOOD: Carbon Monoxide

Continued from A1
 cruited by the state Air Resources Board, have been trying to figure out why.

They have used tethered weather balloons, a Pontiac equipped with a carbon monoxide scanner and a roadside sensing device that measures emissions from passing cars.

They have pondered questions of chemistry, meteorology, sociology and traffic.

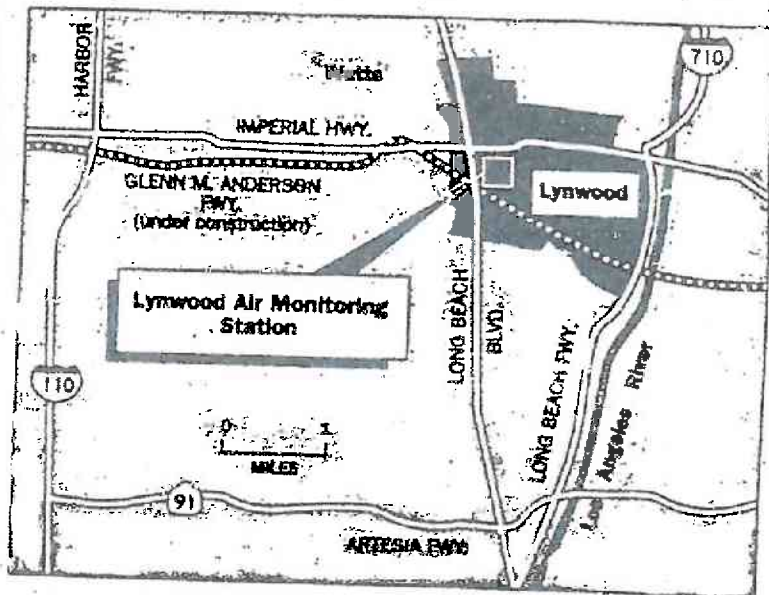

They are troubled by their findings. "I probably would personally worry about living there," said physicist Robert C. Niringner, who headed the research team for a Monrovia consulting firm that conducted several Lynwood experiments.

Like a bully cutting in for a dance, carbon monoxide shoves aside oxygen that would otherwise attach to hemoglobin for a ride through the bloodstream. Medical researchers have linked oxygen shortages to coronary artery disease. Some also speculate that pregnant women exposed to carbon monoxide may be more likely to bear children with low birth weights, although few studies have been done.

The federal standard is the maximum amount of carbon monoxide deemed safe for the most vulnerable—people such as Lynwood's mayor and the head of the local chamber of commerce, both multiple-bypass veterans.

Adding in daily exposures to car exhaust, cigarette smoke, kerosene space heaters and gasoline-powered lawn mowers, "people near that monitor [station] are actually exposed to even higher concentrations," said Steven Colome, an

The Lynwood Mystery

Los Angeles Times

The carbon monoxide levels in Lynwood are among the worst in nation. Scientists are working to learn why. Here is some background:

A Grim Picture

In terms of carbon monoxide emissions:

- **U.S. Standard:** 9.4 parts per million on average over eight hours.
- **Worst in Nation:**
 - ✓ In 1990, the city of Lynwood exceeded the federal standard 47 times over 37 days.
 - ✓ Lynwood also had four carbon monoxide alerts—when levels exceed 15 parts per million—the only ones in California in 1990.
 - ✓ The South Coast Air Quality Management District says there were two carbon monoxide alerts in the Los Angeles region this winter—both in Lynwood.
- **The Runner-Up:** The city of Hawthorne, which exceeded the federal standard 11 times in 10 days in 1990.

Car Trouble

Following are the number of vehicles that pass through the Lynwood area on freeways each day:

Freeways	Vehicles Per Day
Glenn M. Anderson	147,000*
Long Beach	193,000
Harbor	219,000
Artesia	237,000

* Projected number of vehicles for freeway, formerly known as the Century, now under construction

 LOS ANGELES TIMES

'I probably would personally worry about living there.'

ROBERT C. NUNINGER

Physicist who headed

Air Resources Board research team

environmental health consultant who has studied the effect of carbon monoxide on heart patients. "Yeah, I would have some concern."

In probing the mysteries of Lynwood, researchers are exploring a form of foul air that has not received as much attention as the region's notorious smog. Carbon monoxide is a very different kind of pollutant.

Smog's prime time runs from May to October because sunlight, which plays a central role in its formation, is twice as strong in the summer as in the winter. Carbon monoxide is a winter phenomenon because cold air traps it close to the ground.

Smog's major element, ozone, is created from many chemicals baking over time as they are borne east by the winds. The blending generally occurs quite far from the factories and exhaust pipes where the chemicals started out.

Carbon monoxide is spewed directly into the air, with no time lost to complex reactions. It becomes a problem close to the spot where it is generated. Motor vehicles are thought to be responsible for about 90% of carbon monoxide in the air.

And so it follows that smog is most dense in the Inland Empire—Lynwood's ozone problem is relatively minor—while carbon monoxide concentrates in the western, more heavily populated parts of the Los Angeles Basin.

Why Lynwood is the worst of the worst is not so obvious. But researchers hope to have the answer by the end of the year, after one more carbon monoxide season has come and gone.

Already they speculate that causes include a fateful combination of light winds, a concentration of old, highly polluting cars and, most important, the hundreds of thousands of vehicles wending their way along commuter routes that bracket the city.

Still, riddles remain and researchers wonder if the key factor is eluding them.

concrete, but with plenty of graffiti testifying to the presence of visitors ("Smog King," for one, has been there).

But the Anderson Freeway is scheduled to open in the fall of 1993. Despite a car-pool lane and, eventually, a light rail line in the median, the highway is expected to carry 147,000 tailpipes through Lynwood every day.

The prospect adds fuel to the debate over freeways' impact on air quality. The Anderson's course through Lynwood is "not going to help," said Margaret Hoggan, an AQMD analyst.

Caltrans engineer Ralph Thunstrom believes it will. He said the freeway will divert traffic off Lynwood's surface streets and ease congestion, leading to a reduction in the number of idling engines that emit large amounts of carbon monoxide.

Whoever is right, there is more to the Lynwood dilemma.

After all, there are plenty of freeways crisscrossing the rest of Los Angeles County, in areas where the carbon monoxide readings are not nearly so high.

But the cars traveling Lynwood's surface streets also tend to be older and the contents of their exhausts dirtier than in other parts of the county, ARB and University of Denver researchers found.

In December, 1989, they used a roadside sensor—sort of a radar gun for pollutants—in Lynwood, the Mid-Wilshire area and Long Beach. When they detected cars with high carbon monoxide emissions, they captured the license plates on videotape and sought more details about the offenders from the Department of Motor Vehicles.

The cars measured in Lynwood had a mean age of 8.73 years, compared to 5.3 in the other two locales. Previous tests of the sensing device in Chicago found vehicles with a mean age of 5.5 years, said University of Denver chemist Donald H. Stedman.

The older cars spewed out considerably higher amounts of carbon monoxide than their newer counterparts, Stedman said. Some were built before pollution control devices were required, some have been the object of tampering and many were not well-maintained, he said.

That comes as no surprise to Charlie Redner, shop foreman for a

out the running engine while in a supplier's lot. "I have to be, to make it."

Air pollution is not something he thinks about much, and when he does, he accepts it as part of living in the city. "I don't smoke, but you don't have to smoke to get bad air in Los Angeles," he said. "That's just how it is."

But adding old cars to the equation does not provide a full answer. There are plenty of old cars outside Lynwood, too.

So investigators also have looked for clues in the lay of the land and the currents of air.

In winter, the inversion layer is much lower than in summer—cold stagnant air traps pollutants at the rooftop level of a one-story house.

The inversions are even stronger in Lynwood because of slight ridgelines to the west and south. "It acts sort of like a very shallow basin," said AQMD senior meteorologist Joseph Cassmassi.

The morning and evening winds are light, significantly slower than in Vernon, a suburb just more than six miles away. There is little to push out the carbon monoxide cloud.

That cloud tends to cover the entire city, the research team found. They had wondered if the AQMD monitor, situated on a busy street, was in a particularly sensitive spot. But 30 extra monitors and the roving Pontiac with on-board sensors determined that that was not the case.

Even that information does not complete the puzzle. The data gatherers have found two more pieces that do not easily fit.

For one thing, Lynwood's carbon-monoxide levels tend to peak twice during the day. The first is from 6 a.m. to 8 a.m., during morning rush hour. That makes sense. The second, though, is from 10 p.m. to midnight, well after the evening commute has ended.

Instruments in anchored weather balloons discovered something else that cannot be readily explained. Carbon monoxide levels were higher above the inversion layer than below.

Does Lynwood's carbon monoxide problem stem from something besides cars? Is it coming from somewhere else?

"I don't know, right now," said

Re: Acceptance of IRS TAX Donated Property of 1348 Lincoln Street, Bakersfield,
CA 91372

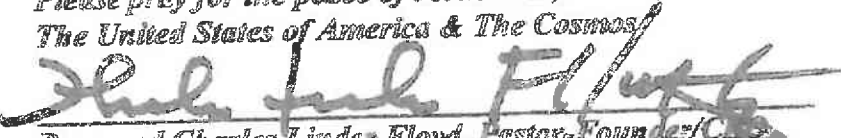

Dear Sirs:

The Second Mount Moriah Missionary Baptist Church, Inc., #95-3688118 would like to thank Mr. John Tonoyan, and Mr. Stanley Zimmerman again for their donation of property located at 1348 Lincoln Street, Bakersfield, CA 91372. This will allow us to extend all of our current ministries into Kern County, now if you could only find us a farm in the same area or ranch.

The title for this property will be vested in the above Church name. If this donation could be expedited it would allow the Church for year 2002 Redevelopment Calendar, to explore options for the development of this property consistence with our ministry.

The IRS requires, that all gifts of future property must bear an attached Form 3283. As soon as all documents are prepared, I can come into the office to sign them in order to expedite, and close this transaction in time to meet the Redevelopment 2002 Calendar. Please call Reverend Floyd, at 760-948-2093 for all information required in closing this matter for the Church.

UNTIL OUR LORD COMES,
Please pray for the peace of Jerusalem, CUSH,

Re: FAITHBASE.ORG CAMP SURVIVORS PROJECT PRESENTATION

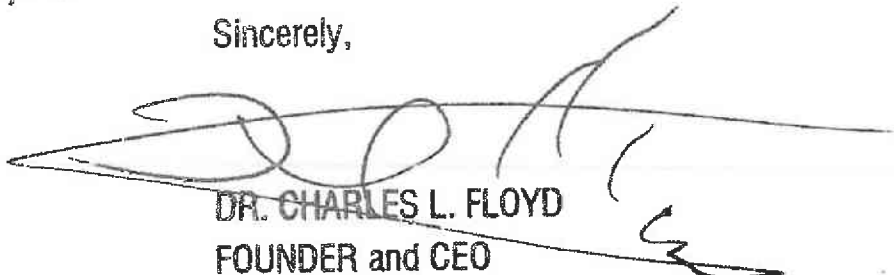

Dear Mrs. Mead:

It is with great pleasure that FAITHBASE.ORG's Camp Survivors Program is presented for your consideration.

Camp Survivors is a program that involves more than words and data you will see on paper, but is the realization of a vision that has been in the working for more than forty (40) years. It is not limited to my vision only, but involves the dreams of people of goodwill who desire to save our inner city youth and environmental issues affecting Planet Earth.

It is my sincere desire that your favorable consideration be given to this most desirable humanitarian project.

Sincerely,

DR. CHARLES L. FLOYD

Dear Dr. Floyd,

Thank you the information you sent on your most interesting project. Unfortunately, your project does not meet the guidelines for the Mead Family Foundation. One of the requirements for consideration is that the project be located in Montgomery County, Maryland and Washington, D.C.

Please excuse the lateness of this reply but I underwent surgery and am still recuperating. I will return your material because it may be of use to you.

Sincerely,

Marilyn K. Mead

The law requires you to make available for public inspection a copy of your organization's exemption application, any supporting documents and the exemption letter to any individual who requests such documents in person or in writing. You can charge only a reasonable fee for reproduction and actual postage costs for the copied materials. The law does not require you to provide copies of public inspection documents that are widely available, such as by posting them on the Internet (World Wide Web). You may be liable for a penalty of \$20 a day for each day you do not make these documents available for public inspection.

Because this letter could help resolve questions about your organization's exempt status and foundation status, you should keep it with the organization's permanent records.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

This letter affirms your organization's exempt status.

Sincerely,

John E. Ricketts, Director, TE/GE

Dear Brother Voorhees,

RE: Enclosed is the information requested regarding the various Ministries of
The Second Mount Moriah Missionary Baptist Church, Inc. (SMMMBC).

All of our Ministries are Faithbased and Biblical grounded for its support. However, wise
business acumen is foremost in our every endeavor as we attempt to carry out our
Spiritual and social requites to all mankind.

The questions were asked (?). Who do you know and to what extent of support you can
expect from them in order to retire a debt service? To answer your questions, who do we
know with funds to support our program if you make this property available to
SMMMBC? We know God who own everything, and men are on granted stewardship
rights to their possessions. We know wherever He leads. He makes provision for His
Kingdom work, and lost souls everywhere to be saved. In our Ministries we only seek out
those who would be (rich to God), and those who believe that they themselves can
change the world as a single person.

For funding we will maintain every ethical means available in reaching the public for its
continued support as in the past for all of our ministries. Support for our Ministry comes
from world-changers like, yourself, and Dr. Summer Reed who has pledged \$100,000.00
of advertising for 2010 see attach letter. The August 9, 2000 enclosed letter also will
reference, but a very smaller list of our collaborative-givers.

However, the bulk of our revenue will come from multi streams such as internet sales of
our product lines of over 150 religious art works, literature, CD, and music sales. Any

one of our ever increasing product lines can generate millions in sales. Second source of funding will be generated from the development of Green Energy Projects. SMMMBC along with Christian Energy Electric & Gas Company, Inc., will create a new Green-Faith 501©(3) Corporation in order to develop these green energy projects for a sustainable long term source of income for Gospel Ministry worldwide.

Projects I: could be your 900 acres Solar Development as a 501©(3) Green Project. Project II: is a proposed 6000 acres Windmill Farm in Texas, as soon as the Venture Capital is secured. The area local Junior College is already conducting a training program from its Satellite Campus at the neighboring main-stream chemical company. Project-III: is a new concept to be discussed with Lawrence Livermore National Laboratory for analysis and development if proven commercially viable.

While some of these are long range sources the internets and TV media are the fastest sources of generating real immediate income streams. It will require us to develop first-class websites capable of sending and capturing the thousand of emails sent daily while at the same time converting them into repeat-customers purchases. All of our marketing data on key words surveys regarding our Jewish Ministry and the Christian Jewish Ministries (of inclusion not exclusion) shows global appeal.

The timing is ripe for the launching of The Jew-Jehovah's Eternal Way message to The White House first, Next to the Nation of Israel, Egypt, and Assyria-Iraq-Iran, along to the rest of the world. Our interest in your property is twofold. **Number 1:** we believe that it is where God want to launch this Global Ministry of (Oneness) in the Body of Christ. **Number 2:** not only will be able to retire any debt service on this property, but it must be capable of generate the additional \$2,000,000.00 for our Medical Rescue Clinic and SECOND CHANCE VILLAGE in Kush/Nigera, in order to rescue the street Orphans.

One of our long term Collaborative before starting, "ASK ME INTERNATIONAL". Who raised \$1,000,000.00 in bond sales for the Nation of Israel, and was awarded for her funding raising efforts for "Casa de Mana". The Arch Dioceses of San Joaquin Valley presented to her an award for her outstanding contribution. She has personally requested, that we allow her to raise the necessary funding in order to place this White House Religious Art work Geneses 15:18, in all Holocaust Centers around the world. Not only will this generate sustainable revenues, but our website-signature will be seen by billion around the world.

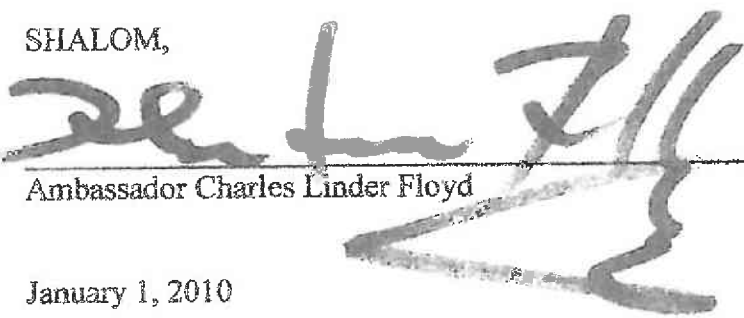

As you know, that this property has no viable means of generating sufficient income to retire its debt servicing. The highest and best use of this property is for a Environmental Christian Youth Retreat, and a base of operation for all of our Ministries. However, it will take approximately \$150,000.00 in order for us to relocate to this site, and start operating these programs.

We are requesting that you prayerfully, consider making this property available on a lease option sale of two years in order for a revenue source to be created to purchase it with principle reduction payments as soon as any funds are generated. Please let us know as

soon as possible your decision regarding this Ministry Proposal for relocating to this ranch. Our biggest concern is for our Youth Camp animals if we are force to move out of this place before we can secure a suitable site for a new Ministry. Our Ministry will need immediate assistance if this proposal is accepted. I believe that The Master, have need of this ranch, but you alone must make this happen.

This first attachments below is a personal-conformation \$100,000.00 tax write off from Dr. Summer Reed, and her various organizations starting in 2010. We must supply photos and all necessary documentations of our new sites for a commercial ad for publications as soon as possible. We are discussing advertisement exchanges for Healing hand Magazine front covers.

SHALOM,

Ambassador Charles Linder Floyd

January 1, 2010

Happy New Year Dr. Floyd,

Here is our informal decision. I am pleased to inform you, that Healing Hands Magazine's board of directors has decided to allocate your organization a 100,000.00 limit for advertising. This can be used for print or television or any combination. The television portion of our magazine airs nationally on ION Network days. This gift is to be used for your children's program from city to country. It fits within our guidelines for assistance. Healing Hands Magazine in the recent past has assisted organizations with similar goals. Love a Child, I Can, Feed the Children, The Red Cross, Doctor's Without Borders, Susan Komen Foundation and numerous others. This gift can not be sold or transferred.

For any further questions please call us at 209-487-9612 or 209-460-1499.

With Kind regards,
Dr. Summer Reed
CEO/ Talk Show Host

Re: DONATION OF TRAILER

Dear Sir:

Survivor of Racial Toxicity (SORT) is a 34-year-old organization. It is also one of the Major Green Groups in the environmental field. SORT is currently bringing inner city Youths out to its 25 acres Church environmental project for "weekend-get-a-ways just to be kids."

This letter will memorialize our August 7, 2000 conversation regarding the gift of a trailer to the Second Mount Moriah Missionary Baptist Church, Inc., (SMMMBC) for its Environmental Camp Project in the Phelan, California 25 acres site.

SMMMBC will issue to your Company an IRS tax gift letter for this trailer. If the value of your gift exceed \$5000.00, we would then need an appraisal provided by you the Donor. However, if it is less than the \$5000.00 limit, then the IRS requires no appraisal.

We estimate the value of this trailer to be approximate \$4,500.00. If this value is acceptable to your Company, we will then forward the hard copy with the Church Official Seal attached. We are prepared to move the trailer to our Church site at 9484 Yucca Terrace Drive Phelan, CA 92371.

We are pleased to acknowledge, numerous of generous gifts in the past two years. Gifts from the Southern California Edison \$50,000, South Down Cement Co. \$25,000, Wal-Mart \$500, The Hanson Family Trust \$15,000, K&R Tractor Service \$10,000, Jim & Jack Auto \$80,000 commercial trailer, John Tonoyan 13 acres Perris, CA \$172,000 and the Fini Getty gift of 10 acres of land in Phelan, CA \$50,000, are but a small list of SORT Donors.

The immediate gift of this trailer will assist our project greatly in expanding our outreach to the high desert and the inner cities, "At Risk Youth." We would consider your visit to this project a high honor, in order to consider this project for a revolving supportive role to these, "At Risk Youth."

We can be reached at the following numbers, 760-948-2093 Reverend Charles Linder Floyd.

Encls: #6

P.S. THIS PROJECT IS IN NEED OF ALL TYPES OF BULDING SUPPLIES, ENGINEERING, ARTICUTURE, TRANSPORTATION, TRACTORS, AND PRO BONO SERVICES.

"RUNNING OUT OF LUNGS"
