FORM APPROVED COUNTY COUNSEL  
DATE 2/17/15  
BY: GREGORY P. PRIAMOS  
Departmental Concurrence

**FROM:** General Manager-Chief Engineer

**SUBMITTAL DATE:**

April 7, 2015

**SUBJECT:** Adopt Resolution No. F2015-02 Making Responsible Agency CEQA Findings; Approval of Cooperative Agreement with the City of Corona concerning Corona's Foothill Parkway Westerly Extension Project, Project Nos. 2-0-00041 and 2-0-00070, District 2, [\$0]

**RECOMMENDED MOTION:** That the Board of Supervisors:

1. Adopt Resolution No. F2015-02 Making Responsible Agency Findings Pursuant to the California Environmental Quality Act, Adopting a Mitigation Monitoring and Reporting Program, and Issuing Certain Limited Approvals for the Foothill Parkway Westerly Extension Project by Approving the Cooperative Agreement; and
2. Approve the attached Cooperative Agreement between the Riverside County Flood Control and Water Conservation District ("District") and the City of Corona; and
3. Authorize the Chairman of the Board to execute the Cooperative Agreement on behalf of the District; and
4. Direct the Clerk of the Board to file the Notice of Determination with the County Clerk within five (5) days of the approval of the Cooperative Agreement.

WARREN D. WILLIAMS  
General Manager-Chief Engineer

**SUBMITTAL TO THE FLOOD CONTROL AND WATER CONSERVATION DISTRICT  
BOARD OF SUPERVISORS, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

**FORM 11:** Adopt Resolution No. F2015-02 Making Responsible Agency CEQA Findings; Approval of Cooperative Agreement with the City of Corona concerning Corona's Foothill Parkway Westerly Extension Project, Project Nos. 2-0-00041 and 2-0-00070, District 2, [\$0]

**DATE:** April 7, 2015

**PAGE:** Page 2 of 2

**BACKGROUND:**

**Summary**

The Cooperative Agreement is necessary to formalize the terms and conditions by which the City of Corona ("City") will be allowed to design and construct its proposed Foothill Parkway Westerly Extension Project ("Project"), which includes modification and/or reconfiguration of the District's existing Mabey Canyon Debris Basin and Kroonen Channel, portions of which are to be located within District rights of way. The Cooperative Agreement is also necessary to: i) establish the terms and conditions by which the City will be allowed to operate and maintain certain Project features to be constructed within District's existing and proposed rights of way; ii) formalize the transfer of necessary rights of way; and iii) provide for District construction inspection of the referenced modification and/or reconfiguration of the District's existing Mabey Canyon Debris Basin and Kroonen Channel.

Upon completion of Project construction, the District will assume ownership, operation and maintenance of the modified District's flood control facilities. City will assume ownership, operation and maintenance of Project and its associated features located within District's rights of way.

Pursuant to California Environmental Quality Act (CEQA), City has assumed the role of Lead Agency and has certified a Final Environmental Impact Report for the Project (State Clearinghouse Number 2007061044) on or about February 4, 2009. The District has more limited approval and implementing authority over the Project and thus serves only as a responsible agency for the Project pursuant to the requirements of CEQA. District Staff recommends the adoption of Resolution No. F2015-02 to make the requisite responsible agency CEQA findings for the limited approvals associated with the Project, approval of the Cooperative Agreement.

County Counsel has approved as to form the Cooperative Agreement and Resolution No. F2015-02. The City of Corona has approved and executed this Cooperative Agreement.

**Impact on Residents and Businesses**

Upon construction completion, the City's Foothill Parkway Westerly Extension Project will alleviate existing traffic congestion on the local circulation network and provide greater access to existing developments in the southern portion of the City, not only for routine daily traffic, but for emergency response vehicles as well. Local residents and businesses will benefit from the Project that is to be constructed by the City of Corona.

**SUPPLEMENTAL:**

**Additional Fiscal Information**

City is funding all design, construction and construction inspection costs. Future operation and maintenance costs of the modified District's facilities will accrue to the District.

**ATTACHMENTS:**

1. Resolution No. F2015-02
2. Cooperative Agreement
3. Notice of Determination
4. Authorization to Bill for Notice of Determination Filing
5. City of Corona's Draft Environmental Impact Report for the Foothill Parkway Westerly Extension Project (on CD)
6. City of Corona's Final Environmental Impact Report for the Foothill Parkway Westerly Extension Project (on CD)

**BOARD OF SUPERVISORS**

**RIVERSIDE COUNTY FLOOD CONTROL  
AND WATER CONSERVATION DISTRICT**

**RESOLUTION NO. F2015-02**

MAKING RESPONSIBLE AGENCY FINDINGS PURSUANT TO THE CALIFORNIA ENVIRONMENTAL QUALITY ACT, ADOPTING A MITIGATION MONITORING AND REPORTING PROGRAM, AND ISSUING CERTAIN LIMITED APPROVALS FOR THE FOOTHILL PARKWAY WESTERLY EXTENSION PROJECT BY APPROVING THE COOPERATIVE AGREEMENT

WHEREAS, the Riverside County Flood Control and Water Conservation District ("District") desires to enter into a certain Cooperative Agreement ("Agreement") to formalize the terms and conditions by which the City of Corona ("City") will be allowed to design and construct its proposed Foothill Parkway Westerly Extension Project ("Project"), which includes modification and/or reconfiguration of the District's existing Mabey Canyon Debris Basin and Kroonen Channel, portions of which are to be located within District rights of way; and

WHEREAS, the Agreement is also necessary to: i) establish the terms and conditions by which the City will be allowed to operate and maintain certain Project features to be constructed within District's existing and proposed rights of way; ii) formalize the transfer of necessary rights of way; and iii) provide for District construction inspection of the referenced modification and/or reconfiguration of the District's existing Mabey Canyon Debris Basin and Kroonen Channel; and

WHEREAS, upon completion of Project construction, the District will assume ownership, operation and maintenance of the modified District's flood control facilities. City will assume ownership, operation and maintenance of Project and its associated features located within District's rights of way; and

WHEREAS, the parties anticipate that a subsequent license agreement may also be needed to finalize the operation and maintenance terms and conditions mentioned above; and

WHEREAS, the District has more limited approval and implementing authority over the Project and thus serves only as a responsible agency for the Project pursuant to the requirements of CEQA; and

FORM APPROVED COUNTY COUNSEL  
BY: Synthia M. Gunzel 2-11-15  
SYNTHIA M. GUNZEL DATE

1  
2 WHEREAS, pursuant to California Environmental Quality Act (CEQA), City has  
3 assumed the role of Lead Agency and, with input from the District, has certified a Final  
4 Environmental Impact Report (EIR) for the Project (State Clearinghouse Number  
5 2007061044); and

6 WHEREAS, on February 4, 2009, the City adopted Resolution 2009-014, certifying the  
7 EIR and adopting mitigation measures and a statement of overriding considerations; and

8 WHEREAS, pursuant to CEQA, the City is the lead agency and is responsible for  
9 assuring that an adequate environmental analysis of the entire Project has been conducted; and

10 WHEREAS, pursuant to CEQA, the District is acting as a responsible agency for  
11 considering the EIR determined to be adequate and certified by the City; and

12 WHEREAS, all other legal prerequisites to the adoption of this Resolution have  
13 occurred,

14 NOW, THEREFORE, BE IT RESOLVED, DETERMINED AND ORDERED by the  
15 Board of Supervisors of the Riverside County Flood Control and Water Conservation District  
16 ("Board") assembled in regular session on April 7, 2015, in the meeting room of the Board of  
17 Supervisors located on the 1<sup>st</sup> floor of the County Administrative Center, 4080 Lemon Street,  
18 Riverside, California, based upon the evidence and testimony presented on the matter, both  
19 written and oral, including the Final Environmental Impact Report ("EIR"), as it relates to the  
20 Agreement, that:

21 1. Incorporation of Recitals. The above recitations constitute findings of the Board  
22 with respect to the Agreement and are incorporated herein.

23 2. Consideration of the EIR and Adoption of Findings Regarding CEQA  
24 Compliance. As the decision-making body for the District, and in the District's limited role as a  
25 responsible agency under CEQA, the District has received, reviewed, and considered the  
26 information contained in the EIR for the Project, any comment letters, and other related  
27 documents. The Agreement is within the scope of the EIR and the environmental effects of the  
28 Project have been adequately addressed in the EIR. Based on this review, the Board finds that,

1  
2 as to those potential environmental impacts within the District powers and authorities as  
3 responsible agency, that the EIR for the Agreement contains a complete, objective, and  
4 accurate reporting of those potential impacts and reflects the independent judgment and  
5 analysis of the District.

6 3. CEQA Findings on Environmental Impacts. In its limited role as a responsible  
7 agency under CEQA, the Board finds that there are no feasible alternatives to the Agreement or  
8 the Project which would avoid or substantially lessen this Project's potentially significant  
9 environmental impacts but still achieve most of the Agreement's or Project's objectives. The  
10 Board further finds that the mitigation measures imposed by the lead agency are sufficient to  
11 reduce all potentially significant impacts to a level of less than significant except as described  
12 in the EIR. As such, the Board concurs with the environmental findings adopted by the lead  
13 agency, which are attached hereto as Attachment "A", and, therefore, the Board adopts those  
14 findings as its own and incorporates them herein.

15 4. Adoption of Mitigation Monitoring and Reporting Program. The Board hereby  
16 approves and adopts the Mitigation Monitoring and Reporting Program as it relates to the  
17 Agreement which was prepared for the Project and approved by the lead agency, which is  
18 attached to the written findings attached hereto as Attachment "A" and incorporated herein.

19 BE IT FURTHER RESOLVED by the Board that the following impacts associated with  
20 the Project may not be fully mitigated despite the inclusion of all available mitigation measures  
21 and requires a statement of overriding considerations:

22 1. Aesthetics, Light and Glare:

23 Potential Impact: Development of the Project would result in grading and  
24 construction activities that would temporarily alter the visual character of the  
25 Project site and surrounding area. The Board further finds that temporary  
26 impacts of the Project due to alteration of the visual character of the Project site  
27 and the surrounding area would be reduced to the extent feasible with the  
28 implementation of the mitigation measures; however, the impact would still be

1 significant and unavoidable.

2  
3 Mitigation:

4 a. Mitigation measure 5.2-1, as described on Exhibit A attached hereto, are  
5 hereby incorporated by reference.

6 Potential Impact: Development of the Project would result in the alteration to a  
7 scenic vista within the view shed of the Project site. The Board further finds  
8 that impacts of the Project related to the alteration of a scenic vista within the  
9 view shed of the Project site would be reduced to the extent feasible with the  
10 implementation of the mitigation measures; however, the impact would still be  
11 significant and unavoidable.

12 Mitigation:

13 a. Mitigation measures 5.2-2a through 5.2-2c, as described on Exhibit A  
14 attached hereto, are hereby incorporated by reference.

15 Potential Impact: Development of the Project would result in a substantial  
16 alteration of the existing visual character and quality of the Project site and its  
17 surroundings. The Board further finds that impacts of the Project due to the  
18 substantial alteration of the existing visual character and quality of the Project  
19 site and its surroundings would be reduced to the extent feasible with the  
20 implementation of the mitigation measures; however, the impact would still be  
21 significant and unavoidable.

22 Mitigation:

23 a. Mitigation measures 5.2-3a and 5.2-3b, as described on Exhibit A  
24 attached hereto, are hereby incorporated by reference.

25 2. Air Quality:

26 Potential Impact: Construction of the Project would result in PM<sub>10</sub>, PM<sub>2.5</sub> and  
27 NO<sub>x</sub> emissions that would exceed South Coast Air Quality Management  
28 District's thresholds of significance. The Board further finds that impacts of the

1  
2 Project from exceedance of South Coast Air Quality Management District's  
3 thresholds of significance during construction would be reduced to the extent  
4 feasible with the implementation of the mitigation measures; however, the  
5 impact would still be significant and unavoidable.

6 Mitigation:

7 a. Mitigation measures 5.5-1a through 5.5-1d, as described on Exhibit A  
8 attached hereto, are hereby incorporated by reference.

9 3. Noise:

10 Potential Impact: Grading, construction, and construction-related vibration  
11 generated by construction equipment within the Project area would result in  
12 temporary noise and vibration impacts to nearby noise-sensitive receptors. The  
13 Board further finds that temporary impacts of the Project grading, construction,  
14 and construction-related vibration generated by construction equipment within  
15 the Project area would be reduced to the extent feasible with the implementation  
16 of the mitigation measures; however, the impact would still be significant and  
17 unavoidable.

18 Mitigation:

19 a. Mitigation measures 5.6-1a through 5.6-1g, as described on Exhibit A  
20 attached hereto, are hereby incorporated by reference.

21 4. Cultural Resources:

22 Potential Impact: Implementation of the Project would cause a significant  
23 impact to historical resources on the Project site. The Board further finds that  
24 impacts of the Project on historical resources on the Project site would be  
25 reduced to the extent feasible with the implementation of the mitigation  
26 measures; however, the impact would still be significant and unavoidable.

27 Mitigation:

28 a. Mitigation measures 5.8-1a through 5.8-1c, as described on Exhibit A

1  
2 attached hereto, are hereby incorporated by reference.

3 5. Geologic and Seismic Hazards:

4 Potential Impact: Implementation of the Project has the potential to expose  
5 commuters to adverse effects associated with the rupture of a known earthquake  
6 fault. The Board further finds that impacts of the Project due to exposure of  
7 commuters to adverse effects associated with the rupture of a known earthquake  
8 fault would be reduced to the extent feasible with the implementation of the  
9 mitigation measures; however, the impact would still be significant and  
10 unavoidable.

11 Mitigation:

- 12 a. Mitigation measure 5.10-2, as described on Exhibit A attached hereto,  
13 are hereby incorporated by reference.

14 BE IT FURTHER RESOLVED by the Board that it has balanced the benefits of the  
15 Project against the unavoidable adverse environmental effects thereof. The Board finds that the  
16 benefits of the Project outweigh the unavoidable effects described herein. Therefore, the Board  
17 finds the adverse environmental effects of the Project are "acceptable" in light of the following  
18 benefits.

19 Facts Supporting Finding:

- 20 A. The mitigation measures set forth above, as described on Exhibit A attached  
21 hereto, are hereby incorporated by reference as fully set forth herein.
- 22 B. The Project will complete the City's overall traffic circulation plan in the  
23 southern portion of the City of Corona.
- 24 C. The Project will alleviate existing traffic congestion on the local circulation  
25 network.
- 26 D. The Project will accommodate traffic generated by approved and planned  
27 development in south Corona.
- 28 E. The Project will increase access to existing and future developments in the

southern portion of Corona for routine daily traffic and emergency response vehicles.

F. The Project will achieve the City's standard Level of Service "D" for local streets and arterial highways in the most cost-effective manner that would be compatible with existing and future physical and legal constraints while minimizing impacts to the extent feasible and providing value to the community.

BE IT FURTHER RESOLVED, DETERMINED AND ORDERED that, as required by State CEQA Guidelines Section 15096 and in its limited role as responsible agency under CEQA, the Board hereby approves the Agreement.

BE IT FURTHER RESOLVED, DETERMINED AND ORDERED by vote of the Board of Supervisors of the Riverside County Flood Control and Water Conservation District, in regular session assembled on April 7, 2015, in the meeting room of the Board of Supervisors of the District located on the 1<sup>st</sup> Floor of the County Administrative Center, 4080 Lemon Street, Riverside, California, at or after 10:30 a.m., that this Board with its approval of the Agreement now authorizes the Chairman to execute the Agreement.

BE IT FURTHER RESOLVED, DETERMINED AND ORDERED that the Board hereby directs the Clerk of the Board to file a Notice of Determination with the Riverside County Clerk and also with the Governor's Office of Planning and Research within five (5) working days of the approval of the Agreement.

BE IT FURTHER RESOLVED, DETERMINED AND ORDERED that the documents and materials that constitute the record of proceedings on which these findings are based are located at the offices of the Clerk of the Board of Supervisors for the District at 4080 Lemon Street, 1<sup>st</sup> Floor, Riverside, CA 92501 and the District Office, 1995 Market Street, Riverside, CA 92501.

BE IT FURTHER RESOLVED, DETERMINED AND ORDERED that the Clerk of the Board shall sign this Resolution to attest and certify to the passage and adoption thereof.

Cooperative Agreement (Project)**Project Location (include county)**

The Project is in the southwesterly limits of the city of Corona and the unincorporated area of Riverside County.

**Project Description**

The proposed Project consists of the Cooperative Agreement between the City of Corona and the Riverside County Flood Control and Water Conservation District (District). The Cooperative Agreement is necessary to formalize the terms and conditions by which the City of Corona will be allowed to construct improvements for its proposed Foothill Parkway Westerly Extension Project, which includes modification and/or reconfiguration of the District's existing Mabey Canyon Debris Basin and Kroonen Channel, portions of which are to be located within District rights of way. The Cooperative Agreement is also necessary to: i) establish the terms and conditions by which the City will be allowed to operate and maintain certain Project features to be constructed within District's existing and proposed rights of way; ii) formalize the transfer of necessary rights of way; and iii) provide for District construction inspection of the referenced modification and/or reconfiguration of the District's existing Mabey Canyon Debris Basin and Kroonen Channel. A subsequent license agreement may also be needed to finalize the operation and maintenance terms and conditions mentioned above.

This is to advise that the Riverside County Flood Control and Water Conservation District, as a Responsible Agency, approved the above described Project on April 7, 2015 and has made the following determinations regarding the described Project:

1. Pursuant to CEQA Guidelines Section 15096(f) the District, as a Responsible Agency, complies with CEQA by considering the environmental effects of the Project as identified in the Final Environmental Impact Report (EIR) for the Foothill Parkway Westerly Extension (SCH#2007061044) prepared by the City of Corona.
2. The District has received and considered the EIR.
3. The Project will have a significant effect on the environment.
4. No considerable different feasible mitigation measures have been identified and no mitigation measures found infeasible have become feasible.
5. Mitigation measures were made as conditions of approval and a mitigation monitoring and reporting program was adopted for the Project.
6. A Statement of Overriding Considerations was adopted for this Project.
7. Findings were made pursuant to the provisions of CEQA.
8. The Project will not result in any new significant environmental effects not identified in the EIR, nor will it substantially increase the severity of the environmental effects identified in the EIR.

This is to certify that the previously adopted environmental documents and the record of Project approval are available to the general public at: The Office of the Clerk of the Board, County Administrative Center, 4080 Lemon Street, Riverside, CA 92501.

**Subject:** Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code.

**Project Title:** Foothill Parkway Westerly Extension

**State Clearinghouse Number:** 2007061044

**Lead Agency Contact:** Mr. Kip Field, P.E., Acting Public Works Director, City of Corona, 951.739.4823

**Project Location:** Foothill Parkway between Skyline Drive and Green River Road, in the City of Corona and unincorporated Riverside County, California. See attached map.

**Project Description:** The proposed Foothill Parkway Westerly Extension project is located within the southwesterly limits of the City of Corona and in the unincorporated area of Riverside County within the City's sphere of influence, along the base of the Santa Ana Mountains and would involve the extension of Foothill Parkway as a four-lane roadway, from approximately 600 feet west of Skyline Drive to Green River Road. At Skyline Drive, the roadway would veer to the west into unincorporated Riverside County and continue in an east/west direction along the City/County boundary. The alignment would then curve to the north and connect with Green River Road in the vicinity of Paseo Grande. The project is being designed to protect the existing 108-inch Metropolitan Water District feeder line located approximately 1,000 feet southeast of Paseo Grande. Roadway improvements would require right-of-way acquisition for new landscaping, curbs, shoulders, travel lanes, landscaped medians, and water lines.

**Determinations**

This is to advise that the City of Corona [ Lead Agency  Responsible Agency] has approved the above-described project on February 4, 2009 and has made the following determinations regarding the above-described project:

1. The project [ will  will not] have a significant effect on the environment.
2.  An Environmental Impact Report was prepared and certified for this project pursuant to the provisions of CEQA.  
 A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [ were  were not] made a condition of the approval of the project.
4. A Mitigation Monitoring and Reporting Program [ was  was not] adopted for this project.
5. A Statement of Overriding Considerations [ was  was not] adopted for this project.
6. Findings [ were  were not] made pursuant to the provisions of CEQA, including CEQA Guidelines Section 15091.

This is to certify that the Environmental Impact Report with comments and responses and record of project approval is available to the General Public at the: City of Corona Public Works and Community Development Departments, 400 South Vicentia Avenue, Corona, CA 92882, and City of Corona Public Library, 650 South Main Street, Corona, CA 92882.
