BACKGROUND:

Summary

The County of Riverside (County) is proposing to resurface approximately 4.7 miles of Grand Avenue in the Lakeland Village area of Riverside County. The limits are Corydon Road, northwesterly to Bonnie Lea Drive. The project consists of resurfacing the existing pavement, minor road widening, and reconstruction and construction of concrete curb, gutter, cross gutter, spandrels, sidewalk, and Americans with Disability Act (ADA) access ramps. Traffic improvements include new striping and pavement markings, new larger street name signs, and other work as may be required.

One segment of Grand Avenue is located within the jurisdictional boundaries of the City of Wildomar (City). The segment is 815 linear feet on the northwesterly side of Grand Avenue from Corydon Street to Richard Lane. By combining this segment with the County project, the segment will be resurfaced, and the entire road will have consistent pavement markings and striping.

This Cooperative Agreement between the County and the City outlines each agency's responsibilities for the completion of the construction phase of the project and provides for the City to contribute \$63,000 for construction of improvements within the City limits.

The award of the construction contract to Griffith Company is being submitted to the Riverside County Board of Supervisors for acceptance concurrent with this Cooperative Agreement.

This Cooperative Agreement was approved by the Wildomar City Council on March 12, 2015.

Impact on Residents and Businesses

The proposed improvements will improve safety and enhance operational efficiency for Grand Avenue in the Lakeland Village community and the City.

SUPPLEMENTAL:

Additional Fiscal Information

COOPERATIVE AGREEMENT BY AND BETWEEN
COUNTY OF RIVERSIDE
AND
CITY OF WILDOMAR
FOR
GRAND AVENUE RESURFACING IMPROVEMENTS

This Agreement is entered into this _____ day of _____, 2015, by and between the County of Riverside, (hereinafter "COUNTY"), and the City of Wildomar, (hereinafter "WILDOMAR") for the construction of Grand Avenue Resurfacing Improvements located within the jurisdictional boundaries of WILDOMAR. The COUNTY and WILDOMAR are sometimes hereinafter referred to individually as the "PARTY" and collectively as the "PARTIES".

RECITALS

- A. COUNTY is proposing to resurface approximately 4.7 miles of Grand Avenue in the Lakeland Village area of Riverside County. The limits are Corydon Road, northwesterly to Bonnie Lea Drive. The resurfacing project will cold plane 0.25' of the existing asphalt and place 0.25' of new Hot Mix Asphalt (HMA) back on the road.
- B. At several locations along Grand Avenue, the road will be widened from 2' to 14' to provide room for cars to safely slow for right turns.
- C. In addition to the resurfacing and widening, a new 0.17' layer of Asphalt Rubber Hot Mix (ARHM) will be placed over the entire road width.
- D. The work will include removal and reconstruction of broken or cracked concrete curb & gutter, sidewalk, cross gutter and spandrels. The existing access ramps at the intersections will be replaced or upgraded to comply with current ADA standards and FHWA requirements for resurfacing. Portions of the existing concrete "dip-sections" will be reconstructed and one new dip-section will be constructed at Lorimer St.
- E. Grand Avenue is striped with one 12' wide through lane in each direction and a 12' wide two-way left turn lane. After the paving is complete, new striping matching the existing striping layout, pavement markings, and other work as may be required will be provided. New, larger, street name signs will be placed at the corner of all public side streets.

Grand Avenue Resurfacing Improvements

- 1 F. The Grand Avenue improvements described above are sometimes hereinafter referred to collectively as
- 2 "PROJECT".
- 3 G. One segment of the PROJECT is located within the jurisdictional boundaries of WILDOMAR. The
- 4 segment is on the northwesterly side of Grand Avenue from Corydon Street to Richard Lane and is 815

- 6 H. The PROJECT includes replacement of portions of the existing concrete "dip-section" partially located in
- 7 WILDOMAR. " The segments of the PROJECT within COUNTY are hereinafter referred to as "COUNTY

- 10 referred to as "WILDOMAR Improvement", WILDOMAR desires to designate the COUNTY as the lead
- 11 agency for the overall implementation of the PROJECT, since COUNTY has extensive experience in the
- 12 development and implementation of similar type projects. COUNTY will therefore provide the
