BACKGROUND:

Summary

To receive Community Planning and Development (CPD) funds, an Urban County grantee must develop a One Year Action Plan (OYAP) for housing and community development activities and submit applications for Federal Assistance (SF-424) and related Federal certifications for the CDBG, HOME, and ESG programs to the U.S. Department of Housing and Urban Development (HUD). The County of Riverside Economic Development Agency (EDA), as lead agency and CPD funding grantee, prepares the OYAP pursuant to the goals outlined in the 2014 to 2019 Five-Year Consolidated Plan (CP). The OYAP details the activities to be undertaken by the County using funds received during the 2015-2016 program year from the Community Development Block Grant (CDBG) program, HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant (ESG) program funds, plus anticipated program income. As a planning document, the program goals and objectives identified in the OYAP focus on local housing and community development needs with an emphasis on lower income residents and provide strategies for addressing the identified needs. The County's 2015-2016 HUD CPD allocation totals \$9,968,051; this includes \$7,637,386 for CDBG; \$1,701,737 for HOME; and \$628,928 for ESG. A copy of the proposed 2015-2016 One Year Action Plan is attached.

BACKGROUND: (Continued)

On March 10, 2015, a public hearing was held before the County Board of Supervisors (BOS) to hear public comments regarding the proposed uses for the 2015-2016 HUD-funded CPD programs and which would best address the identified community development needs in the 2014-2019 Five-Year CP. Representatives from twenty-one (21) organizations made presentations seeking CDBG and/or ESG funds. Nine (9) other organizations submitted their presentations in writing. The 2015-2016 final draft One Year Action Plan was made available for public review and comment beginning March 27, 2015. Interested persons were able to submit written, oral, or electronically sent comments until 4:00 PM on April 27, 2015. Comments, if any, will be included in the final 2015-2016 One-Year Action Plan. A copy of the Public Notice is attached.

Pursuant to the California Environmental Quality Act (CEQA), the public hearing, approval and adoption of the 2015-2016 One Year Action Plan, and submittal of the applications to HUD for funding under the three entitlement programs, and related activities, were reviewed and determined to be categorically exempt from CEQA under State CEQA Guidelines Section 15061(b)(3), General Rule or "Common Sense" exemption. It can be seen with certainty that there is no possibility that the proposed project may have a significant effect on the environment. The individual activities and projects identified in the 2015-2016 One Year Action Plan will be subject to a separate CEQA environmental review prior to taking any choice limiting action or discretionary action on those specific projects. A Notice of Exemption will be filed by County staff with the County Clerk within five (5) days of the approval and adoption of the 2015-2016 One Year Action Plan.

Furthermore, the public hearing, approval and adoption of the 2015-2016 One Year Action Plan, and submittal of the applications to HUD for funding under the three entitlement programs, and related activities, were reviewed and determined to be exempt from the provisions of the National Environmental Policy Act (NEPA) pursuant to Title 24 Code of Federal Regulations Sections 58.34 (a)(1) and (a)(3) since the proposed project is an administrative and planning/strategy activity. The individual activities and projects identified in the 2015-2016 One Year Action Plan will be subject to separate NEPA environmental review prior to taking any choice limiting action or discretionary action on those specific projects.

Staff recommends (i) approval and adoption of the proposed 2015-2016 One Year Action Plan and authorization to formally submit the plan to HUD, and (ii) authorization to formally submit the application for Federal Assistance (Standard Form 424) together with the required certifications and project descriptions to HUD. If approved and adopted, the 2015-2016 One Year Action Plan will be available for viewing online and at various locations throughout the County.

Impact on Citizens and Businesses

The CPD funds, together with other resources, will be used to provide County residents with a more suitable living environment through safer, livable neighborhoods; increased housing opportunities; homelessness prevention and shelter; reinvestment in deteriorating neighborhoods; and expanded economic opportunities through more jobs paying self-sufficiency wages.

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) _____, _____ (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

1. A policy prohibiting the use of excessive force by law enforcement agencies within its

jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

40 YEARS OF BUILDING STRONG COMMUNITIES
COMMUNITY DEVELOPMENT BLOCK GRANT

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

To receive Community Planning and Development (CPD) funds, an Urban County Grantee must develop a One Year Action Plan (OYAP) for housing and community development activities. The Economic Development Agency (EDA), as lead agency for the County of Riverside, prepares the OYAP pursuant to the goals outlined in the 2014 - 2019 Five-Year Consolidated Plan (CP). The OYAP details the activities to be undertaken by the County using funds received during the 2015-2016 program year from the Community Development Block Grant (CDBG) program, HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant (ESG) program funds, and anticipated program income. As a planning document, the program goals and objectives identified in the OYAP focus on local housing and community development needs with an emphasis on lower-income residents. The OYAP also provides strategies for addressing the identified needs.

The U.S. Department of Housing and Urban Development (HUD) CPD-funded programs are important tools for helping local governments tackle serious community development challenges facing their communities. These programs have made a difference in the lives of millions of people and their communities across the Nation.

The County of Riverside is the fourth most populated county in the State, consisting of urbanized neighborhoods, suburban cities, and remote rural communities. The County encompasses approximately 7,200 square miles, and is bounded by San Bernardino on the north, Orange County on the west, San Diego and Imperial Counties on the south, and the Colorado River and the State of Arizona on the east. Riverside County includes twenty-eight (28) incorporated cities as well as numerous unincorporated neighborhoods and communities. According to the Department of Finance population estimates, the County has a population of over two million residents, of which, more than one million live in the Urban County area.

The 2015-2016 OYAP of the 2014-2019 Five-Year CP is guided by the three major commitments and priorities:

- To provide a suitable living environment through safer, more livable neighborhoods; greater incorporation of lower-income residents throughout Riverside County communities; increased housing opportunities; and reinvestment in deteriorating neighborhoods.
- To provide decent housing by preserving the affordable housing stock; increasing the availability of affordable housing; reducing discriminatory barriers; increasing the supply of supportive housing for those with special needs; and transitioning homeless persons and families into housing.
- To expand economic opportunities through employment opportunities that pay self-sufficiency wages; homeownership opportunities; development activities that promote long-term community sustainability; and the empowerment of lower-income persons to achieve self-sufficiency.

This 2015-2016 OYAP covers the second year of the 2014-2019 CP and identifies anticipated levels of funding for the program year, describes the geographic areas in which assistance will be directed, and provides the rationale used.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The range of issues that currently confront the County are as diverse as its residents. This diverse population is also accompanied by very differing needs that help to identify personal, educational, employment, recreational, housing, and other goals. The County is continuously striving to balance resources and the need to meet these goals by addressing critical issues in the communities such as: homelessness; aging infrastructure and community facilities; lack of various services including child care and health care; the need for affordable housing; and chronic unemployment and under-employment. A large segment of the population continues to face challenging issues as the regional economy continues to recover.

Consistent with Federal Guidelines, the County has developed a performance measurement system that identifies performance objectives and outcomes for each of the planned activities. In order to aggregate accomplishments at a national level, HUD has recommended grantees to utilize standardized objectives and outcomes for reporting achievements.

The primary objective of the CDBG program is to develop viable urban communities. Based upon this intent, it must be determined which of the following three objectives best describe the purpose of an activity:

- Provide decent housing (DH);
- provide a suitable living environment (SL);
- and/or expand economic opportunities, principally for lower income persons (EO).

Each activity must also meet specific performance outcomes that are related to at least one of the following:

- Availability/Accessibility (1);
- Affordability (2); or
- Sustainability - Promoting Livable or Viable Communities (3).

The community development needs are significant, with many areas of overlap requiring cross-cutting, place-based solutions. The County is tasked both with determining the areas of greatest need and the areas in which community investment can have the greatest impact given the limited resources available.

The CPD funding sources that will be used to implement the objectives and outcomes of the 2014-2019 Five-Year CP are as follows:

1. Community Development Block Grant (CDBG): The primary objective of this program is to develop viable urban communities by providing decent and affordable housing, a suitable living environment, and economic opportunities, principally for persons of low- and moderate-income. The CP proposes that public facility and infrastructure funds be focused strategically on projects in low-and moderate-income neighborhoods. The goal is to create visible impacts that deliver greater efficiencies and bring about positive changes within the community. There is also a need, in various degrees, for services across most categories of special need. This includes seniors, at-risk youth, working parents, persons with disabilities, individuals with chronic illness, and persons with other conditions affecting their ability to function independently and productively. Potential CDBG activities include: construction or rehabilitation of public facilities and infrastructure, removal of architectural barriers, interim assistance, code enforcement, economic development, and public services.

2. HOME Investment Partnerships Program (HOME): The HOME program provides federal funds for the development and rehabilitation of affordable rental and ownership housing for low-income households. HOME funds will be used for activities that promote a suitable living environment, decent and affordable rental housing and homeownership by low income households including tenant-based rental assistance, homebuyer assistance, acquisition, rehabilitation, and new housing construction. Funds are allocated by formula to participating jurisdictions. The program allows great flexibility with respect to the types of projects to be assisted (new construction or rehabilitation), the form and amount of financing, the types of housing, and the households assisted. In addition, with the need to link access to supportive services to affordable and appropriate housing, there will be more coordination and collaboration between housing providers and service providers.

3. Emergency Solutions Grant (ESG): The ESG program places greater emphasis on helping people quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness. This is accomplished by providing homeless persons with basic shelter and essential supportive services to promote decent and affordable housing, a suitable living environment, and economic opportunities. ESG funds will be used for a variety of activities, including: rapid re-housing and homeless prevention activities, emergency shelter, operations and maintenance of facilities, essential supportive services, and street outreach.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

On an annual basis, HUD will review the performance of all entitlement recipients to determine whether each recipient is carrying out its CDBG assisted activities in a timely manner. If at sixty days prior to the end of the grantee's current program year, the amount of entitlement grant funds available to the recipient under grant agreements but undistributed by the U.S. Treasury is more than 1.5 times the

entitlement grant amount for its current program year the grantee is considered to be noncompliant with HUD requirements.

A Consolidated Annual Performance and Evaluation Report (CAPER) is prepared annually to capture progress toward meeting identified needs and achieving strategies. The County has been successful in implementing its public improvement and community service projects and programs as well as meeting the established objectives. HUD implemented this ongoing performance process to assess efficiency, cost effectiveness, and the impact of projects and programs in County neighborhoods. As a result of monitoring, performance measures, operational improvements, and resource allocation issues, policy questions can be identified and addressed. The County has continued its commitment to meeting priority goals outlined in the 2014-2019 Five-Year CP and 2015-2016 OYAP.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The Riverside County Economic Development Agency (EDA) is the lead County agency responsible for the administration, planning, reporting, and monitoring of three CPD funded programs: CDBG, HOME, and ESG. The EDA sought and encouraged community-wide participation in the development of the 2015-2016 OYAP through a community and resident outreach and participation process. To foster consultation and community outreach, the EDA utilized its Citizen Participation Plan (CPP) which establishes policies and protocols for community outreach and citizen involvement for the use of CPD funds. It was determined that the most appropriate and effective methods to obtain input from residents, service providers, and other interested persons concerning community development needs, issues, and opportunities are through:

1. Citizen participation meetings, public notices, public hearings, consultation feedback/memorandum of participation, and internet outreach
2. Comprehensive Community Needs Assessment Survey (Incorporated into the Consolidated Plan development process)

3. Urban County Participating Cities

A Notification of Funding Availability (NOFA) was published in July, 2014, for the 2015-2016 CDBG, ESG, and HOME programs. From August 2014 through January 2015, the County initiated its Citizen Participation (CP) process by notifying cooperating cities, community members, and public/private sector agencies of the 2015-2016 CPD Program Year.

The principal stakeholders in the CP process are:

1. Residents;
2. Community Councils and Municipal Advisory Councils (act as the forum for communication between the County and the citizens);
3. The County Board of Supervisors (who must approve the Federal Grant application and all substantial reprogramming decisions);

4. EDA staff; and
5. Activity Sponsors (non-profit and public agency service providers)

In an effort to broaden public participation, the agency conducted CP Meetings throughout the County's CPD program area. The CP meetings were held at times and locations convenient for potential and actual program beneficiaries. Prior to the CP Meetings, a County-wide notice, in English and Spanish, was published in newspapers of general circulation and made available on the Economic Development Agency's website announcing the purpose, date, time, and location of the meetings. In addition, non-profit social service providers, special districts, and other County departments and agencies were contacted to publicize the community meetings. The communities selected were representative of the unincorporated communities in the County with concentrations of low/moderate income households, minority households, excessive poverty rates, and other community development needs. CP meetings were also held in the cooperating cities. Citizens were invited to attend the meetings to discuss the anticipated CPD allocations; learn about the programs and services available to them; express their views on their community's housing and community development needs; prioritize community needs; and comment on prior program performance. This is an essential part of the planning process for the use of CPD funds.

During the preparation of the 2014-2019 Five-Year CP the County developed and distributed a Housing and Community Development Needs Assessment survey for residents, service providers, and other stakeholders to solicit community opinions and concerns. The survey was distributed throughout the County and was made available in English and Spanish in an effort to increase participation by Spanish-speaking residents. The survey was also available on-line. The survey incorporated seven general needs categories: Community Facilities, Community Services, Infrastructure, Housing, Employment and Commuting, Childcare, Economic Development, and Accessibility. Within each category, various subcategories were defined such as Senior Citizen Centers under the Community Facilities category and Health Services under the Community Services category. Respondents were asked to rate each using high, medium, low, or no-need. The survey provided residents the opportunity to identify community needs that could be addressed through CPD programs, assign priority among these needs, as well as participate in the development of affordable housing, and/or provision of services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, and homeless persons. The prioritization and investment decisions identified in the Five-Year Consolidated Plan serve to identify immediate and long range needs and objectives.

The County also sought assistance in the development of the County's 2015-2016 OYAP from the fourteen (14) cities participating in the Urban County Program and the City of Lake Elsinore-Joint Metro City. Each city was strongly encouraged to facilitate and support the participation of all residents in the assessment of community development needs by conducting public meetings and public hearings within their cities.

The County strongly supports and encourages community-wide participation, input, cooperation, and feedback from all residents of the County in the administration of its CPD-funded programs. The Citizen Participation process is necessary to ensure adequate citizen involvement in the determination of Riverside County's community needs and investment in housing, homelessness, community

development, and economic development for the five-year Consolidated Plan period. The County has continued its commitment to meeting priority goals outlined in the 2014-2019 Five-Year CP and 2015-2016 OYAP.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

On March 10, 2015, a Public Hearing was held before the County Board of Supervisors (BOS) to hear public comments regarding the proposed uses for the 2015-2016 HUD-funded CPD programs and which would best address the identified community development needs in the 2014-2019 Five-Year CP. Representatives from twenty-one (21) organizations made presentations seeking CDBG and/or ESG funds. Ten (10) other organizations submitted their presentations in writing between March 10, 2015 and April 27, 2015.

The 2015-2016 final draft One Year Action Plan was made available for public review and comment beginning March 27, 2015. Interested persons could submit written, oral, or electronically sent comments until 4:00 PM on April 27, 2015. The Board of Supervisors approved the County's 2015-2016 One Year Action Plan at the April 28, 2015, meeting. There were no comments submitted or made during the April 28, 2015 public hearing.

6. Summary of comments or views not accepted and the reasons for not accepting them

Pursuant to 24 CFR Part 91.220 (b), it is the policy of the County to accept and record all public comments pertaining to the 2015-2016 OYAP that are received during the posted public comment period or submitted during the public hearings. As noted in Section 5 above, all comments received for the March 10, 2015 Public Hearing were recorded into the record during the public comment period, and no comments were made during the April 28, 2015 public hearing.

7. Summary

The County is committed to the effective and equitable allocation of funds that serve the needs of the lowest- income and most disadvantaged residents. Households with incomes less than 50 percent of the area median income, particularly those with extremely low-incomes (less than 30 percent of area median income), are particular priorities.

Priorities can be achieved through a combination of:

- 1) Decent and affordable housing;
- 2) Investment in community development activities in lower-income and deteriorating neighborhoods;
- 3) investment in facilities that serve lower-income populations; and
- 4) Supportive services to maintain independence.

By focusing on these overall priorities, the County seeks to address community concerns such as:

- The need for additional decent, safe, and affordable housing, and alleviate rent burdens, homelessness, and deteriorating housing stock;
- Programs that improve community facilities and services in low-income areas;
- A network of shelters, housing, and services that prevent homelessness, including rapid re- housing and permanent housing, and the elimination of homelessness along the lines detailed in the 10-Year Plan to end chronic homelessness;
- Programs that promote economic development and create jobs and programs that increase the job skills level of potential employees; and
- Supportive services that increase the ability of seniors, persons with disabilities, and others with special needs to live independently.

Narrative (optional)

The lead agency responsible for the development of this OYAP is the County of Riverside Economic Development Agency (EDA), Community Services Division (CSD). Staff members from various agencies such as Housing, Economic Development, Public Social Services, Mental Health, Housing Authority, Workforce Development Center, and Fiscal participated in the research and development of the Plan. In Addition, the County consulted with the Riverside County Continuum of Care (CoC) on an on-going basis. Most of the agencies represented in the Con Plan are responsible for administering HUD funds, operating, and/or overseeing a range of activities.

In developing the OYAP the needs assessment, which was conducted for the 2014-2019 Five-Year CP, is used to identify levels of relative need regarding affordable housing, homelessness, special needs, and community development. This information was gathered through consultation with local agencies, public outreach, community meetings, and housing market analysis.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The OYAP represents an application to HUD for entitlement funds under three entitlement programs as well as a housing and community development policy and planning document. The three HUD entitlement programs are: Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG), formerly the Emergency Shelter Grant.

As part of the OYAP development process, the County consulted and coordinated with various departments, housing and community service providers, other jurisdictions, and other entities with a potential interest in or knowledge of the County's housing and non-housing community development issues. The following sections discuss the methods by which the County consulted, in addition to how staff that developed and followed this citizen participation process emphasized the participation of persons of low- and moderate-income.

To foster consultation and community outreach, the EDA utilized its Citizen Participation Plan which establishes policies and protocols for comprehensive community outreach and citizen involvement for the use of CPD funds. It was determined that the most appropriate and effective methods to obtain input from residents, service providers, and other interested persons concerning community development needs, issues, and opportunities are through:

1. Citizen Participation Meetings
2. Comprehensive Community Needs Assessment Survey (Incorporated into the Consolidated Plan development process)
3. Urban County Participating Cities

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The Urban County compiled an outreach list consisting of various public agencies/entities and service providers that the County consulted with including the following:

- Nonprofit service providers that cater to the needs of low and moderate income households and persons with special needs, including persons with disabilities;
- Affordable housing providers;

- Housing advocates;
- Housing professionals;
- Public agencies (such as school districts, health services, public works); and
- Economic development and employment organizations; and Community groups.

These and other specific agencies were invited to participate in the Urban County's consultation process. A Needs Assessment questionnaire was used to help confirm priorities set in the Five-Year CP. The development of the OYAP also included citizen participation, including public meetings held throughout the County in diverse communities, where participants were asked to discuss and prioritize the needs in their neighborhoods.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The County of Riverside Department of Public Social Services (DPSS) serves as the Collaborate Applicant for the county's Continuum of Care (CoC) program. The CoC Program resulted from the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH), which consolidated the separate McKinney-Vento homeless assistance programs (Supportive Housing Program, Shelter Plus Care Program, and Section 8 moderate Rehabilitation SRO Program) into a single grant program and revised the Emergency Shelter Grants program renaming it the Emergency Solutions Grants (ESG) program. Cross-program coordination is required to plan for and provide, as necessary, a system of strategies to address the various needs of homeless persons and persons at risk of homelessness.

The ESG program requires consultation with the CoC and communication among participating agencies. The CoC membership consists of organizations including non-profit homeless assistance providers, veteran service representatives, victim service providers, Public Housing Agency, social services providers, Mental Health Agency, formerly homeless individuals, and government organizations. The purpose of requiring this type of representation from a wide range of organizations within the CoC's geographic area is to ensure that all community stakeholders participate in developing and implementing a range of housing and services. ESG funded agencies have easy access to membership in the CoC and are encouraged to participate.

As the planning body, the CoC not only coordinates the community's policies, strategies, and activities toward ending homelessness but must also establish and consistently follow written standards for providing CoC assistance. In order to collect client-level data and data on the provision of housing and services provided to homeless or those at risk of homelessness, a CoC must have an established Homeless Management Information System (HMIS). This type of system allows for standardized data collection from projects serving homeless families and individuals. Through the data gathered, the CoC can measure performance at the system and project levels, including outcomes of projects funded under the ESG program. Data is also used to analyze needs and establish funding priorities as well as measuring the overall effectiveness of the homeless programs.

The CoC seeks to improve coordination and integration with mainstream resources and other community programs for people who are experiencing or are at-risk of becoming homeless. The CoC meets on a regular basis, sharing information about services among participating agencies and setting funding priorities and policies for homeless. The CoC Program provides homeless assistance by leveraging funding needed through the HUD consolidated application. This provides collaboration between providers of housing and homeless assistance programs and other federal programs. The goal is to assist people to achieve stability through self-sufficiency.

Aspects of the 2015-2016 OYAP development process and implementation of project objectives was a result of meeting and collaborating with the CoC as well as agencies and organizations that serve Riverside County residents. These meetings helped identify priority needs and the level of need for various coordinated housing and homeless efforts in the County. EDA will continue to consult with the CoC where necessary to address the needs of the homeless populations. To ensure the effective and efficient provision of housing and services to homeless individuals and families, the development of the OYAP also included active citizen participation as described in the Citizen Participation section. This joint effort has worked successfully in the past, and EDA pledges its continuing support of the endeavor.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The ESG funding allocations to various eligible activities are presented annually to members of the CoC for discussion and review.

The Riverside County EDA, the ESG recipient, consulted with the CoC to discuss the allocation of ESG funds in ways that:

- Coordinate across regional entitlement jurisdictions by developing and utilizing standardized eligibility and assessment tools;
- Support federal and local goals for priority populations;
- Allow for variations in the program design that responds to the needs and resources of the jurisdiction; and
- Comply with eligibility and verification requirements (HMIS, housing status, homeless definitions, etc.)

Based on standards and goals of the local CoC, the County has developed written performance standards for providing ESG assistance and must consistently apply those standards for all program participants. These standards are described in its Five-Year CP and in the 2015-2016 OYAP. The County and sub-recipients work with the CoC to ensure the screening, assessment, and referral of program participants are consistent with the standards. Performance standards are used to evaluate the outcome of project goals and objectives of the program. This allows better coordination with other service providers and provides integration with other programs targeted to homeless people in the area covered by the CoC. The 10-Year Plan to end Homelessness provides a strategic, community-wide system to prevent and end homelessness in Riverside County. The HEARTH Act makes Homeless Management Information System (HMIS) participation a statutory requirement for ESG recipients and sub-recipients. The CoC developed a centralized assessment system in accordance with HUD's standards on participation, data collection, and reporting under a local HMIS.

The County must ensure that client data on all persons served and all activities assisted under ESG are entered into the HMIS. This data is also used by the County to complete the annual Consolidated Annual Performance Report (CAPER). A victim service provider may choose not to use the HMIS but must use a comparable database that collects client-level data.

Policies and procedures for the administration of HMIS are as follows:

- The HEARTH Act requires HMIS participation as a statutory requirement for ESG grantees and sub-recipients. EDA and the sub-recipients coordinated with the Continuum of Care to ensure the screening, assessment, and referral of Program participants are consistent with the written standards.
- Designate one or more representatives to serve on the HMIS Steering Committee, the Committee responsible for overseeing the coordinated implementation of HMIS in Riverside County. The HMIS Steering Committee meets to review the progress of implementation, identify and resolve problems, update policies and procedures, and to review reports from participants.

- Ensure participating agencies and users receive collaborative-approved training and maintain a process to hear and address issues from users.
- Ensure that accurate data on all persons served and all activities assisted under ESG are entered into the community-wide HMIS.
- Establish a process to review, analyze and report key performance outcome measures on a regular basis.
- Access HUD required reports directly from HMIS. Compare HMIS reports to provider data and confirm all providers have corrected inaccurate data before reporting deadline.
- Using HMIS data, review preventing and ending homelessness results to evaluate the performance toward achieving outcomes in the plan.

Narrative (optional)

The County’s program covers the unincorporated areas, participating cities, and one Joint/Metropolitan City. The County initiated its Citizen Participation (CP) process by notifying cities, community members, public/private sector agencies and departments, and those that may have an interest in the CDBG program, to participate in the Consolidated Plan process through the Notice of Funding Availability (NOFA) process. In an effort to broaden public participation, the agency conducted Citizen Participation Public Meetings throughout the County’s CPD program area. These communities are representative of the unincorporated communities in the County with concentrations of low/moderate income households, minority households, excessive poverty rates, and other community development needs.

Organizations were consulted on an individual and group basis, as well as part of public meetings and through written correspondence.

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The Citizen Participation (CP) process is necessary to ensure adequate citizen involvement in the determination of community needs and investment in housing, homelessness, community development, and economic development. This process is guided by the County's Citizen Participation Plan (CPP). EDA sought and encouraged community-wide participation in the development of the 2015-2016 OYAP through a community and resident outreach and participation process. To foster consultation and community outreach, EDA utilized its CPP to establish policies and protocols for community outreach and citizen involvement for the use of CPD funds. It was determined that the most appropriate and effective methods to obtain input from residents, service providers, and other interested persons concerning community development needs, issues, and opportunities are through internet outreach, citizen participation meetings, public notices, public hearings, consultation feedback request, memorandum of participation, and through the Urban County Participating Cities.

In preparation of the 2015-2016 OYAP, the agency conducted CP Meetings throughout the County's CPD program area, representative of the unincorporated communities with concentrations of low/moderate income households, minority households, excessive poverty rates, and other community development needs. Citizens were invited to attend the meetings to express their views on their current community's housing and community development needs and those established in the Five-Year ConPlan, comment on prior program performance, and to learn about the programs and services available to them. Prior to the Public Meetings and Public Hearings, a County-wide notice, in English and Spanish, was published in newspapers of general circulation and made available on the EDA's website.

In order to broaden public participation even further, EDA contacted non-profit social service providers, special districts, and other County departments and agencies to respond to consultation feedback and/or memorandum of participation requests. In addition, during the preparation of the Five-Year ConPlan, the County had developed and distributed, in English and Spanish, a comprehensive Housing and Community Development Needs Assessment survey for residents, service providers, and other stakeholders to solicit community opinions and concerns. The survey incorporated general needs categories and various subcategories. Respondents were asked to rate each using high, medium, low, or no-need. The survey provided residents the opportunity to identify community needs that could be addressed through CPD programs, assign priority among these needs, as well as participate in the development of affordable housing, and/or provision of services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, and homeless persons.

The County had also sought assistance from the cities participating in the County's Urban County Program, encouraging them to facilitate and support the participation of all city residents in the identification and assessment of community development needs by following the same process. The prioritization and investment decisions are a result of these collective efforts and served to identify immediate and long range needs and objectives.

Expected Resources

AP-15 Expected Resources – 91.220(c) (1, 2)

Introduction

In order to receive CPD funding, the County must develop and submit a Consolidated Plan every five years and One Year Action Plan for each of the five years to the U.S. Department of Housing and Urban Development (HUD). The County of Riverside anticipates receiving an annual allocation of CDBG, HOME, and ESG funds from HUD over the next five years for activities that provide decent housing, suitable living environments, and expanded economic opportunities for its residents. These funds are intended to help meet priority needs identified throughout the County. Detailed information on the resources the County expects to receive and the activities to be undertaken to meet the priority needs are identified in the OYAP.

One of the main obstacles to meeting community needs is inadequate resources. As with most of the priority goals, the needs far outweigh the County's available resources; that are not sufficient to address all of the needs of low- and moderate-income persons or special needs residents in the County's CPD program area. The CDBG regulations do not require a funding match for the program; however, the County strongly encourages leveraging of CDBG funds. In the participating cities, CDBG funds are matched with other funds available to cities such as general funds and other local resources. The leveraging of public and private funds is critical to the success of HOME projects. In order to provide sufficient financial support, most HOME projects require layered funding and are anticipating a greater availability of housing funds to support local affordable housing construction and rehabilitation. It is very clear that given the extent and magnitude of the need for housing, as well as other community and economic development needs in Riverside County, it is imperative that the limited resources made available through the CPD programs be leveraged with other resources. Many of the most successful affordable housing projects, community facilities, and public service programs use extensive leveraging. It is anticipated that as the nation and the State of California move out of the effects of the recession and begin to experience economic growth and easing of national, state and local budget constraints we may begin to see greater availability of funding sources. Even under these circumstances, the County strives to make progress in implementing its public improvement and community service projects and programs as well as meeting the established objectives.

The following section summarizes the major sources of funding available to carry out housing and community development activities in the Urban County, and specifically identifies the County's second year and projected funding levels over the five year plan period for formula grant programs (CDBG, HOME, and ESG). Funds are available from the following categories:

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

As in the past, the County and cooperating cities have been as creative as possible to find other additional sources of funding in order to develop and deliver efficient and cost effective projects. CDBG, HOME, and ESG funded activities will be leveraged, whenever possible, by other Federal and/or governmental support for their specific type of services. The County will comply with applicable federal regulations for the matching

requirements for the HOME and ESG programs. The match for both programs is reported annually in the Consolidated Annual Performance and Evaluation Reporting (CAPER).

Emergency Solutions Grant-The Emergency Solutions Grant program has a mandatory “matching grant” requirement for sub recipients. It is anticipated that the County will leverage or “match” more than seven times its ESG allocation with Federal, State, and private resources. Affordable Housing- HOME Program regulations require a twenty-five percent (25%) non-Federal match for every HOME dollar expended. Funds set-aside for program administration and for Community Housing Development Organization (CHDO) technical assistance/capacity building is exempt from this matching requirement. The match must be met by the end of the Federal fiscal year in which the expenditure occurred. This requirement is not project-specific but rather program-wide.

The County expects to leverage CPD funds with the following funding sources to assist in accomplishing the goals of the Five Year Consolidated Plan:

- The County of Riverside DPSS is the County CoC Collaborative Applicant and lead agency. In this capacity, DPSS is able to effectively leverage additional federal and state funds and in-kind support, including mainstream public assistance programs with a minimum of 150% leveraging. These resources are also leveraged through each of the 14 sub recipients. The HUD Collaborative Application for CoC Programs 2014-15 award amount is \$9,857,934. The committed leveraging amount is \$15,027,234, which reflects a minimum 150% in leverage per project; however, a combined leverage amount of \$49,635,658 was actually submitted as leverage collectively by all of the projects. The resources leveraged are committed through the CoC subrecipient collaborations and partnerships. These partnerships have been established through the annual CoC Consolidated Application and CoC network program activities.
- Section 8 the Housing Authority receives an annual allocation to administer the Housing Choice Voucher Program (also known as Section 8) authorized by the U.S. Housing Act of 1937. The Section 8 program provides permanent rental subsidies in the form of vouchers for use in the private rental market thereby making market rate housing affordable to extremely low and low income families. The Section 8 program has the added benefit of providing income to local landlords who participate in the program which strengthens the local rental market.
- The leveraging of public and private funds is critical to the success of HOME projects. In order to provide sufficient financial support, most HOME projects require layered funding. The following is a list of some of the possible funding sources that may be used in conjunction with HOME funds: Limited Partner Tax Credit Equity; California Housing Finance Agency (CalHFA) funds; California Department of Housing and Community Development Multifamily Housing Program (MHP) funds; Federal Home Loan Bank Affordable Housing Program (AHP) funds; and U.S. Department of Agriculture California Department of Housing and Community Development Farm Worker Housing Grant Program.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

When CA redevelopment agencies were dissolved, the Housing Authority of the County of Riverside (HACR) was designated as the successor agency for the former redevelopment agencies housing functions. The HACR assumed the former Redevelopment Agency for the County of Riverside and former Coachella Redevelopment Agency assets, which included 104 vacant parcels scattered throughout the County. Some of these properties are located in areas of low-income populations, the HACR has been in the process of strategically planning how to best develop these properties. If planned well, development of these properties will have a positive impact on these areas, by providing housing and other services that these areas lack.

Discussion

The amount of resources available to address social, community, and economic development goals pale in comparison to the recognized needs. To address this obstacle, the County strongly encourages its own agencies as well as cooperating cities and other sub-recipients to seek other resources, forge new partnerships and collaborates, and to leverage additional funding whenever possible from local, State, Federal, and private sources.

Two of the CPD-funded programs, HOME and ESG, both have matching fund requirements – HOME 25%, ESG 100%. These regulatory matching requirements ensure the efficient use of the Federal funds through leveraging. The CDBG regulations do not require a funding match for the program; however, the County strongly encourages leveraging of CDBG funds and gives priority consideration in the evaluation of proposed activities that leverage other funding. Acceptable leveraging can be in the form of land; other Federal, State, or local government assistance; in-kind services; donations; waived, reduced, or deferred fees and other pre-development costs; private resources; reduced interest rates; or other subsidized financing.

The leveraging of public and private funds is critical to the success of HOME projects. In order to provide sufficient financial support, most HOME projects require layered funding. As the nation and the State of California move out of the effects of the recession and begin to experience economic growth and easing of national, state and local budget constraints, the jurisdiction may begin to see greater availability of housing funds to support local affordable housing construction and rehabilitation.

It is very clear that given the extent and magnitude of the need for housing, as well as other community and economic development needs in Riverside County, it is imperative that the limited resources made available through the CPD programs be leveraged with other resources. Many of the most successful affordable housing projects, community facilities, and public service programs use extensive leveraging.

Introduction

HUD requires a consolidated planning process for CDBG, HOME, and ESG programs. This process consolidates multiple grant application requirements into a single submission. The OYAP outlines how the CDBG, HOME, and ESG funds will be expended for the purpose of providing a suitable living environment through safer, more livable neighborhoods, increased housing opportunities and lastly, strategies to expand economic opportunities through jobs that pay self-sufficiency wages.

In FY 2015-2016, the County will receive an estimated \$7,637,386 (includes \$424,079 City of Lake Elsinore-metro city allocation) in CDBG funds. CDBG funds will be used for public services, public improvements, public facilities, economic development, fair housing, interim assistance, and code enforcement. Federal regulations impose a 15% maximum cap on funding to be expended for public service activities and administrative costs are limited to 20% of the total CDBG funding and program income received.

In FY 2015-2016, the County will receive an estimated \$1,701,737 in HOME Program funds. Administrative costs are limited to 10% of the annual HOME allocation and program income received. Federal regulations require a minimum of 15% of each year's HOME allocation to be set-aside for projects sponsored by Community Housing and Development Organizations (CHDOs).

The County will also receive, in FY 2015-2016, an estimated \$628,928 in ESG funds. The County will allocate the ESG funds to programs or activities including: emergency/transitional shelter, homelessness prevention, rapid re-housing, outreach, and a maximum of 7.5 % of the total ESG allocation to administrative activities.

There is no "carryover" of CDBG funds from previous program years to FY 2015-16. CDBG program income (PI) is allocated as it is receipted into IDIS. The County anticipates that the amount of program income to be received in FY 2015-2016 from prior year investments is \$170,597 in CDBG and \$648,133 in HOME program income; however, the estimated PI has not been allocated to specific projects in the 2015-2016 OYAP.

Below are the proposed 2015-2016 OYAP Projects. Detailed descriptions of the projects, table 3c's, can be found in the Appendix in addition to proposed back-up projects the County will consider funding in 2015-2016.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The primary objective of the County’s CPD programs is the development of viable urban communities by providing decent, safe, and sanitary housing, and expanding economic opportunities principally for persons of low and moderate-income. The mission of meeting and addressing these community, social, and economic development needs of low-income persons and their communities is of paramount importance to the County. Unfortunately, there are barriers and challenges that hinder the development and implementation of important programs intended to serve those most in need.

One of the most important steps in addressing obstacles to community development is identification and evaluation. In Riverside County, obstacles for CPD-funded activities include language and culture, location and geography, limited resources, and program restrictions and regulations. The County and nearly all CPD sub-recipients have bilingual staff sensitive to cultural traditions, issues, and values. For this reason many of our public notices, including notifications of CPD funding cycles and Citizen Participation meetings, are published in Spanish.

Currently the primary obstacle to meeting all of the identified needs, including those identified as priorities, is the general lack of funding resources available to public and private agencies that serve the needs of low- and moderate-income residents. As noted previously, the amount of resources available to address social, community, and economic development goals pale in comparison to the recognized

needs. To address this obstacle, the County strongly encourages its own agencies as well as cooperating cities and other sub-recipients to seek other resources, build new partnerships and collaboratives, and to leverage additional funding whenever possible from local, State, Federal, and private sources. The County urges CPD-funded programs and services to be flexible, while at the same time to be as efficient and effective as possible to achieve expected performance outcomes.

Riverside County is geographically very large: Many of the targeted lower-income communities are located in remote rural areas, in the suburban fringe, and within large urban settings. An effective tool used by the County is the community-based forum. These include the Community Councils, Municipal Advisory Councils, and County Service Area Advisory Boards. These non-elected public bodies provide ideal forums for residents and other stakeholders to express their concerns and assess community development needs. Also, the County and other organizations have the opportunity to directly discuss programs, plans, projects, etc., during these meetings.
