

Termination of Assistance 24 CFR 576.402:

The County and sub-recipients may terminate Assistance provided through ESG-funded activities to participants that violate program requirements. Written procedures must describe the specific program requirements and the termination process or the grievance or appeal process; this should include the procedures for a participant to request a hearing regarding the termination of their assistance. The federal regulation at 24 CFR 576.402 describes the termination provision:

(a) In general. If a program participant violates program requirements, the recipient or subrecipient may terminate the assistance in accordance with a formal process established by the recipient or subrecipient that recognizes the rights of individuals affected. The recipient or subrecipient must exercise judgment and examine all extenuating circumstances in determining when violations warrant termination so that a program participant's assistance is terminated only in the most severe cases.

(b) Program participants receiving rental assistance or housing relocation and stabilization services. To terminate rental assistance or housing relocation and stabilization services to a program participant, the required formal process, at a minimum, must consist of:

(1) Written notice to the program participant containing a clear statement of the reasons for termination;

(2) A review of the decision, in which the program participant is given the opportunity to present written or oral objections before a person other than the person (or a subordinate of that person) who made or approved the termination decision; and

(3) Prompt written notice of the final decision to the program participant.

(c) Ability to provide further assistance. Termination under this section does not bar the recipient or subrecipient from providing further assistance at a later date to the same family or individual.

Reimbursement Responsibilities

Sub-recipients will be responsible to submit on a monthly basis a reimbursement request for qualified expenditures. The following must be included in the request as follows:

- Cover page of request and summary page
- Cancel check or Bank statement
- Invoice or Bill
- Late Charges are **not** eligible
- HMIS reporting

Final reimbursement request must be submitted no later than the date specified on ESG agreement.

Five ESG Components

The chart below reflects eligible clients and which of the five ESG funding components each group of clients is eligible for:

Component	Those who are Homeless	Those who are at risk of Homelessness
1. Street Outreach	X	
2. Emergency Shelter	X	
3. Homelessness Prevention		X
4. Rapid Re-housing	X	
5. Homeless Management Information System (HMIS)	X	X

## Standards for Programs Components

### 1. Street Outreach

Eligible Participants: Unsheltered individuals and families, meaning those who qualify under paragraph (1)(i) of the definition of “homeless.”

Eligible Activities: Essential services to eligible participants provided on the street or in parks, abandoned buildings, bus stations, campgrounds, and in other such settings where unsheltered persons are staying. Staff salaries related to carrying out street outreach activities is also eligible.

Eligible Costs:

- Engagement

Activities to locate, identify, and build relationships with unsheltered homeless people for the purpose of providing immediate support, intervention, and connections with homeless assistance programs and/or mainstream social services and housing programs.

- Case Management

Assessing housing needs, and arranging/coordinating/monitoring the delivery of individualized services.

- Emergency Health Services

Outpatient treatment of urgent medical conditions by licensed medical professionals in community-based settings (e.g., streets, parks, and campgrounds) to those eligible participants unwilling or unable to access emergency shelter or health care facility.

- Emergency Mental Health Services

Outpatient treatment of urgent mental health conditions by licensed professionals in community-based settings (e.g., streets, parks, and campgrounds)

- Transportation

Travel by outreach workers, social workers, medical professionals or other service providers during the provision of eligible street outreach services.

- Services to Special Populations

Address the special needs of homeless youth, victims of domestic violence and related crimes/threats, and/or people living with HIV/AIDS who are literally homeless.

### 2. Emergency Shelter

Eligible Participants are individuals and families who are homeless. Essential services apply to persons in emergency shelters, renovating buildings to be used as emergency shelters, and operating emergency shelters. Staff costs related to carrying out emergency shelter activities is also eligible.

Eligible Costs Overview includes:

- ◆ Essential Services
- ◆ Renovation
- ◆ Shelter Operations

#### A. Essential Services

- 3. Payment of Rental Arrears  
(One-time payment up to 6 on  
the arrears months, including any late fees.)

**Performance Standards**

*The recipient must describe the performance standards for evaluating ESG activities which must be developed in consultation with the Continuum of Care*

Based on standards and goals of the local Continuum of Care, Riverside County is proposing the following performance standards for the Emergency Solutions Grant:

Performance Measures for Homelessness Prevention

- a. A reduction in the number of homeless individuals and families seeking emergency shelter services.
- b. Expected Outcome: At least 35% of participants assisted will remain in permanent housing six (6) months after the last assistance provided under ESG.

Performance Measures for Homeless Rapid Re-Housing

- a. A reduction in the reoccurrence of homelessness for individuals and families who exit the shelter system.
- b. Expected Outcome: At least 35% of participants assisted will remain in permanent housing six (6) months after the last assistance provided under ESG.

- a. *Standard Policies and Procedures for evaluating individuals' and families' eligibility for assistance under Emergency Solutions Grant (ESG).*

### Building on Established HPRP Policies and Procedures

To the greatest extent possible, the policies and procedures established for the provision of HPRP assistance will be adopted. These policies will be employed initially for the provision of ESG assistance, but will be refined as the new ESG program is implemented.

### Centralized Pre-Screening and Assessment Available at Multiple Locations

The County of Riverside Continuum of Care is piloting a Coordinated Intake and Assessment System through the 25 Cities Project, a partnership with HUD and the U.S. Department of Housing and Urban Development (HUD) to eliminate homelessness among veterans by 2015 and chronic homelessness by 2016. The pilot is in the Greater City of Riverside Area. In October, 2015, the pilot will expand to a minimum of one other region in the county and will be implemented countywide during 2015. Participating agencies will be responsible for engaging chronically homeless individuals and families through the use of Housing Navigators and a standardized vulnerability assessment and intake process that provides referrals to a centralized housing system that places priority on those who are at highest risk with the most appropriate intervention rather than a "first come, first served" approach.

Individuals and families applying for ESG assistance must complete an eligibility pre-screening form. Pre-screening may be completed via phone, online, or at established locations which will include emergency shelter locations. Individuals and families who meet established pre-screening requirements will be scheduled an appointment with a case manager for assessment and eligibility documentation.

### Basic Eligibility Requirements

- **Initial Consultation & Eligibility Determination:** The household must receive at least an initial consultation and eligibility assessment with a case manager or other authorized representative who can determine eligibility and the appropriate type of assistance needed. ESG clients must meet one of the following definitions of homelessness:
  1. Literally homeless
  2. At imminent risk of homelessness
  3. Homeless under federal status
  4. Fleeing/attempting to flee domestic violence
- **Income:** The household's total income must be below 30 percent of Area Median Income (AMI)
- **Housing Status:** Case files must document the current housing status of the household at application. Housing status will be verified through third party verification whenever possible. Self-certification of housing status will be considered on a case by case basis.
- **Riverside County Residency:** All households receiving prevention or rapid re-housing assistance under ESG must be residents of Riverside County at time of application.
- **Lack of identifiable financial resources and/or support networks:** In order to receive ESG rental financial assistance, applicants must also demonstrate the following:
  1. No appropriate subsequent housing options have been identified;
  2. The household lacks the financial resources to obtain immediate housing or remain in its existing housing; and
  3. The household lacks support networks needed to obtain immediate housing or remain in its existing housing.

- b. *Policies and Procedures for coordination among emergency shelter providers, essential service providers, homelessness prevention and rapid re-housing assistance providers, other homeless assistance providers, and mainstream service and housing providers.*

The ESG program requires coordination among participating agencies. All ESG subrecipients in Riverside County are experienced homeless providers with a demonstrated track record in fiscal management and the provision of housing and supportive services targeted to homeless households. Additionally, the project administration agreement with ESG subrecipients will require coordination among agencies receiving ESG funds to administer emergency shelter, essential services, homelessness prevention, re-housing services, and related assistance, and access to mainstream services and housing providers for clients.

#### Participation in the Continuum of Care

ESG funded agencies have easy access to membership in the Continuum of Care. The Continuum of Care has over 100 member organizations including homeless service providers, veteran service representatives, churches and government organizations. The Continuum of Care meets on a regular basis and shares information about services among participating agencies.

#### Required Client Information and Referrals

To further facilitate collaboration and information sharing, ESG funded agencies will be required to provide the following information and referrals to ESG program participants:

- 2-1-1 hotline for social services
- Social security benefits
- Cal-Works and other income security programs provided by DPSS
- Cal-Fresh (formerly known as Food Stamps) assistance
- Low Income Energy Assistance Programs
- Affordable housing information
- Employment assistance and job training programs
- Health care and mental health services
- Services for victims of domestic violence
- Veteran services
- Specialized services such as legal services, credit counseling

- c. *Policies and Procedures for determining and prioritizing which eligible families and individuals will receive homelessness prevention assistance and which eligible families and individuals that will receive re-housing assistance.*

Once it is determined that the household meets the basic eligibility guidelines noted above the household will be assessed for the appropriate form(s), level, and duration of financial assistance. The results of this assessment will be formalized in a Housing/Financial Assistance Plan that is signed by both the applicant and the case manager.

#### Homeless Prevention Assistance

Homeless prevention assistance will be targeted to households who are at risk of losing their present housing and becoming homeless. While there are many people who are housed and have a great need for rental assistance, not everyone will become homeless without assistance. A risk assessment will be used to assess the household's level of crisis and prioritize those who are at greatest risk of becoming homeless. The assessment tool will include vulnerability criteria including but not limited to; income, housing history, food security, childcare, health care, life skills, and other

special needs. Due to the limited amount of funding, assistance will be provided on a first come, first served basis, if the applicant meets the eligibility and risk assessment criteria.

#### Rapid Re-Housing Assistance

Homeless re-housing assistance is intended for individuals or families who meet the homeless definition described in Section 103, 42 USC 11302 of the McKinney Vento Act, as amended by the HEARTH Act. While there are many homeless individuals and families in Riverside County at any given night, the re-housing assistance will be prioritized for households who are residing in emergency shelters and on the streets.

- d. *Standards for determining the share of rent and utilities costs that each program participant must pay, if any, while receiving homelessness prevention or rapid re-housing assistance.*

#### Limitations on Assistance – Homeless Prevention

Riverside County's ESG rental assistance is intended to stabilize individuals and families who have recently endured difficult financial circumstances that have led them into homelessness or who are at imminent risk of becoming homeless. For homeless prevention assistance, the rental assistance consists of short term rental assistance (3 months); extended under certain circumstances to medium term rental assistance (for an additional 3 months). The total maximum length of assistance is 6 months. Not every individual or family in need of rental assistance is a candidate for ESG homelessness prevention or rapid re-housing assistance. ESG rental assistance is not a substitute for Section 8 rental assistance or a permanent rental subsidy, but a tool to help stabilize families or individuals who are at imminent risk of becoming homeless and lack any other resources to help them stabilize their housing situation.

As a general rule, an individual or household should pay approximately 30% of their income towards rent. This requirement may be waived on a case-by-case basis for extreme circumstances. The ESG assistance will consist of the remaining portion of the rent, up to \$1,000 (excluding the clients' contribution towards the rent).

Clients are required to be reassessed at regular intervals to monitor progress and levels of self-sufficiency. If a client requires assistance beyond the three month mark, the ESG rental subsidy will be reduced and the client will be required to pay a larger portion of the rent. There is a maximum cap of prevention assistance per client, per twelve month period of \$5,000.

#### Limitations on Assistance – Rapid Re-Housing

Under re-housing assistance, a client's share of rent should be based on a client's ability to pay during their path to housing stabilization, with a minimum \$25 client contribution. Clients receiving re-housing assistance must be re-assessed regular intervals. The maximum length of re-housing assistance will be 1 year\* and the total maximum ESG assistance. The assistance should not exceed \$1,000 per month per client, except for the first month of assistance if client requires assistance with other re-housing expenses such as rent deposits or utility deposits.

#### Limitations on Assistance – All Clients

Due to the limited amount of funds available, the ESG assistance will not exceed \$1,000 per client per month in combined ESG assistance, including rent and utility payments.\* Generally, clients should be responsible for paying for their own utility costs while provided rental assistance with ESG, unless they are experiencing acute financial hardship, or are at risk of losing their housing due to utility shut off. Clients seeking utility only assistance may be eligible for ESG assistance if it can be documented that they will lose their housing and become literally homeless if utility assistance is not provided; however, the household must meet other ESG eligibility requirements.

- e. *Standards for determining how long a particular participant will be provided with rental assistance and whether the amount of that assistance will be adjusted over time.*

ESG assistance consists of short term (up to 3 months), medium term (up to 6 months), and maximum term (up to 1 year) rental assistance to allow individuals or families who have recently encountered a financial crisis that has led them into homelessness or at imminent risk of homelessness, to gain housing stabilization. Since the program consists of temporary assistance aiming at rapid stabilization of households, clients are required to contribute a portion of their income towards rent. Clients with no potential to earn income may not be suitable candidates for this type of assistance, unless other subsidies can be accessed after the ESG assistance expires.

Clients assisted under ESG Prevention Assistance are eligible to receive the rental assistance for up to 3 months if they meet income eligibility during the 3 month period and comply with the case management requirements of the program. At the end of the third month, clients must be re-assessed to determine if the client's rental assistance needs to be extended for an additional 3 month period. If the ESG rental assistance is extended for an additional three (3) months, the ESG assistance will be reduced and/or adjusted over the remaining time.

Clients assisted under ESG Re-housing Assistance are eligible to receive rental and utility assistance for up to 1 year if they meet income eligibility during the 1 year period. Re-housing clients must be evaluated at regular intervals during the ESG assistance period. Monthly case management is highly recommended. The ESG rental assistance should be reduced gradually and the client's portion of the rent should be increased during the 6 month assistance period.

- f. *Standards for determining the type, amount, and duration of housing stabilization and /or relocation services to provide a program participant, including the limits, if any, on homelessness prevention or rapid re-housing assistance that each program participant may receive, such as the maximum amount of assistance; maximum number of months the program participant receives assistance; or the maximum number of times the program participant may receive assistance.*

#### \*Reasonableness Determination

EDA will set the maximum amount of assistance to be provided to homelessness prevention and rapid rehousing clients on an annual basis. EDA will also determine if the total benefit amount to be awarded to any one client is both reasonable and necessary.

#### Reporting – Centralized/Coordinated Assessment System

- The HEARTH Act makes HMIS participation a statutory requirement for ESG recipients and sub-recipients. EDA and the subrecipients work with the Continuum of Care to ensure the screening, assessment, and referral of Program participants are consistent with the written standards.
- The recipient will ensure that data on all persons served and all activities assisted under ESG are entered into a community-wide HMIS in the area in which those persons and activities are located.
- Victim service providers cannot, and Legal Services Organizations may choose to not participate in HMIS. Providers that do not participate in HMIS must use a comparable database that produces unduplicated, aggregate reports instead.
- Eligible Cost include, but not limited to the following:
  - *Hardware, Equipment and Software Costs*
  - *Staffing: Paying salaries for operating HMIS*

- *Training and Overhead- Technical support, leasing space, and utilities for space used by HMIS staff*

#### Comparable Database for Victim Services

If the sub-recipient is a victim services or a legal services provider that use a comparable database, it may use ESG funds to establish and operate a comparable database that collects client-level data over time and generates unduplicated aggregate reports based on the data. Information entered into a comparable database must not be entered directly into or provided to an HMIS.

#### ESG Homeless Definitions

Refer to reference information located at the

following: [http://www.hudhre.info/documents/HEARTH\\_HomelessDefinition\\_finalRule.pdf](http://www.hudhre.info/documents/HEARTH_HomelessDefinition_finalRule.pdf)

#### Consultation Process

The County of Riverside, EDA, the ESG recipient, consulted with the Continuum of Care to discuss the FY2013-14 allocation in ways that:

- Coordinate across regional entitlement jurisdictions by developing and utilizing standardized eligibility and assessment tools;
- Support federal and local goals for priority populations;
- Allow for variations in the program design that responds to the needs and resources of the jurisdiction
- Comply with eligibility and verification requirements (HMIS, housing status, homeless definitions, etc.)

The ESG program requires coordination among participating agencies. All ESG subrecipients in Riverside County are experienced homeless providers with a demonstrated track record in fiscal management and the provision of housing and supportive services targeted to homeless households. ESG funded agencies have easy access to membership in the Continuum of Care. The Continuum of Care has over 100 member organizations including homeless service providers, veteran service representatives, churches and government organizations. The Continuum of Care meets on a regular basis and shares information about services among participating agencies.

The County of Riverside also consulted with the Continuum of Care on the Ten Year Plan to End Homelessness to ensure the alignment of proposed ESG activities as they relate to the goals and strategies outlined in the plan. This joint effort has worked successfully in the past and EDA will continue to work closely with DPSS, the “umbrella” anti-poverty agency for the County of Riverside, in servicing the needs of homeless.
