**RECOMMENDED MOTION (Cont.):**

2. Authorize the Purchasing Agent, in accordance with Ordinance No. 459, to sign amendments that provide for the renewals and increases listed above, and do not change the substantive terms of the Agreement, as approved to form by County Counsel.

**BACKGROUND:**  
**Summary**

AB 636, the California Outcomes and Accountability Act, requires Riverside County to develop and implement a System Improvement Plan (SIP) focused on improving outcomes for children in the Child Welfare System. Riverside County's current SIP is focused on reducing the rate of foster care re-entry. In an effort to reduce the rate of foster care re-entry, families are provided with supportive services such as anger management, counseling, domestic violence, in-home parenting education, and parenting education classes to improve their coping and parenting skills.

Family Services of the Desert has provided adequate services to the Blythe area since December 1, 2006. Blythe is considered a difficult to serve area due to lack of client volume and its remote location.

The Director of DPSS requests the Board approve the attached Agreement #CS-03098 with Family Services of the Desert to award services for Anger Management, Counseling and Domestic Violence as single sources, and In-Home Parenting Education and Parenting Education Classes as the lowest bidder, for the Blythe area.

**Impact on Residents and Businesses**

Approval of this Agreement will ensure continued anger management, counseling, and parenting education services, and new domestic violence and in-home parenting education to the residents of Blythe.

**SUPPLEMENTAL:**  
**Additional Fiscal Information**

Funding for this Agreement was budgeted through the normal County budgeting process. 100% of funds come from Federal, State, County, Realignment, and Other funds. The following costs were submitted by the proposer for Fiscal Years 15/16, 16/17, 17/18, 18/19, and 19/20. If DPSS elects to exercise the options to renew for Fiscal Years 16/17 through 19/20, the annual costs are reflected below.

<b>Fiscal Year</b>	<b>Maximum Reimbursable Amount</b>
15/16	\$112,346

9. **Hold Harmless/Indemnification.**

- A. Contractor agrees to indemnify and hold harmless County, all Agencies, Districts, Special Districts and Departments of County, their respective directors, officers, Board of Supervisors, elected and appointed officials, employees, agents and representatives from any liability whatsoever, based or asserted upon any services of Contractor, its officers, employees, subcontractors, agents or representatives arising out of or in any way relating to this Addendum, including but not limited to property damage, bodily injury, death, or any other element of any kind or nature whatsoever arising from the performance of Contractor, its officers, agents, employees, subcontractors, agents or representatives from this Addendum. Contractor's obligation to defend, indemnify and hold harmless County shall be subject to County having given Contractor written notice within a reasonable period of time of the claim or of the commencement of the related action, as the case may be, and information and reasonable assistance, at Contractor's expense, for the defense or settlement thereof. Contractor's obligation hereunder shall be satisfied when Contractor has provided to County the appropriate form of dismissal relieving County from any liability for the action or claim involved.
- C. The specified insurance limits required in the Underlying Agreement of this Addendum shall in no way limit or circumscribe Contractor's obligations to indemnify and hold harmless County herein from third party claims arising from issues of this Addendum.
- D. In the event there is conflict between this clause and California Civil Code §2782, this clause shall be interpreted to comply with Civil Code §2782. Such interpretation shall not relieve the Contractor from indemnifying County to the fullest extent allowed by law.
- E. In the event there is a conflict between this indemnification clause and an indemnification clause contained in the Underlying Agreement of this Addendum, this indemnification shall only apply to the subject issues included within this Addendum.

10. **Term.** This Addendum shall commence upon the Effective Date and shall terminate when all PHI and/or ePHI provided by County to Contractor, or created or received by Contractor on behalf of County, is destroyed or returned to County, or, if it is infeasible to return or destroy PHI and/ePHI, protections are extended to such information, in accordance with section 11.B of this Addendum.

Either party, upon written notice to the other party describing the breach, may take any of the following actions:

- (1) Terminate the Underlying Agreement and this Addendum, effective immediately, if the other party breaches a material provision of this Addendum.
- (2) Provide the other party with an opportunity to cure the alleged material breach and in the event the other party fails to cure the breach to the satisfaction of the non-breaching party in a timely manner, the non-breaching party has the right to immediately terminate the Underlying Agreement and this Addendum.
- (3) If termination of the Underlying Agreement is not feasible, the breaching party, upon the request of the non-breaching party, shall implement, at its own expense, a plan to cure the breach and report regularly on its compliance with such plan to the non-breaching party.

B. **Effect of Termination.**

- (1) Upon termination of this Addendum, for any reason, Contractor shall return or, if agreed to in writing by County, destroy all PHI and/or ePHI received from County, or created or received by the Contractor on behalf of County, and, in the event of destruction, Contractor shall certify such destruction, in writing, to County. This provision shall apply to all PHI and/or ePHI which are in the possession of subcontractors or agents of Contractor. Contractor shall retain no copies of PHI and/or ePHI, except as provided below in paragraph (2) of this section.
- (2) In the event that Contractor determines that returning or destroying the PHI and/or ePHI is not feasible, Contractor shall provide written notification to County of the conditions that make such return or destruction not feasible. Upon determination by Contractor that return or destruction of PHI and/or ePHI is not feasible, Contractor shall extend the protections of this Addendum to such PHI and/or ePHI and limit further uses and disclosures of such PHI and/or ePHI to those purposes which make the return or destruction not feasible, for so long as Contractor maintains such PHI and/or ePHI.

12. **General Provisions.**

A. **Retention Period.** Whenever Contractor is required to document or maintain documentation pursuant to the terms of this Addendum, Contractor shall retain such documentation for 6 years from the date of its creation or as otherwise prescribed by law, whichever is later.

- E. **Conflicts.** The provisions of this Addendum shall prevail over any provisions in the Underlying Agreement that conflict or appear inconsistent with any provision in this Addendum.
- F. **Interpretation of Addendum.**
- (1) This Addendum shall be construed to be part of the Underlying Agreement as one document. The purpose is to supplement the Underlying Agreement to include the requirements of the Privacy Rule, Security Rule, HIPAA and HITECH.
  - (2) Any ambiguity between this Addendum and the Underlying Agreement shall be resolved to permit County to comply with the Privacy Rule, Security Rule, HIPAA and HITECH generally.

County Department agrees to safeguard Medi-Cal PII from loss, theft, or inadvertent disclosure and, therefore, agrees to:

A. Secure all areas of County Department facilities where County Workers assist in the administration of Medi-Cal and use or disclose Medi-Cal PII. The County Department shall ensure these secured areas are only accessed by authorized individuals with properly coded key cards, authorized door keys or access authorization; and access to premises is by official identification.

B. Issue County Workers, who assist in the administration of Medi-Cal identification badges and require County Workers to wear these badges at County Department facilities where Medi-Cal PII is stored or used.

C. Ensure each physical location, where Medi-Cal PII is used or stored, has procedures and controls that ensure an individual, who is terminated from access to the facility is promptly escorted from the facility by an authorized employee and access is revoked.

D. Ensure there are security guards or a monitored alarm system with or without security cameras 24 hours a day, 7 days a week at County Department facilities and leased facilities where a large volume of Medi-Cal PII is stored.

E. Ensure data centers with servers, data storage devices, and critical network infrastructure involved in the use or storage of Medi-Cal PII have perimeter security and access controls that limit access to only authorized Information Technology (IT) staff. Visitors to the data center area must be escorted by authorized IT staff at all times.

F. Store paper records with Medi-Cal PII in locked spaces, such as locked file cabinets, locked rooms, locked desks or locked offices in facilities which are multi-use, meaning that there are County Department and non-County Department functions in one building in work areas that are not securely segregated from each other. County Department shall have policies that indicate County Workers are not to leave records with Medi-Cal PII unattended at any time in vehicles or airplanes and not to check such records in baggage on commercial airplanes.

G. Use all reasonable measures to prevent non-authorized personnel and visitors from having access to, control of, or viewing Medi-Cal PII.

## **VI. TECHNICAL SECURITY CONTROLS**

A. Workstation/Laptop encryption. All workstations and laptops, which store Medi-Cal PII either directly or temporarily, must be encrypted using a FIPS 140-2 certified algorithm 128bit or higher, such as Advanced Encryption Standard (AES). The encryption solution must be full disk.

B. Server Security. Servers containing unencrypted Medi-Cal PII must have sufficient administrative, physical, and technical controls in place to protect that data, based upon a risk assessment/system security review.

C. Minimum Necessary. Only the minimum necessary amount of Medi-Cal PII required to perform necessary business functions may be copied, downloaded, or exported.

D. Removable media devices. All electronic files, which contain Medi-Cal PII data, must be encrypted when stored on any removable media or portable device (i.e. USB thumb drives, floppies, CD/DVD, smartphones, backup tapes etc.). Encryption must be a FIPS 140-2 certified algorithm 128bit or higher, such as AES.

E. Antivirus software. All workstations, laptops and other systems, which process and/or store Medi-Cal PII, must install and actively use comprehensive anti-virus software solution with automatic updates scheduled at least daily.

F. Patch Management. All workstations, laptops and other systems, which process and/or store Medi-Cal PII, must have critical security patches applied, with system reboot if necessary. There must be a documented patch management process that determines installation timeframe based on risk assessment and vendor recommendations. At a maximum, all applicable patches deemed

as high risk must be installed within 30 days of vendor release. Applications and systems that cannot be patched within this time frame, due to significant operational reasons, must have compensatory controls implemented to minimize risk.

G. User IDs and Password Controls. All users must be issued a unique user name for accessing Medi-Cal PII. Username must be promptly disabled, deleted, or the password changed upon the transfer or termination of an employee with knowledge of the password, at maximum within 24 hours. Passwords are not to be shared. Passwords must be at least eight characters and must be a non-dictionary word. Passwords must not be stored in readable format on the computer. Passwords must be changed every 90 days, preferably every 60 days. Passwords must be changed if revealed or compromised. Passwords must be composed of characters from at least three of the following four groups from the standard keyboard:

- Upper case letters (A-Z)
- Lower case letters (a-z)
- Arabic numerals (0-9)
- Non-alphanumeric characters (punctuation symbols)

H. User Access. Exercise management control and oversight, in conjunction with DHCS, of the function of authorizing individual user access to Social Security Administration (SSA) data, MEDS, and over the process of issuing and maintaining access control numbers and passwords.

I. Data Destruction. When no longer needed, all Medi-Cal PII must be wiped using the Gutmann or U.S. Department of Defense (DoD) 5220.22-M (7 Pass) standard, or by degaussing. Media may also be physically destroyed in accordance with NIST Special Publication 800-88.

J. System Timeout. The system providing access to Medi-Cal PII must provide an automatic timeout, requiring re-authentication of the user session after no more than 20 minutes of inactivity.

K. Warning Banners. All systems providing access to Medi-Cal PII must display a warning banner stating that data is confidential, systems are logged, and system use is for business purposes only by authorized users. User must be directed to log off the system if they do not agree with these requirements.

L. System Logging. The system must maintain an automated audit trail that can identify the user or system process, initiates a request for Medi-Cal PII, or alters Medi-Cal PII. The audit trail must be date and time stamped, must log both successful and failed accesses, must be read only, and must be restricted to authorized users. If Medi-Cal PII is stored in a database, database logging functionality must be enabled. Audit trail data must be archived for at least three years after occurrence.

M. Access Controls. The system providing access to Medi-Cal PII must use role based access controls for all user authentications, enforcing the principle of least privilege.

N. Transmission encryption. All data transmissions of Medi-Cal PII outside the secure internal network must be encrypted using a FIPS 140-2 certified algorithm that is 128bit or higher, such as AES. Encryption can be end to end at the network level, or the data files containing Medi-Cal PII can be encrypted. This requirement pertains to any type of Medi-Cal PII in motion such as website access, file transfer, and E-Mail.

O. Intrusion Detection. All systems involved in accessing, holding, transporting, and protecting Medi-Cal PII, which are accessible through the Internet, must be protected by a comprehensive intrusion detection and prevention solution.

A. System Security Review. County Department must ensure audit control mechanisms that record and examine system activity are in place. All systems processing and/or storing Medi-Cal PII must have at least an annual system risk assessment/security review that ensures administrative, physical, and technical controls are functioning effectively and provide an adequate levels of protection. Reviews should include vulnerability scanning tools.

B. Log Reviews. All systems processing and/or storing Medi-Cal PII must have a routine procedure in place to review system logs for unauthorized access.

C. Change Control. All systems processing and/or storing Medi-Cal PII must have a documented change control procedure that ensures separation of duties and protects the confidentiality, integrity and availability of data.

D. Anomalies. Investigate anomalies in MEDS usage identified by DHCS and report conclusions of such investigations and remediation to DHCS.

**VIII. BUSINESS CONTINUITY / DISASTER RECOVERY CONTROLS**

A. Emergency Mode Operation Plan. County Department must establish a documented plan to enable continuation of critical business processes and protection of the security of Medi-Cal PII kept in an electronic format in the event of an emergency. Emergency means any circumstance or situation that causes normal computer operations to become unavailable for use in performing the work required under this Agreement for more than 24 hours.

The plan must include a regular schedule for making backups, storing backups offsite, an inventory of backup media, and an estimate of the amount of time needed to restore Medi-Cal PII should it be lost. At a minimum, the schedule must be a weekly full backup and monthly offsite storage of Medi-Cal data.

**IX. PAPER DOCUMENT CONTROLS**

A. Supervision of Data. Medi-Cal PII in paper form shall not be left unattended at any time, unless it is locked in a file cabinet, file room, desk or office. During the term of this PSA, County Department agrees to implement reasonable systems for the discovery and prompt reporting of any Breach or Security Incident, and to take the following steps:

A. Initial Notice to DHCS. (1) To notify DHCS **immediately by telephone call plus email or fax** upon the discovery of a breach of unsecured Medi-Cal PII in electronic media or in any other media if the PII was, or is reasonably believed to have been, accessed or acquired by an unauthorized person, or upon the discovery of a suspected security incident that involves data provided to DHCS by the SSA. (2) To notify DHCS **within 24 hours by email or fax** of the discovery of any breach, security incident, intrusion, or unauthorized access, use, or disclosure of Medi-Cal PII in violation of this Agreement and this Addendum, or potential loss of confidential data affecting this Agreement. A breach shall be treated as discovered by County Department as of the first day on which the breach is known, or by exercising reasonable diligence would have been known, to any person (other than the person committing the breach), who is an employee, officer or other agent of County Department. Notice shall be provided to the DHCS Program Contract Manager, the DHCS Privacy Officer and the DHCS Information Security Officer. If the incident occurs after business hours or on a weekend or holiday and involves electronic PII, notice shall be provided by calling the DHCS ITSD Service Desk. Notice shall be made using the "DHCS Privacy Incident Report" form, including all information known at the time. County Department shall use the most current version of this form, which is posted on the DHCS Privacy Office website ([www.dhcs.ca.gov](http://www.dhcs.ca.gov)), then select "Privacy" in the left column and then "County Use" near the middle of the page) or use this link:

<http://www.dhcs.ca.gov/formsandpubs/laws/priv/Pages/CountiesOnly.aspx>

Upon discovery of a breach, security incident, intrusion, or unauthorized access, use, or disclosure of Medi-Cal PII, County Department shall take:

Program Contract Manager, the DHCS Privacy Officer, and the DHCS Information Security Officer.

C. Complete Report. To provide a complete report of the investigation to the DHCS Program Contract Manager, the DHCS Privacy Officer, and the DHCS Information Security Officer within ten working days of the discovery of a breach, security incident, intrusion, or unauthorized access, use, or disclosure. The report shall be submitted on the "DHCS Privacy Incident Report" form and shall

include an assessment of all known factors relevant to a determination of whether a breach occurred under applicable provisions of HIPAA, the HITECH Act, the HIPAA regulations and/or state law. If DHCS requests information in addition to that listed on the "DHCS Privacy Incident Report" form, County Department shall make reasonable efforts to provide DHCS with such information. If necessary, a Supplemental Report may be used to submit revised or additional information after the completed report is submitted, by submitting the revised or additional information on an updated "DHCS Privacy Incident Report" form. DHCS will review and approve the determination of whether a breach occurred and individual notifications are required, and the corrective action plan.

based upon claimed violations by DHCS of the privacy or security of Medi-Cal PII, or state or federal laws or agreements concerning privacy or security of Medi-Cal PII.

#### **XV. AMENDMENT OF AGREEMENT**

DHCS and County Department acknowledge that federal and state laws relating to data security and privacy are rapidly evolving and that amendment of this PSA may be required to provide for procedures to ensure compliance with such developments. Upon request by DHCS, County Department agrees to promptly enter into negotiations concerning an amendment to this PSA as may be needed by developments in federal and state laws and regulations. DHCS may terminate this PSA upon thirty (30) days written notice if County Department does not promptly enter into negotiations to amend this PSA when requested to do so, or does not enter into an amendment that DHCS deems necessary.

#### **XVI. TERMINATION**

This PSA shall terminate three years after the date it is executed, unless the parties agree in writing to extend its term. All provisions of this PSA that provide restrictions on disclosures of Medi-Cal PII and that provide administrative, technical, and physical safeguards for the Medi-Cal PII in County Department's possession shall continue in effect beyond the termination of the PSA, and shall continue until the Medi-Cal PII is destroyed or returned to DHCS.

#### **XVII. TERMINATION FOR CAUSE**

Upon DHCS' knowledge of a material breach or violation of this Agreement by User, DHCS may provide an opportunity for User to cure the breach or end the violation and may terminate this Agreement if User does not cure the breach or end the violation within the time specified by DHCS. DHCS may terminate this Agreement immediately if User has breached a material term and DHCS determines, in its sole discretion, that cure is not possible or available under the circumstances. Upon termination of this Agreement, User must destroy all PHI and PCI in accordance with Section VI.I, above. The provisions of this Agreement governing the privacy and security of the PHI and PCI shall remain in effect until all PHI and PCI is destroyed and DHCS receives a certificate of destruction.
