FROM: Fire Department

SUBMITTAL DATE:

SUBJECT: Hazardous fire area closures in the unincorporated areas of Riverside County; Districts Three, Four, Five; [\$0]

RECOMMENDED MOTION: That the Board of Supervisors approve closure of all hazardous fire closure areas in the unincorporated area of Riverside County until such time as the County Fire Chief permits them to be re-opened.

BACKGROUND:

Summary

Riverside County Ordinance 787 requires the Board of Supervisors approval for the closure of hazardous fire areas for more than fifteen (15) days. Because of the potential of damaging human caused fires, the County Fire Chief has determined these areas should be closed except on public roadways and on inhabited areas of private property within the closure areas. The potential for large damaging fires occurring this year is enhanced by the continued drought conditions experienced throughout in Riverside County.
