**BACKGROUND:** Friends of the Riverside County Family Justice Centers Foundation funding will be allocated for a forensic interview room in Southwest Riverside County for children and seniors who are victims of child or elder abuse. The interview room will have covert video equipment installed so a specially trained forensic interviewer from Child Protective will be able to interview the child victim while a law enforcement officer can monitor the interview from an adjacent room at the DA' investigator's offices. This effort will limit the traumatization of victims with the investigation and interview process.
