BACKGROUND:

Summary (continued)

One of the many challenges the Riverside University Health System (RUHS) has encountered is finding a top-tier CFO with the skills and experience necessary to support the progressive goals that the Board of Supervisors and hospital administration share for this health system. In November 2014, a qualified individual was brought in through the Human Resources TAP office that possessed the necessary skill set that the hospital, its clinics, Mental Health, and Public Health required to provide a thorough analysis of the system's financial and operational condition. This person, Bill Gorenstein, CPA, has made excellent strides, particularly at the hospital, where he has improved the internal processes and is a big part of how the hospital will be able to turn a profit this year. Listed below are some of the accomplishments Mr. Gorenstein has brought with the leadership team to the hospital:

Strategic Planning, Revenue Cycle, and Reimbursement

- Developed Commercial payer based revenue analysis which provides the basis for strategic contracting negotiations with all payers
- Implementing charge increase that will generate \$2+ million, and also better positioned implantable devices for new commercial contracts
- Exploring ways to strategically improve operations/cash flow associated with caring for IEHP Managed Medi-Cal patients and the Clinically Integrated Network (CIN) model
- Facilitated discussion with Managed Medi-Cal Payer (IEHP) to advance \$30 Million cash associated with Assembly Bill 85
- Identified a substantial number of unpaid Managed Medi-Cal days which we are currently working to be paid totaling \$5+ million
- Cash collections are substantially higher than same time last year
- Implementing high speed scanning solution which will improve record process and reduce cost

Financial Planning and Reporting

- Improved financial management, improved accountability, accuracy and reliability of financial information
- Developed a reliable monthly accrual "volume based" financial reporting package and projections improving management of resources
- Developed a tool to identify high utilization patients for CMO
- Developed a review process to ensure Medicare credit balances were in compliance with mandated requirements
- Improved nurse labor reporting to enable better management of direct staff
- Elicited administrator and department managers in month-end financial close
- Developed automated accounts receivable valuation methodology based on historical results and age of receivable
- Developed FY 15-16 preliminary budget and sensitivity analysis

Mr. Gorenstein, CPA, is the managing director of The WMG Group, LLC. He is a financial expert with over 30 years of financial and operational experience in the areas required. As a TAP employee, he has gained specific current experience with the finances of the medical center and the 10 County Federally Qualified Health Centers (FQHCs).

Over the past few years, public healthcare entities have been met with numerous changes as a result of the Affordable Care Act (ACA). Additional change will occur when the current Medi-Cal Waiver expires in September 2015. These changes result in new challenges to an already extremely complex and difficult operating paradigm. Specific financial expertise in the areas of health system strategic planning, physician alignment, integration of operations and shared services, reimbursement and contracting strategies, service line development, and new business opportunity evaluation and modeling necessitates the engagement of a financial healthcare expert for RUHS to meet these challenges.

The hospital has an executive team that works very well together. It is important to keep the momentum that has been building by endorsing this agreement to provide financial and operational expertise in the areas of health system strategic planning for the RUHS by entering into a one-year consultant contract. The one-year contract cost will be an increase over the current TAP CFO pay; however it is in line both with industry standards in hospital systems employment compensation and consultant expenses.

Impact on Residents and Businesses

Approval of the Professional Services Agreement will result in significant benefit to the County and deliver a more financially viable and integrated health system.

Contract History and Price Reasonableness

This agreement provides the unique financial and operational qualities and expertise that a large hospital and health system requires for oversight of its financial operations. A full-time employee providing the equivalent function in a similar private hospital system would expect to be paid \$250/hour plus benefits and a bonus. This agreement offers RUHS a comparable rate minus the bonus. The annual agreement shall not exceed \$579,000.

Subject: Sole Source Procurement; Request for hospital and health related financial consulting and advisory management services.

The below information is provided in support of my Department requesting approval for a sole source. Outside of a duly declared emergency, the time to develop a statement of work or specifications is not in itself justification for sole source.

- 1. Supplier being requested:** WMG Group, LLC
- 2. Supply/Service being requested:** Hospital and health related financial consulting and advisory management services
- 3. Alternative suppliers that can or might be able to provide supply/service and extent of market search conducted:** An exhaustive search was conducted beginning in FY 2013/14. Hospital had 2 interim Chief Financial Officers (CFOs) and has had difficulty attracting and retaining a CFO of the highest caliber.
- 4. Unique features of the supply/service being requested from this supplier, which no alternative supplier can provide:** In the absence of a full-time CFO, the hospital CEO brought in William Gorenstein. The current CFO was brought in as a TAP to assess the County's Hospital business needs. The contractor has over 30 years' experience working in hospital finance, has a CPA, and has almost one year of experience working in the county hospital. Over the past 8 months, Bill has proven very capable, and has gained valuable and unique experience in exactly how the County Hospital operates.

The Board's initiative to remake the County Hospital began almost two years ago. Clearly, much progress has been made; the hospital continues to make progress with Bill's type of leadership. It is important to maintain the initiative, and to retain the CFO that has demonstrated the ability to be able to turn a profit this year.

- 5. Reasons why my department requires these unique features and what benefit will accrue to the county:** The County has an ambitious plan to turn around its hospital and make it a regional destination for quality care. This Contractor has worked with the hospital as a TAP and has made a considerable difference, under his leadership; hospital expects to make a profit this year. He has

become an essential member of the leadership team. But the situation remains fluid, and would be less stable if a new CFO were sought at this time.

It is in the best interest of the County and the Hospital that we retain this individual for a one-year contract.

- 6. **Price Reasonableness including purchase price and any ongoing maintenance or ancillary costs from the supplier:** The WMG Group provides the unique leadership qualities and expertise that a large hospital requires for oversight of its financial operations. A full-time employee providing the equivalent function in a similar private hospital would expect to be paid \$250/hour plus benefits and a bonus. The WMG Group has offered RUHS a comparable rate without any bonuses.
- 7. **Does moving forward on this product or service further obligate the county to future similar contractual arrangements or any ongoing costs affiliated with this sole source? (Maintenance, support, or upgrades, if so, please explain).** No. This is a one-year contract. There is no continuing obligation or additional costs.
- 8. **Period of Performance:** From July 1, 2015 to June 30, 2016.
- 9. **Projected Board of Supervisor Date:** June 30, 2015

- c) Contractor may also provide the invoice referenced above via email to: chans@co.riverside.ca.us or to such other address as provided by the COUNTY.

3.4 The COUNTY obligation for payment of this Agreement beyond the current fiscal year end is contingent upon and limited by the availability of COUNTY funding from which payment can be made. No legal liability on the part of the COUNTY shall arise for payment beyond June 30 of each calendar year unless funds are made available for such payment. In the event that such funds are not forthcoming for any reason, COUNTY shall immediately notify CONTRACTOR in writing; and this Agreement shall be deemed terminated, have no further force, and effect.

4. Alteration or Changes to the Agreement

4.1 The Board of Supervisors and the COUNTY Purchasing Agent and/or her designee is the only authorized COUNTY representatives who may at any time, by written order, alter this Agreement. 4.2 Any claim by the CONTRACTOR for additional payment related to this Agreement shall be made in writing by the CONTRACTOR within 30 days of when the CONTRACTOR has or should have notice of any actual or claimed change in the work, which results in additional and unanticipated cost to the CONTRACTOR. If the COUNTY Purchasing Agent decides that the facts provide sufficient justification, he may authorize additional payment to the CONTRACTOR pursuant to the claim. Nothing in this section shall excuse the CONTRACTOR from proceeding with performance of the Agreement even if there has been a change.

In such event, CONTRACTOR shall not be entitled to any further compensation under this Agreement.

The CONTRACTOR agrees that all materials, reports or products in any form, including electronic, created by CONTRACTOR for which CONTRACTOR has been compensated by COUNTY pursuant to this Agreement shall be the sole property of the COUNTY. The material, reports or products may be used by the COUNTY for any purpose that the COUNTY deems to be appropriate, including, but not limit to, duplication and/or distribution within the COUNTY or to third parties. 7. **Security of ePHI.** In the event County discloses ePHI to Contractor or Contractor needs to create, receive, maintain, transmit or have access to County ePHI, in accordance with 42 USC §17931 and 45 CFR §164.314(a)(2)(i), and §164.306, Contractor shall:

1. Comply with the applicable requirements of the Security Rule, and implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of ePHI that Contractor creates, receives, maintains, or transmits on behalf of County in accordance with 45 CFR §164.308, §164.310, and §164.312;
2. Comply with each of the requirements of 45 CFR §164.316 relating to the implementation of policies, procedures and documentation requirements with respect to ePHI;
3. Protect against any reasonably anticipated threats or hazards to the security or integrity of ePHI;
4. Protect against any reasonably anticipated uses or disclosures of ePHI that are not permitted or required under the Privacy Rule;
5. Ensure compliance with the Security Rule by Contractor's workforce;
6. In accordance with 45 CFR §164.308(b)(2), require that any subcontractors that create, receive, maintain, transmit, or access ePHI on behalf of Contractor agree through contract to the same restrictions and requirements contained in this Addendum and comply with the applicable requirements of the Security Rule;
7. Report to County any security incident of which Contractor becomes aware, including breaches of unsecured PHI as required by 45 CFR §164.410; and,
8. Comply with any additional security requirements that are applicable to covered entities in Title 42 (Public Health and Welfare) of the United States Code, as may be amended from time to time, including but not limited to HITECH.
8. **Breach of Unsecured PHI.** In the case of breach of unsecured PHI, Contractor shall comply with the applicable provisions of 42 USC §17932 and 45 CFR Part 164, Subpart D, including but not limited to 45 CFR §164.410.

A. **Discovery and notification.** Following the discovery of a breach of unsecured PHI, Contractor shall notify County in writing of such breach without unreasonable delay and in no case later than 60 calendar days after discovery of a breach, except as provided in 45 CFR §164.412.

- 1) **Breaches treated as discovered.** A breach is treated as discovered by Contractor as of the first day on which such breach is known to Contractor or, by exercising reasonable diligence, would have been known to Contractor, which includes any person, other than the person committing the breach, who is an employee, officer, or other agent of Contractor (determined in accordance with the federal common law of agency).
- 2) **Content of notification.** The written notification to County relating to breach of unsecured PHI shall include, to the extent possible, the following information if known (or can be reasonably obtained) by Contractor:

- a) The identification of each individual whose unsecured PHI has been, or is reasonably believed by Contractor to have been accessed, acquired, used or disclosed during the breach;
- b) A brief description of what happened, including the date of the breach and the date of the discovery of the breach, if known;
- c) A description of the types of unsecured PHI involved in the breach, such as whether full name, social security number, date of birth, home address, account number, diagnosis, disability code, or other types of information were involved;
- d) Any steps individuals should take to protect themselves from potential harm resulting from the breach;
- e) A brief description of what Contractor is doing to investigate the breach, to mitigate harm to individuals, and to protect against any further breaches; and,
- f) Contact procedures for individuals to ask questions or learn additional information, which shall include a toll-free telephone number, an e-mail address, web site, or postal address.

- B. **Cooperation.** With respect to any breach of unsecured PHI reported by Contractor, Contractor shall cooperate with County and shall provide County with any information requested by County to enable County to fulfill in a timely manner its own reporting and notification obligations, including but not limited to providing notice to individuals, prominent media outlets and the Secretary in accordance with 42 USC §17932 and 45 CFR §164.404, §164.406 and §164.408.
- C. **Breach log.** To the extent breach of unsecured PHI involves less than 500 individuals, Contractor shall maintain a log or other documentation of such breaches and provide such log or other documentation on an annual basis to County not later than fifteen (15) days after the end of each calendar year for submission to the Secretary.
- D. **Delay of notification authorized by law enforcement.** If Contractor delays notification of breach of unsecured PHI pursuant to a law enforcement official's statement that required notification, notice or posting would impede a criminal investigation or cause damage to national security, Contractor shall maintain documentation sufficient to demonstrate its compliance with the requirements of 45 CFR §164.412.
- E. **Payment of costs.** With respect to any breach of unsecured PHI caused solely by the Contractor's failure to comply with one or more of its obligations under this Addendum and/or the provisions of HITECH, HIPAA, the Privacy Rule or the Security Rule, Contractor agrees to pay any and all costs associated with providing all legally required notifications to individuals, media outlets, and the Secretary. This provision shall not be construed to limit or diminish Contractor's obligations to indemnify, defend and hold harmless County under Section 9 of this Addendum.
- F. **Documentation.** Pursuant to 45 CFR §164.414(b), in the event Contractor's use or disclosure of PHI and/or ePHI violates the Privacy Rule, Contractor shall maintain documentation sufficient to demonstrate that all notifications were made by Contractor as required by 45 CFR Part 164, Subpart D, or that such use or disclosure did not constitute a breach, including Contractor's completed risk assessment and investigation documentation.
- G. **Additional State Reporting Requirements.** The parties agree that this Section 8.G applies only if and/or when County, in its capacity as a licensed clinic, health facility, home health agency, or hospice, is required to report unlawful or unauthorized access, use, or disclosure of medical information under the more stringent requirements of California Health & Safety Code §1280.15. For purposes of this Section 8.G, "unauthorized" has the meaning given such term in California Health & Safety Code §1280.15(j)(2).
 - 1) Contractor agrees to assist County to fulfill its reporting obligations to affected patients and to the California Department of Public Health ("CDPH") in a timely manner under the California Health & Safety Code §1280.15.

- 2) Contractor agrees to report to County any unlawful or unauthorized access, use, or disclosure of patient's medical information without unreasonable delay and no later than two (2) business days after Contractor detects such incident. Contractor further agrees such report shall be made in writing, and shall include substantially the same types of information listed above in Section 8.A.2 (Content of Notification) as applicable to the unlawful or unauthorized access, use, or disclosure as defined above in this section, understanding and acknowledging that the term "breach" as used in Section 8.A.2 does not apply to California Health & Safety Code §1280.15.

9. **Hold Harmless/Indemnification.**

- A. Contractor agrees to indemnify and hold harmless County, all Agencies, Districts, Special Districts and Departments of County, their respective directors, officers, Board of Supervisors, elected and appointed officials, employees, agents and representatives from any liability whatsoever, based or asserted upon any services of Contractor, its officers, employees, subcontractors, agents or representatives arising out of or in any way relating to this Addendum, including but not limited to property damage, bodily injury, death, or any other element of any kind or nature whatsoever arising from the performance of Contractor, its officers, agents, employees, subcontractors, agents or representatives from this Addendum. Contractor shall defend, at its sole expense, all costs and fees, including but not limited to attorney fees, cost of investigation, defense and settlements or awards, of County, all Agencies, Districts, Special Districts and Departments of County, their respective directors, officers, Board of Supervisors, elected and appointed officials, employees, agents or representatives in any claim or action based upon such alleged acts or omissions.
 - B. With respect to any action or claim subject to indemnification herein by Contractor, Contractor shall, at their sole cost, have the right to use counsel of their choice, subject to the approval of County, which shall not be unreasonably withheld, and shall have the right to adjust, settle, or compromise any such action or claim without the prior consent of County; provided, however, that any such adjustment, settlement or compromise in no manner whatsoever limits or circumscribes Contractor's indemnification to County as set forth herein. Contractor's obligation to defend, indemnify and hold harmless County shall be subject to County having given Contractor written notice within a reasonable period of time of the claim or of the commencement of the related action, as the case may be, and information and reasonable assistance, at Contractor's expense, for the defense or settlement thereof. Contractor's obligation hereunder shall be satisfied when Contractor has provided to County the appropriate form of dismissal relieving County from any liability for the action or claim involved.
 - C. The specified insurance limits required in the Underlying Agreement of this Addendum shall in no way limit or circumscribe Contractor's obligations to indemnify and hold harmless County herein from third party claims arising from issues of this Addendum.
 - D. In the event there is conflict between this clause and California Civil Code §2782, this clause shall be interpreted to comply with Civil Code §2782. Such interpretation shall not relieve the Contractor from indemnifying County to the fullest extent allowed by law.
 - E. In the event there is a conflict between this indemnification clause and an indemnification clause contained in the Underlying Agreement of this Addendum, this indemnification shall only apply to the subject issues included within this Addendum.
10. **Term.** This Addendum shall commence upon the Effective Date and shall terminate when all PHI and/or ePHI provided by County to Contractor, or created or received by Contractor on behalf of County, is destroyed or returned to County, or, if it is infeasible to return or destroy PHI and/ePHI, protections are extended to such information, in accordance with section 11.B of this Addendum.

11. **Termination.**

- A. **Termination for Breach of Contract.** A breach of any provision of this Addendum by either party shall constitute a material breach of the Underlying Agreement and will provide grounds for terminating this Addendum and the Underlying Agreement with or without an opportunity to cure the breach, notwithstanding any provision in the Underlying Agreement to the contrary. Either party, upon written notice to the other party describing the breach, may take any of the following actions:
 - 1) Terminate the Underlying Agreement and this Addendum, effective immediately, if the other party breaches a material provision of this Addendum.

- 2) Provide the other party with an opportunity to cure the alleged material breach and in the event the other party fails to cure the breach to the satisfaction of the non-breaching party in a timely manner, the non-breaching party has the right to immediately terminate the Underlying Agreement and this Addendum.
- 3) If termination of the Underlying Agreement is not feasible, the breaching party, upon the request of the non-breaching party, shall implement, at its own expense, a plan to cure the breach and report regularly on its compliance with such plan to the non-breaching party.

B. Effect of Termination.

- 1) Upon termination of this Addendum, for any reason, Contractor shall return or, if agreed to in writing by County, destroy all PHI and/or ePHI received from County, or created or received by the Contractor on behalf of County, and, in the event of destruction, Contractor shall certify such destruction, in writing, to County. This provision shall apply to all PHI and/or ePHI which are in the possession of subcontractors or agents of Contractor. Contractor shall retain no copies of PHI and/or ePHI, except as provided below in paragraph (2) of this section.
- 2) In the event that Contractor determines that returning or destroying the PHI and/or ePHI is not feasible, Contractor shall provide written notification to County of the conditions that make such return or destruction not feasible. Upon determination by Contractor that return or destruction of PHI and/or ePHI is not feasible, Contractor shall extend the protections of this Addendum to such PHI and/or ePHI and limit further uses and disclosures of such PHI and/or ePHI to those purposes which make the return or destruction not feasible, for so long as Contractor maintains such PHI and/or ePHI.

12. General Provisions.

- A. Retention Period.** Whenever Contractor is required to document or maintain documentation pursuant to the terms of this Addendum, Contractor shall retain such documentation for 6 years from the date of its creation or as otherwise prescribed by law, whichever is later.
- B. Amendment.** The parties agree to take such action as is necessary to amend this Addendum from time to time as is necessary for County to comply with HITECH, the Privacy Rule, Security Rule, and HIPAA generally.
- C. Survival.** The obligations of Contractor under Sections 3, 5, 6, 7, 8, 9, 11.B and 12.A of this Addendum shall survive the termination or expiration of this Addendum.
- D. Regulatory and Statutory References.** A reference in this Addendum to a section in HITECH, HIPAA, the Privacy Rule and/or Security Rule means the section(s) as in effect or as amended.
- E. Conflicts.** The provisions of this Addendum shall prevail over any provisions in the Underlying Agreement that conflict or appear inconsistent with any provision in this Addendum.
- F. Interpretation of Addendum.**
 - 1) This Addendum shall be construed to be part of the Underlying Agreement as one document. The purpose is to supplement the Underlying Agreement to include the requirements of the Privacy Rule, Security Rule, HIPAA and HITECH.
 - 2) Any ambiguity between this Addendum and the Underlying Agreement shall be resolved to permit County to comply with the Privacy Rule, Security Rule, HIPAA and HITECH generally.
- G. Notices to County.** All notifications required to be given by Contractor to County pursuant to the terms of this Addendum shall be made in writing and delivered to the County both by fax and to both of the addresses listed below by either registered or certified mail return receipt requested or guaranteed overnight mail with tracing capability, or at such other address as County may hereafter designate.
