**SUBMITTAL TO THE FLOOD CONTROL AND
 WATER CONSERVATION DISTRICT BOARD OF SUPERVISORS
 COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

313B

FROM: General Manager-Chief Engineer

SUBMITTAL DATE:
 June 30, 2015

SUBJECT: Approve Pre-Qualified List of Aerial Imaging and Light Detection and Ranging (LIDAR) Services Companies [\$0]

RECOMMENDED MOTION: That the Board of Supervisors:

1. Approve the list of pre-qualified aerial imaging and Light Detection and Ranging (LIDAR) services companies.

BACKGROUND:

Summary

The Riverside County Flood Control and Water Conservation District advertised a request for qualifications (RFQ) for any qualified vendors to submit their Statement of Qualifications (SOQ) to provide aerial imagery and light detection and ranging (LIDAR) services. The SOQs were submitted for the purpose of developing a pool of qualified aerial flight companies to provide various aerial flight products to assist with the aerial mapping of various District projects on an as needed basis.

**SUBMITTAL TO THE FLOOD CONTROL AND WATER CONSERVATION DISTRICT
BOARD OF SUPERVISORS, COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

FORM 11: Approve Pre-Qualified List of Aerial Imaging and Light Detection and Ranging (LIDAR) Services Companies, [\$0]

DATE: June 30, 2015

PAGE: Page 2 of 2

BACKGROUND:

Summary (continued)

In accordance with Board Policy H-7, a Notice of Availability was published in the Press Enterprise on March 30, 2015 and a selection committee made up of District employees reviewed each firm's qualifications for the following services: Provide aerial images, both analog and digital and light detection and ranging (LIDAR) services. After reviewing all the submitted qualifications, firms were selected on the basis of achieving at least predetermined minimum criteria. Each firm offers particular strengths that apply to the projects directed by the District.

Creating and building a pool of qualified aerial flight companies is in accordance with Board Policy H-7 for the purpose of being able to quickly respond to the District's needs and accelerate the delivery of services and projects. Services will be retained on an as needed basis via the issuance of a purchase order for negotiated services including, but not limited to, agreement on the scope of work, terms, conditions and compensations. Firms will be selected by the District based on the pre-qualified firm's current workload and the firm's particular qualifications for individual projects.

It is anticipated that the size of the projects with which the firms may be involved could range from approximately \$1,500 to \$75,000 with an estimated average project value of \$35,000.

The selection of firms followed Board Policy H-7 requirements, including solicitation of Request for Qualifications. Fees paid to a listed consultant must be less than \$100,000.00 for an individual project or a maximum of \$100,000.00 during any fiscal year. The approved list shown below will remain valid for a period of three (3) years, at which time the selection process will be reinitiated.

Pre-Qualified List of Aerial Imaging and/or LIDAR Firms

Skyview Aerial Photo, Inc.
Geospatial Professional Solutions, Inc.
Quantum Spatial, Inc.
Digital Mapping, Inc.
