#### SUBJECT: FY 15/16 Final Budget Recommendations

#### Board members:

On June 15, 2015, the Board approved a FY 2015/16 recommended budget that provided \$5.27 billion in baseline spending authority for next fiscal year by June 30, as required by law. That total includes \$3.04 billion for general fund operations, including \$738.3 million in discretionary general fund spending. The Board also held budget hearings to take testimony from departments and the public on further discretionary budget issues and spending needs.

The Board voted to hold the Sheriff's patrol ratio at the current 1.04 per thousand population level, and plan to phase the opening of the East County Detention Center (ECDC) over time to allow for a more gradual ramping up of staffing and operations. The Board requested continuing budget discussions to July 7 for further consideration of policy issues raised in the hearings, and tentatively set adoption of the final budget recommendations for September.

In our budget presentation, my staff and I outlined the limited one-time resources potentially available to address these issues. The Governor's May Revision indicated the county might receive as much as \$64.5 million in one-time revenue from a combination of back-due SB90 reimbursements totaling \$40.8 million, and a \$23.7 million fire credit as compensation to the county for amounts owed by four new cities, of which the general fund portion would be \$20.3 million. We also outlined the potential use of Prop. 172 reserves and use of a portion of \$8.4 in anticipated state reimbursement for prior year growth related to 1991 Realignment. The budget the Governor just signed, however, does not include the fire credit, and therefore the one-time amounts available from the state are limited to the \$40.8 million.

Honorable Board of Supervisors FY 15/16 Final Budget Recommendations June 29, 2015 Page 2

A number of critical issues emerged from the budget hearings. Among these are the Sheriff's and District Attorney's budget shortfalls, the impact of Prop. 47 on departments such as the Public Defender and Mental Health, the unfunded cost of keeping the San Jacinto animal shelter open, caseload growth in the Department of Public Social Services, shortfalls in the Assessor's Office and Economic Development Agency, and the increasing labor costs of the CalFire personnel.

As I noted then, ongoing discretionary revenue is not projected to keep pace with the costs of the Board's long-term commitments and mandates imposed on the county. Current projections indicate ongoing discretionary revenue will fall short of already-planned spending commitments in coming fiscal years, and the issues outlined above amplify that shortfall. To the extent possible, it is essential departments obtain certainty on these budget issues sooner rather than later, and that over the coming year we plan a long-term strategy for achieving structural balance. Consequently, rather than defer until September, I am presenting for your consideration recommended budget adjustments based on the priorities you voiced at budget hearings, and the resolutions necessary for the Board to adopt the final budget now.

A summary and the detail of those budget adjustments are contained in Attachment A. These funding recommendations total \$51 million. Additional estimated revenue anticipated totals \$66.5 million, leaving a remainder of \$15.5 million, which I recommend the Board place in general fund contingency.

When the Board approved the recommended budget, you concurrently approved holding the patrol ratio at its present level of 1.04 officers per thousand population in the unincorporated area. That change in policy helps resolve a portion of the Sheriff's projected deficit. I recommend over this fiscal year holding off on the addition of any further authorized positions for patrol in the unincorporated area, and requesting the Sheriff only hire or fill patrol positions serving the unincorporated area sufficient to address attrition.

The Board also approved planning a phased opening of the East County Detention Center. Over the coming year, I will continue to work closely with the Sheriff to craft phased staffing and cost assumptions for ECDC that reflect the actual construction schedule and the Sheriff's operational realities of bringing such a facility online. During that time, I recommend holding off on the addition of any further correctional positions, and requesting the Sheriff contain hiring and filling vacancies of correctional positions to the level necessary to accommodate attrition. The recommended budget includes \$14.4 million in additional funding for the Sheriff originally intended to offset the costs of ramping up the patrol ratio and hiring for ECDC. I recommend leaving this funding for the Sheriff in place, and reprogramming it in our multi-year planning to address instead the Sheriff's chronic budget shortfall.

Honorable Board of Supervisors FY 15/16 Final Budget Recommendations June 29, 2015 Page 3

During the budget hearings, the District Attorney requested his budget be funded to maintain existing staffing levels. I recommend providing the District Attorney an additional \$8 million from Prop. 172 reserves, which I believe is adequate to address that concern. However, I also recommend placing a hold on the addition of any authorized positions for the District Attorney, and requesting that he hire or fill vacancies only as necessary to address attrition.

As I indicated in my recommended budget letter, the ongoing, permanent reality of the county's limited discretionary revenues requires adopting leaner, more efficient approaches to managing these scarce resources. The \$32 million in one-time discretionary funding recommended here must be seen only as a temporary reprieve from further tough decisions. It offers an opportunity over the next year to reassess priorities and plan the restructuring necessary to position the county on a sustainable footing moving forward. To this end and per the Board's direction, I will accelerate budget strategy discussions earlier in the fiscal year through which to map out a structurally and programmatically balanced long-range financial plan.

#### IT IS THEREFORE RECOMMENDED that the Board of Supervisors:

- 1) Approve the adjustments to the recommended budget listed in Attachment A; and,
- 2) Approve Resolution No. 440-9004 containing technical amendments of Ordinance 440 and Budget Schedule 20 listed in Attachment B; and,
- 3) Approve Resolution No. 2015-156 adopting the FY 15/16 final budget (Attachment C), inclusive of the approved FY 2015/16 recommended budget and any adjustments made to it as of the data of adoption, including those contained in Attachment A and Attachment B attached hereto; and,
- 4) Approve a hold for one year on the addition or exchange of further authorized positions for Sheriff's patrol serving the unincorporated area and correctional positions, and for positions in the District Attorney's office; and further, request the Sheriff contain hiring or filling patrol positions serving the unincorporated area and correctional positions only as sufficient to address attrition, and request the District Attorney likewise hire or fill vacancies only as necessary to address attrition.

Respectfully Submitted,

unty Executive Officer
