FORM 11: Funding Contribution Towards the Buchanan Street/Lakepointe Drive and Indiana Avenue Traffic Signal Project. Resolution No. 2015-125. Cooperative Agreement Between the County of Riverside and the City of Riverside. 1st and 2nd Districts; [\$60,000]; DIF Signal Mitigation Funds 100%
DATE: June 22, 2015
PAGE: 2 of 2

BACKGROUND:

Summary

The City of Riverside (City) initiated the proposed project, which consists of the installation of a traffic signal at the intersection of Buchanan Street/Lakepointe Drive and Indiana Avenue. The south leg is within the County of Riverside (County) jurisdiction. Other work included in the project is the replacement of existing curb ramp signing and striping. This intersection has met warrant for a traffic signal.

The City estimated the project to cost \$240,000 to construct. The agreement provides for the County to contribute a fixed amount of \$60,000 towards the design and construction of this traffic signal, which is 25% of the total project cost.

The County began construction in mid-2014 to provide a new overpass bridge on Magnolia Avenue to separate motorists, pedestrians, bicyclists, and emergency traffic from train traffic. In January of 2015, Magnolia Avenue was closed between Lincoln Street and Buchanan Street and detoured through the intersection of Indiana Avenue and Buchanan Street/Lakepointe Drive. As part of the detour plan, a temporary signal was installed by the contractor and is currently operating at the intersection of Buchanan Street/Lakepointe Drive and Indiana Avenue to improve traffic safety and reduce delay through the construction detour. After Magnolia Avenue is re-opened to traffic, which is expected to be in February 2016, the City, via a separate construction contract, will remove the temporary traffic signal, all existing equipment, and install the permanent traffic signal.

The City will assume the cost to maintain the signal.

County Counsel has approved the Cooperative Agreement as to form.

Project No.: C6-0052

Impact on Residents and Businesses

The Permanent traffic signal will improve traffic safety and operations at the intersection and benefit City residents and County residents living within the Home Gardens and Lake Hill communities to the southwest and southeast of the intersection.

SUPPLEMENTAL:

Additional Fiscal Information

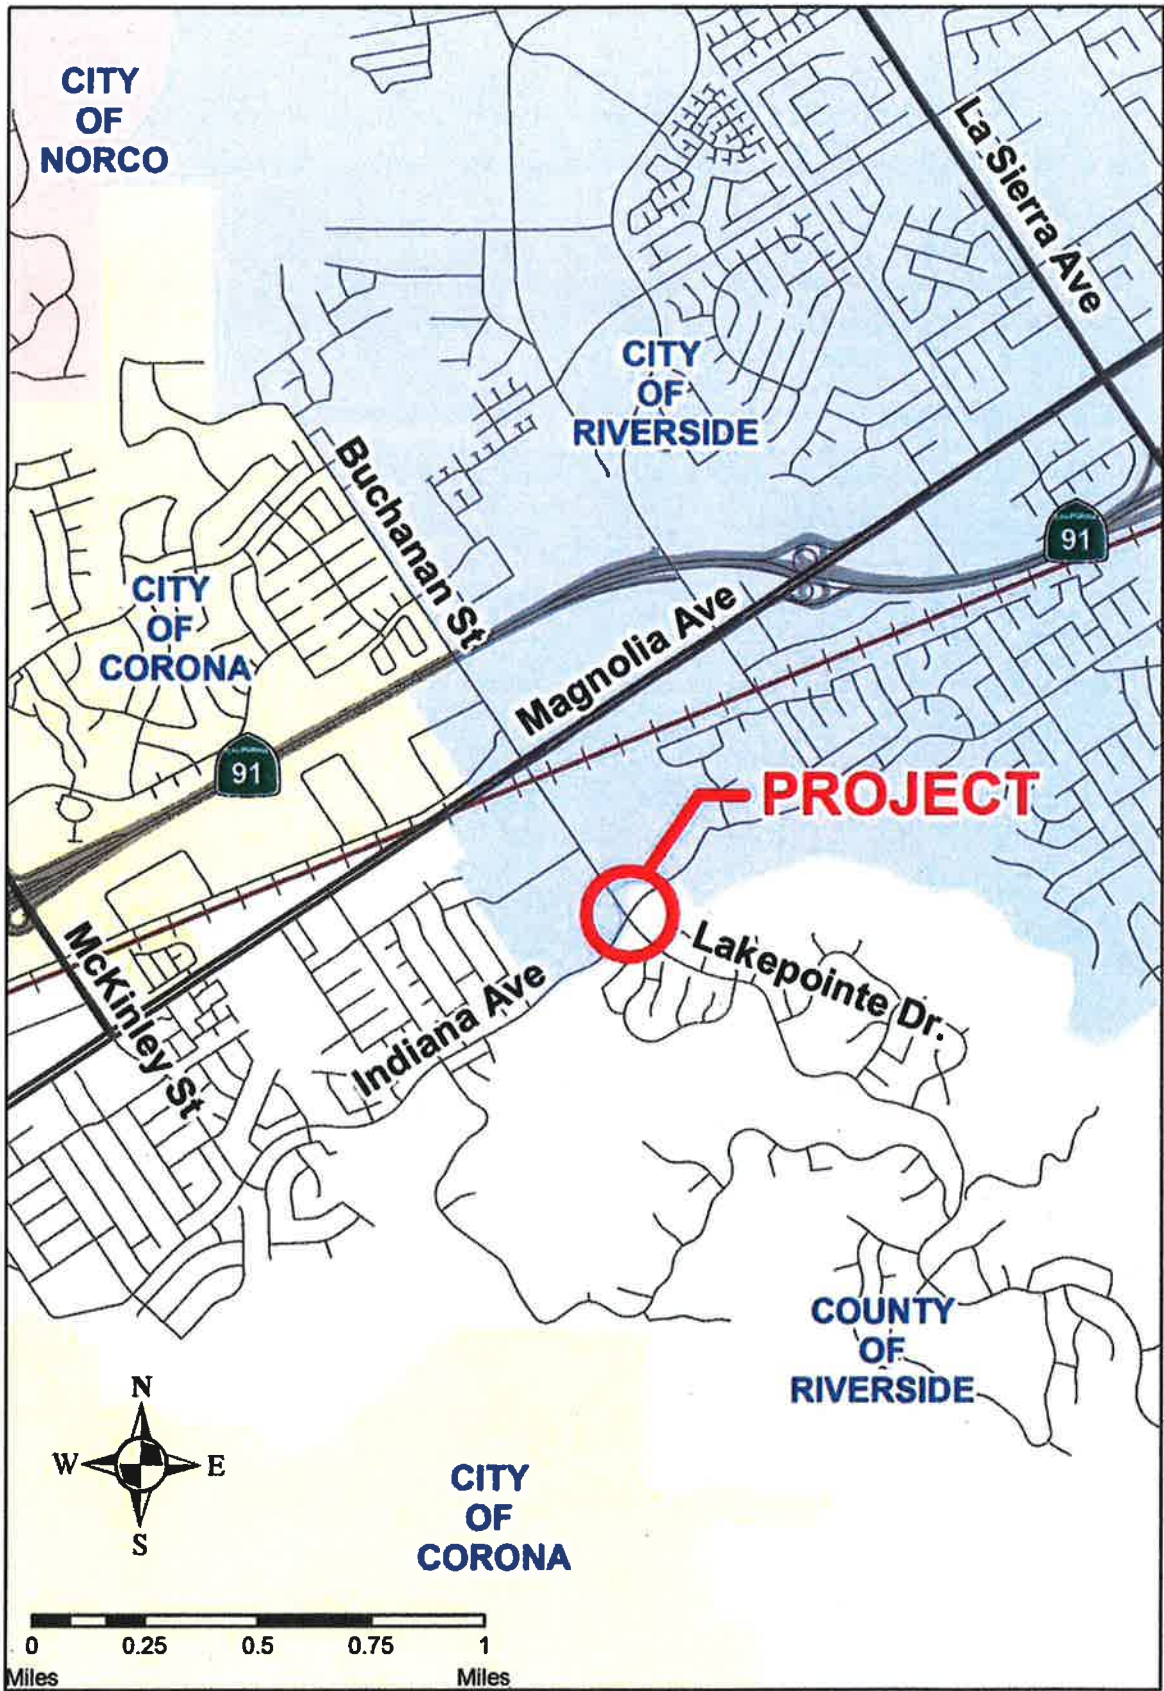

The Development Impact Fee (DIF) program, which is governed under Ordinance 659, allows for the use of DIF funds for traffic signal facilities. The total cost of the new signal is \$240,000. The County is to contribute \$60,000 (25%) towards the design and construction of the signal.

There are no General Funds used in this project.
