INTRODUCTION

Assembly Bill 1484 (AB 1484), was enacted in June 2012, requiring all successor agencies for former redevelopment agencies that owned property as of the time of redevelopment dissolution in 2011 to prepare a Long Range Property Management Plan (Plan). This Plan governs and sets forth the disposition and use of properties held by the Successor Agency to the Redevelopment Agency for the County of Riverside.

EXECUTIVE SUMMARY

The Successor Agency to the Redevelopment Agency for the County of Riverside (Successor Agency) has identified all real property assets vested to the former Redevelopment Agency for the County of Riverside (Former RDA) and has provided its recommendations for appropriate means of transfer and disposal of each parcel. Over the years, the Former RDA acquired the properties included in the Land Inventory in an effort to redevelop and revitalize certain communities within the five different Project Areas in Riverside County.

With the approval of the Successor Agency and Oversight Board, all of the properties have been determined to be used or disposed based on the following categories:

- 1) Retain property for governmental use;
- 2) Retain property for future development;
- 3) Sale of the property; or
- 4) Retain property to fulfill an Enforceable Obligation

The Successor Agency is the owner of record of 85 parcels and approximately 639 acres of land. Twenty-five (25) properties have been identified as parcels to be transferred to a governmental agency for governmental uses serving the community. Fifty-eight (58) properties are designated for sale pursuant to current legal requirements, and two (2) properties are designated to be retained due to the existence of an enforceable obligation.

REDEVELOPMENT AGENCY BACKGROUND

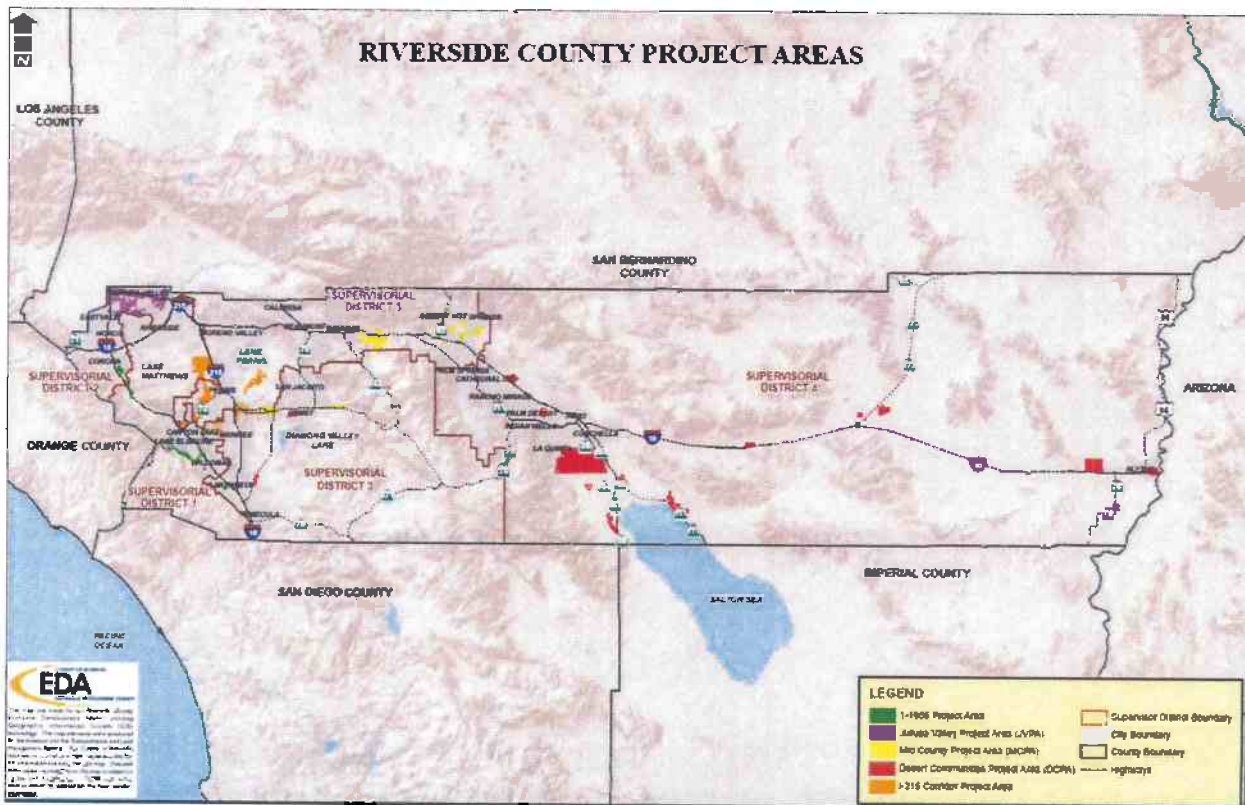

The California Community Redevelopment Act of 1945 gave local governments the tools necessary to address problems in communities such as blight, degraded buildings and a lack of housing. The former Redevelopment Agency for the County of Riverside was established in 1985, and consisted of five (5) project areas with approximately 82,335 acres. Redevelopment Agency programs and activities encouraged new development, created jobs and generated tax revenues within the following project areas:

- 1) Project Area 1-1986 (1-1986)
- 2) Jurupa Valley Project Area (JVPA)
- 3) Mid-County Project Area (MCPA)
- 4) Desert Communities Project Area (DCPA)
- 5) Interstate 215 Project Area (I-215)

Section 33391 of the Health and Safety Code provides, in pertinent part, that a redevelopment agency may, for the purposes of redevelopment: “. . . Purchase, lease, obtain option upon, acquire by gift, grant, bequest, devise, or otherwise, any real or personal property, any interest in property, and any improvements on it, including repurchase of developed property previously owned by the agency. . . .”

Over the years, the redevelopment agency proceeded with the acquisition of property to fulfill the redevelopment purposes outlined in the redevelopment plans for each project area such as, the provision of low and moderate income housing, the construction of community facilities, and the expansion of business opportunities and the subsequent creation of jobs.

Redevelopment Project Areas Map

Redevelopment and Implementation Plans

Pursuant to the Community Redevelopment Law of the State of California (CRL) as set forth in Health and Safety Code Section 33000, et seq., redevelopment plans were adopted by the Redevelopment Agency for each of the five Project Areas and each related sub-area. The adoption of the redevelopment plans provided the Redevelopment Agency with powers, duties and obligations to implement redevelopment programs and activities committed for the continued redevelopment, rehabilitation, and revitalization within the Project Areas and sub-areas.

Support

This Plan has been prepared by the Successor Agency with the approval of the Oversight Board, along with the support of the County of Riverside and its respective Taxing Entities.

STATEMENT OF LEGAL REQUIREMENTS

This Long-Range Property Management Plan addresses the strategy for the disposition and use of the real properties owned by the former Redevelopment Agency for the County of Riverside (Former RDA) at the time of dissolution. Pursuant to Health and Safety Code section 34191.5, the Successor Agency received its Finding of Completion from the Department of Finance (DOF) on April 18, 2014. The Successor Agency will submit for approval to the Oversight Board and the DOF, this Plan addressing the disposition and use of the real properties held in trust by the Successor Agency.

This Plan addresses the disposition and use of the real properties of the Former RDA and discusses the Successor Agency's goals.

- Ensure the community's needs are met through the disposition or use of each property
- Transfer properties to government entities for governmental use for public benefit
- Retain properties for future development purposes for public benefit
- Dispose properties by marketing and maximizing the sales price, property tax, sales tax and/or combination thereof for properties deemed appropriate for private development
- Address the public's concerns and needs by ensuring public awareness
- Ensure the Successor Agency and Oversight Board are informed of the progress of the Plan
- Compliance with ABx1 26 and AB 1484

PROPERTY INVENTORY – FORMER RDA PROPERTIES

The former Redevelopment Agency for the County of Riverside owned 85 parcels at the time of dissolution. The properties are grouped by its Proposed Disposition Category as defined in AB 1484 and a detailed description of the properties, and are subcategorized by project area and supervisorial district.

PROPERTY PROFILES

This Plan includes a profile of each property categorized by use or disposition strategy. The property profiles include the following:

- 1) Aerial map, photo(s) and assessor parcel map;
- 2) Required components: the property profiles provide specific information related to each property's acquisition date, cost and, purpose, parcel information including address, if any, assessor parcel number, lot size and/or zoning, contractual requirements, environmental contamination/remediation, development proposal history and activity and advancement of planning objective;
- 3) Classification of property (i.e. vacant, parking lot, residence, etc.);
- 4) Disposal strategy including supportive information regarding the proposed use or disposition of each property, where this use was planned for in the Redevelopment Plan and General Plan; and,
- 5) Advancement of Planning Objectives.

Future Development Strategy

The intent of the Successor Agency is to dispose of the properties shown in the table above in a manner aimed to maximize value to the affected Taxing Entities, while still advancing to the planning objectives of the implementation plan and ensuring that it completes the purpose in which the Property was acquired for originally. The future development of these properties will fulfill one or more goals of the Redevelopment Plan, by improving community blight, fulfilling community needs for public amenities, and providing for the construction of public safety facilities. The Successor Agency will coordinate with the affected Taxing Entities to verify and obtain their support of the transfer of the properties to the County for future development of infill housing or a county facility. This will provide substantial positive fiscal benefits flowing to the affected Taxing Entities from the development of the Property. Potential investment in the development of certain properties will encourage reinvestment of existing residents and businesses, increasing the economic value of the communities.

¹ See Attachment 2.

The attached property profiles provide information regarding the specific strategies for each property.

Sale Strategy

The intent of the Successor Agency is to achieve the community benefits originally set forth in the Redevelopment and Implementation Plans and also to general economic benefits for the Agency and the Taxing Entities. In order to maximize the value to the communities and to the Taxing Entities, the

Successor Agency will use one or a combination of various intended sale methods. The sales proceeds of these Properties will be distributed amongst the Taxing Entities pursuant to the provisions of ABx 1 26 and AB 1484. The above referenced properties will be disposed of on a case-by-case basis utilizing one or a combination of the following sale methods:

- 1) Staff Marketing – Staff will market a property through: (a) development of a marketing packet which will be delivered to all interested developers/property owners, (b) advertise properties through the Economic Development website, (c) place a “for sale” sign on the property and (d) display available properties at trade shows, conventions and Real Estate forums.
- 2) Request for Proposals (RFP) – The Successor Agency in conjunction with the County will directly identify and engage with the most experienced and qualified buyers, while setting parameters for disposition and development in a way to encourage maximum reinvestment in the properties for the benefit of the community.
- 3) Unsolicited Proposals – When received, County will analyze and will consider each unsolicited proposal on a case-by-case looking at its highest and best value to the Taxing Entities.
- 4) Use of Real Estate Brokers – Where appropriate, to maximize the value, the Successor Agency may engage licensed real estate brokers to assist in marketing certain properties.

The RFP process will be utilized for marketing properties identified as having specific development potential to meet a specific redevelopment and/or economic goal for the community. Through the RFP process, the Successor Agency in conjunction with the County will solicit proposals through a competitive bid process allowing identifying and engaging the most qualified and experienced buyer. This process will allow the Successor Agency to identify a buyer with the necessary experience and financial capacity to complete the purchase and subsequent development of the property, while preventing further damage to the community through the elimination of social and economic blight. The Successor Agency will ensure that the property to be sold will be developed to its highest and best potential and as defined in each property profile. The goal is to sell the property at its highest value; all purchase proposals will be considered based on the scope of development and the long-term benefits for the Successor Agency, its community and its affected Taxing Entities.

FULFILL AN ENFORCEABLE OBLIGATION CATEGORY

Successor Agency to the Redevelopment Agency for the County of Riverside Summary of Enforceable Obligation Properties			
Property Name	# of Assessor Parcel Number(s)	Approximate Acreage	Estimated Appraised Value
Mission Plaza	2	15	\$4,650,030 as-is value
Total:	2	15	

Enforceable Obligation

The intent of the Successor Agency is to fulfill an existing obligation for this property, pursuant to Health and Safety Code Section 34191.5(c)(2). The Successor Agency intends to comply with the enforceable obligation to continue pursuing the proposed development to aid in the elimination of blight in the project area and provide valuable revenue. The Successor Agency's strategy is to comply with the existing agreements.

The Successor Agency has a ground lease with Cardenas Markets, Inc., which requires the Agency to undertake certain on-site and off-site improvements. The Successor Agency will complete those improvements. It is anticipated that, in accordance with the terms and conditions of the lease, Cardenas Markets will thereafter complete construction of the planned Cardenas Market. Additionally, through the RFP process, the Successor Agency will solicit proposals through a competitive bid process allowing identifying and engaging the most qualified and experienced buyer for the Mission Plaza shopping center. This process will allow the Successor Agency to identify a buyer with the necessary experience and financial capacity to complete the purchase and additional development and management of the property as proposed by the Successor Agency, while preventing further damage to the community through the elimination of social and economic blight. The Successor Agency will ensure that the property to be sold will be developed to its highest and best potential and as defined in the property profile. The goal is to sell the property at its highest value; all purchase proposals will be considered based on the scope of development and the long-term benefits for the Successor Agency, its community and its affected Taxing Entities.

Property Type	Vacant Lot/Land
Current Zoning	R-2 (Multiple Family Dwellings)
Redevelopment Project Area	Jurupa Valley Project Area Merger and Amendment (JVPA) Subarea: Rubidoux
Purpose of Acquisition	This property was acquired for the purpose of eliminating blight and enhancing the safety of communities in the Rubidoux area located within the Jurupa Valley Project area. The Agency's goal was to revitalize the community by improving the existing roadway, street conditions, constructing new curbs, sidewalks and gutters in the community.
Proposed Disposition	Retain for future development
Advancement of Planning Objectives	Pursuant to the Redevelopment Plan for the Jurupa Valley Project Area Merger and Amendment , as adopted by the Riverside County Board of Supervisors on July 9, 1996 via Ordinance 762/763; transfer of these properties for housing purposes fulfills the planning objective of acquiring land, sell or lease land, donate land, improve sites, price restrict units, or construct or rehabilitate structures in order to provide housing for persons and families of low or moderate income (pg. 50). Disposition of this property fulfills the planning objective of having authorization to sell, lease, exchange, subdivide, transfer, assign, pledge, encumber by mortgage or deed of trust, or otherwise dispose of any interest in real property (pg. 44).

This property is located on Wallace Street off Mission Boulevard in the community of Jurupa Valley, in the second Supervisorial District. The property is vacant, is surrounded by single family homes, and is suited for the potential development of a new residential home or for disposition. The Housing Authority of the County of Riverside (HACR), as the housing successor to the former Redevelopment Agency for the County of Riverside has expressed an interest to develop the site for an affordable single family housing. This would complement the existing neighborhood and fulfill the HACR goal of provision of affordable housing while maintaining consistency with the rest of the area. Disposal of the subject property will be completed by marketing while maximizing the sales price, property tax, sales tax and/or a combination thereof.

The Successor Agency would like to retain ownership of this property for future development or for disposition. Pursuant to Section 34191.5 (c) (2) of AB 1484, this property was acquired for a specific purpose or project identified to further the goals and objectives of the redevelopment plan. If HACR development of infill housing is determined to be the best use for the property, the

Future Development

Agency will coordinate with the affected Taxing Entities to verify and obtain their support of the transfer of this property to the HACR. The sales proceeds of this property, if disposed, will be distributed amongst the Taxing Entities pursuant to the provisions of ABx 1 26 and AB 1484.

Address	557 N. State Street, Hemet
Lot Size	0.77 acres
Acquisition Date	8/7/2001
Cost	\$0
Estimated Current Value	\$192,862
Property Type	Vacant Lot/Land
Current Zoning	C-P (General Commercial)
Redevelopment Project Area	Mid-County Project Area No. 3-1987 Subarea: North Hemet
Purpose of Acquisition	The purchase of the property was to assist the agency in accomplishing the objectives and goals of the Mid-County Redevelopment Plan, Project Area No. 3, as well as its revitalization efforts within the unincorporated areas of Riverside County. The intent was to enable the Agency to construct an affordable Housing Complex
Proposed Disposition	Retain property for future development
Advancement of Planning Objectives	Pursuant to the Redevelopment Plan for Mid-County Project Area No. 3-1987 , as adopted by the Riverside County Board of Supervisors on December 22, 1987, via Ordinance 646; transfer of this property for housing purposes fulfills the planning objective of acquiring land, donating land, improving sites, or constructing or rehabilitating structures in order to provide housing for persons and families of low or moderate income (pg. 35).

This property is located on State Street, a main street in the community of Hemet, in the third Supervisorial District. The property was previously owned by the Housing Authority of the County of Riverside (HACR). The property was conveyed to the former Redevelopment Agency for the County of Riverside in April 2001. It was intended to be assembled with a number of parcels in the Redevelopment Project Area for inclusion into the proposed North Hemet Specific Plan. Currently, the subject property is adjacent to several other parcels now owned by the HACR in its capacity as Housing Successor. The HACR is seeking to assemble the properties in order to develop an affordable housing project.

The Successor Agency would like to retain ownership of this property for future development of housing. Pursuant to Section 34191.5 (c) (2) of AB 1484, this property was acquired for a specific purpose or project identified to further the goals and objectives of the redevelopment plan. The Agency will coordinate with the affected Taxing Entities to verify and obtain their support of the transfer of this property to the HACR for future development of housing.

NORTH SHORE FIRE STATION RELOCATION PROPERTY

District	4
APN	723-222-003, 002
Address	Not Available, Mecca
Lot Size	0.32 and 0.32 acres
Acquisition Date	10/19/2007 and 3/26/2008
Cost	\$57,600 and \$43,500
Estimated Current Value	\$23,697
Property Type	Vacant Lot/Land
Current Zoning	C-P-S (Scenic Highway Commercial)
Redevelopment Project Area	Desert Communities Project Area, Amendment No. 2 100 Palms, Oasis, Mecca and North Shore Sub-Areas
Purpose of Acquisition	The purpose of the acquisition was to benefit the Desert Communities Project Area (DCPA) by providing land to relocate the existing North Shore Fire Station near Mecca as it was deemed too small to provide fire services to the expanding population of North Shore. It was to assist in the elimination of physical blighting conditions by providing the opportunity for future development of a new and modern facility.
Proposed Disposition	Retain for future development
Advancement of Planning Objectives	Pursuant to the <i>Redevelopment Plan for the Desert Communities Project Area, Amendment No. 2-100 Palms, Oasis, Mecca and North Shore Sub-Areas</i> , as adopted by the Riverside County Board of Supervisors on January 27, 2009 via Ordinance 886; transfer of this property for the development of a fire station fulfills the objective of providing new or improved community facilities such as fire stations, schools, park and recreational facilities, a community center and library, and the expansion of public health and social service facilities, where appropriate to enhance the public health, safety and welfare (7). Disposition of these properties fulfills the planning objective of having authorization to sell, lease, exchange, subdivide, transfer, assign, pledge, encumber by mortgage or deed of trust, or otherwise dispose of any interest in real property (pg. 22).

These properties are located of Highway 111 in the fourth Supervisorial District. The surrounding use is some residential with direct access to the Salton Sea Beach and the North Shore Yacht Club.

Since the parcel is located in a remote area off Highway 111 and Highway 86 and the closest existing fire station to the community is located approximately nine miles away, the property is suited for the potential development of a fire station or for disposition. Public development at this location would benefit the public safety and its residents of the community. Disposal of the subject property will be completed by marketing while maximizing the sales price, property tax, sales tax and/or a combination thereof.

FUTURE THERMAL LIBRARY PROPERTY

District	4
APN	757-062-003
Address	Not Available, Thermal
Lot Size	4.38 acres
Acquisition Date	12/22/2009
Cost	\$495,000
Estimated Current Value	\$476,982
Property Type	Vacant Lot/Land
Current Zoning	M-SC
Redevelopment Project Area	Project No. 4 Subarea: Thermal & Jacqueline Cochran Airport
Purpose of Acquisition	The purpose of the acquisition was to develop a proposed library and assist the Agency in meeting its goal of enhancing communities within the County of Riverside and implementing the Plan for the Desert Communities Project Area. It was to assist in the elimination of physical blighting conditions by providing the opportunity for future development of a new and modern facility.
Proposed Disposition	Retain for future development
Advancement of Planning Objectives	Pursuant to the <i>Redevelopment Plan for Project No. 4</i> , as adopted by the Riverside County Board of Supervisors on December 23, 1986 via Ordinance 638; transfer of this property for the development of a park or a community facility fulfills the objective to enhance the public health, safety and welfare, provide new or improved community facilities such as fire stations, community centers, recreational facilities, sheriff's stations and substations, jail improvements, juvenile and youth center facilities, expansion of court facilities, expansion of public health and social service facilities and provision of airport facilities (pg. 4).

This property is located off Highway 111 between Church Street and Olive Street in the community of Thermal, in the fourth Supervisorial District of Riverside County. The redevelopment agency invested millions of dollars in construction of street improvements and public facilities in this area, including a sheriff's station and forensic lab, a community park, senior center and new water line. The Jerry Rummond's Senior and Community Center is located across the street from the subject property. Since the parcel is approximately 4.38 acres, the property is suited for a public use development such as a park, or expansion of the existing community center which can potentially include a library and a park for residents of the community. This future development would be easily accessible for residents of the community. The County of Riverside has entered into preliminary discussions with the Coachella Valley Unified School District and the Desert Recreation District for the possibility of joint funding for construction and maintenance of the future public facility.

The Successor Agency would like to retain ownership of this property for future development. Pursuant to Section 34191.5 (c)(2) of AB 1484, this property was acquired for a specific purpose or project identified to further the goals and objectives of the redevelopment plan. The Agency

Current Zoning	A-1-10 (Light Agriculture)
Redevelopment Project Area	Desert Communities Project Area, Amendment No. 2-100 Palms, Oasis, Mecca, and North Shore Sub-Areas
Purpose of Acquisition	The purpose of this acquisition was to develop a proposed Fire Station and assist the Agency in meeting its goal of enhancing communities within the County of Riverside and implementing the Plan for the Desert Communities Project Area.
Proposed Disposition	Retain for future development.
Advancement of Planning Objectives	Pursuant to the <i>Redevelopment Plan for the Desert Communities Project Area, Amendment No. 2-100 Palms, Oasis, Mecca, and North Shore Sub-Areas</i> , as adopted by the Riverside County Board of Supervisors on January 27, 2009 via Ordinance 886; transfer of this property for the development of a fire station fulfills the planning objective of providing new or improved community facilities such as fire stations, schools, park and recreational facilities, a community center and library, and the expansion of public health and social service facilities, where appropriate to enhance the public health, safety and welfare (pg. 7). Disposition of these properties fulfill the planning objective of having authorization to sell, lease, exchange, subdivide, transfer, assign, pledge, encumber by mortgage or deed of trust, or otherwise dispose of any interest in real property (pg. 22).

This property is located between 72nd Avenue and Polk Street in the fourth Supervisorial District of Riverside County. The surrounding use is predominantly agricultural and vacant lands, however, approximately three miles from the subject property Las Palmitas Elementary School, Toro Canyon Middle School and Desert Mirage High School are located off 66th Avenue and Oasis Elementary School is approximately 1.5 miles from the subject property.

Since the parcel is approximately 3.08 acres and surrounded by vacant land, it is ideally suited for the potential development of a fire station or for disposition. Public development at this location would benefit the public safety and its residents of the community. for the benefit and safety of the community. Disposal of the subject property will be completed by marketing while maximizing the sales price, property tax, sales tax and/or a combination thereof.

MECCA TRIANGLE PARK

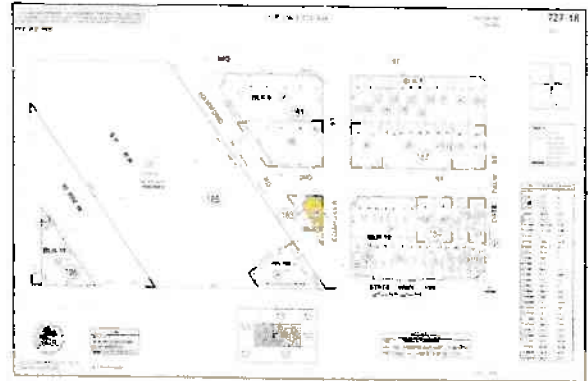

District	4
APN	727-184-036
Address	Not Available, Mecca
Lot Size	0.22 acres
Acquisition Date	12/2/2004
Cost	\$2,000
Estimated Current Value	\$38,333
Property Type	Vacant Lot/Land
Current Zoning	C-P-S (Scenic Highway Commercial)
Redevelopment Project Area	Project No. 4 Subarea: Mecca
Purpose of Acquisition	This property was gifted to the Redevelopment Agency from the Coachella Valley Recreation Park District. Once the Agency accepted the site, it was to dedicate right-of-way requested by the Transportation Department for road improvements to 2 nd Street and as part of its revitalization efforts in the Mecca community, with the purpose of developing the remainder of the park into an attractive passive park, with a community entry sign, desert landscaping and decorative paving.
Proposed Disposition	Retain for future development
Advancement of Planning Objectives	Pursuant to the Redevelopment Plan for Project No. 4 , as adopted by the Riverside County Board of Supervisors on December 23, 1986 via Ordinance 638; transfer of this property for the construction of an attractive entry to the community of Mecca fulfills the implementation action, as shown on page 12, of installation, construction, reconstruction of streets, utilities, open spaces and other public improvements or facilities. The property is a remainder parcel from a street improvement project, and, given its location, size, shape and orientation is ideal for a passive park/community entry (pg. 12). Disposition of this property fulfills the planning objective of having authorization to sell, lease, exchange, subdivide, transfer, assign, pledge, encumber by mortgage or deed of trust, or otherwise dispose of any interest in real property (pg. 23).

This property is located at the entry to the Mecca community, directly off State Hwy 195; between Hammond Road and Coahuilla Street, in the fourth Supervisorial District of Riverside County. The surrounding use is primarily commercial with a variety of businesses available to the community.

The property is a remnant of land from a major street improvement project in the community. The street improvements, combined with the construction of community facilities such as a health clinic, library, and community center, have achieved the goal of providing the residents of Mecca with a sense of pride about their community. Due to parcel size and its location, the property is suited for future development of a passive park which will provide a community identity and foster pride among residents of Mecca.

Future Development

The Successor Agency would like to retain ownership of this property for future development. Pursuant to Section 34191.5 (c) (2) of AB 1484, this property was acquired for a specific purpose or project identified to further the goals and objectives of the redevelopment plan. The Agency will coordinate with the affected Taxing Entities to verify and obtain their support of the transfer of this property to the County for future development or disposition.

Purpose of Acquisition	The purpose of this acquisition was to develop a proposed Fire Station and assist the Agency in meeting its goal of enhancing the community of Mecca and implementing the Plan for Project Area No. 4.
Proposed Disposition	Retain for future development.
Advancement of Planning Objectives	Pursuant to the Redevelopment Plan No. 4 , as adopted by the Riverside County Board of Supervisors on December 23, 1986 via Ordinance 638; transfer of this property fulfills the planning objective to authorize to permit the establishment or enlargement of public, semi-public, institutional, or nonprofit uses. All such uses shall conform, so far as possible, with the provisions of this Plan applicable to the uses in the special area involved (8).

These properties are located off 66th Avenue and Brown Street in the unincorporated community of Mecca in the fourth Supervisorial District of Riverside County. The surrounding use consists of residential homes, including County facilities, community centers, schools and parks as well as agricultural land. The Mecca community consists of a small population of approximately 8,577, with a variation in the population number due to the seasonal farmworkers who serve the Valley's winter and summer harvesting seasons.

The Successor Agency would like to retain the property for future development. The small size of the parcels, combined with its proximity to public uses such as the Mecca Library, the Boys and Girls Club, and the Mecca Health Clinic, are indicators of a potential public use at the center of the community. Pursuant to Section 34191.5 (c) (2) of AB 1484, this property was acquired for a specific purpose or project identified to further the goals and objectives of the redevelopment plan. The Agency will coordinate with the affected Taxing Entities to verify and obtain their support of the transfer of this property to the County for future development or disposition.

Acquisition Date	10/25/1999 and 1/23/2004
Cost	\$343,135
Estimated Current Value	\$2,359,101
Property Type	Vacant Land
Current Zoning	B-M-P (Business & Manufacturing Park Zone)
Redevelopment Project Area	Project No. 5 Subarea: Highgrove
Purpose of Acquisition	The purpose of these acquisitions and collaborative effort with the City of Riverside and University of California, Riverside was to enhance the regional economic development by creating a research and technology park located within the Project area.
Proposed Disposition	Dispose/Sell Property
Advancement of Planning Objectives	Pursuant to the <i>Redevelopment Plan for Project No. 5</i> , as adopted by the Riverside County Board of Supervisors on December 23, 1986, via Ordinance 639; development of these properties fulfills the planning objective of having authorization to pay for, develop or construct any buildings, facilities, or structures, or other improvements, either within or outside the Project Area, for itself or for any public body or entity, if a determination is made that such improvements would be of benefit to the Project area and that no other reasonable means of financing such construction is available to the community (pgs. 26-27).

The Redevelopment Agency for the County of Riverside entered into a collaborative effort with the City of Riverside and the Regents of the University of California Riverside recognizing the relatively low technology industrial base of the region and desired to change that industrial base to one with more high technology employment and higher median wages. A Cooperative Agreement & Purchase Option was negotiated between Redevelopment Agency, the City of Riverside and the University of California, Riverside with Gordon Harris, on October 20, 1998. The Agency, City and UCR believed the establishment of a university affiliated research park would create the environment that would stimulate the creation, cultivation and relocation of technology intensive employers and increase technical employment with higher wage jobs. The Agency, in conjunction with the City of Riverside and the University of California, Riverside, recognized the benefits to regional economic development by creating a research and technology park on property located within the Project Area and the Hunter Business Park Specific Plan, south of Columbia Avenue and east of the Gage Canal. The Agency purchased 10 parcels of vacant land within the Research Park and graded building pads for each parcel, developed an internal road system and installed utilities for the Research Park. Eight (8) out of the ten (10) purchased parcels were developed and currently have existing tenants or are available for lease. The remaining parcels are currently undeveloped and remain under the Redevelopment Agency's ownership.

Dispose/Sell Property

The subject properties will undergo the Request for Proposal process for the development of an office/industrial, a research facility or technology related business. The sales of proceeds of these properties will be distributed amongst the affected Taxing Entities.

Redevelopment Project Area	Project No. 5-1986 & 5-1987, Merger & Amendment Subarea: Romolad
Purpose of Acquisition	The purpose of these acquisitions were to assist the Agency with removing the existing blight by demolishing the older, blighted buildings and developing it with new retail and commercial structures, as well as create job opportunities in the Romoland area. It is located in an area where redevelopment has been instrumental in attracting business and eliminating blight.
Proposed Disposition	Dispose/Sell Property. Potential for future development as retail or motel/service shopping center.
Advancement of Planning Objectives	Pursuant to the Redevelopment Plan for Project No. 5-1986 & 5-1987, Merger & Amendment , as adopted by the Riverside County Board of Supervisors on July 16, 2002, via Ordinance 822; development of these properties fulfills the planning objective of having authorization to pay for, develop, or construct any buildings, facilities, structures, or other improvements, either within or outside the Amendment Area, for itself or for any public body or entity, if a determination is made that such improvements would be of benefit to the amendment Area and that no other reasonable means of financing such construction is available to the community (pgs. 30).

The former Redevelopment Agency for the County of Riverside owns certain property on the northwest corner of Highway 74 and Trumble Road in the community of Romoland. The property was acquired in foreclosure when the previous owner defaulted on a CDBG Economic Development Loan in 2004. The property is within the I-215 Corridor Redevelopment Project Area which was adopted in order to eliminate blight and revitalize the substandard physical and economic conditions that exist within the Project Area.

In June of 2007, the Redevelopment Agency approved an Exclusive Negotiating Agreement with RC Hobbs Company to negotiate a ground lease on the property for a mixed use commercial center. RC Hobbs proposed to construct a hotel with approximately 101 rooms, a restaurant, one or more fast food restaurants, a service station and two potential commercial office buildings which would benefit the community of Romoland.

BRIEF HISTORY OF PREVIOUS DEVELOPMENT PROPOSALS AND ACTIVITIES, INCLUDING THE RENTAL OR LEASE OF PROPERTY

The County of Riverside entered into an Exclusive Negotiation Agreement with R.C. Hobbs Company and Pacific Development Group II on August 21, 2007 to negotiate a ground lease on

Dispose/Sell Property

the property for a mixed use commercial center. The R.C. Hobbs Company proposes a project which includes a hotel with approximately 101 rooms, a restaurant of approximately 3,000 square feet, one or more fast food restaurants approximately 3,500 square feet each, one service station at approximately 3,000 square feet, and two potential commercial office buildings. The project was proposed to benefit the community of Romoland and compliment the proposed "Field of Dreams" project as well as the Aquatic Park. In addition, the project was to provide valuable ground rental revenue to the Agency.

The County of Riverside performed demolition work which consisted of a) demolition and removal from the Premises of all asphalt, building pad(s) and any underground improvements, including without limitation, footings and foundations and b) restored the surface of the Premises where any demolition work is performed to a rough-graded condition.

ESTIMATE OF ANY LEASE, RENTAL OR OTHER REVENUES GENERATED BY THE PROPERTY; DESCRIPTION OF CONTRACTUAL REQUIREMENTS FOR DISPOSITION OF THOSE REVENUES:

The Redevelopment Agency for the County of Riverside negotiated a ground lease with R.C. Hobbs Company. The parameters of the ground lease consisted of a 30 year term with a four (4) ten year options to renew. The annual rent was negotiated as follows:

Years 1 -5: \$60,888 annually
Years 6-10: \$121,776 annually
Years 11-30, annual increases based on CPI

The tenant was to construct all improvements at Tenant's expense. It was also negotiated that tenant had the option to purchase. The negotiated Ground Lease was not fully executed by all parties due to the dissolution of the Redevelopment Agency.

The sales proceeds of these properties will be distributed amongst the affected Taxing Entities.

Purpose of Acquisition	These properties were acquired for the purpose of assisting the Agency in carrying out some of its goals, including the elimination of blight and upgrading the physical appearance of the Cabazon area.
Proposed Disposition	Dispose/Sell Property
Advancement of Planning Objectives	Pursuant to the Redevelopment Plan for Project No. 3 , as adopted by the Riverside County Board of Supervisors on July 11, 1989 via Ordinance 676; disposition of this property fulfills the planning objective of having authorization to sell, lease, exchange, subdivide, transfer, assign, pledge, encumber by mortgage or deed of trust, or otherwise dispose of any interest in real property (pg. 23).

These properties are located off Ramona Street and Pecan Street in the community of Cabazon in the fifth Supervisorial District of Riverside County. The subject properties are vacant land and are located in a Scenic Highway Commercial zoning area. The subject properties are approximately 0.58 acres.

Disposal of the subject property will be completed by marketing while maximizing the sales price, property tax, sales tax and/or a combination thereof. The intent is to achieve community benefits originally set forth in the Redevelopment and Implementation Plans and also to generate economic benefits for the Agency and the Taxing Entities. The sales proceeds of this property will be distributed amongst the Taxing Entities pursuant to the provisions of ABx 1 26 and AB 1484. The goal is to sell the property at its highest value, ensuring the short and long term benefits for the Agency, the community and its affected Taxing Entities.

MISSION PLAZA

District	2
APN	181-020-039 and 181-020-040
Address	5696-5770 Mission Boulevard, Jurupa Valley
Lot Size	0.5 acres and 12.93 acres
Acquisition Date	8/1/2008
Cost	\$11,440,000
Estimated Current Value	\$4,650,030 as-is value
Property Type	Vacant Land
Current Zoning	R-VC, West (Rubidoux Village Commercial)
Redevelopment Project Area	Jurupa Valley Project Area Merger and Amendment (JVPA) Subarea: Rubidoux
Purpose of Acquisition	The purpose of this acquisition was to redevelop the shopping center in order to eliminate blight. The Agency plans to demolish most of the existing shopping center, renovate a portion of the center and construct a new shopping center.
Proposed Disposition	Retain property to fulfill an existing enforceable obligation and continue pursuing the development of a shopping center and mixed-use development through the RFP process.
Advancement of Planning Objectives	Pursuant to the <i>Redevelopment Plan for the Jurupa Valley Project Area</i> , as adopted by the Riverside County Board of Supervisors on July 9, 1996 via Ordinance 762/763; development of these properties fulfills the planning objective of having authorization to pay for, develop, or construct any buildings, facilities, structures, or other improvements, either within or outside the Merged Project Area, for itself or for any public body or entity, if a determination is made that such improvements would be of benefit to the Merged Project Area and that no other reasonable means of financing such construction is available to the community (pg. 47).

History of Property

The Mission Plaza Site was acquired and developed in the 1960s as an open and outdoor mixed-use retail development with a market and retail shops including banks, restaurants and a dental office. The construction of the original shopping center was related to that period of urban expansion and suburbanization in the community. The property flourished for decades before becoming blighted and mostly vacant due to the age and lack of investment in the center. At the time of acquisition by the Redevelopment Agency for the County of Riverside, the property was in disrepair and considered unsafe for occupancy in several vacant portions of the property.

History of Environmental Contamination

The property located at 5786 Mission Boulevard (Formerly assessor's parcel numbers 181-020-030 and 181-020-031) previously contained a gas station. There are hydrocarbons present in the soil to a depth of at least 30 feet (URS 2010a, URS 2010b). The Successor Agency is responsible for the remediation of the contaminated soil at this location by either removal of the contaminated soil by excavation, with off-site disposal or onsite treatment by vapor extraction, or

chemical/biological methods. All remediation work must be approved by the County Department of Environmental Health and shall include additional subsurface soil and groundwater investigation to delineate the extent of petroleum impact at the site (DEH).

BRIEF HISTORY OF PREVIOUS DEVELOPMENT PROPOSALS AND ACTIVITIES, INCLUDING THE RENTAL OR LEASE OF PROPERTY

The County of Riverside entered into an Exclusive Negotiation Agreement (ENA) with Pacmission LLC on September 2, 2008 to redevelop the site to facilitate new business growth in the community and turn the existing blight into a community amenity. Approval of the ENA would authorize the Executive Director to enter into negotiations with Pacmission LLC to develop plans for the site, solicit end users and to negotiate the terms and conditions of the potential sale of the site to Pacmission LLC.

The Redevelopment Agency of the County of Riverside entered into a Ground Lease Agreement with Cardenas Markets, Inc., a California Corporation on June 14, 2011 for the properties identified as a portion of formerly known assessor parcel numbers 181-020-028 and 181-020-029, ultimately consisting of approximately 4.19 acres. The Ground Lease is an enforceable obligation, and obligates the Successor Agency to construct a building pad and other on-site improvements, as well as to construct certain off-site improvements. Cardenas Markets will construct a building of approximately 50,000 square feet, for a full service super market with customary and incidental related uses, including on-site improvements.
