PROJECT BACKGROUND:

The Tentative Tract Map was initially approved by the Board of Supervisors on September 9, 2003. The applicant of the subject map has requested an extension of time to allow for the recordation of a final map. As part of the review of the extension of time request, it was determined necessary to recommend the addition of 13 new conditions of approval in order to make a determination that the project does not adversely affect the general health, safety and welfare of the public. Some of the items addressed by the additional conditions include the latest requirements to meet changes in cultural resources and Transportation Department standards. The applicant was informed of these recommended conditions and has agreed to accept them.

The Tentative Tract Map also benefits from Senate Bill No. 1185 (SB1185) Assembly Bill No. 333 (AB333), Assembly Bill No. 208 (AB208), and Assembly Bill No. 116 (AB116), which grant statutory extension of time for maps statewide. Therefore, upon approval by the Board of Supervisors, the tentative map's expiration date will become September 9, 2016.

Impact on Citizens and Businesses

The impacts of this project have been evaluated through the environmental review and public hearing process by Planning Staff and the Board of Supervisors.

TENTATIVE TRACT MAP NO. 29600
THIRD EXTENSION OF TIME
Applicant: SMR Phase 1 Joint Venture
LLC

COUNTY OF RIVERSIDE PLANNING DEPARTMENT EXTENSION OF TIME STAFF REPORT

The applicant of the subject case has requested an extension of time to allow for recordation of a final map. Unless specifically pulled for discussion, this request will not be discussed at the time it is presented to the Board of Supervisors as a policy calendar item.

CEQA: The subject case has conformed to the requirements of the California Environmental Quality Act, and all impacts have been analyzed in order to protect the public health, safety and welfare.

GENERAL PLAN: Unless otherwise noted, the following map has been determined to be consistent with the General Plan and all of its elements.

REQUEST:

THIRD EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 29600

BACKGROUND

The County Planning Department, as part of the review of this Extension of Time request has determined it necessary to recommend the addition of thirteen (13) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public. The Transportation Department is recommending the addition of five (5) conditions of approval; the Health Department is recommending the addition of one (1) condition of approval; the Waste Resources Department is recommending the addition of two (2) conditions of approval; and the Planning Department is recommending the addition of five (5) conditions of approval.

The Extension of Time applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant (dated September 9, 2015) indicating the acceptance of the thirteen (13) recommended conditions.

FURTHER PLANNING CONSIDERATIONS:

EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

**TENTATIVE TRACT MAP NO. 29600
THIRD EXTENSION OF TIME
BOARD OF SUPERVISORS: October 6, 2015
Page 2 of 2**

EFFECT OF Assembly Bill No. 333 (AB333): On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

EFFECT OF Assembly Bill No. 208 (AB208): On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

EFFECT OF Assembly Bill No. 116 (AB116): On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps that were approved on or after January 1, 2000, and had not expired on or before July 11, 2013.

Therefore, upon an approval action by the Board of Supervisors, the tentative map's expiration date will become September 9, 2016. If a final map has not been recorded prior this date, a fourth extension of time request must be filed 180 days prior to map expiration.

ORIGINAL APPROVAL DATE: September 9, 2003

RECOMMENDATION:

APPROVAL of the THIRD EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 29600, extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to September 9, 2016, subject to all the previously approved and/or amended Conditions of Approval with the applicant's consent.

Extension of Time Environmental Determination

Project Case Number: TR29600
 Original E.A. Number: Addendum to EIR No. 424
 Extension of Time No.: Third
 Original Approval Date: September 9, 2003
 Project Location: Southerly of Pigeon Pass Road

Project Description: Schedule A subdivision 188.84 acres into 273 single family residential lots with a minimum lot size of 7,000 sq. ft., 8 open space/utility lots totaling 86.48 acres including a 5.2 acre site for a Waste Water Treatment Plant (WWTP)

On September 17, 2015, this Tentative Tract Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

| | |
|-------------------------------------|---|
| <input type="checkbox"/> | I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME , because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval. |
| <input checked="" type="checkbox"/> | I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME , because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent. |
| <input type="checkbox"/> | I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL . |
| <input type="checkbox"/> | I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME . |

RECOMMND

The developer/permit holder or any successor in interest shall comply with the following codes for the life of this project:

If human remains are encountered, State Health and Safety Code Section 7050.5 states that no further disturbance shall occur until the County Coroner has made the necessary findings as to origin. Further, pursuant to Public Resources Code Section 5097.98 (b), remains shall be left in place and free from disturbance until a final decision as to the treatment and their disposition has been made. If the Riverside County Coroner determines the remains to be Native American, the Native American Heritage Commission shall be contacted within the period specified by law. Subsequently, the Native American Heritage Commission shall identify the "Most Likely Descendant." The Most Likely Descendant shall then make recommendations and engage in consultation with the County and the property owner concerning the treatment of the remains as provided in Public Resources Code Section 5097.98. Human remains from other ethnic/cultural groups with recognized historical associations to the project area shall also be subject to consultation between appropriate representatives from that group and the County Planning /Director.

project:

If during ground disturbance activities, cultural resources are discovered that were not assessed by the archaeological reports and/or environmental assessment conducted prior to project approval, the following procedures shall be followed. A cultural resources site is defined, for this condition, as being three or more artifacts in close association with each other, but may include fewer artifacts if the area of the find is determined to be of significance due to its sacred or cultural importance.

1.All ground disturbance activities within 100 feet of the discovered cultural resource shall be halted until a meeting is convened between the developer, the project archaeologist, the Native American tribal representative (or other appropriate ethnic/cultural group representative), and the Planning Director to discuss the significance of the find.

2.At the meeting, the significance of the discoveries shall be discussed and after consultation with the Native American tribal (or other appropriate ethnic/cultural group representative) and the archaeologist, a decision is made, with the concurrence of the Planning Director, as to the appropriate mitigation (documentation, recovery, avoidance, etc) for the cultural resource.

3.Further ground disturbance shall not resume within the area of the discovery until an agreement has been reached by all parties as to the appropriate preservation or mitigation measures.

As a result of adopted mitigation for EIR 424 for SP 323, archaeological monitoring of grading and related earth-disturbing activities that may impact the Chase House and any subsurface cultural deposits shall be required for this implementing project.

Prior to the issuance of grading permits, the developer/permit holder shall retain and enter into a monitoring and mitigation service contract with a qualified Archaeologist or Historic Archaeologist, and Architectural Historian, for services. This professional shall be known as the "Project Monitor." The Project Monitor shall be included in the pre-grade meetings to provide cultural/historical sensitivity training including the establishment of set guidelines for ground disturbance in sensitive areas with the grading contractors and special interest monitors. The Project Monitor shall manage and oversee monitoring for all initial ground disturbing activities and excavation of each portion of the project site including clearing, grubbing, tree removals, grading, trenching, stockpiling of materials, rock crushing, structure demolition and etc. The Project Monitor shall have the authority to temporarily divert, redirect or halt

The developer/permit holder shall submit a fully executed copy of the contract to the Riverside County Planning Department to ensure compliance with this condition of approval. Upon verification, the Planning Department shall clear this condition.

NOTE:

1)The Project Monitor is responsible for implementing mitigation using standard professional practices for cultural resources. The Professional shall consult with the County, developer/permit holder and special interest group monitor throughout the process.

2)This agreement shall not modify any condition of approval or mitigation measure.

60.PLANNING. 32 MAP- CHASE HOUSE EVAL EOT3 RECOMMND

Pursuant to adopted mitigation measures for EIR 424 for SP 323, the Ethan Chase House is to be evaluated for potential historic significance by a qualified architectural historian prior to issuance of any grading permit. THIRD EXTENSION OF TIME FOR TENTATIVE TRACT MAP NO. 29600 - Applicant: Debbie Melvin - Fifth Supervisorial District – Edgemont-Sunnymead and University Zoning Districts - Highgrove Area Plan: Community Development: Medium Density Residential (CD:MDR) (2-5 dwelling units per acre), Open Space Recreation and Public Facilities - Location: Southerly of Pigeon Pass Road and westerly of Mount Vernon Avenue – 188.84 Acres - Zoning: Specific Plan (SP 323) – Approved Project Description: Schedule A subdivision of 188.84 acres into 273 single family residential lots with a minimum lot size of 7,000 sq. ft. , 8 open space/utility lots totaling 86.48 acres including a 5.2 acre site for a Waste Water Treatment Plant (WWTP). - **REQUEST: EXTENSION OF TIME TO SEPTEMBER 9, 2016 - THIRD EXTENSION.**

Please review the attached information, together with your existing records for the above-described project. This extension request is being placed on the July 16, 2015 LDC Comment Agenda in order to establish a deadline for review and comment. All County Agencies and Departments are to have completed their review prior to the above referenced LDC Comment date. Failure to complete the review and/or provide comments within the indicated time frame will result in a presumption that the affected Agency/Department has no comment, and the extension request will be moved forward to the Planning Commission based on that presumption.

If, it is determined necessary, that in order to maintain conformance with the County General Plan, and/or ensure that the project does not adversely affect the general health, safety and welfare of the public, each LDC Agency or Department may prepare recommended conditions of approval and place them in the County's Land Management System for the affected project.

LDC MEMBERS ARE ENCOURAGED TO DIFFERENTIATE THOSE CONDITIONS ADDED AS PART OF THE EXTENSION BY ADDING A REFERENCE IN THE CONDITION TITLE AND/OR BODY OF THE CONDITION (ie. "EOT 1, EOT 2)

Each LDC Agency or Department who does so must then provide documentation to the Planning Department justifying the application of said conditions. Any such conditions, and their justification, will be presented to the Advisory Agency for their consideration as part of their action relative to the extension of time request.

If any LDC Agency or Department finds that the project, as approved, cannot be found to be in conformance with the General Plan and/or finds the project adversely affects the general health, safety and welfare of the public without the processing and approval of a Minor Change or Revised Map to the Approved Map, said Agency or Department must provide to the Planning such a recommendation and provide details as to what issues such an application must address.

APPLICATION FOR EXTENSION OF TIME

If the property is owned by more than one person, attach a separate page that reference the application case number and lists the names, mailing addresses, and phone numbers of all persons having an interest in the real property or properties involved in this application.

The Planning Department will primarily direct communications regarding this application to the person identified above as the Applicant. The Applicant may be the property owner, representative, or other assigned agent.

All approvals of extension of time must be consistent with the pertinent elements of the Riverside County General Plan, the Riverside County Land Use Ordinance (Ordinance No. 348), and the Multiple Species Habitat Conservation Plan (MSHCP).

An extension of time for a land division based on the filing of a phased final map shall not be granted unless the Planning Department determines that the requisite funds have been expanded to construct, improve, or finance the construction of public improvements outside the boundaries of the land division. Any other extension of time for a land division shall not be granted unless the land division conforms to the Comprehensive General Plan, is consistent with existing zoning, conforms to the currently applicable schedule of improvements specified by the Riverside County Land Division Ordinance (Ordinance No. 348) and does not affect the general health, safety, and welfare of the public. If required to bring the subject land division into conformance with current general plan, Ordinance No. 460 and public health, safety, and welfare requirements, additional conditions of approval may be imposed upon approval of an extension of time request.

I hereby request an extension of time for the above referenced project, and I acknowledge that if the basis for extension is something other than the filing of a phased final map, additional conditions of approval may be imposed upon approval of the extension of time and that I may refuse to accept additional conditions of approval only in writing prior to action by the Planning Director, or in writing or in person prior to action by the Planning Commission.
