

**SUBMITTAL TO THE FLOOD CONTROL AND
WATER CONSERVATION DISTRICT BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

413B

FROM: General Manager-Chief Engineer

SUBMITTAL DATE:
October 20, 2015

SUBJECT: Accept Notice of Completion - Romoland MDP Line A, Stage 3, Project No. 4-0-00310-03,
District 5 [\$5,757,010] District Funds 100%

RECOMMENDED MOTION: That the Board of Supervisors:

1. Accept the referenced project as constructed; authorize the Chairman to execute the attached Notice of Completion; and direct the Clerk of the Board to record the executed Notice of Completion with the Riverside County Clerk and Recorder's Office.
2. Authorize the General Manager-Chief Engineer to disburse an additional \$5,909.67 to Eastern Municipal Water District to cover inspection costs exceeding those allowed per prior cooperative agreement.

BACKGROUND:

Summary (continued)

The Board approved a contract with Mamco, Inc. dba Alabbasi, in the amount of \$5,599,999.00 as Agenda Item Number 11-2 on January 28, 2014. The total payment of the contract is \$5,757,010, this includes the change orders due to flooding that occurred during construction, relocation or removal of discovered utilities and additional work for EMWD. The sum total represents a cost increase of 2.8% over the original contract amount and is less than the 10% project contingency. Zero is shown in the "Current Fiscal Year" cost field on Page 1 because all costs for the project were accrued and paid for in FY 2014-2015. The District does not anticipate any claims for additional compensation from the Contractor.

Final inspection of the above referenced project was made, and the project was found to be complete according to plans and specifications. A brief project description and location map are attached.

Impact on Residents and Businesses

The District constructed a segment of drainage infrastructure described in the District's Romoland Master Drainage Plan, which remedies ongoing flooding problems in the area, thus resulting in positive impacts to residents and businesses.

SUPPLEMENTAL:

Contract History and Price Reasonableness

Pursuant to Public Contract Code 21091, invitation of sealed bids was solicited by advertising in print and digital media.

ATTACHMENTS:

1. Notice of Completion
2. Project Description and Location Map

ROMOLAND MDP LINE A, STAGE 3 PROJECT NO. 4-0-00310

Romoland Line A Stage 3 is a flood control channel beginning near the San Jacinto River within the City of Perris and extending to just upstream of I-215 with a total length of about 11,000 ft. The project traverses the cities of Perris and Menifee and consists of new road crossings and mostly interim unlined open channel. 4-cell Reinforced Concrete Boxes (RCB) crossings at Murrieta Road, Ethanac Road, Barnett Road and Encanto Road with 100-year ultimate conveyance capacity will be constructed as part of this interim channel project. The construction of this reach of Line A, will provide Storm Water outlets for adjacent developments and will also provide immediate flooding relief for the area east of the freeway especially for the area adjacent to Encanto Road.
