FORM 11: SECOND EXTENSION OF TIME FOR TENTATIVE TRACT MAP NO. 30837**

**DATE:** November 3, 2015

**PAGE:** Page 2 of 2

**PROJECT BACKGROUND:**

The Tentative Tract Map was initially approved by the Board of Supervisors on October 19, 2004. The applicant of the subject map has requested an extension of time to allow for the recordation of a final map. As part of the review of the extension of time request, it was determined necessary to recommend the addition of 16 new conditions of approval in order to make a determination that the project does not adversely affect the general health, safety and welfare of the public. Many of the items addressed by the additional conditions include the latest requirements to comply with water quality regulations. The applicant was informed of these recommended conditions and has agreed to accept them.

The Tentative Tract Map also benefits from Senate Bill No. 1185 (SB1185) Assembly Bill No. 333 (AB333), Assembly Bill No. 208 (AB208), and Assembly Bill No. 116 (AB116), which grant statutory extension of time for maps statewide. Therefore, upon approval by the Board of Supervisors, the tentative map's expiration date will become October 19, 2016.

**Impact on Citizens and Businesses**

The impacts of this project have been evaluated through the environmental review and public hearing process by Planning Staff and the Board of Supervisors.

## **COUNTY OF RIVERSIDE PLANNING DEPARTMENT EXTENSION OF TIME STAFF REPORT**

The applicant of the subject case has requested an extension of time to allow for recordation of a final map. Unless specifically pulled for discussion, this request will not be discussed at the time it is presented to the Board of Supervisors as a policy calendar item.

CEQA: The subject case has conformed to the requirements of the California Environmental Quality Act, and all impacts have been analyzed in order to protect the public health, safety and welfare.

GENERAL PLAN: Unless otherwise noted, the following map has been determined to be consistent with the General Plan and all of its elements.

### **REQUEST:**

**SECOND EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 30837**

### **BACKGROUND**

The County Planning Department, as part of the review of this Extension of Time request has determined it necessary to recommend the addition of sixteen (16) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public. The Transportation Department is recommending the addition of three (3) conditions of approval; the Environmental Health Department is recommending the addition of one (1) conditions of approval; and the Building & Safety Department – Grading Division is recommending the addition of twelve (12) conditions of approval.

The Extension of Time applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant (dated September 16, 2015) indicating the acceptance of the sixteen (16) recommended conditions.

### **FURTHER PLANNING CONSIDERATIONS:**

EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

SECOND EXTENSION OF TIME  
BOARD OF SUPERVISORS: October 27, 2015  
Page 2 of 2**

**EFFECT OF Assembly Bill No. 333 (AB333):** On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

**EFFECT OF Assembly Bill No. 208 (AB208):** On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

**EFFECT OF Assembly Bill No. 116 (AB116):** On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps that were approved on or after January 1, 2000, and had not expired on or before July 11, 2013.

Therefore, upon an approval action by the Board of Supervisors, the tentative map's expiration date will become October 19, 2016.

**ORIGINAL APPROVAL DATE: October 19, 2004**

**RECOMMENDATION:**

**APPROVAL of the SECOND EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 30837, extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to October 19, 2016, subject to all the previously approved and/or amended Conditions of Approval with the applicant's consent.**

## Extension of Time – Environmental Determination

Project Case Number: TR30837  
Original E.A. Number: 38835  
Extension of Time No.: SECOND  
Original Approval Date: October 19, 2004  
Project Location: Easterly of Washington Street, southerly of Sally Street, and northerly of Yates Road

Description of Land Division: Schedule A subdivision of 98.13 acres into 320 single family residential lots with a minimum lot size of 7,200 square feet and one 6.3 acre park site.

On October 15, 2015 this land division and its original environmental assessment / environmental impact report were reviewed to determine whether any significant or potentially significant changes in the land division, its environmental effects or the circumstances affecting the proposed development had occurred. As a result of this evaluation, the following determination has been made:

- |                                     |  |
|-------------------------------------|--|
| <input type="checkbox"/>            | I find that although the proposed project could have a significant effect on the environment, NO FURTHER ENVIRONMENTAL REVIEW IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.  |
| <input checked="" type="checkbox"/> | I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO FURTHER ENVIRONMENTAL REVIEW IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.  |
| <input type="checkbox"/>            | I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL. |

"Planning Our Future... Preserving Our Past"

**APPLICATION FOR EXTENSION OF TIME**

If the property is owned by more than one person, attach a separate page that reference the application case number and lists the names, mailing addresses, and phone numbers of all persons having an interest in the real property or properties involved in this application.

The Planning Department will primarily direct communications regarding this application to the person identified above as the Applicant. The Applicant may be the property owner, representative, or other assigned agent.

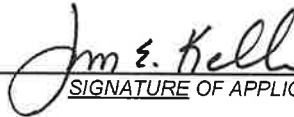

*All approvals of extension of time must be consistent with the pertinent elements of the Riverside County General Plan, the Riverside County Land Use Ordinance (Ordinance No. 348), and the Multiple Species Habitat Conservation Plan (MSHCP).*

*An extension of time for a land division based on the filing of a phased final map shall not be granted unless the Planning Department determines that the requisite funds have been expanded to construct, improve, or finance the construction of public improvements outside the boundaries of the land division. Any other extension of time for a land division shall not be granted unless the land division conforms to the Comprehensive General Plan, is consistent with existing zoning, conforms to the currently applicable schedule of improvements specified by the Riverside County Land Division Ordinance (Ordinance No. 348) and does not affect the general health, safety, and welfare of the public. If required to bring the subject land division into conformance with current general plan, Ordinance No. 460 and public health, safety, and welfare requirements, additional conditions of approval may be imposed upon approval of an extension of time request.*

I hereby request an extension of time for the above referenced project, and I acknowledge that if the basis for extension is something other than the filing of a phased final map, additional conditions of approval may be imposed upon approval of the extension of time and that I may refuse to accept additional conditions of approval only in writing prior to action by the Planning Director, or in writing or in person prior to action by the Planning Commission.
