BACKGROUND:

Summary

Avenue 66 is the primary access to the community of Mecca from State Route 86 as shown on Exhibit 1. However, Avenue 66 currently does not cross the Union Pacific Railroad (UPRR) creating a gap that requires through traffic to use a circuitous route north onto Highway 111 and crossing the railroad tracks at grade on 4th Street. A substantial number of agricultural freight trucks use this crossing on a regular basis and cause backups at the railroad tracks. UPRR and State Highway 86 are important North American Free Trade Agreement (NAFTA) freight corridors to and from Mexico. Currently, up to 71 freight trains pass through the County of Riverside (County) daily on this rail line, with that number projected to increase to approximately 107 by the year 2030.

The proposed Avenue 66 Railroad Grade Separation Project would provide a grade separation of Avenue 66 and the UPRR and provide a direct east-west connection of Avenue 66 (Project) from SR86 to the community of Mecca. The 4th Street crossing will remain open to local traffic and provide access to Highway 111. The proposed Project would provide a more direct route for agricultural trucks, emergency vehicles, and through traffic, and avoid conflicts and delays with the railroad train traffic.

The Project is a viable candidate to receive funding from the Trade Corridor Improvement Fund (TCIF) Program, which would require that this Project be under construction by December 2016. This Project requires the acquisition of portions of property as shown on Exhibit 2. The project will require the partial acquisition of 11 vacant parcels, a portion of an improved commercial property, and portion of an ongoing farming operation. The County has begun property owner negotiations to acquire the necessary right-of-way for the new grade crossing and needs to have access to expert legal services quickly in the event that settlement negotiations become complex.

The focused legal assistance provided by Murphy & Evertz is necessary in order to meet funding deadlines given staffing commitments on other projects from in-house counsel. There is a potential that properties may end up in a court action in order to obtain the right-of-way and determine just compensation, in which case the court process may continue for some time after possession for construction has been obtained. The contract is for a three year term starting on September 1, 2015 and continue until September 1, 2018, or completion of the last work assignment, whichever occurs first, for a not-to-exceed amount of \$250,000.

Impact on Citizens and Businesses

The expertise of Murphy & Evertz will facilitate project completion of this important project, which will improve traffic circulation and reduce delays by providing uninterrupted and efficient access for agricultural trucks, motorists, residents, businesses, pedestrians, and emergency vehicles; increase public safety; and reduce particulate matter and greenhouse gasses from idling cars and trucks.

SUPPLEMENTAL:

Additional Fiscal Information

This work will be funded by a combination of CVAG TUMF, Developer Impact Fees, and Measure A- Coachella Valley. No net county costs will be expended. The total compensation to be paid to Murphy & Evertz is for work performed over three fiscal years.

Contract History and Price Reasonableness

Murphy & Evertz is a current on-call service provider with the County of Riverside Economic Development Agency (EDA) for specialized eminent domain work. EDA has vetted this firm's qualifications, which includes a specialization in eminent domain, as well as their rates, which are comparable with market rates. The department typically utilizes the EDA on-call contract which has a cap of \$100,000; however, due to the complexity of the work, unique legal issues, and urgency to obtain rights of way in order to qualify for TCIF funds, the department and county counsel request a project specific agreement.

27 COUNTY the appropriate form of dismissal relieving COUNTY from any liability for the action or
28 claim involved.

County of Riverside

Litigation Management Guidelines

Claims Philosophy

The County claims philosophy is to identify, on a timely basis, those claims for which there is liability and to make settlement offers promptly. The County of Riverside will generally not settle claims on a nuisance value basis as a matter of policy. The County of Riverside, hereinafter referred to as County, policy is to defend all claims where there is no liability or where liability is questionable. Thorough, early investigation and rigorous development of the legal issues will identify the strengths and weaknesses of a case and allow us to develop a negotiating or trial strategy properly which is reflective of the case's value. It is always appropriate for counsel to provide us with settlement or trial recommendations.

I. LITIGATION COUNSEL

- A. Selection. Litigation counsel for each case shall be selected by the Economic Development Agency, hereinafter referred to as Agency, with assistance from the Office of County Counsel. The selection shall be based on the nature and complexity of the case, the experience and ability of the attorney, as well as other relevant factors.
- B. Terms. Upon appointment in any litigation, counsel shall provide the following to the County:
 - 1. The names of other professionals (partners, associates, law clerks, paralegals, etc.) who will assist in the defense of the case. The functions to be performed by each professional shall also be provided. We request no junior attorney be assigned our files. A junior attorney may be utilized for research, minor discovery and court appearances with the senior attorney being fully responsible for the quality of the work product. The County retains the right to approve or disapprove of any and all attorney assignments.

II. CASE ANALYSIS, STRATEGY AND BUDGET

- A. Development of an effective and strategically sound legal approach is the responsibility of counsel and includes the following:
 - 1. Identifying and developing all liability issues.
 - 2. Bringing viable third-party actions and/or cross actions against co-defendants.
 - 3. Developing the defense of contributory or comparative negligence.

4. Raising causation issues to ascertain whether there is a nexus between the County's alleged act(s) and the actual damages sustained.

5. Critically analyzing the basis for all claims alleged or damages claimed.

B. Within thirty (30) days following receipt of a case, counsel shall prepare and send to County Counsel, a Case Evaluation Plan (see Exhibit B) and as follows:

1. Analysis. (a comprehensive written analysis of the case). This analysis shall provide an initial evaluation of the case, including a brief synopsis of the facts of the case, damages and exposures in the case, and identification of the strengths and weaknesses of the case. Counsel shall also provide an initial impression of liability and identify the pertinent statutes and/or case law that may affect the outcome of the litigation.

2. Investigation. We require investigations be done timely. This includes but is not limited:

- a. Identification of and taking statements of witnesses;
- b. Production of documents;
- c. Purchase order/contracts/lease agreements;
- d. Internal statements, memos, and correspondence;
- e. Inspections, etc.; and
- f. Blue prints, if applicable.

Counsel shall identify any additional information or documentation that is needed to disprove the plaintiff's claims or to establish defenses in the action. Where it is believed further investigation is necessary, please discuss this with Agency prior to it being initiated.

3. Strategy. Counsel shall define the strategy to be used in each lawsuit, including, but not limited to:

- a. The anticipated course of action to be taken and prospect for success (i.e. motion to dismiss, motion for summary judgment, negotiated settlement, trial, etc.).
 - b. The facts or elements which must be proved or disproved and the discovery necessary to establish these defenses or proof.
 - c. The timing of the discovery, filing of motions, negotiations or other objectives.
 - d. A description of how the work will be distributed among those who will be working on the case.
 - e. The tactics to be used in handling the case and the advantages to be gained by use of these tactics.
 - f. When appropriate, bifurcation of liability from damages' issues should be considered.
- C. Budget. Defense counsel will also provide an estimate of the anticipated cost of each significant aspect of the litigation, pursuant to the attached Budget Guidelines Attachment C. These guidelines may change from time to time and you should always familiarize yourself with all changes.

III. COMMUNICATION

- A. Correspondence and pleadings. Copies of all pertinent correspondence, investigations, and summaries of depositions, interrogatories and pertinent pleadings shall be promptly provided by defense counsel to County Counsel. Defense counsel will promptly respond to all letters or phone calls and will keep County Counsel fully advised of the progress in each case.
- B. Depositions and hearing. We require timely notification of all scheduled depositions, deposition preparations, mediations, MSC, VSC, arbitrations, trials, etc. We consider timely notification to be not less than 2 weeks in advance with 3-4 weeks advanced notice being preferable. Notice of all hearings shall be sent by defense counsel to County Counsel. It is required that within 10 days of any County employee's deposition

being taken, defense counsel will meet with the county employee for the purpose of preparing the employee for their depositions and for trials in which they will serve as witnesses and/or experts. There are to be no telephone preparation (See VII Trials and Reports).

- C. Evaluations. We request evaluations as to liability and settlement value issues as early in the case as possible. Upon request, and at such other times as deemed necessary, defense counsel shall provide written or oral evaluations of the litigation. These evaluations shall disclose any weaknesses or strengths that have been discovered, any changes in applicable statutes or case law, any increase or decrease in anticipated costs, and (if possible) the potential liability and settlement value of the case. These evaluations should be as straight-forward and as objective as possible to allow County Counsel to meaningfully analyze the case and to determine the course of action to be taken.
- D. Any demand, settlement, or judgment that includes or requests a "non-monetary" remedy from the court will be immediately communicated to the director(s) of the involved Agency. Non-monetary remedies can include, but is not limited to, injunctions (mandatory or prohibitory), remedies with policy implications, including labor relations, and/or any other non-monetary remedies. Such communication will include a request for either approval or rejection of the proposed remedy.
- E. Insofar as the non-monetary remedies may require approval of the Board of Supervisors, litigation counsel shall communicate to County Counsel the nature and effect of the proposed remedy for determination by County Counsel as to any Board involvement.

IV. UPDATES

It is the responsibility of counsel to update any item of information contained in the initial status report, including judgments and opinions of counsel, promptly when a change occurs. All updates shall also be concise. If six months elapse since the initial report or the last previous update and no changes have occurred, counsel shall advise County Counsel of that fact in a

written update. Consequently, no six-month period shall expire without written communication from litigation counsel to County Counsel.

V. SETTLEMENT AUTHORITY

Litigation counsel shall not settle any lawsuit or make a settlement offer in any amount or make any representation as to settlement possibilities without prior authorization of the County Counsel and/or Board of Supervisors approval when necessary.

VI. LEGAL BILLINGS

- A. All bills for legal services and costs shall be submitted at least quarterly. Fees and costs shall be billed at the rates previously agreed upon. All bills shall state with particularity the legal work performed, the hours expended to perform the work and the costs incurred. Attorneys submitting the bills for payment are responsible for the content of the bills and will work with the County to resolve problems or answer questions.

Legal fees will not be paid unless submitted in the following format:

1. Each legal activity will be dated and itemized (multiple daily descriptive explanations of activities with a single time entry is not acceptable).
2. We will require all billings be itemized to indicate the following:
 - a. The attorney doing the work.
 - b. Hours spent for each specific task.
 - c. Hourly rate.
 - d. Work being done by paralegals or law clerks should be identified.

Please advise if research time and/or overtime is billed and how it is indicated on the billing.

3. The amount of time to complete the task must be broken down into tenths of hours. Block time billing is not acceptable; therefore, not reimbursable.
4. The rates charged by each attorney working on the case must be summarized with the amount of hours to depict a cost per attorney.

We prefer to use one copy service wherever possible so that we can participate in volume discounts. We may establish and provide a panel of copy service vendors for your reference. Until you receive this panel, please continue using your current copy service making the effort to negotiate volume discounts. We want to utilize one court reporter whenever possible for the same reason – volume discount. Please provide us names and telephone numbers of court reporters you use by area (i.e. Riverside, Indio, Blythe, etc.).

G. Audit

Attorneys shall have and maintain all backup documentation to support all entries included in the monthly billing statement. Such documentation shall be in a form subject to audit and in accordance with generally accepted accounting principles. Attorneys shall make such documentation available to auditors upon request and at such reasonable times and locations as may be agreed to between County and Attorneys.

The County of Riverside retains the right to have legal billings audited.

VII. TRIALS AND REPORTING

- A. Within ten (10) to thirty (30) days prior to trial, defense counsel will meet with County employees who will be called as witnesses.
- B. Within thirty (30) days of the conclusion of all trials, a brief summary trial report should be directed to the County Counsel outlining the trial results.

VIII. FINAL REPORTS

- A. At the conclusion of the case, a short summary report should be directed to the County Counsel. Original closing papers and the final billing should be attached.
- B. Within ninety (90) days following the termination of each lawsuit, the County Counsel will review the file to determine compliance with the County's guidelines and the strategy and budget developed by defense counsel for the case. If appropriate, a meeting will be arranged to discuss perceived problems and/or ways to improve handling of the County's cases.

IX. Electronic Communication/Data Storage/Presentation

- A. The County of Riverside strongly suggests all attorneys handling County files have the ability to communicate individually via electronic mail (E-Mail).
- B. The County of Riverside Superior Courts has equipment that is available for presenting evidence electronically (photos, text, animation, etc.) via the use of an Elmo and a computer. The Courts also have a large screen which is used to project the electronic evidence and information onto so that all jurors can easily view the evidence presented. The County of Riverside believes that jurors will retain 80%-90% of what they hear if they see it simultaneously. In addition, the management and storage of data on CD-ROM is beneficial to the success of the presentations of most of our cases. Therefore, the County of Riverside strongly suggests all attorneys handling cases on behalf of the County become proficient in managing and presenting cases via electronic medium.

X. Miscellaneous

There may be additional reporting requirements required by County Counsel. You will be notified in writing of any additional requirements which we deem necessary.

The foregoing is not meant to be burdensome – it is meant to control and manage our costs as well as to be knowledgeable and involved with each of our cases.
