BACKGROUND:

Summary

The Street A Project is a proposed two lane collector road connecting McAllister Parkway to Van Buren Boulevard, of which 40 percent is located within the jurisdiction of the County and 60 percent is located within the jurisdiction of the City of Riverside (City). There are eight properties that are a part of the project. The subject property is outlined in red on the Project Map identified as Exhibit A.

In 2006, the County approved Specific Plan No. 325 (McAllister Hills), a residential community development. The County required this tract to construct a new road between McAllister Street and Van Buren Boulevard, referred to as Street A, which would serve traffic from the development and provide an alternate access route for residents of Victoria Grove, The Orchards, and other communities in the area north of El Sobrante and east of La Sierra Avenue.

EIR No. 433 and Addendum No. 1 to the EIR were completed in compliance with the State CEQA Guidelines and County CEQA Implementing Procedures. On December 21, 2004 (Item 3-41b), the Board adopted 2004-539, Certifying EIR No. 433 for Specific Plan No. 325. On September 24, 2013, the Board approved Item 3-67, where it considered Addendum No. 1 to EIR No. 433 and approved Amendment No. 1 to Specific Plan No. 325/TR36390, which also analyzed the Street A Improvement Project.

The acquisition of road right-of-way and utility easement interests in real property (Project) was reviewed and no new environmental documentation is required because (a) the Project was adequately analyzed in the earlier EIR No. 433 (EIR)(SCH#2001061096) and the Environmental Assessment No 42510/Addendum No. 1 to the EIR (collectively hereinafter referred to as the Documents) for Specific Plan No. 325A1 and the Street A Improvement Project (also referenced as Capital Project C1-0641) pursuant to the applicable legal standards; (b) all potentially significant effects of the Project have been avoided or mitigated pursuant to that earlier Documents; (c) the Project will not result in any new significant environmental effects not identified in the earlier Documents; (d) the Project will not substantially increase the severity of the environmental effects identified in the Documents; (e) no considerably different mitigation measures have been identified; and (f) no mitigation measures found infeasible have become feasible.

FORM 11: Right-of-Way Acquisition Agreement and Temporary Construction Access Agreement for the Street A Improvement Project, CEQA Finding of Nothing Further Is Required, District 1, [\$39,298], Developer Contributions – 100%
DATE: January 21, 2016
PAGE: 3 of 3

BACKGROUND:

Summary (Continued)

Acquisition of the easement interests in real property is an implementing action in furtherance of the Street A Improvement Project and is consistent with the characteristics evaluated in the Documents. Nothing further is required because all potentially significant effects have been adequately addressed in the Documents.

On March 27, 2012, the Board approved Item 3-38, an agreement between the County and the City of Riverside which revoked the County's consent to authorize the City to act as lead agency and designated the County as lead agency. The EDA has had discussions with the City of Riverside and the Riverside Public Utilities Agency regarding the City-owned parcel located within the Project. The City Attorney's Office has determined that the city must receive market value. See Exhibit B for a Site Map of the subject property. The City of Riverside will execute an Inter-City Transfer referenced as Parcel No. 0641-001A for the permanent easement and temporary rights needed from a portion of APN 239-270-004 for the Project for the financial consideration of \$8,291 with not-to-exceed costs of \$39,298 associated with this transaction (see explanation below).

The Right-of-Way Acquisition Agreement and Temporary Construction Access Agreement have been reviewed and approved by County Counsel as to legal form.

Impact on Residents and Businesses

Due to the closure of the extension of McAllister north into the City of Riverside in 2008, the Project is a critical circulation and emergency access link for the communities of The Orchard, Victoria Grove and other developments located east of La Sierra Avenue, and north of El Sobrante.

SUPPLEMENTAL:

Additional Fiscal Information

The following summarizes the estimated funding necessary for the acquisition of a portion of APN 239-270-004:

Purchase Price	\$6,388
Temporary Construction Access:	\$1,903
Estimated Title and Escrow:	\$1,000
Preliminary Title Report:	\$400
County Appraisals:	\$14,600
County Staff Time Includes EDA Real Estate only	\$15,007
Total Estimated Acquisition Costs (Not to Exceed)	\$39,298

These transaction costs included the 1) need to obtain, besides the original appraisal report, several updated appraisal reports in order to present an offer of just compensation to the owner based on a current fair market value appraisal report as well as 2) the staff time to allow for the negotiation process as well as coordination and preparation of necessary documents to complete the transaction.

All costs associated with this property acquisition are fully funded by developer contributions in the Transportation Department's budget for FY 2015-16. No net county costs will be incurred as a result of this transaction. These charges are estimated and only actual amounts will be charged to the Project.

TEMPORARY CONSTRUCTION ACCESS AGREEMENT

This Temporary Construction Access Agreement ("Agreement") is made and entered into this 11th day of February 2015, ~~2014~~ by and between the **City of Riverside**, a California charter city and municipal corporation ("City"), and the **County of Riverside**, a political subdivision of the State of California ("County").

1. **Scope.** City, owner of the real property identified as a portion of Assessor's Parcel Number 239-270-004 ("Property"), as shown on Attachment "1" attached hereto and incorporated herein by reference, hereby grants permission to the County, its employees, agents and contractors to enter onto the Property for the construction of a slope and all other necessary purposes to facilitate and accomplish the construction of Fairway Drive ("Project") and for no other purpose. The temporary construction access used during the construction of the Project is referenced as Parcel Nos. 0641-001B and 0641-001C consisting of approximately 7,654 square feet as designated on Attachment "2" attached hereto and incorporated herein by reference ("TCA Area").

2. **Term.** This Agreement will be effective upon the date the Notice to Proceed is issued and shall be effective for 24 months or upon completion of the Project, or whichever shall come sooner, unless earlier terminated as set forth in this Agreement. County shall provide City with thirty (30) days advanced written notice prior to entering onto the Property.

3. **Compensation.** As compensation for use of the Property, County shall pay to the City the amount of One Thousand Nine Hundred Three Dollars (\$1,903), due and payable in within 30 days from the mutual execution of this Agreement. Said rent shall be made by check payable to the City of Riverside and sent to: The City of Riverside, Central Cashiering, City Hall, 3900 Main Street, Riverside, California 92522.

4. **Condition of Premises.** During the term of this Agreement, County is to avoid damaging or contaminating the Property, including any existing trees, landscaping or plants, and shall take all reasonable steps to maintain the Property in an orderly and appealing manner. At the completion of the work, County will restore the Property to a condition equal to or better than its condition at the commencement of the term of this Agreement.

5. **Termination.** This Agreement may be terminated by either party upon three (3) days prior written notice to the other party or immediately by the City if it is determined that County's actions are unsafe or a liability to the City.

6. **Access to the Property.** County shall make every reasonable effort to keep access to the Property open at all times and shall not interfere with City's activities in any way.

7. **Indemnification.** Except as to sole negligence or willful misconduct of the City, County agrees to indemnify, defend and hold the City, its officers and employees, harmless from and against all claims, damages, losses, liability, cost or expense, including attorney's fees, which arises out of or is in any way connected with the performance of work under this Agreement by County or any of County's employees, agents or contractors

8. **Workers' Compensation Insurance.** By executing this Agreement, County certifies that it is aware of and will comply with Section 3700 of the Labor Code of the State of California requiring every employer to be insured against liability for workers' compensation, or to undertake self-insurance before commencing any of the work. County shall carry the insurance or provide for self-insurance required by California law to protect County from claims under the Workers' Compensation Act. Prior to City's execution of this Agreement, County shall file with City either (1) a certificate of insurance showing that such insurance is in effect, or that they are self-insured for such coverage, or (2) a certified statement that they have no employees, and acknowledging that if they do employ any person, the necessary certificate of insurance will immediately be filed with City. Any certificate filed with City shall provide that City will be given ten (10) days prior written notice before modification or cancellation thereof.

9. **General Commercial Liability.** Prior to City's execution of this Agreement, County shall obtain, and shall thereafter maintain during the term of this Agreement, commercial general liability insurance, or evidence of self-insurance, to insure County against damages for personal injury, including accidental death, as well as from claims for property damage, which may arise from or which may concern operations by anyone directly or indirectly employed by, connected with, or acting for or on behalf of County.

All liability insurance shall be issued by insurance companies authorized to transact liability insurance business in the State of California with a policy holder's rating of A or higher and a Financial Class of VII or higher.

County's commercial general liability insurance policies shall cover both bodily injury (including death) and property damage (including, but not limited to, premises operations liability, products-completed operations liability, independent contractor's liability, personal injury liability, and contractual liability) in an amount not less than \$1,000,000 per occurrence and a general aggregate limit in the amount of not less than \$2,000,000, unless otherwise approved or reduced by the City's Risk Manager ("Risk Manager"), or his designee.

These minimum amounts of coverage shall not constitute any limitation or cap on County's indemnification obligations under Section 7 hereof.

Prior to City's execution of this Agreement, copies of insurance policies or original certificates and additional insured endorsements evidencing the coverage required by this Agreement shall be filed with City and shall include the City and its officers, employees and

agents, as additional insureds. Said policies shall be in the usual form of commercial general liability insurance policies, but shall include the following provisions:

It is agreed that the City of Riverside, and its officers, employees and agents, are added as additional insureds under this policy, solely for work done by and on behalf of the named insured for the City of Riverside.

The policies shall not be canceled unless thirty (30) days prior written notification of intended cancellation has been given to City by certified or registered mail, postage prepaid.

The City, its officers, employees and agents make no representation that the types or limits of insurance specified to be carried by County pursuant to this Agreement are adequate to protect County. If County believes that any required insurance coverage is inadequate, they will obtain such additional insurance coverage as it deem adequate, at its sole expense.

10. **Hazardous Substances Indemnity.** County expressly agrees to and shall indemnify, defend, release and hold the City, its officers, officials, directors, agents, servants, employees, attorneys and contractors harmless from and against any liability, loss, fine, penalty, fee, charge, lien, judgment, damage, entry, claim, cause of action, suit, proceeding (whether legal or administrative), remediation, response, removal, or clean-up and all costs and expenses associated therewith, and all other costs and expenses (including, but not limited to, attorneys' fees, expert fees, and court costs) in any way related to the disposal, treatment, transportation, manufacture, or use of any Hazardous Substances on, in, under, or about the Property by County, or its respective officers, directors, agents, servants, employees or contractors, or by any other third party acting under the control or request of County, other than the City and its respective officers, agents, servants, employees or contractors. This indemnity, defense and hold harmless obligation shall survive the expiration or termination of this Agreement.

NOTICE OF DETERMINATION
COUNTY OF RIVERSIDE TRANSPORTATION DEPARTMENT

EA No. 42510

SCH# 2001061096

PROJECT NAME: Right-of-Way Acquisition & Temporary Construction Access Agreements for the Street "A" Improvement Project

DESCRIPTION AND LOCATION: The County of Riverside (County) proposes to enter into a right-of-way acquisition agreement and temporary construction access agreement for Parcel Number 0641-001A, within a portion of Assessor's Parcel Number 239-270-004, for the Street "A" Improvement Project. The Street "A" Project is a proposed two lane collector road connecting McAllister Parkway to Van Buren Boulevard, of which 40 percent is located within the jurisdiction of the COUNTY and 60 percent is located within the jurisdiction of the City of Riverside (City). In 2006, the County approved Tract 30153 (McAllister Hills), which would have constructed a golf course residential community development. The County required this tract to construct a new road between McAllister Street and Van Buren Boulevard, referred to as Street "A", which would serve traffic from the development and provide an alternate access route for residents of Victoria Grove, The Orchards, and other communities in the area north of El Sobrante and east of La Sierra Avenue.

Environmental Impact Report No. 433 (EIR) and Addendum No. 1 to the EIR was completed in compliance with the State CEQA Guidelines and Riverside County CEQA Implementing Procedures for Specific Plan No. 325. On December 21, 2004, the Board of Supervisors adopted 2004-539, Certifying Environmental Impact Report (EIR) No. 433. On September 24, 2013, the Board approved Item 3.67, Considered Addendum No. 1 to EIR No. 433 and approved Amendment No. 1 for Specific Plan No 325/TR36390 which also analyzed the Street A Improvement Project (also referenced as Capital Project C1-0641). The certified EIR and Addendum No. 1 to the EIR may be examined, along with administrative record, at the Transportation Department, 4080 Lemon Street, 8th floor, Riverside, California 92501.

1. The project [☐ will ☒ will not] have a significant effect on the environment.
2. An Environmental Impact Report was prepared and certified for this project pursuant to the provisions of CEQA.
3. The acquisition of road right of way and utility easement interests in real property ("Project") was reviewed and it was determined that although the proposed Project could have a significant effect on the environment, no new environmental documentation is required because (a) the Project was adequately analyzed in the earlier Environmental Impact Report No. 433 (EIR)(SCH#2001061096) and the Environmental Assessment No 42510/Addendum No. 1 to the EIR (collectively hereinafter referred to as the "Documents") for Specific Plan No. 325A1 and the Street A Improvement Project (also referenced as Capital Project C1-0641) pursuant to the applicable legal standards; (b) all potentially significant effects of the Project have been avoided or mitigated pursuant to that earlier Documents; (c) the Project will not result in any new significant environmental effects not identified in the earlier Documents; (d) the Project will not substantially increase the severity of the environmental effects identified in the Documents; (e) no considerably different mitigation measures have been identified; and (f) no mitigation measures found infeasible have become feasible. Acquisition of the easement interests in real property is an implementing action in furtherance of the Street A Improvement Project and is consistent with the characteristics evaluated in the Documents.
4. ☒ Nothing further is required because all potentially significant effects have been adequately analyzed in an earlier certified Environmental Impact Report No. 433 (SCH#2001061096) and EA42510/Addendum No. 1 to EIR No. 433.
