BACKGROUND:

Summary (Continued)

Of the Specialty Engineering Consultants approved on August 18, only one Fire Protection Engineering firm was pre-qualified. Therefore, EDA reissued the Request for Qualifications for Fire Protection Engineering firms on December 1, 2015 in accordance with Board Policy H-7. The five (5) firms that responded to the RFQ were evaluated and deemed pre-qualified. This list will enable EDA to quickly respond to client needs and accelerate delivery of active capital projects. EDA will conduct the required annual performance reviews on these firms as required.
