BACKGROUND:

Summary

The County of Riverside (County), pursuant to certain cooperative agreements, one with the State of California, acting by and through its Department of Transportation (Caltrans) and one with the City of Menifee and City of Murrieta, is responsible for acquiring right-of-way and property interests on behalf of Caltrans and the City of Menifee for the Scott Road/I-215 Interchange Project (Interchange Project) for the purpose of constructing, maintaining and operating state highway and local roadway improvements to improve the traffic flow along Scott Road and for access to and from the freeway in the area of the Scott Road/I-215 Interchange. As part of the Interchange Project, the Riverside County Transportation Department (RCTD) has agreed to acquire the necessary right-of-way and temporary construction rights as well as manage the construction to widen Scott Road from west of Haun Road to east of Antelope Road, replacing the existing Scott Road overcrossing bridge at Interstate 215 (I-215), reconfiguring the on and off ramps, and adding freeway auxiliary lanes in the Cities of Menifee and Murrieta. The subject properties are outlined in black on the exhibits identified as Attachment 1.

Upon completion of the Interchange Project construction, the City of Menifee will assume all the rights and responsibilities associated with the ownership, operation and maintenance of the road improvements made within the City of Menifee's right-of-way and under its jurisdiction.

Pursuant to the California Environmental Quality Act (CEQA) and the National Environmental Policy Act (NEPA), Caltrans adopted a Mitigated Negative Declaration (MND) and made a Categorical Exclusion (CE) Determination under Section 6005 of 23 U.S.C. 327 and approved the Interchange Project on December 2, 2010. An Addendum to the MND was prepared and considered a NEPA/CEQA Re-Validation Conclusion Form was approved on November 29, 2012 by Caltrans.

BACKGROUND:

Summary (Continued)

On October 20, 2015, the Board of Supervisors made Responsible Agency CEQA Findings to provide for County implementation of right of way actions for the Interchange Project. The acquisition of temporary construction easements for APN 388-010-033 and 388-010-034 are consistent with the MND/CE and the Addendum/Re-Validation and Resolution No. 2015-093, are documented in the Notice of Determination that addresses all acquisition, construction, utility, slope and drainage easements required for the project and are actions in furtherance of implementation of the project. No further CEQA document is required for the temporary construction easements.

The EDA-RE Division has negotiated settlements of temporary rights from the following: 1) Continental East Development-8.1, a California Limited Liability Company (CED-8.1) for a price of \$4,250, located on a portion of APN 388-010-033 and 2) Continental East Fund VIII, LLC, a California Limited Liability Company (CEF VIII) for a price of \$17,750, located on a portion of APN 388-010-034. There are not-to-exceed costs of \$43,400 associated with these transactions. Staff recommends an additional \$26,400 in reserves in the event the term of the temporary rights need to be extended for another two years, which would include staff time to process the extension.

CED-8.1 will convey a temporary interest via a Temporary Construction Easement Deed in favor of the County for Parcel 21937-2, located within a portion of APN 388-010-033. In addition, CEF VIII will convey a temporary interest via a Temporary Construction Easement Deed in favor of the County for Parcels 21936-2 and 21936-3, located within a portion of APN 388-010-034.

The Form 11 and Temporary Construction Easement Deeds have been approved as to legal form by County Counsel.

Impact on Citizens and Businesses

The Project will improve traffic flow along Scott Road between Haun and Antelope Road as well as the on-ramps and off-ramps operating more efficiently and improving traffic flow on the freeway in the area of the Scott Road/I-215 Interchange. Congestion and travel times will be reduced, thus, improving the quality of life and enhancing safety for the area residents and business owners.

SUPPLEMENTAL:

Additional Fiscal Information

The following summarizes the funding necessary for the temporary access of a portion of APN 388-010-033 and 388-010-034:

These transaction costs included: 1) the need to obtain, besides the original appraisal report, several updated appraisal reports in order to present an offer of just compensation to the owner based on a current fair market value appraisal report as well as, 2) staff time to allow for the negotiation process as well as coordination and preparation of necessary documents to complete the transaction.

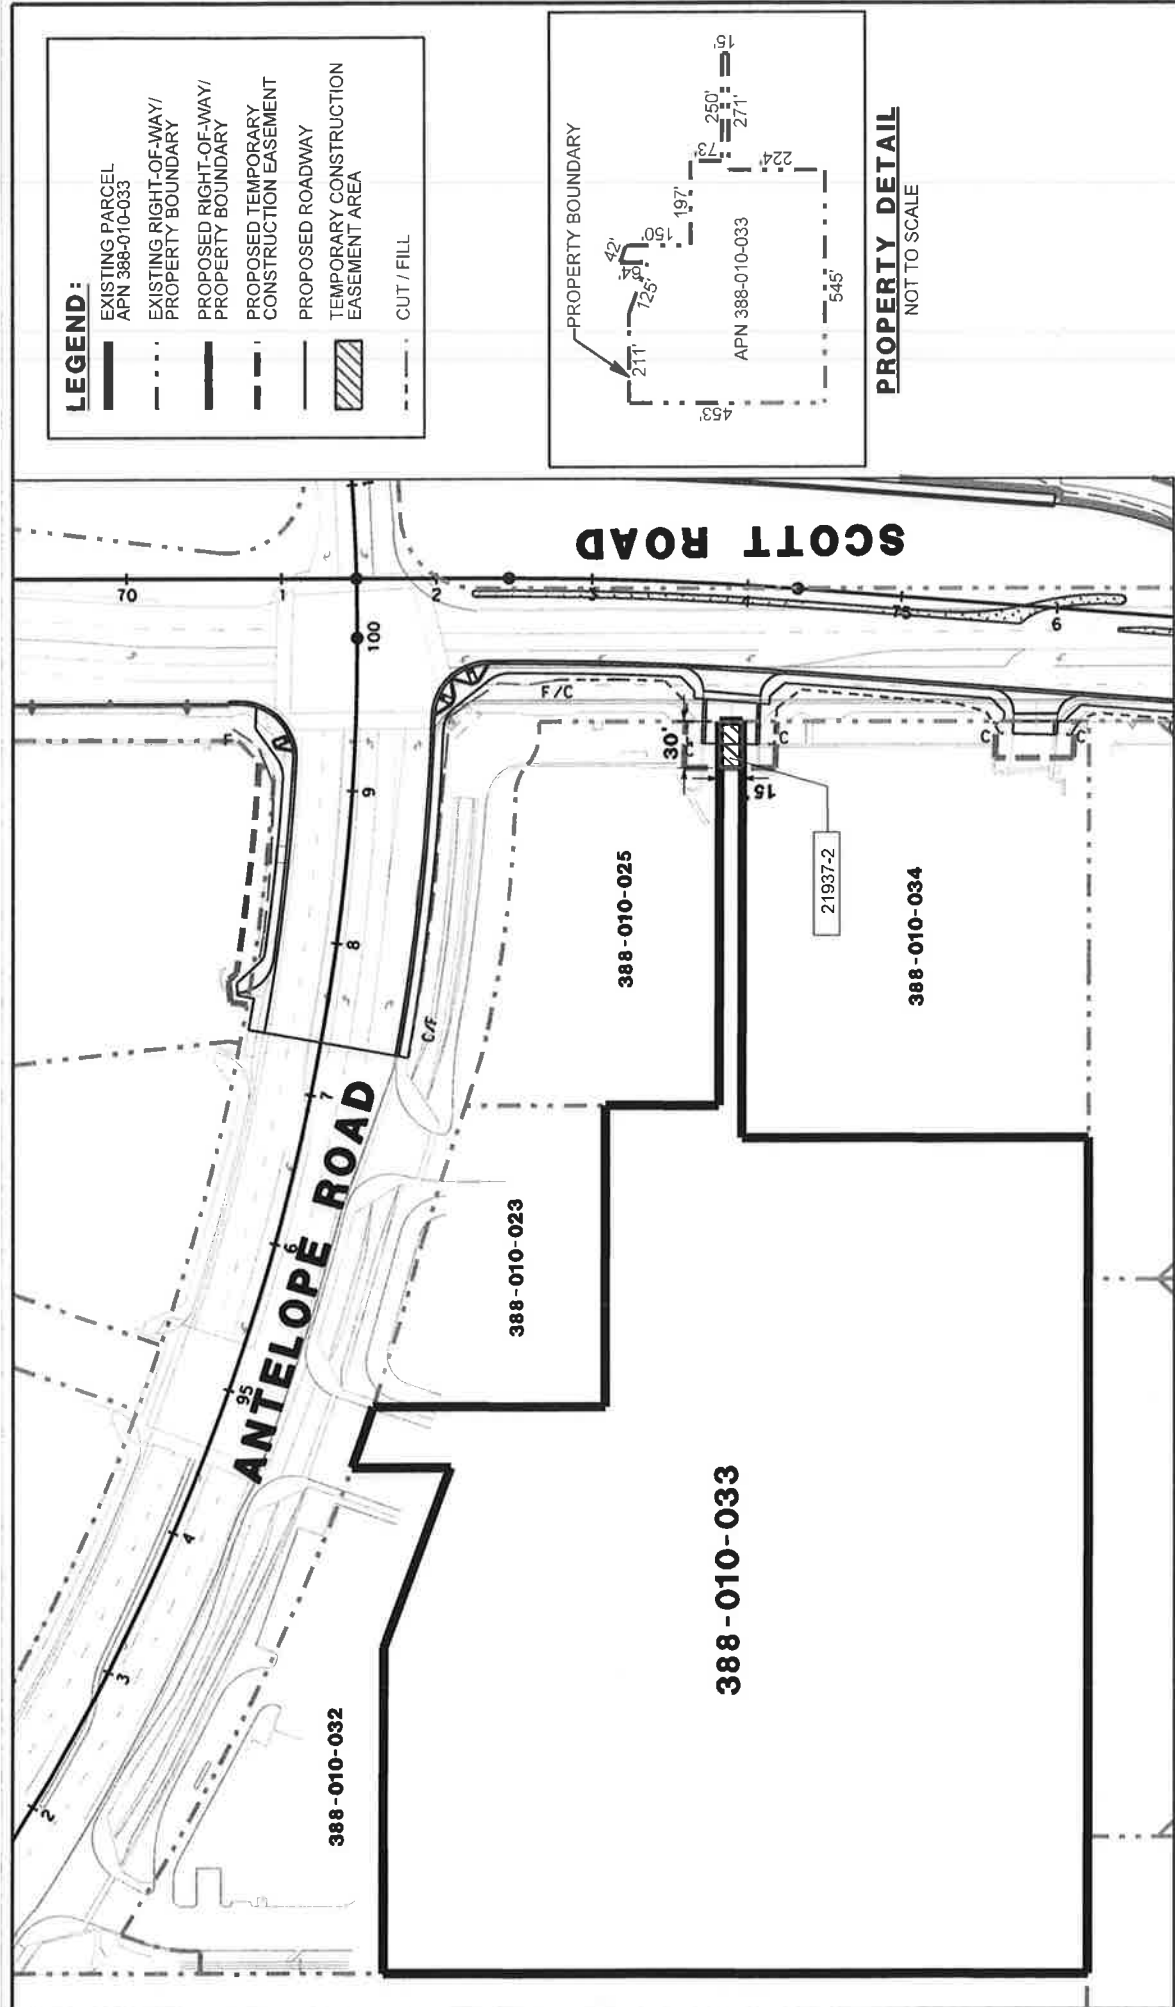

All costs associated with the temporary rights of these properties are fully funded by the City of Menifee. No net County costs will be incurred as a result of this transaction.
